

Acura TL
2009

FORGET PAST AUTOMOTIVE EXPERIENCES.
LOOK BEYOND CURRENT EXPECTATIONS.
CHALLENGE. DISCOVER. ASPIRE. ADVANCE.

ADVANCE IS NOT JUST ABOUT MOVEMENT,
IT IS ABOUT PROGRESS.

It is seeing a curve in the road and envisioning a whole new way through it. It is rejecting the constraints of traffic and weather and instead doing something about them. It is about creative transformative technologies. It is about finding inspiration beyond the confines of current automotive design. And using premier race circuits as testing grounds for our ideas. Advance is about recognizing the state of the world we live in, and anticipating what's next. In performance. In technology. In safety. In design. All for the purpose of heightening anticipation for your next drive.

We race to win. And in our very first race, an Acura American Le Mans car took the top spot in the 2007 Twelve Hours of Sebring. This year, as we build on all we learned, we continue a commitment to constant advancement and of testing technology at the highest level, so we can one day bring it to you.

advanced sports-car concept

THOUGH NOT INTENDED
FOR THE SHOWROOM,
ITS COMBINATION OF PRECISION
AND PASSION SIGNALS
THE FUTURE OF ACURA DESIGN.

ART AND ENGINEERING DESIGNED TO CAPTURE EMOTION, ANTICIPATION, DESIRE,

The all-new 2009 Acura TL and TL SH-AWD. From the bold, fluid lines
to the thrilling driving dynamics, every aspect was crafted to inspire movement.

AND SET THEM ALL INTO BEAUTIFUL,
EXHILARATING MOTION.

TL SH-AWD¹ SHOWN IN PALLADIUM METALLIC.

THROUGH THE USE OF LINE, SHAPE,
TEXTURE AND LIGHT, A DEEPER, MORE
VISCERAL CONNECTION IS FORGED.

In a sedan built for performance, every element should function without adding unnecessary distraction. Every system engineered to turn complexity into clarity. The intuitive nature of the vehicle's controls is evident in the steering wheel with its illuminated paddle shifters. In high-resolution gauges that include a Multi-Information Display to help you quickly keep tabs on a variety of vehicle systems. And with the available Technology package, you can bring the entire experience to life with a touch of the pushbutton ignition.

TL SH-AWD¹ SHOWN WITH TAUPE LEATHER AND AVAILABLE TECHNOLOGY PACKAGE.

* WITH AVAILABLE TECHNOLOGY PACKAGE

Dramatic styling. Textural refinement. Fluid energy.

It's not just a seat. Or an armrest. Or a steering wheel. It's a contact point. When crafting the cabin of the new TL, Acura designers took extra steps to ensure that every detail excels in its ability to comfort, engage and inspire. High-quality, soft-touch materials abound. With the available Technology package, these include full-grain Milano perforated leather seats. A new stitching style allows for thicker, more comfortable seat inserts. Underfoot you'll find plush pile carpeting. The TL SH-AWD includes more supportive seat bolsters, a thicker steering wheel and sporty stitching. The perfect accompaniment to this material richness is an available GPS-linked climate control system that senses if one side of the cabin is getting more sun and adjusts the climate zones to keep everyone cool.

TL SH-AWD¹ SHOWN WITH TAUPE LEATHER AND AVAILABLE TECHNOLOGY PACKAGE.

MANAGING AIRFLOW IN AND OUT OF THE ENGINE IS OUR LATEST EFFORT IN KEEPING YOU FROM CATCHING YOUR BREATH.

Producing power efficiently has always been one of Acura's defining goals. After all, the lighter the engine, the less inertia to overcome in getting you off the line, or through a tight turn. And while the 3.7-liter engine motivating the TL SH-AWD is the most powerful production engine ever developed by Acura, materials such as aluminum and magnesium help keep the weight down. Employing an updated variable valve system that manages both air intake and exhaust, the engine breathes deeply, getting the most power out of every stroke and producing an impressively high horsepower-per-liter ratio.

The 3.5-liter engine found in the standard TL also delivers the benefits of variable valve management. By adjusting the timing and lift of the intake valves, it also generates the kind of performance usually associated with larger engines.

advancing inspiration

280-HP, 3.5-LITER VTEC® ENGINE (TL)
305-HP, 3.7-LITER VTEC ENGINE (TL SH-AWD)
QUAD-OUTLET SPORT EXHAUST (TL SH-AWD)
5-SPEED AUTOMATIC TRANSMISSION
DOWNSHIFT REV MATCHING

ALUMINUM AND HIGH-TENSILE STEEL. THESE,
TOO, ARE THE THINGS DREAMS ARE MADE OF.

Engineering that
stirs you to action.

Rather than simply imposing your will onto a vehicle, true performance can more accurately be described as a conversation. Advanced engineering ensures that the TL is more than adequate at holding up its end. The fully independent, sport-tuned suspension features all-new damper valves and increased roll stiffness for more linear response to driver input. Speed-sensitive steering is tuned to provide visceral feedback. Special ducts on the TL SH-AWD help cool the front brake discs for virtually fade-free stopping.

Keeping unwanted interference out of the conversation are chassis and engine mounts designed to isolate the cabin from vibrations. An acoustic windshield drastically reduces windnoise.

TL SH-AWD¹ SHOWN IN POLISHED METAL METALLIC WITH AVAILABLE 19-INCH HIGH PERFORMANCE TIRE AND WHEEL PACKAGE.

advancing athleticism

DOUBLE-WISHBONE FRONT SUSPENSION
MULTI-LINK REAR SUSPENSION
ELECTRIC VARIABLE POWER-ASSISTED STEERING (EPS)
AVAILABLE 19-INCH ALUMINUM-ALLOY WHEELS (TL SH-AWD)
4-WHEEL DISC BRAKES WITH ABS AND BRAKE ASSIST

ITS ALL-WHEEL DRIVE IS UNIQUELY CAPABLE
OF MAKING THE MOST OF ANY SITUATION,

Connecting the TL SH-AWD to the road while separating it from the competition is the vehicle's Super Handling All-Wheel Drive™ (SH-AWD®). Utilizing an array of sensors, the system continually monitors each wheel's grip on the road and sends power to where it will be most effective. If any of the tires experience a loss of traction, torque will be redirected to those with a better hold. If all four wheels are on a low-traction surface, power is balanced among them for more surefooted traction. By actively distributing power between the front and rear wheels, as well as between the right and left rear wheel, SH-AWD delivers more confidence-inducing handling when the weather or road conditions are less than ideal.

TL SH-AWD SHOWN IN PALLADIUM METALLIC. TL SH-AWD.

INCLUDING CLEAR SKIES ABOVE AND
A SERIES OF SWITCHBACKS AHEAD.

Up to 60%

of power can be directed to
the rear wheels when cruising
through a corner.

Up to 70%

of power can be directed to
the rear wheels during
straight-line acceleration.

Driving stability can be compromised not only by adverse road conditions, but also from the shifting weight of the vehicle as it maneuvers through a set of tight turns. The crisp handling of the TL SH-AWD is the result of its ability to proactively determine where more traction will be needed to help you hold tight to your chosen line. When you take a corner, the system can send up to 100% of available rear-wheel torque to the outside wheel and then spin that wheel slightly faster. These two actions dramatically increase the vehicle's turning force, delivering not only increased stability and control, but also more thrilling response.

Up to 100%

of rear power can be directed to
the rear outside wheel when
accelerating through a corner.

TL SH-AWD SHOWN IN WHITE DIAMOND PEARL.

FORESIGHT IS POWER. IT CAN ALSO BE COMFORT, CONVENIENCE AND CONTROL.

Seated behind the wheel of the TL, you have considerable power at your disposal. But while you may not be able to alter the weather, the level of data the vehicle supplies certainly helps you make the most informed decisions. The available Acura Navigation System with Voice Recognition^{TM3} not only provides current and 3-day weather forecasts, but it can also display weather radar and advise you of severe conditions along your intended route.⁴ The system also lets you keep an eye on traffic and provides lane guidance information to help you through unfamiliar high-way interchanges.⁵

The high-resolution screen gives you more precise information, as does the next-generation point-of-interest database with its over 7,000,000 entries. Utilizing a hard disk drive (HDD) for stored information, the navigation system responds faster, covers more territory, including Alaska and Hawaii, and even lets you upload your own personal wallpaper for display whenever the system is not in use.

TL SHOWN IN EBONY LEATHER WITH AVAILABLE TECHNOLOGY PACKAGE.

Hands-free connectivity.

Voice Recognition

It is the next best thing to being able to read your thoughts. Systems designed to work intuitively and instinctively. Simply activate the steering wheel-mounted button and the available Technology package's voice recognition feature gives you intimate control of a variety of vehicle systems while keeping your hands firmly grasping the wheel. A situation you'll undoubtedly appreciate with a powerful engine at your command and a curved stretch of asphalt in your sights.

ACURALINK REAL-TIME WEATHER :::

See current information as well as forecasts for virtually any U.S. city right on the screen of the available navigation system.⁴

ZAGAT SURVEY® RESTAURANT REVIEWS :::

Get trusted recommendations, complete with food, service and decor ratings with this feature of the available navigation system.

BLUETOOTH® HANDSFREELINK® :::

Link your compatible Bluetooth® enabled mobile phone⁶ and you can make and receive calls without taking your hands off the wheel.

AUDIO SYSTEM CONTROLS :::

The TL's ability to recognize a vast list of commands lets you verbally control most of the functions of the vehicle's Acura/ELS Surround® audio system.

ACURALINK REAL-TIME TRAFFIC :::

The available navigation system quickly communicates traffic flow as well as collisions, road construction and weather-related incidents.⁵

ADAPTIVE CLIMATE CONTROL :::

Simply voice your preference and the system will adjust the temperature to accommodate each front passenger's individual choice.

The TL's navigation system has the capacity to inspire as well as inform. The system's hard disk drive (HDD) contains enough space for you to record and store more than 200 hours of your music, the equivalent of over 3,600 songs. Just insert your CD into the system's single disc slot and your music can be recorded automatically into the database while it plays. Disc and track information is provided by Gracenote®, letting you scan to your preferred music based on title, artist or genre.

YOUR DIGITAL MUSIC FILES, NOW AVAILABLE
IN THIS CONVENIENT CARRYING CASE.

TL SHOWN IN BOREALIS BLUE PEARL.

TAP INTO A DEEPER EXPERIENCE.

The power and nuance
of music as it was
intended to be heard.

Sound is an integral part of any rich experience. And while the vehicle's engine note adds a certain amount of depth to your drive, the music created by the Acura/ELS Surround System (with available Technology package) also holds the ability to inspire. Specifically tuned by Grammy® Award-winning engineer and producer Elliot Scheiner (the "ELS" in ELS Surround), the system's DVD-Audio capabilities help it reproduce the feel of the original studio performance. This 10-speaker, 440-watt system comes equipped with XM® Radio⁷ and is compatible with a number of music formats, including MP3 and WMA. A USB port⁸ and an MP3/auxiliary input jack let you bring more of your music along, as does the TL's hard disk drive (HDD) with its capacity to store more than 200 hours of music.

Safety through innovation.
Collision avoidance and injury mitigation.

VEHICLE STABILITY ASSIST™ (VSA®) DESIGNED TO DETECT WHEN UNDERSTEER OR OVERSTEER IS IMMINENT, THIS SYSTEM WILL ADJUST THE ENGINE'S TORQUE AND/OR APPLY INDIVIDUAL BRAKES TO HELP STABILIZE THE VEHICLE. ON THE TL SH-AWD, THE SYSTEM WILL FIRST USE THE VEHICLE'S SH-AWD TO CORRECT THE SITUATION BY ALTERING THE TORQUE DISTRIBUTION AMONG THE FOUR WHEELS.

REARVIEW CAMERA PART OF THE AVAILABLE TECHNOLOGY PACKAGE, THIS FEATURE DISPLAYS WHAT'S DIRECTLY BEHIND YOU ON THE VEHICLE'S NAVIGATION SCREEN WHEN YOU SHIFT INTO REVERSE. GUIDE LINES ON THE SCREEN INDICATE THE VEHICLE'S WIDTH AND APPROXIMATE DISTANCES BEHIND THE BUMPER.

ADVANCED AIRBAG SYSTEM THE TL'S PASSIVE SAFETY FEATURES INCLUDE DUAL THRESHOLD FRONT AIRBAGS, LARGER FRONT SIDE AIRBAGS AND SIDE CURTAIN AIRBAGS. THE POSITION DETECTION SYSTEM (PDRS) MONITORS THE POSITION OF THE FRONT PASSENGER'S SIDE AIRBAG IF A SMALL-STATURED OR AN OUT-OF-POSITION FRONT PASSENGER LEANS INTO THE AIRBAG'S DEPLOYMENT PATH.*

*ALWAYS USE SEAT BELTS AND APPROPRIATE CHILD SEATS. CHILDREN 12 AND UNDER ARE SAFEST WHEN PROPERLY RESTRAINED IN THE REAR SEAT. FRONT AIRBAGS INFLATE AND DEFLATE IN A FRACTION OF A SECOND.

ACTIVE FRONT HEAD RESTRAINTS :::

The TL's active front head restraints are designed to help minimize whiplash injuries.

HILL START ASSIST :::

On TL SH-AWD, this system will hold the brakes to help prevent rollback.

TIRE PRESSURE MONITORING SYSTEM :::

This system actively monitors and displays the air pressure of each tire.⁹

BRAKE ASSIST :::

This system can detect emergency braking and apply additional brake force.

PERHAPS THE MOST IMPORTANT FEELING THE TL INSPIRES IS CONFIDENCE.

The benefits of Acura's Safety Through Innovation philosophy can be found throughout the new TL. In features like its Advanced Compatibility Engineering (ACE) body structure that's designed to direct frontal crash energy away from the passenger compartment and minimize misalignment with vehicles of differing size. In door liners shaped to reduce occupant injury. In new hot-stamped steel that is both lighter and stronger than conventional steel. It's all been designed to help the TL achieve 5-star crash ratings from the National Highway Traffic Safety Administration (NHTSA)¹⁰ and top marks from the Insurance Institute for Highway Safety (IIHS).¹¹

OWNER BENEFITS

Warranty All Acura vehicles and the accessories installed by the dealer at the time of vehicle purchase have a 4-year/50,000-mile limited warranty. Acura vehicles are also covered by a 6-year/70,000-mile limited powertrain warranty. In addition, outer body rust-through is covered on all Acura vehicles by a 5-year/unlimited-mile limited warranty.¹⁷

Acura-Trained Service Personnel Your local Acura dealer is an excellent source for Acura genuine parts and factory-trained technicians. They have the experience, training and specialized tools needed to keep your Acura up to factory standards of performance and reliability.

1-800-to-Acura Operators are available 24 hours a day to help get answers to your Acura questions.

Acura Care Additional peace of mind can be had with the Acura Care[®] program—comprehensive vehicle and travel protection beyond the initial warranty period. See your Acura dealer for all the features and benefits available with this program.

Total Luxury Care¹⁸ – Owner Benefits Acura's total commitment to your satisfaction doesn't end with delivery of a world-class vehicle. It only begins there. Every Acura comes with Total Luxury Care[®] (TLC[®]), an array of services designed to help you enjoy your automobile for years to come.

Honda Financial Services¹⁹ Whether you're buying or leasing, Honda Financial Services can assist you with the process. See your dealer for details.

24-Hour Roadside Assistance As part of your TLC benefits, 24-hour roadside assistance is available to you everywhere in the continental U.S. and Canada, day or night, every day of the year. Just call the toll-free number and rest assured that assistance is promptly on the way.

Trip-Interruption Benefits If a problem that is covered by your warranty interrupts your trip more than 100 miles from home, Acura will provide you with reimbursement for meals, lodging or car-rental expenses. Please see your Acura dealer for all the program details.

Acura Concierge – Travel Service In an emergency or just to help you plan a trip, Acura Concierge service can help you with many logistical details. It will even relay up to three urgent messages on your behalf if you cannot do so.

My Acura Your complimentary My Acura personalized Web site provides you immediate access to the most current information about your vehicle. With advanced technology videos, personalized maintenance records and online service scheduling, My Acura extends your ownership experience from the road to the Internet. Visit My Acura at owners.acura.com.
