

INTRODUCING THE
2014 | RLX
LUXURY, TAKEN TO A WHOLE NEW LEVEL

THE IMPORTANCE OF A FIRST IMPRESSION
CANNOT BE OVERSTATED

BUT OPENING UP BUILDS A DEEPER CONNECTION

Between people, it's called chemistry. That intangible, instinctive rapport. Chemistry could also describe the uncanny sense that the RLX was made just for you. Open it up. Step inside. You'll find it almost finishes your sentences for you.

DESIGNED TO REPRODUCE SUNLIGHT

Human eyes are most comfortable with a color temperature of 6,500° Kelvin—or the color of daylight. The RLX's industry-first headlights shine brighter, whiter, wider and further, allowing the driver to see farther into the future.

BRILLIANT

JEWEL EYE™ LED HEADLIGHTS

Intense and reflective even in day-time, Jewel Eye™ headlights feature eight LED bulbs radiating through 16 precisely focused lenses. Engage the LED high beams, and you'll think the sun is out and the moon is full.

EVER NOTICE HOW MUCH MILEAGE YOU GET OUT OF A WHISPER

Over the course of its development, the RLX made hundreds of trips to the wind tunnel. By analyzing driving-speed winds, our engineers smoothed airflow, softened noise, and increased fuel efficiency to an EPA-rated 31 highway mpg.² In the process, they created one of the most aerodynamic sedans on the road.

SOMEONE TO WATCH OVER YOU

Imagine having another set of eyes, a second pair of hands and someone who's always watching your back—and your front.

State-of-the-art driver aids let the RLX warn you of vehicles detected in your blind spot, steer you back into a detected lane, maintain a set following distance and even apply the brakes. These assists are quite simply, a driver's best friend.

BLIND SPOT INFORMATION SYSTEM

Radar technology on both rear quarter panels constantly monitors blind spot areas. It activates a warning light near the side mirror when a vehicle is detected. If the turn signal is engaged with a vehicle in the blind spot, the light flashes and an audible warning sounds.

ADAPTIVE CRUISE CONTROL WITH LOW-SPEED FOLLOW

Utilizing a sophisticated radar unit, Adaptive Cruise Control⁵⁸ creates a buffer zone in front of the car. Set the speed, then set the distance you wish to follow the car detected ahead. The RLX will maintain that interval—up to and including a full stop. Now you can enjoy cruise control in a broader range of driving environments.

NOT EVERYONE STICKS TO THE STRAIGHT AND NARROW

LANE KEEPING ASSIST SYSTEM

Momentarily distracted, you begin to drift out of your lane. It happens to every driver occasionally. The Lane Keeping Assist System⁵⁹ (LKAS) can sound an audible warning and help steer you back into your detected lane.

WHEN LIFE THROWS A CURVE OVERACHIEVERS PIVOT

In the real world, you can't count on a banked curve to help keep your line. The solution is the world's first Precision All-Wheel Steer (P-AWS) system, which allows each rear wheel to independently adjust its toe angle to achieve exceptional stability in turns. Combined with Agile Handling Assist, Acura brings new meaning to cornering and lane changes. One good turn really does deserve another.

THE TRUE MARK OF LEADERSHIP IS USING POWER WISELY

The RLX engine is paired with a perfectly executed 6-speed Sequential SportShift automatic transmission. Highly intuitive and adaptive, it's the versatile V6's ideal life partner. Two modes are available to fit your driving mood. "Drive" mode emphasizes fuel efficiency, with smooth, lower rpm gear changes. In "Sport" mode, the transmission up-shifts at higher revs, thereby increasing acceleration and your heart rate. Racing-inspired paddle shifters encourage you to explore all 310 horsepower.

On the freeway at 60 mph, the 3.5L engine easily propels the RLX using just three cylinders. Accelerate to pass an eighteen-wheeler and the Variable Cylinder Management system fires up more cylinders—so seamlessly you'll never know it happened.

BRAKE SYSTEMS

The beauty is in the braking. Just ask any racecar driver. Firm pedal feel and a very linear response are hallmarks of stopping a racecar and stopping an RLX. Sophisticated electronic systems—like Electronic Brake Distribution and Brake Assist—further enhance that feeling. When stopped, Brake Hold Control or the electronic parking brake can do all the work for you.

A HUSH COMES OVER THE ROAD

In the RLX, Acura exterior designers have orchestrated a unique mix of technologies to ensure a quiet, peaceful ride. Active Sound Control generates sound waves that cancel out unwanted engine noise. Acoustic windshield and door glass reduces wind noise. Even noise-dampening wheels play a part in keeping the sound of the road outside where it belongs.

YOUR PREFERENCES ARE PRIORITY

No two RLX key fobs are alike.
Each one is a reflection of its owner.

The RLX knows the people you reach out to most, the radio stations that fuel your commute, the temperature that lets you keep your cool, and the seat position that has your back. It even knows where you indulge your sushi cravings and gelato jaunts.

IT'S NICE TO BE RECOGNIZED FOR YOUR WORK

By the time you sit down, the seat, side mirrors, steering wheel—even the audio system, climate controls and navigation system—will all have conformed to your preferences. And with the push of a button, you can start the engine without ever touching a key. That's personalization at its best.

IT KNOWS YOUR PHONE

Your six most often-called numbers can be displayed as shortcuts on your lower touchscreen.

IT KNOWS YOUR TUNES

Once you're inside the RLX, your radio presets for AM, FM, and SiriusXM⁴ will have switched from the last driver's favorites to yours.

IT KNOWS YOUR SEATS

With your preset seating positions, side mirrors and steering wheel, you'll be right where you want to be before you even leave.

IT KNOWS YOUR CLIMATE

The RLX will automatically revert to your preferred temperature, fan settings and airflow.

IT KNOWS YOUR DESTINATION

Six preset navigation locations will be ready to show you the way from the get-go.

A PERFECT SETTING FOR THE NEXT LEG OF YOUR JOURNEY

A meticulously planned, luxuriously tailored interior affords both driver and passengers the ultimate in personal space.

BIG IMPRESSION, SMALL FOOTPRINT
A transversely mounted engine and longer wheel-base gives RLX the interior passenger space of much larger luxury sedans. Your rear seat guests will notice and notice quickly.

YOUR INPUT IS APPRECIATED

Acura On-Demand Multi-Use Display™ (ODMD™) is the definitive touchscreen interface. Featuring an easy-to-reach screen that's separate from the eye-level, display-only screen, the ODMD has been designed for even greater functionality and ease of use. The system lets you manage audio, climate control, navigation and vehicle information from just nine intuitively positioned buttons.

AcuraLink
The Next Generation

WHO SAYS YOU CAN'T TAKE IT WITH YOU

We all have our favorites. Music, maps, apps, stations, destinations, followers and friends. They live on multiple devices. AcuraLink™ The Next Generation brings them all together—to keep you informed and connected.

Your Smart Phone

Your Acura

Your Computer

LISTENING PICKS UP WHERE HEARING LEFT OFF

Concert halls may transport you, but not in a literal sense. The Acura RLX, however, will get you there both actually and musically. Three state-of-the-art audio systems are available—each of them designed with the true audiophile in mind.

MUSIC APPRECIATION

The sound is gorgeous, the possibilities endless. Launch Pandora® or Aha™ from your smart phone. Plug in your iPod® or tune SiriusXM™ to a baseball game. Even go old school and pop in a CD. Surrounded by perfectly positioned speakers, you'll never miss a beat—or an at-bat.

CONNECTIVITY

For your non-Bluetooth® devices, the USB port is conveniently located in the center console for easy accessibility and safe storage.

SEACOAST

GRAYSTONE

EBONY

THE INSIDE STORY

NEVER FLY BLIND

Mother Nature isn't always so motherly. Heavy fog and rain can easily conceal a stalled car in your lane. The advanced RLX warning systems provide a constant ally, helping you to be highly observant even in low visibility

FORWARD COLLISION WARNING

The system monitors the relative speed of cars detected ahead. When a warning beep sounds and an amber "BRAKE" image projects on the windshield and Multi-Informational Display, the RLX has detected a slower moving—or stopped—vehicle ahead. Only Acura can make a backseat driver a welcome companion.⁵⁵

COLLISION MITIGATION BRAKING SYSTEM

Using radar technology, the Collision Mitigation Braking System—available with the Advance Package—can help you brake when a collision is imminent. As the system begins to slow the car down, it also tightens the seatbelts. Call it a state-of-the-art safe embrace.⁶¹

PEOPLE WHO EMBRACE LIFE KNOW TRUE BEAUTY IS IN THE BONES

Good bones provide structure, strength and flexibility. A solid foundation, deep in Acura DNA, is evident in unshakable composure, steadfast strength of character and quiet confidence. It's also the underpinning of the comprehensive safety systems found in the RLX—including Acura next-generation ACE™ body structure, seven airbags, multiple sensors and monitors to name a few. It's really a thing of beauty.

NEXT GENERATION ACE

The RLX is equipped with Acura next-generation Advanced Compatibility Engineering™ (ACE™) body structure. It uses interconnected front frame members to absorb and help redirect front impact energy around the passenger cabin. Regardless of the size of vehicle you encounter, the RLX has both a lower and upper primary impact brace to begin the energy absorption and redirection process.

OFF-SET PROTECTION

Front-end crashes often involve only the part of the car absorbing the impact, thus challenging a small portion of the front-end structure with the task of protecting the cabin. IIHS has a new test for this scenario called the “Small overlap front test.” The Acura TL was one of only two models in its class to achieve a “Good” rating in this test—and the RLX is designed to duplicate that rating.

The Adaptive Cruise Control
feature is really amazing.
Miriam, BMW owner

ASK
THE SPECIALISTS

Luxury has its experts. So we invited a few luxury car owners to beautiful Calistoga, CA and let them spend a weekend with the RLX. Here's what they had to say about the Acura RLX.

ACCESSORIES

When it comes to personalizing, choose Acura genuine accessories that are crafted to the same strict levels of quality as the rest of your RLX. See your Acura dealer for a complete list of accessories or go to acura.com.

INTERIOR FEATURES

Sport seats with leatherette-trimmed interior
Driver’s and front passenger’s 12-way power seat including 4-way lumbar
2-driver memory system for driver’s seat, side mirror and steering column positions plus audio and climate settings
Dual-level heated front seats
Multi-function front center console with left/right opening and sliding armrest with integrated tray
Rear-seat center armrest with locking trunk pass-through
Leather-wrapped steering wheel and gearshift knob
ELS32 404-watt 10-speaker Premium Audio System with 15GB hard disc drive (HDD) media storage, CD, DVD-Audio, MP3, WMA6, and DTS® compatible player, Dolby®5 Pro Logic® II, and AM/FM tuner
Song By Voice®
Aha™ compatibility
Pandora®45 compatibility
HD Radio®
SiriusXM Radio4
USB7 Audio Interface with iPod®8 integration
Bluetooth®11 streaming audio
MP3/auxiliary input jack
Speed-sensitive Volume Compensation (SVC)
Tri-zone, dual-mode automatic climate control with air quality sensor and air filtration
Keyless Access System with smart entry, pushbutton ignition and Acura personalized settings for driver’s seat, steering column, side mirrors, select audio and navigation settings and more
Power windows with auto-up/down, auto-reverse and key-off operation
Remote-operated windows and moonroof-open function
Retained accessory power for windows and moonroof

Bluetooth® HandsFreeLink® wireless telephone interface
SMS, MMS text message and email capability44
Active Sound Control
Steering wheel-mounted controls (cruise control, audio, phone, Multi-Information Display and available voice recognition)
Multi-Information Display (MID)
8-inch color display
On Demand Multi-Use Display™ (ODMD™)
Multi-view rear camera with dynamic guidelines
HomeLink® programmable transmitter
Cruise control
Compass
Electric parking brake with automatic brake hold
Electronic tilt and telescopic steering column
Maintenance Minder™ system
Metallic trim on console and doors
Ambient cabin lighting
Expanded view driver’s mirror
Automatic dimming rearview mirror
12-volt power outlets in center console and front armrest
Theft-deterrent system with electronic immobilizer
Tire sealant and repair kit

EXTERIOR FEATURES

Power moonroof with tilt feature, auto-open/close, auto reverse and key-off operation
Jewel Eye™ LED headlights
LED-illuminated taillights, brake lights, side mirror-integrated directional signals, rear license and Center High Mount Stop Light
Auto-on/off headlight operation with wiper integration
LED-illuminated door handles
Acoustic glass windshield
Heated side mirrors with reverse gear tilt-down
18-inch noise-reducing aluminum-alloy wheels

SAFETY FEATURES

Advanced Compatibility Engineering™ (ACE™) II body structure
Vehicle Stability Assist™ (VSA®) with traction control and motion adaptive steering12
Forward Collision Warning (FCW) system55
Lane Departure Warning (LDW) system56
4-wheel anti-lock braking system (ABS)
Electronic Brake Distribution (EBD)
Brake Assist
Dual-stage, multiple-threshold front airbags (SRS)
Side curtain airbags
Driver’s knee airbag
3-point height-adjustable front seat belts with load limiters and automatic tensioning system
3-point rear seat belts
LATCH (Lower Anchors and Tethers for CHildren) child-seat mounting system
LED Daytime Running Lights (DRL)
Tire Pressure Monitoring System (TPMS) with location and pressure indicators
Side-impact door beams

NAVIGATION PACKAGE

Acura Navigation System with 3D view ¹⁰
AcuraLink Real-Time Traffic™ with exclusive street and freeway conditions ¹³
Traffic Rerouting™
Next-generation AcuraLink®
Automated Appointments™
Note function music-reminder for SiriusXM Radio ⁴
Phone-book exchange for <i>Bluetooth</i> ® HandsFreeLink®
GPS-linked, tri-zone automatic climate control ¹⁰
Color Multi-Information Display (MID) with turn-by-turn guidance

TECHNOLOGY PACKAGE

ELS Studio® ³² 588-watt, 14-speaker Premium Audio System
Milano premium leather-trimmed interior
Premium leather instrument panel, console and door trim
Blind spot information (BSI) system
Rain-sensing windshield wipers
Power-folding side mirrors
Acoustic front and rear side glass
19-inch aluminum-alloy, noise-reducing wheels with P245/40 R19 98W high-performance all-season tires
Simulated wood trim on console and doors

KRELL AUDIO PACKAGE

Krell® 450-watt, 14-speaker Premium Audio System
Power rear sunshade
Rear-door side sunshades (manual)

ADVANCE PACKAGE

Collision Mitigation Braking System™ (CMBS™) with heads-up warning ⁶¹
Adaptive Cruise Control (ACC) with Low Speed Follow ⁵³
Lane Keeping Assist System (LKAS) ⁵⁹
6-level heated and ventilated front seats
Tri-level heated rear seats
Auto-dimming side mirrors
Front and rear parking sensors
Rear footwell lighting
3-point height-adjustable front seat belts with load limiters and e-pretensioner system

WARRANTIES

Powertrain ¹⁶ - 6-year/70,000-mile limited warranty
Outer body rust-through - 5-year/unlimited-mile limited warranty
Acura Genuine Accessories ¹⁷ - 4-year/50,000-mile limited warranty
Acura Total Luxury Care® (TLC) with Roadside Assistance ¹⁸ - 4-year/50,000-mile

- 2 Based on 2014 EPA mileage ratings. **Use for comparison purposes only. Your actual mileage will vary, depending on how you drive and maintain your vehicle.**
- 4 SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately or as a package after trial period. **If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com.** Other fees and taxes will apply. All fees and programming subject to change. Not all vehicles are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. SiriusXM is not responsible for any errors or inaccuracies in the NavTraffic or NavWeather service or their use in the vehicle. XM satellite service is available only to those at least 18 years of age in the 48 contiguous USA and DC. SiriusXM Internet Radio service is available throughout our satellite service area and in AK, HI and PR. © 2013 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.
- 5 Dolby and the double-D symbol are registered trademarks of Dolby Laboratories.
- 6 Windows Media® Audio is a trademark or registered trademark of Microsoft® Corporation in the United States and/or other countries.
- 7 The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your local Acura dealer for details on compatibility.
- 8 Currently includes fifth generation or later Apple iPod, and all generations of iPod Nano, iPod Classic, iPod Touch, or iPhone®. iPod® and iPhone® are registered trademarks of Apple Computer, Inc., registered in the U.S. and other countries.
- 10 Acura Navigation System and related features available only in the United States, Puerto Rico and parts of Canada. See your local Acura dealer for information regarding navigation system area coverage.
- 11 The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks is under license.
- 12 VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.
- 13 AcuraLink Real-Time Traffic and Weather™ are operable only in select markets within the 48 contiguous United States. AcuraLink Real-Time Traffic™ is also operable in Vancouver, Toronto and Montreal. AcuraLink Real-Time Traffic and Weather™ are available by separate XM NavTraffic® and XM NavWeather™ subscriptions after a complimentary 90-day trial period. Other AcuraLink® Satellite Communication System features do not require a subscription.
- 16 Ordinary maintenance items or adjustments, parts subject to normal wear and replacement, and certain other items are excluded.
- 17 When installed at the time of new-vehicle delivery.
- 18 See your local dealer for details about Total Luxury Care® (TLC), Roadside Assistance, and Concierge Service.
- 19 Using gasoline with an octane lower than 91 octane may cause damage to the engine. Please consult the owner's manual for details.
- 32 ELS Surround® is a registered trademark of Panasonic Corporation of North America. All rights reserved.
- 44 Compatible with select phones with Bluetooth® only. Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.
- 45 Compatible with select Apple® iPhone® devices only. Your wireless carrier's rate plans apply.
- 53 ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not to be used in heavy traffic, poor weather or on winding roads. The driver remains responsible to slow or stop the vehicle to avoid a collision.
- 55 FCW cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by high interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.
- 56 LDW only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
- 58 ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not to be used in heavy traffic, poor weather or on winding roads. The driver remains responsible to slow or stop the vehicle to avoid a collision.
- 59 LKAS (Lane Keeping Assist System) only operates when lane drift is detected without a turn signal in use. LKAS may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
- 60 Import Brand Midsize Premium Cars as defined by JD Power
- 61 CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. The driver remains responsible to slow or stop the vehicle to avoid a collision.
