

STAR Case

Case Number: S2008000014

Release Date: 02/28/2020

Symptom/Vehicle Issue: Blind Spot Mirror Indicators And Back-Up Camera Inoperative, DTC's U0232-00 Lost Communication With Blind Spot Module, U0264-00 Lost Communication With Camera Module

Technician Observation: Technician observed during vehicle prep the blind spot mirror indicators and the back-up camera were inoperative. DTCs U0232-00, U0264-00 appeared in multiple modules.

Repair Procedure: Inspect fuse #95 in the PDC for an open fuse condition. If the fuse is open, inspect behind the liftgate trim panel as shown for a harness routing concern and a pinched F923 circuit within the liftgate housing. If identified, repair the damaged harness circuit as recommended using FCA standard wiring repair procedures to complete, see Fig 1, 2, 3, 4 for location and circuit details.
