

A4 S4

Cabriolet

**Connect to more than the road.
Connect to the moment.**

A car can put freedom into the forefront. A car can introduce you to an exclusive sensory experience with a simple push of a button. The A4/S4 Cabriolet accomplishes this alongside legendary quattro® all-wheel drive, efficient FSI® engine technology and everything else that makes an Audi an Audi.

Perfectly suitable for your driveway,
or the middle of nowhere.

A red Audi S4 Cabriolet is shown from a front-three-quarter perspective, driving on a light-colored, winding road. The car's top is down, and a white cloth is blowing in the wind behind it. The background features a hilly landscape under a cloudy sky.

**The eye of one
very well designed storm.**

After a few brief moments in the S4 Cabriolet, it becomes startlingly evident: Performance is everything. The responsive acceleration of the 340 horsepower V8, the grip-and-grin stabilization of sport-tuned suspension and quattro® all-wheel drive connect you to new roads, new destinations and perhaps most importantly, new emotions.

A4 Cabriolet. Standard Equipment

1. **17" nine-Y-spoke alloy wheel with all-season tires** | New to the 2009 A4 Cabriolet, the 17" nine-Y-spoke styling is available with a striking polished bicolor finish. The lightweight cast aluminum helps improve driving dynamics.

2. **Dual zone air conditioning with climate control** | The fully automatic climate control system allows for separate temperature zones for the driver and passenger. It includes CFC-free air conditioning and an active charcoal filter for dust and pollen control.

3. **Leather-wrapped, multifunction steering wheel** | The multifunction, four-spoke steering wheel provides easy access to infotainment functions.

4. **Audi symphony** | Audi symphony features AM/FM stereo with a six-disc in-dash CD player with MP3 capability and SIRIUS® Satellite Radio. The Radio Data System (RDS) displays several types of information on the FM radio signals, including station, track and artist information. Graduated Audio Level Adjustment (GALA) ensures the optimal volume levels as road noise increases with speed.

5. **Aluminum inlays** | The sophisticated A4 Cabriolet interior is accented with standard aluminum interior beltline trim across the doors and dash.

+ **Servotronic® speed-sensitive power steering for sporty handling** | Servotronic® is speed-dependent power steering, in which the amount of servo assist provided is dictated by road speed, providing more comfort and convenience for the driver.

+ Feature not shown.

+ **S line Exterior Package** | The aggressive look of the Audi S line exterior is now standard on the A4 Cabriolet. The package wraps the A4 in S line bumpers, badges and grille.

+ **Dual-stage front airbags with occupant sensor for passenger side*** | Playing an integral role in the A4 Cabriolet's comprehensive safety features, dual-stage front airbags and seat-mounted head and thorax side airbags help reduce the risk of severe head and chest injuries during a collision. For added safety, a passenger side occupant sensor deploys passenger airbags if needed.

+ **Advanced anti-theft vehicle alarm system** | This latest generation anti-theft system features warning horns that operate independently of the car's own electrical systems, as well as time-controlled alarms that sound if a door is opened without authorization.

+ **Power front driver seat and passenger seat** | The front seats allow the driver and passenger to electrically adjust the seats' fore/aft position, height, lumbar support and angle of seat cushion and seat back.

+ **Electronic cruise control** | The electronic aid stores and maintains the speed selected by the driver. Also included are coast, resume and acceleration features.

* See page 32 for important safety information regarding airbags.

A4 Cabriolet. Packages

Sport Package

1.

Three-spoke, multifunction, leather-wrapped steering wheel with shift paddles | The three-spoke, leather-wrapped design has a sporty look and feel. The multifunction steering wheel provides easy access to infotainment functions.
2.

18" five-spoke quattro® GmbH wheel with 235/40-R18 summer performance tires* | The Sport Package wheel option adds an athletic feel. The quattro® GmbH dynamic design complements the sport suspension and is optimized by summer performance tires.
3.

Brushed aluminum inlay | The quality of materials and craftsmanship of the A4 Cabriolet interior is highlighted by elegant and sporty brushed aluminum decorative inlays extending across the dash and doors. [Also standard on 2.0.]
- +

Sport suspension | For those who plan to drive in a particularly sporty fashion, the Sport Package includes a firmer suspension. The standard four-link suspension has been specially sport-tuned to perform without sacrificing passenger comfort.

* Feature not shown.

Convenience Package

4.

BI-XENON™ headlights with automatic self-leveling | BI-XENON™ high intensity discharge headlights produce about twice as much light as comparable halogen headlights, and make night driving, particularly in poor weather, safer and less tiring for the driver's eyes. These headlights use gas-discharge lamps that are electronically controlled. The result is a bright arc that serves as an excellent light source to illuminate the road.
5.

Wind deflector | The mesh wind deflector dramatically reduces turbulent air flow to the front seats when the convertible top is down.
6.

HomeLink® | HomeLink® uses a simple three-button system that can control garage doors, gates and even lights in the home. It is integrated into the overhead controls, eliminating the need for clumsy garage door openers.
- +

Auto-dimming heated exterior mirrors | The exterior mirrors with automatic dimming recognize glaringly bright headlight beams behind the car and darken the mirror glass automatically.
- +

Auto-dimming interior mirror with compass | The rearview mirror with automatic dimming recognizes glaringly bright beams behind the car and darkens the mirror glass automatically. An electronic control unit varies the darkening effect quickly and continuously according to actual ambient light conditions. Vehicle direction is conveniently displayed in the corner of the mirror.
- +

Rain and light sensor | Located on the windshield behind the rearview mirror, the rain sensor activates the windshield wipers automatically when rain appears on the windshield, and adapts the wiper interval to match the amount of rain. The light sensor measures surrounding light conditions and activates the low-beam headlights at dusk when headlight control is set to "Auto."
- +

Acoustic top | The fully automatic electro-hydraulic soft-top features a heated glass window and thermal insulation fully suitable for winter use. The thick roof fabric and joining technique between the hood and outer fabric provide superior interior acoustics and exterior sound damping. [Available only with 3.2.]

* See page 32 for important safety information regarding summer performance tires.

S4 Cabriolet. Standard Equipment

1. Three-spoke, multifunction, leather-wrapped steering wheel with shift paddles | The three-spoke, leather-wrapped design has a sporty look and feel, further accenting the progressive design of the S4 Cabriolet. The multifunction steering wheel provides easy access to infotainment functions. [Shift paddles available with automatic model only.]

2. BI-XENON™ headlights with automatic self-leveling | BI-XENON™ high intensity discharge headlights produce about twice as much light as comparable halogen headlights, and make night driving, particularly in poor weather, safer and less tiring for the driver's eyes. These headlights use gas-discharge lamps that are electronically controlled. The result is a bright arc that serves as an excellent light source to illuminate the road.

3. 18" seven-double-spoke cast alloy wheel with 235/40-R18 summer performance tires* | The 18" seven-double-spoke cast alloy wheel delivers optimum performance and responsive handling. The lightweight alloy helps to improve driving dynamics.

+ Power adjustable, heated exterior mirrors | The exterior rearview mirrors are electrically adjustable and heated to help prevent fogging.

* Feature not shown.

4. Sport seats | The sport seats offer greater lateral support thanks to more prominent side sections. The seat functions include electric lumbar support and electric head restraint.

5. Acoustic top | The fully automatic electro-hydraulic soft-top features a heated glass window and thermal insulation fully suitable for winter use. The thick roof fabric and joining technique between the hood and outer fabric provide superior interior acoustics and exterior sound damping.

+ Wind deflector | The mesh wind deflector dramatically reduces turbulent air flow to the front seats when the convertible top is down.

* See page 32 for important safety information regarding summer performance tires.

S4 Cabriolet. Packages

Convenience Package

1.

Adaptive front lighting system | Utilizing input from the steering and speed of the vehicle, adaptive headlights pivot up to 15 degrees to allow the driver to see ahead in the dark by lighting up corners and bends more effectively.
2.

18" quattro® GmbH seven-double-spoke wheel with summer performance tires* | The 18" seven-double-spoke cast alloy wheel delivers optimum performance and responsive handling. The lightweight alloy helps to improve driving dynamics.
3.

BOSE® Premium Sound System | Nine speakers, including center speaker matched with a five-channel DSP amplifier, deliver a total output of 255 watts. In addition, the BOSE® exclusive AudioPilot® noise compensation technology adjusts the volume in response to unwanted road noise, creating a richer stereo experience.
- +

Rain and light sensor | Located on the windshield behind the rearview mirror, the rain sensor activates the windshield wipers automatically when rain appears on the windshield, and adapts the wiper interval to match the amount of rain. The light sensor measures surrounding light conditions and activates the low-beam headlights at dusk when headlight control is set to "Auto."

* Feature not shown.

4.

HomeLink® | HomeLink® uses a simple three-button system that controls garage doors, gates and even lights in the home. It is integrated into the overhead controls, eliminating the need for clumsy garage door openers.

5.

Auto-dimming interior mirror with compass | The rearview mirror with automatic dimming recognizes glaringly bright beams behind the car and darkens the mirror glass automatically. An electronic control unit varies the darkening effect quickly and continuously according to actual ambient light conditions. Vehicle direction is conveniently displayed in the corner of the mirror.

- +

Auto-dimming exterior mirrors | The exterior mirrors with automatic dimming recognize glaringly bright headlight beams behind the car and darken the mirror glass automatically.

- +

Memory for driver seat and outside mirrors | With the touch of a button, the advanced memory system automatically adjusts the seat's fore/aft position, height, lumbar support, angle of seat cushion and seat back and outside mirror settings based on the key that is being used.

* See page 32 for important safety information regarding summer performance tires.

A4 | S4 Cabriolet. Stand Alone Options

1.

18" wheel 15-spoke design with 235/40-R18 all-season tires | The 15-spoke wheel's progressive design is matched to the dynamic elegance of the A4 Cabriolet model. The all-season tires help to ensure a safe and comfortable ride on virtually all driving surfaces.
2.

Genuine Pearl Nappa Premium Leather seat upholstery | The use of high-quality Pearl Nappa Leather in the interior of the A4 Cabriolet adds to the luxurious driving experience.
3.

iPod® glove box adapter | The iPod adapter offers a unique and intelligent integration with the iPod. Any iPod Generation 4 and higher [iPod, iPod nano, iPod photo] equipped with the Dock Connector may be connected through the glove box.
4.

Audi Navigation plus, color trip computer | The DVD-based Audi Navigation plus features a full-color 6.25 inch LCD screen and MMI®-inspired control logic for AM/FM radio functions, a six-CD changer or an iPod® adapter in the glove box and two SD® card slots for your MP3 music.
5.

BOSE® Premium Sound System | Nine speakers, including center speaker matched with a five-channel DSP amplifier, deliver a total output of 255 watts. In addition, the BOSE® exclusive AudioPilot® noise compensation technology adjusts the volume in response to unwanted road noise, creating a richer stereo experience.
- +

Heated rear seats | The multilevel seat heating system is designed to heat the entire surface of the seat; warming is initiated with a convenient switch. [Available only with A4 3.2 and S4 models.]
- +

Audi Parking System, rear | Ultrasonic sensors measure the distance of the rear bumper to obstacles while intermittent, audible tones indicate the distance to the driver. The Audi parking aid makes parking more relaxed and easier.
- +

Feature not shown.

A4 | S4 Cabriolet. Wheels

1. Standard A4 2.0 wheel

17" nine-Y-spoke alloy wheel with all-season tires | New to the 2009 A4 Cabriolet, the 17" nine-Y-spoke styling is available with a striking two-tone polished finish. The lightweight cast aluminum helps improve driving dynamics.

2. Optional A4 Wheel

18" five-spoke alloy wheel with all-season tires | This standard wheel for the 3.2 variant reinforces the sculpted aerodynamic lines of the Cabriolet. Driving dynamics are improved by the lightweight alloy wheels.

3. Optional A4 Wheel

18" 15-spoke wheel with all-season tires | The 18" 15-spoke wheel is a stand-alone option available on all A4 Cabriolet models. The lightweight cast aluminum helps improve driving dynamics.

4. Standard S4 wheel

18" seven-double-spoke alloy wheel with summer performance tires* | The bold seven-double-spoke standard wheel accentuates the performance characteristics of the Audi S4 Cabriolet. Driving dynamics are improved by the lightweight alloy wheels.

5. Optional S4 Wheel

18" seven-double-spoke aluminum wheel from quattro® GmbH with summer performance tires* | The seven-double-spoke wheel is an option available with the Convenience Package. The quattro® GmbH-engineered design is highlighted by lightweight aluminum for supreme driving dynamics.

* See page 32 for important safety information regarding summer performance tires.

S	S	S	Lower Anchors and Tethers for Children [LATCH] in rear
S	S	S	Reflectors in rear of both doors
S	S	S	Tire pressure monitoring system

* Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children in the rear, using restraint systems appropriate for their size and age.

** Summer performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. We suggest you use the recommended winter or all-season tires specified for your car, or their equivalent. These summer performance tires also have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at recommended levels. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces, or upon encountering road debris or obstacles. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices. For more information on all of these topics, please consult the owner's manual, your local dealer or call 1-800-FOR-AUDI.

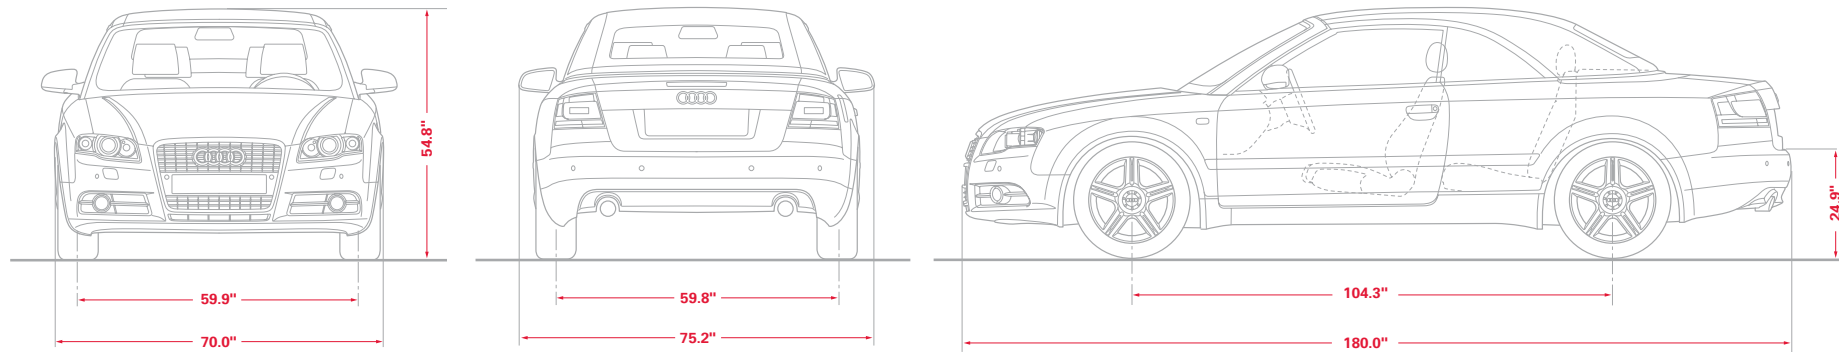

† Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible; therefore, you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgement in determining whether or not to follow a suggested Audi Navigation plus route. Periodically the mapping is updated and a new DVD will be required in order to maintain the latest navigation information available to us. These will be available for purchase from time to time at additional cost. Consult your dealer or call 1-800-FOR-AUDI for details.

Power and Performance

A4 Cabriolet 2.0 T

- | DOHC in-line 2.0 liter four-cylinder with TFSI® Direct Injection, variable valve timing, intake manifold and exhaust turbocharger with intercooler
- | Displacement: 2.0 liters [1984 cc]
- | Bore: 3.25 in.
- | Stroke: 3.65 in.
- | Compression ratio: 10.5:1
- | Horsepower: 200 hp @ 5100-6000 rpm
- | Torque: 207 lb-ft. @ 1800-5000 rpm
- | 0-60 mph in seconds: multitronic®: 7.3 [est.]; Tiptronic®: 7.5 [est.]
- | Top track speed†: 130 mph
- | Fuel economy estimates, city/highway** – multitronic®: 23/30 mpg; Tiptronic®: 21/27 mpg

S4 Cabriolet 4.2

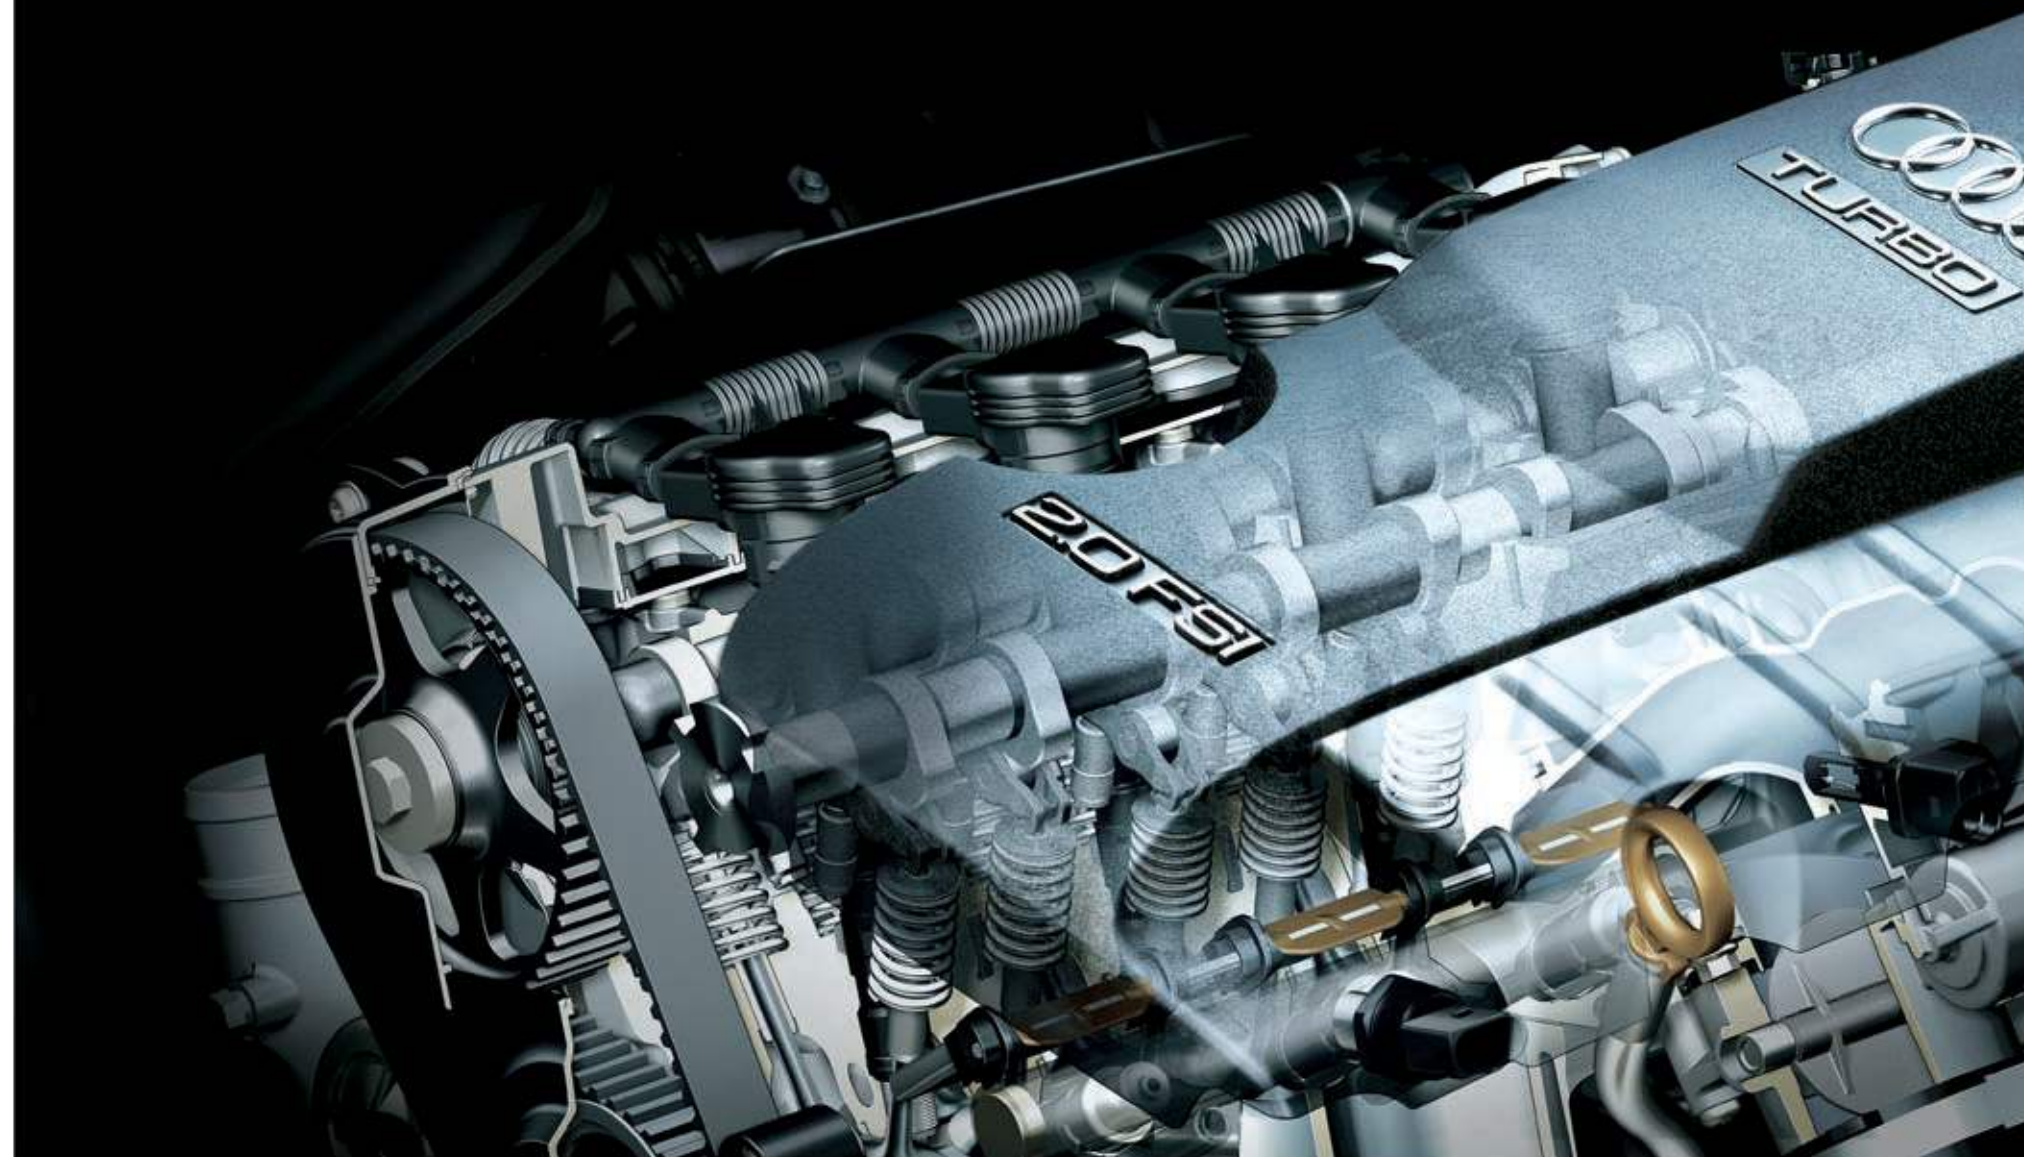

- | V8 front-mounted arrangement, eight-cylinder with DOHC and two-stage variable intake
- | Displacement: 4.2 liters [4163 cc]
- | Bore: 3.33 in.
- | Stroke: 3.65 in.
- | Compression ratio: 11.0:1
- | Horsepower: 340 hp @ 7000 rpm
- | Torque: 302 lb-ft. @ 3500 rpm
- | 0-60 mph in seconds: six-speed: 5.8 [est.]; Tiptronic®: 6.1 [est.]
- | Top track speed†: 155 mph
- | Fuel economy estimates, city/highway** – six-speed: 13/19 mpg; Tiptronic®: 14/21 mpg

A4 Cabriolet 3.2

- | Aluminum 3.2 liter V6 engine with FSI® Direct Injection, variable intake manifold, DOHC, continuous camshaft adjustment and hydraulic lifters
- | Displacement: 3.2 liters [3123 cc]
- | Bore: 3.33 in.
- | Stroke: 3.65 in.
- | Compression ratio: 12.5:1
- | Horsepower: 255 hp @ 6500 rpm
- | Torque: 243 lb-ft. @ 3250 rpm
- | 0-60 mph in seconds: 7.4 [est.]
- | Top track speed†: 130 mph
- | Fuel economy estimates, city/highway**: 17/25 mpg

* Top track speed electronically limited to 130 mph in the U.S. **EPA estimate; your mileage may vary. See your local Audi dealer for details.
† Top track speed electronically limited to 155 mph in the U.S.

FSI® Direct Injection

Proprietary to Audi, this technology dispenses with the throttle plate, “unthrottling” the engine, reducing heat loss, and increasing output while reducing fuel consumption. This means more power, better fuel economy and reduced emissions. It’s a win-win-win for everyone.

Power Top

The A4 Cabriolet power top can be operated at speeds of up to 15 mph with an opening time of 21 seconds and closing time of 23.5 seconds. Select from three colors: black, beige and blue.

Multitronic®

Multitronic® is a Continuously Variable Transmission [CVT] with a steel link-plate chain running in tension in an oil bath between two pairs of bevel wheels of variable diameter. In addition, it permits an exceptionally wide range of effective ratios. Simply put, there are no fixed gear ratios. The result is smooth and powerful acceleration and an elevated level of driving comfort.

A4 Cabriolet. Safety and Performance

quattro®

Developed and continually refined by Audi, quattro® offers a significantly enhanced level of all-wheel drive performance. With a 50:50 split of power between the front and rear in normal conditions, quattro® becomes simply superlative in the worst of conditions by dynamically shifting torque as required.

Airbags

The Audi A4 Cabriolet was designed with comprehensive protection for a variety of situations. Like every component of an Audi, a high level of specialty safety systems, such as two-stage airbags and seat-mounted head/thorax side airbags, establish an environment of security.*

Rollover protection

The A4 Cabriolet has an active rollover protection system behind the rear head restraints, which helps provide additional protection for the occupants if the vehicle rolls over. A highly sensitive system of sensors detects the vehicle movements and triggers two protective bars that extend within milliseconds.

* Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children in the rear, using restraint systems appropriate for their size and age. This is a dramatization and in an accident airbags may not deploy, and if they do, not all will deploy in a given crash.
