Service Campaign 9D3: ECM Software Update – DTC P132700

August 06, 2026

Document Topic	Date
Technical Service Bulletin (TSB) 26-01-039H posted on Hyundai Tech Info	08/06/2026

Campaign Description

Certain Elantra (ADA) vehicles may have been incorrectly updated with Cylinder Noise Detection System (CNDS) software that can set DTC P132700; this software was intended only for Korean-built Elantra (AD) vehicles.

In addition, the California Air Resources Board has determined that these vehicles may be releasing air pollutants which exceed Federal and California standards.

Applicable Vehicles (Certain)

- 2019-20MY Elantra (ADA) produced from 08/21/2018 – 09/30/2020
 - Built by Hyundai Motor Manufacturing Alabama (“HMMA”) – VIN prefix “5NP”

Remedy Information

Follow the service procedure outlined in **TSB 26-01-039H** to perform a software update for the Engine Control Module (ECM) to revert to the original ROM ID, apply the emissions label under the hood, and provide the vehicle owner with Proof of Correction.

- Recommended Technician Certification/Requirements: Hyundai Certified (or better)**

Recommended Alternative Transportation

A Service Rental Car (SRC) is recommended for customers when their vehicle is required to remain at the dealership for an extended period of time. An SRC may also be necessary when the duration of the repair procedure, or any additional work identified during a service visit, extends the customer’s visit. In the event an SRC is unavailable, alternative transportation options—such as a third-party rental or rideshare—may be offered.

Other Notes/Recommendations

- Every vehicle must have an emission sticker installed under the hood once repairs are completed.**
- A Proof of Correction card must also be provided to affected customers in applicable states. Please refer to the TSB for the list of required states.**
- Always confirm whether the customer has time for additional services if they were originally scheduled for a different repair or maintenance item.

Parts Information

- Please refer to **TSB 26-01-039H** (or latest version) for the latest parts information.
- Hyundai Emissions Label (P/N NP001-HYUEM)** – Dealer may order from its facing PDC.
- Vehicle Emission – Proof of Correction Card (NP050-09006):** Dealers from certain states referred to in the ‘Remarks’ section are required to provide a card to customers as proof the vehicle has completed the campaign.

Model	Part Name	Part Number	Figure	Remarks
All	Campaign Sticker	NP001-HYUEM		Apply to all vehicles regardless of State

All	Vehicle Emission Recall - Proof of Correction Card	NP050-09006		Order only for states: CA, CO, CT, DE, ME, MD, MA, NJ, NY, OR, PA, RI, VT, WA
-----	--	-------------	--	--

Warranty Information

Per **TSB 26-01-039H (or latest version)**, this service procedure includes:

- Labor
 - 0.4 M/H – ECM Software Update & Emissions Sticker Application
- **Digital Documentation:**
 - This TSB includes a repair validation photo. Op times include VIN, mileage, and repair validation photo(s) as outlined in the Digital Documentation Policy. A photo of the ECU Update “Success” screen of the GDS event being completed is required.

Sample Customer Talk Tracks

1. For Customers over the phone: *“I reviewed your vehicle for any open campaigns or recalls and found that there is an open campaign for your vehicle. This service campaign requires a software update for the Engine Control Module (ECM) to revert to the original ROM ID. If time permits, we can address this campaign during your current appointment, and it will be at **no cost to you**. If you do not feel comfortable operating your vehicle until the repair is completed, we can offer you a loaner vehicle or other alternative transportation options at **NO cost to you**. Please let me know if I can assist you in scheduling an appointment for this campaign to be completed.”*

2. For Customers at a dealership in the service lane:

*“During your visit today, I checked your vehicle for any open campaigns or recalls and found that your vehicle has an open campaign. This service campaign requires a software update for the Engine Control Module (ECM) to revert to the original ROM ID. This service will be provided **at NO cost to you**. If you do not feel comfortable operating your vehicle until the repair is completed, we can offer you a loaner vehicle or other alternative transportation options **at NO cost to you**.”*

3. For Customers concerned with the performance of their vehicle:

“If you experience any concern(s) related to the performance of your vehicle, reach out to your nearest Hyundai dealer for assistance. If you do not feel comfortable operating your vehicle, we can offer alternative transportation.”

Best Practice Checklist

- **Reservation:**
 - Has WebDCS been referenced for additional open campaigns or recalls?
 - ☐ Yes
 - ☐ **No** – Please ensure all open campaign(s)/recall(s) are identified and addressed.
- **Readiness:**
 - Are the applicable parts, tools, and equipment on-hand and ready to perform the service procedure?
 - ☐ Yes
 - ☐ **No** – Please ensure any necessary parts, tools, and equipment are on hand before any repair work.
- **Reception:**
 - Has the customer provided their authorization to perform repairs?
 - ☐ Yes
 - ☐ **No** – Customers must be consulted and provide approval before proceeding with any repairs on their vehicle.

Has the customer been offered alternative transportation?

- ☐ Yes
- ☐ **No** – Please provide the customer a loaner vehicle (if available) and if necessary, alternative transportation, while the remedy is being implemented.

Has the customer been informed of the expected repair duration and a timeframe for status updates?

- ☐ Yes
- ☐ **No** – Customers are to be informed of estimated repair duration and pick-up times after repairs are completed.

- **Repair:**

Does the Technician meet the recommended training requirements to complete this campaign?

- ☐ Yes
- ☐ **No** – Please reference the “Remedy Information” section on this document and ensure a qualified technician performs the service procedure.

- **Return:**

Ensure the customer’s contact information is up-to-date for follow-up conversations regarding their vehicle’s status.

- ☐ Yes
- ☐ **No** – Please ensure the customer’s latest information is accurately recorded in order to provide future updates.

Anticipated FAQs

Q1: What is the issue?

A1: Certain Elantra (ADA) vehicles may have been incorrectly updated with Cylinder Noise Detection System (CNDS) software that can set DTC P132700; this software was intended only for Korean-built Elantra (AD) vehicles.

Q2: What are the affected vehicles?

A2: Affected vehicles include the following:

- 2019-20MY Elantra (ADA) produced from 08/21/2018 – 09/30/2020
 - Built by Hyundai Motor Manufacturing Alabama (“HMMA”)

Q3: Why is Hyundai providing this campaign?

A3: This campaign is being provided to ensure Hyundai vehicles have the correct software for the specified models. In addition, these vehicles may be releasing air pollutants which exceed Federal and California standards. These standards were established to protect your health and welfare from the dangers of air pollution.

Q4: Are you a California registered owner or one from Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington?

A4: Because your state has adopted the California emissions regulation, your Hyundai dealer will also provide a “Proof of Correction” certificate as verification that this repair has been completed. It’s critical that it is retained for your records and to be presented when registering your vehicle, if requested.

Q5: What will be done during service at the dealer?

A5: The dealer will perform a software update for the Engine Control Module (ECM) to revert to the original ROM ID, apply the emissions label under the hood, and provide the vehicle owner with Proof of Correction, if necessary.

Q6: When will the affected customer(s) be notified of this campaign?

A6: Customers are planned to be notified of this campaign via First Class Mail by September 2026.
