EXTENDED WARRANTY NOTIFICATION

This notice applies to your [Model Year] Hyundai [Model] vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <First Name> <Last Name>:

Certain 2019 – 2022 model year Veloster N, 2022 – 2023 model year Elantra N, and 2022 – 2023 model year Kona N vehicles may have a Fuel Control Valve (FCV) in the High-Pressure Fuel Pump (HPFP) assemblies that could allow excess fuel to enter the fuel pump. This condition may result in a reduction or loss of motive power at low speeds. The vehicle will also have Diagnostic Trouble Code (DTC) P0088.

At Hyundai, we are committed to providing vehicles of outstanding quality and value. In an effort to meet this commitment, Hyundai is extending the warranty coverage for the HPFP under this condition to 15 years or 150,000 miles from the date of original retail delivery or date of first use and is valid for original and subsequent owners.

Our records indicate that your vehicle, with the VIN listed above, is covered by this warranty extension.

What should you do?

- Tear off the bottom portion of this letter along the perforation and place it in your Owner's Warranty and Maintenance Guide booklet for future reference.
- If your vehicle exhibits a problem related to the condition during the extended warranty period, contact your Hyundai dealer to have your vehicle inspected. Otherwise, no further action is required at this time.

We thank you for your purchase of your vehicle and hope for your continued satisfaction as a Hyundai owner.

Hyundai Motor America

Please tear off the bottom portion of this letter and place in your Owner's Warranty and Maintenance Guide

Warranty Extension

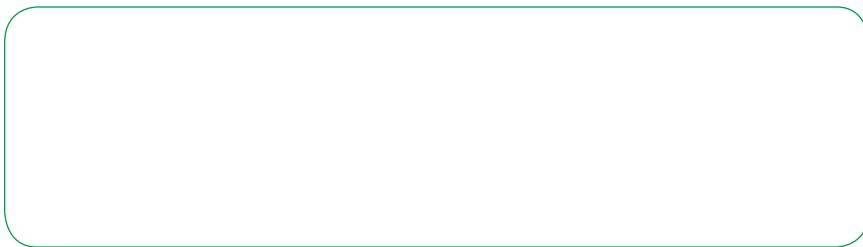

The warranty coverage for the **High-Pressure Fuel Pump (HPFP)** has been extended to 15 years or 150,000 miles from the date of original retail delivery or date of first use and is valid for original and subsequent owners.

Place this portion of the letter in your vehicle's glove compartment for future ease of reference regarding the warranty extension on the HPFP, preferably together with your vehicle's other warranty information. If the need arises to seek service regarding the High-Pressure Fuel Pump, contact your local Hyundai dealer.

No longer own this vehicle?

You received this notification because U.S. federal regulations require automotive manufacturers to notify last known owners of vehicles based on current owner records. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.
