SCAN

A work of progress.

TOUCH

SPEAK

All-new Audi A6

The question isn't whether you want to lead, it's how you will lead. Start with a sense of style that is defined in character, upscale in elegance and confident in stance. Within the 2019 Audi A6 is an environment that fuses the driving experience with the user experience—a revolution of design sophistication centered around the human touch. Through the power of the processor, the A6 helps keep you connected and lends a hand with driver assistance. Intelligent engineering shows where mobility is headed. In the A6, you will lead by example.

Wind resistance gets the slip.

Brave are the winds that try to fight against the Audi A6. Futile is their mission to block its path. Not only is the progressive design of the A6 an elegant fusion of performance pedigree and premium panache, it's shaped to elude the forces of air it confronts. Designers focused a great deal of their attention on the contours around the lights, the integrated rear deck lid spoiler and side mirrors to help reduce turbulence for a quieter driving experience.

The designers studied how the wind flows over and around the vehicle to help determine the vehicle's shape and character.

Iconic design from our frame of preference.

With the Singleframe® grille, Audi identity is placed front and center. On the 2019 Audi A6, the Singleframe grille stretches wider to complement its broad stance. The top horizontal frame line meets the low, sloping hood line, while the sides are flanked by the trapezoidal shapes of the headlights and sculpted air intakes. With a balance of elegance and sporting demeanor, it helps define the new design language of the A6 and presents a progressive face to the world.

Anything less would be shortsighted.

At Audi, we continue to bring advances in lighting to help you see the road ahead. The available HD Matrix-design LED headlights with dynamic indicators feature high-beam assistant that can automatically switch from the high beams to low beams when the vehicle's front-mounted camera detects oncoming traffic.¹ By taking your surroundings into consideration, it shows we see lighting from more than the driver's perspective.

Artistic indicators are easy to see.

Slim and wide, but within that space, Audi designers found the room for creative expression. Eighteen vertical LED light beams figure prominently in the design of the available LED taillights with dynamic indicators and animation, giving their shape and detailing third-dimensional depth. The light beams in the available LED taillights with animation greet or bid you farewell with a choreographed display of light in motion. On the Audi A6, you can see how we're taking lighting in creative directions.

Dynamic indicators

When the driver signals their intent to change lanes, the dynamic indicators illuminate from the inside out to help create awareness for drivers following the Audi A6.

2019 Audi A6 Prestige shown in Daytona Gray pearl with available equipment.

¹ Always pay careful attention to the road, and do not drive while distracted. See Owner's Manual for further details and important limitations.

Ingenuity gets the screen time it deserves.

Art and science both look for the most elegant solutions. Inside the 2019 Audi A6 is where they come to an agreement on aesthetics and function. With the MMI® touch response infotainment system, many of the traditional buttons and knobs are replaced with high-resolution graphic icons. Changes to the settings can be made with your fingertips, with haptic and audible feedback responding in confirmation. The available Audi virtual cockpit features a 12.3-inch digital screen with a Classic two-gauge layout or an infotainment view that can display navigation routes or other information options. Thanks to technology and forward thinking, designers were given the freedom to modernize the user experience.

The MMI® touch response screens are angled towards the driver.¹

2019 Audi A6 Prestige shown with Pearl Beige Valcona leather and available equipment.

¹ Always pay careful attention to the road, and do not drive while distracted. See Owner's Manual for further details and important limitations.

Upgrade to first class without using your miles.

It may feel like the kind of treatment reserved for the few, or an atmosphere that requires special membership. Generous with its comforts, the interior of the 2019 Audi A6, however, isn't divided by class distinctions. Contemporary design elements such as open-pore wood inlays and Black panels outlined with matte silver-colored trim create the ambiance of an upscale lounge and a relaxing place to conduct the business of driving. For as long as you own the A6, it will feel like a permanent upgrade.

2019 Audi A6 Prestige shown with Pearl Beige Valcona leather and available equipment.

</command/control/execute/>

If performance is measured by the ability to execute commands, then credit the sophisticated programming that goes into the Audi drive select system. The three drive modes, Auto, Comfort and Dynamic, modify the level of power steering assistance, engine throttle response and the shift program of the seven-speed S tronic® dual-clutch transmission, allowing the driver to choose modes that suit road conditions or driving styles. A fourth mode, called Individual, brings a higher level of customization where the driver can select settings from the Comfort and Dynamic modes. Adaptation—it’s how the Audi A6 outsmarts performance as well as luxury.

A6 335 hp/369 lb-ft

The 3.0-liter TFSI® engine was engineered to deliver powerful response in a smooth, refined manner. A twin-scroll turbocharger and Audi valvelift system help provide up to 369 lb-ft of torque from 1,370–4,500 rpm. With this broad powerband, the Audi A6 can accelerate from 0–60 mph in 5.1 seconds and make progress feel effortless.¹

quattro® all-wheel drive

The Audi A6 features the latest advancements in quattro®. It can proactively distribute torque between the front and rear axles according to road conditions and driving style. The system also includes torque vectoring to help improve cornering performance by applying braking pulses to the inside wheels during a turn and sending torque to the outside wheels.

Adaptive damping suspension and Dynamic all-wheel steering system

New levels of handling control and ride comfort are achieved with the available Adaptive damping suspension. The system adjusts shock absorber pressure to help provide a smooth ride and enhance dynamic response in the turns. And, when certain conditions are met, a rear-mounted steering system can turn the rear wheels to help improve maneuverability and stability.

Driver assistance gets a degree in higher learning.

Knowledge may be power, but its application is most important. By linking an array of sensors and cameras to a central driver assistance controller capable of up to 741 billion computations per second, the driver assistance features in the Audi A6 reached a new level of sophistication. These systems were engineered to help alert you to an impending event, acting like an extra pair of eyes or assisting during traffic congestion. By gathering data and turning it into greater awareness, you may like the A6 more for its brains than its looks.¹

A picture forms

Data gathered from front- and rear-mounted cameras, sonar and radar sensors, an infrared camera and a LIDAR laser scanner are sent to the central driver's assistance controller. Then that controller combines the data to form a picture of the vehicle's surroundings. This is an actual image created by Audi driver assistance systems.

Audi adaptive cruise assist

Comprising both Audi adaptive cruise control and Audi active lane assist, available Audi adaptive cruise assist helps the driver accelerate, brake and maintain speed and distance as well as stay in the lane in traffic or at high speeds.¹

Top view camera system with Virtual 360 view

Using four cameras placed throughout the Audi A6, the available top view camera system with Virtual 360 view displays the vehicle and its surroundings on the top MMI® touch response screen.² The driver can select an area of the car and zoom in to see objects or obstructions surrounding the vehicle.¹

Traffic sign recognition

Traffic signs indicating speed limits, no passing zones and school zones are displayed on the available Audi virtual cockpit or available head-up display to help raise awareness. The system displays the current speed limit, and the driver can program a warning threshold when speed limits are exceeded.¹

Intersection assist

The front-side mounted radars monitor the surroundings while the vehicle is at an intersection. The available system sends visual and audible warnings to alert the driver and passengers of an approaching vehicle detected, and it can apply a warning brake jolt if the driver doesn't respond while pulling slowly through an intersection.¹

¹ Driver Assistance features are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations.
² Always pay careful attention to the road, and do not drive while distracted. See Owner's Manual for further details and important limitations.

Your social network takes the express lane.

With the myAudi app and Audi connect® working together,^{1,3} you can experience an expanded level of integration and a suite of convenience features. In addition to your music, contacts and emails, myAudi can transfer points of interests into navigated route guidance, be used to lock or unlock your doors or help you find your car in a crowded parking lot with your compatible device. So even when you are away from your vehicle, it can feel nearby.^{1,5}

myAudi Navigation

myAudi Navigation is engineered to integrate with the MMI® Navigation system and to store your favorite and recent routes. Route guidance considers current and predicted traffic conditions, and it can offer alternative routes when traffic congestion is detected.^{4,13,14}

Yelp® Review Highlights

Find out what the buzz is about. Yelp® Review Highlights gathers frequently used descriptions and phrases from customer reviews to help give you a quick picture of the business and its services.^{6,13,14}

Amazon Music

Get unlimited access to millions of songs. Visit amazon.com/myaudi to sign up and stream through your MMI® display. Simply link the myAudi app to your Amazon account and start listening.^{13,14}

Just like we respond to people with visual and audible affirmation, MMI® touch response reacts with haptic and audible confirmation to your input.³

Realism comes to the sonic arts.

Just as painters try to render their images into the most accurate representations of real-life form and color, the engineers at Bang & Olufsen® have created two available audio systems to produce a listening experience that sounds and feels true to life. The available Bang & Olufsen® 3D Premium Sound System features 16 speakers and 705 watts of amplified power while the available 3D Advanced Sound System features 19 speakers and 1,820 watts of power. Strategic speaker placement and advanced post-processors give the Bang & Olufsen® sound systems the latitude to reach new altitudes of fidelity.

Full 3D surround experience

By placing speakers above the listener, Bang & Olufsen® brought a sense of height to sound reproduction. A post-processor transforms the audio signals to help give them a more spatial, third-dimensional quality.

We'd be out of line if we didn't raise our standards.

Our standards are as high as our expectations. "Good enough" doesn't get approved. To establish its position amongst sports sedans, every 2019 Audi A6 is equipped with an S line® exterior appearance that includes dynamic styling touches to the front bumper, side sills and rear bumper. S line® emblems flank the front fenders, and illuminated aluminum S line® door sills greet occupants. Available options include 20" 5-V-spoke design wheels on Premium Plus and Prestige models and 21" 10-Y-spoke design wheels for Prestige models. With the new A6, high standards are standard.

Your Audi A6 is longing for your finishing touches.

Help fulfill all aspects of your lifestyle with Audi Genuine Accessories. Whether you're planning a getaway or looking to make a stylish personal statement, we have the essentials to equip your vehicle so you can complete the picture of how you express your individuality.

A. Audi Beam¹

Show your Audi pride with this lens that replaces the original entry light under your vehicle's door. When the door is open, the lens projects the four rings logo on the ground. Also available with the quattro® logo.

B. All-weather floor mats¹

The all-weather floor mats feature a deep-ribbed, channeled design that helps protect your vehicle's floor and carpeting from the elements. Black mats are available in sets of two for front or rear. Front mats feature your vehicle's logo.

C. A6 car cover

A lightweight, easy-to-use cover helps protect your vehicle's finish. Intended for indoor use only. Storage bag included.

¹ Proper installation required. Professional installation may be recommended. See owner's literature and dealer for details.

The Audi spirit suits you.

D. Ladies' scoopneck T-shirt

This polyester/cotton/rayon-blended tee features a semi-fitted silhouette, a seamed collar and double-needle sleeves that make it feel like it was tailored for you. Soft and lightweight, it looks great on its own or part of a combination.

E. High-velocity fleece

Vintage varsity jacket styling is updated with a poly-cotton fleece material and a fitted, modern look. Embroidered Audi rings and contrast stripes finish it with a flourish.

F. adidas® pullover

A unique pullover from adidas®, this sweater is what we call a wardrobe essential, so be careful who you wear it around. You can't blame the people in your life for being intrigued by the warm fleece material and embroidered Audi rings logo. Just don't be surprised when you ask for it back and they instinctively pull the zipper all the way up.

A. Ladies' Namaste pullover

The polyester and Spandex fabric of the Peak quarter-zip pullover is designed to follow the contours of your shape, giving it a fitted look. Its moisture-wicking ability helps keep you dry, and the placket over the zipper adds a custom touch.

B. Men's Technik pullover

Form-fitting cut and a polyester and Spandex blend follows your body's outline. And the fabric's ability to wick moisture can help keep you dry. The Audi rings logo and placket design add a tailored touch.

C. Audi Tumbling Tower game set

Just like the progressive engineering that went into your Audi vehicle, this game is all about balance, weight distribution and discipline. Each block is a slightly different weight and size to make every tower a new challenge.

Visit audi.us/collection for more.

BEFORE USE, you MUST REGISTER THIS DEVICE with your wireless provider and have your provider's consent. Most wireless providers consent to the use of signal boosters. Some providers may not consent to the use of this device on their network. If you are unsure, contact your provider. You MUST operate this device with approved antennas and cables as specified by the manufacture. Antennas MUST be installed at least 20 cm (8 inches) from any person. You MUST cease operating this device immediately if requested by the FCC or a licensed wireless service provider. WARNING. E911 location information may not be provided or may be inaccurate for calls serviced by using this device. 10 See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces. 11 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 12 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy or icy weather conditions. When driving during cold, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Tires are supplied and warranted by their manufacturer. 13 Always pay careful attention to the road, and do not drive while distracted. Audi connect® should be used only when it is safe and appropriate. Audi connect® services and features are optional, provided with the support of authorized affiliated and third-party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information; see Terms of Service for information about how to disable and for other details. Connect services are subject to technologies remaining commercially available; such services are not guaranteed and may not be available after 2021 for equipped MY17–20 vehicles. 14 Requires compatible smart device. 15 Requires Audi MMI® connect app. Message and data rates apply. Do not use feature to locate stolen vehicle.

Technical Specifications

Performance		A6
Engine type	Engine block/Cylinder head	3.0-liter six-cylinder
Engine block/Cylinder head		Aluminum-alloy
Displacement (cc)/Bore and stroke (mm)		2.995/84.5 x 89.0
Horsepower (@ rpm)		335 @ 5,000–6,400
Torque (lb-ft @ rpm)		369 @ 1,370–4,500
Compression ratio	11.2:1	
Valvetrain	24-valve DOHC with Audi valvelift system and variable valve timing	
Induction/Fuel injection	Turbocharged/TFSI®	
Start-stop engine system	■	
Acceleration (0–60 mph)	5.1 seconds ¹	
Top track speed	130 mph ²	

Transmission Drivetrain
Seven-speed S tronic® dual-clutch automatic transmission and quattro® all-wheel drive

Body Suspension Chassis
Lightweight technology—multi-material construction
Five link front and rear suspension
Sport suspension (20mm drop)
Adaptive damping suspension
Ventilated front disc/Ventilated rear disc brakes (in)
Electromechanical progressive steering system
Dynamic all-wheel steering
Steering ratio
Turning circle, curb-to-curb (ft)

Exterior measurements	A6
Wheelbase (in)	115.1
Length (in)	194.4
Height (in)	57.4
Overall width with mirrors (in)	83.1
Track, front/rear (in)	64.2/63.7
Curb weight (lb)	4,266
Drag coefficient (Cw)	0.29

Interior measurements	
Head room front (in)	38.0
Head room rear (in)	38.1
Leg room front (in)	41.3
Leg room rear (in)	37.4
Shoulder room front (in)	57.8
Shoulder room rear (in)	56.5
Cargo volume, rear seatbacks up (cu ft)	13.7
Seating capacity	5

EPA mileage estimates Capacities	
Fuel economy (city/highway/combined)	NA ³
Engine oil (qt)	8
Fuel (gal)	19.3 ⁴
Minimum fuel grade required	Premium

■ Standard □ Available — Not applicable NA Information not available at time of printing

¹ Always obey all speed and traffic laws. ² Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. ³ 2019 EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. See www.fueleconomy.gov for details. ⁴ Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.

Wheels

19" 5-double-spoke design, bi-color finish

Standard

20" 5-V-spoke design, bi-color finish

20" Sport package

21" 10-Y-spoke design

21" Wheel package

Wheel and tire options will vary based on model, trim level and package and may increase price. See your dealer for details.

Exterior Colors

Brilliant Black

Ibis White

Carat Beige metallic

Firmament Blue metallic

Florett Silver metallic

Glacier White metallic

Mythos Black metallic

Tango Red metallic

Vesuvius Gray metallic

Daytona Gray pearl

Exterior color options will vary based on model, trim level and package and may increase price. See your dealer for details.

Interior Inlays

Dark Brown Walnut Natural Wood

Standard

Gray/Brown Fine Grain Ash Natural Wood

Optional

Achat Gray Fine Grain Birch Natural Wood

Individual Contour Seating package

Interior Colors

Black leather with contrast stitching

Black Perforated leather with contrast stitching
