GMC	Acadia						

If you encounter a vehicle with the above condition, refer to SI for further diagnosis.

Version	2
Modified	Released October 25, 2024 Revised November 14, 2024 - Ended the need for gathering further information from the field.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
