WITHOUT A MEANS TO HARNESS IT, POWER IS ONLY POTENTIAL.

Each ILX model features a transmission perfectly suited to make the most of engine output.

The ILX converts horsepower into forward movement with a 5-speed automatic transmission. Those desiring more involvement can take advantage of the Sequential Sport-Shift paddle shifters to manage the transmission's shift points.

The ILX 6MT features a close-ratio 6-speed manual to let you get the most power out of the vehicle's high-revving engine.

THE LIST OF LUXURY VEHICLE ESSENTIALS IS DUE FOR A REVISION.

*The ILX not only keeps pace with
state-of-the-art luxury, it ups the ante.*

*While its interior amenities make the
ILX an ideal respite from the rest of your

LUXURY THAT BEGINS WITH MATERIAL COMFORT.

Inside the cabin of the ILX, special attention has been given to areas of contact.

Go ahead, get comfortable. It's all there for you. Every touch point crafted to enhance the experience. Available features include a leather-trimmed interior, heated front seats and power adjustments for the driver's seat.

The steering wheel, shift knob and hand brake are also wrapped in leather, further adding to the cabin's luxurious feel.

Premium materials and quality construction give the elements of the cabin a solid, substantial feel.

Acura ILX

A LUXURY VEHICLE SHOULD BE JUDGED ON AGILITY AS MUCH AS ON A SMOOTH RIDE.

The suspension system aboard the ILX easily handles both of these requirements.

It is a balancing act in more ways than one. While the vehicle's suspension system provides a flat ride through the curves, it also strikes the perfect equilibrium between sport and comfort.

The ILX features a 4-wheel independent setup that includes Amplitude Reactive Dampers specially designed to help eliminate the small vibrations caused by rough roads.

The electric power-assisted rack-and-pinion steering adjusts to vehicle speed, allowing the steering feel to match driving conditions, giving the driver more tactile responses.

WHY EVERY VEHICLE WE BUILD FEELS EXTRAORDINARY.

Some of the features that make the ILX so much fun to drive also help contribute to passenger safety.

The vehicle's stiff chassis provides a firm foundation for nimble handling. The Advanced Compatibility Engineering™ (ACE™) body structure uses a connected network of structural elements to help protect those inside by distributing frontal crash energy more evenly.

Vehicle Stability Assist™ (VSA®16) can sense potential understeer or oversteer and brake individual wheels and/or adjust engine speed to help keep you on your intended path. The system also features motion-adaptive steering, which can prompt the driver to steer in the correct direction if it senses instability.

Advanced airbags utilize sensors to deploy at the right time with the appropriate force to better help protect passengers.

BLUE SKIES FOR
OUR CHILDREN

Years ago, our engineers took on the challenge to meet the stringent emissions standards of the U.S. Clean Air Act and used the phrase "blue skies for our children" as a passionate rallying cry to devote themselves to this effort. Blue Skies for Our Children represents our environmental vision of a society where future generations can experience the joy and freedom of mobility while living within a sustainable society.

Accessories

When it comes to personalizing, choose Acura genuine accessories that are crafted to the same strict levels of quality as the rest of your ILX. See your Acura dealer for a complete list of accessories or go to acura.com.

AcuraLink

Acura has always had a penchant for seeing what's beyond the next horizon. Now it's your turn. The available AcuraLink[®] Satellite Communication System gives you a look ahead – whether it's up the road, or even days into the future. Services like the available AcuraLink Real-Time Traffic and Weather,^{™4} with its one- and three-day forecasts, help you plan your next move, even while you're focused on the here and now.

AcuraLink is also your connection with Acura, delivering a wealth of information like Quick Tips and updated Feature Guides to help you get the most out of your new vehicle's many sophisticated systems. When the system is paired with a Bluetooth[®]-compatible phone,² you can also get information on required services as they approach, and can schedule maintenance right from your car with the Automated Appointments[™] feature.

BLUE SKIES FOR
OUR CHILDREN

Years ago, our engineers took on the challenge to meet the stringent emissions standards of the U.S. Clean Air Act and used the phrase "blue skies for our children" as a passionate rallying cry to devote themselves to this effort. Blue Skies for Our Children represents our environmental vision of a society where future generations can experience the joy and freedom of mobility while living within a sustainable society.
