

2019

A5

A5 S5 RS 5

From the unseen, comes the unmistakable.

At Audi, our most important inspirations aren't seen, they're felt. The precise, yet flowing design lines of the Audi A5 maintain a sense of speed along its profile, like a racing driver seeking the optimal path. Sculpted fenders and a broad stance express its dynamic capabilities. The Audi A5 is presented in three distinctive, refined body styles in the Coupe, Cabriolet and Sportback. And along with the available Audi S5 and RS 5 variants, the A5 family of vehicles represents a rewarding choice for those who feel as much as they think.

The only way to witness progress is to keep up.

For those who think that keeping pace isn't enough, there is an Audi A5. The iconic diamond-inspired Singleframe® grille and the power dome on the hood evoke the thrilling potential of the turbocharged 2.0-liter 248-horsepower TFSI® engine. A seven-speed S tronic® dual-clutch transmission recalls the marque's track lineage, while standard quattro® all-wheel drive helps optimize traction as conditions become more challenging for a more confident driving experience.

2019 Audi A5 Coupe Premium Plus shown in Manhattan Gray metallic with available equipment.

**The most striking
features of design
are invisible.**

2019 Audi A5 Sportback Prestige shown in Manhattan Gray metallic with available equipment.

From the Sportback to the Cabriolet, the Audi A5 offers a singular drive despite obvious structural differences thanks to unseen countless hours of engineering. The subtle form of the wave-design Shoulder line intimates the skillfully applied power and performance the Audi A5 is capable of. The Cabriolet model reveals the conviction of our design when the top goes out of sight. And for the Sportback, available 19" 5-parallel-spoke design wheels and exterior enhancements of the S line® sport package send clear signals about its quattro® all-wheel drive pedigree.

2019 Audi A5 Cabriolet Premium Plus shown in Matador Red metallic with available equipment.

The image is a full-page advertisement for the Audi A5. It features two interior views of the car. The top half shows the front passenger side, highlighting the Nougat Brown leather seats with detailed stitching. The bottom half shows the driver's perspective, featuring the four-spoke steering wheel with the Audi logo, the digital instrument cluster, and the central infotainment screen. The background of both images is a blurred city skyline at night, seen through the car's windows.

**A moving stillness
propels your drive.**

While we designed the exterior of the Audi A5 to be attractive to everyone else, we took great care to craft an aesthetic environment for those who matter most to us: our drivers. You might not notice at first how the door handle opens upward in the direction it is pulled. As you step in, it might be imperceptible how the ambient LED lighting package and standard safety belt presenters on Coupe and Cabriolet models inspire the beginning of each drive with a subtle assurance. But when you are in the grip of the standard leather seating surfaces or available front sport seats, you may notice the invisible confidence that comes from functional design and enduring comfort.

2019 Audi A5 Coupe Prestige shown with Nougat Brown leather and available equipment.

Rendering aesthetics
into a blur.

S5

The Audi S5 spins up 349 horsepower and 369 lb-ft of torque via the twin-scroll turbocharged 3.0-liter TFSI® V6 engine, which is more than enough to make its distinctive design an indistinct blur for those who can't keep up. Striking available 19" 5-spoke-cavo design wheels deliver on sleek styling, while S model interior elements set a focused performance aesthetic inside. When equipped with the available S sport package, the Audi S5 gets even more assertive with the agility-enhancing quattro® sport rear differential and sport-tuned adaptive suspension. Accompanying those track-tested technologies, large six-piston front brake calipers make a moving performance statement. Available red brake calipers bring the Audi S5 to a flash point of sport and luxury.

2019 Audi S5 Coupe Prestige shown in Navarra Blue metallic with available equipment.

2019 Audi RS 5 Sportback shown in Sonoma Green metallic with available equipment.

 Audi Sport

CERTAIN LOOKS BELONG OUT OF SIGHT.

biturbo engine producing
444 hp/443 lb-ft

Eight-speed Tiptronic®
automatic transmission and
quattro® all-wheel drive with
quattro® sport rear differential

Top track speed¹ of 155 mph
or available 174 mph

Ventilated disc brakes
14.8" front/13.0" rear;
available 15.7" Audi
ceramic front disc brakes

Standard RS sport suspension
or available RS sport suspen-
sion plus with Dynamic Ride
Control.

Not everyone sees the Audi RS 5 the same way. Some might feel drawn to the sporting presence of the unique wide front and rear fenders along with massive honeycomb front air intakes that emphasize the vehicle's 444 horsepower of potential. Others will regard the precision of Dynamic Ride Control and the connected quality of Audi virtual cockpit as the ultimate balance of sport and luxury, especially with elements like Carbon and Alcantara® throughout the cabin. No matter what you see when you look at the Audi RS 5 Coupe and the distinctive RS 5 Sportback, you better look fast.

Rock Gray contrast honeycomb stitching and available equipment.

¹ Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.

Our instincts for the unseen.

Who we are is determined in the microseconds that comprise our response to our changing environment. Just as these instincts give us self-assurance in our endeavors, at Audi, we are dedicated to evolving our driver assistance features to help improve your confidence on the road. Our comprehensive portfolio of available driver assistance technologies can help alert you to a variety of unexpected situations on the road.¹

Dramatization

Audi pre sense® city

Standard pre sense city can help detect vehicles and pedestrians in your path and initiate emergency braking in an unforeseen event.¹

Dramatization

Park steering assist

Using ultrasonic sensors, this available parking technology can assist you into parallel and perpendicular parking spots with your braking input. You maintain control of shifting gears, and the system can help you drive out of your spot.¹

Dramatization

Audi adaptive cruise control with Traffic Jam assist

This available system can help maintain a set following distance at changing traffic speeds, and can even help the driver follow traffic at low speeds with guided acceleration, braking and steering.¹

Dramatization

Turn assist and Collision avoidance assist

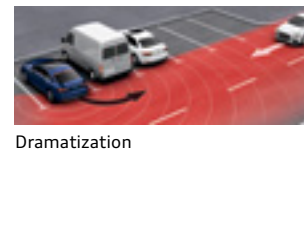

Available Turn assist can help in the event the driver attempts to cross traffic when there is a perceived hazard. If there is a potential collision, available Collision avoidance assist can help support the driver by providing steering guidance during a sharp maneuver.¹

Dramatization

Audi pre sense® rear with Rear cross traffic assist and Vehicle exit warning

This available system uses sensors to monitor traffic behind the vehicle to help alert the driver to vehicles or cyclists approaching from behind while the vehicle doors are opening.

Rear cross traffic assist helps detect traffic behind the vehicle while backing out of a parking space and can alert the driver with a brake jolt in a variety of situations.¹

For a complete list of Driver Assistance features, please see the Featured Highlights and Available Packages sections of this brochure for more details. ¹ The features discussed are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations.

D

- A. **Available ambient LED interior lighting plus package**
- B. **Available parking system plus** | Sensors in the front and rear bumpers and a selective display can help you get in and out of tight spots.¹
- C,D. **Available S line® exterior** | Distinctive S line® bumpers feature aggressive lower bumper intakes and rear diffuser. Aggressive side sills and S line® fender badges give the vehicle a sleek performance look. Standard on A5 Coupe.
- E. **Available head-up display** | Speed, navigation and assistance systems information projected just below the driver's line of sight.¹
- F. **LED taillights with dynamic turn indicators** | A stunning, dynamic LED array helps make your intentions clear to other drivers.
- G. **Standard full LED headlights**
- H. **Available Audi adaptive cruise control** | Featuring Traffic Jam assist, this system uses radar to automatically maintain a set following distance and help drivers navigate the vagaries of traffic.¹

AudiUSA.com

1. Driver Assistance features are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations.

The finishing touches can help elevate a leading performance into a showstopper. Your personal flair makes an Audi truly yours, and being true to yourself never goes out of style. To help you show off your Audi pride, we offer Audi Genuine Accessories.

Attention to detail will never go unnoticed.

A. Ski & luggage cargo carrier¹

This stylish cargo carrier can hold up to 165 lbs of additional cargo. With access to your gear on either side, this carrier puts your Audi pride on top and makes storage a snap. Size: 83.9"x34.3"x15.7".

B. Carbon fiber side mirror¹

Distinctive exterior side mirror housings add a subtle sport styling to the A5.

C. Carbon fiber rear spoiler¹

This unique spoiler holds down an aggressive performance look.

¹ Proper installation required. Professional installation recommended. See your authorized Audi dealer for details.

Audi Genuine Accessories

Audi collection

Your pride is our passion.

A

A. A5/S5 floor mats²

The all-weather floor mats feature a deep-ribbed, channeled design to protect from spills, while high-pile carpeted floor mats feature an embroidered A5 or S5 logo and help protect your vehicle's floor from the elements. Mats are available in sets of two for front and rear.

B. All-weather cargo mat²

Designed to fit your Audi A5, the raised outside edge of the cargo mat protects the cargo area from groceries to muddy sports gear and everything in between. Special textured material also helps control load shifting.

C. First aid kit

In the event of an emergency, you may want these essentials close at hand. Includes an emergency blanket, burn/wound dressings and much more.

D. Asobu® Oasis water bottle

The sleek design and vacuum-insulated, double-wall stainless steel construction maintains a sense of cool inside and out. An easy-grip surface and a leak-proof lid enhance portability.

E. Wool duffel bags

Your items will travel in style with these two wool duffel bags. Combining the classic feel of premium wool with genuine leather, both bags feature adjustable-length carrying straps that can be detached, plus zippered storage pockets for smaller items.

F. Audi active wear

For you, the fun begins when you break a sweat. The Audi collection of active wear is designed to keep you warm when it's chilly, dry when it rains, or help shade your eyes on sunny days. Available in several styles and colors, these active life items are made to put in the extra miles.

1 Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Message and data usage rates apply. These features require compatible device, operating system and mobile apps. See mobile device and app providers for terms and privacy. "Android," "Android Auto," "Google Play" and other marks are trademarks of Google Inc. "Apple CarPlay" is a registered trademark of Apple Inc. 2 Always pay careful attention to the road, and do not drive while distracted. Connect CARE services are provided with the support of authorized affiliated and third-party service providers. Available on select models. Connect CARE services are activated prior to purchase or lease and do not require registration or paid subscription. Connect CARE services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information. See Terms of Service for information about how to disable. Connect CARE services are subject to technologies remaining commercially available, and such service is not guaranteed and may not be available after December 2021. See Terms of Service, Privacy Policy and other details at www.audiusa.com/privacy and www.audiusa.com/technology/intelligence/audi-connect/connect-terms. Connect CARE services should be used only when it is safe and appropriate. 3 See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces. 4 Driver Assistance features are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations. 5 Requires compatible smart device. This is a CONSUMER device. BEFORE USE, you MUST REGISTER THIS DEVICE with your wireless provider and have your provider's consent. Most wireless providers consent to the use of signal boosters. Some providers may not consent to the use of this device on their network. If you are unsure, contact your provider. You MUST operate this device with approved antennas and cables as specified by the manufacturer. Antennas MUST be installed at least 20 cm (8 inches) from any person. You MUST cease operating this device immediately if requested by the FCC or a licensed wireless service provider. WARNING. E911 location information may not be provided or may be inaccurate for calls serviced by using this device. 6 Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your

individual judgment in determining whether or not to follow a suggested Audi Navigation plus route. 7 Always pay careful attention to the road, and do not drive while distracted. See Owner's Manual for further details and important limitations. 8 SiriusXM® and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM® to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in select markets. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). 9 Always pay careful attention to the road, and do not drive while distracted. Connect PRIME services are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. Trial or paid subscription required. Connect PRIME services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information. See Terms of Service for information about how to disable. Online services are subject to change at any time. See Terms of Service, Privacy Policy and other details at www.audiusa.com/privacy and www.audiusa.com/technology/intelligence/audi-connect/connect-terms. 10 Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi® hotspot feature is intended for passenger use only. 4G LTE coverage is not available in all areas. Wi-Fi® feature is provided through Connect PLUS. Connect PLUS features and technologies are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings. 11 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy or icy weather conditions. When driving during cold, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Tires are supplied and warranted by their manufacturer. 12 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 13 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. Tires are supplied and warranted by their manufacturer. 14 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.

■ Standard □ Optional — Not applicable NA Information not available at time of printing

1 Always obey all speed and traffic laws. 2 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. 3 2019 EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. See www.fueleconomy.gov for details. 4 Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.
