

A close-up, low-angle shot of the front left corner of a dark blue Alpina car. The car's headlight is illuminated, showing a complex, multi-lens design with a bright white light source. The car's body is highly reflective, showing highlights from the ambient light. The front wheel is visible, featuring a multi-spoke alloy design. The background is dark and out of focus, emphasizing the car's details.

PRODIGIOUS POWER, UNRIVALED LUXURY.

ALPINA B7 AND B6.

With the power of a racecar and the sublime comfort of a luxury sedan, the ALPINA driving experience is exhilarating. Superior throttle response and high torque ensure smooth, instant acceleration. The brilliant engineering is matched only by pioneering design.

POWER, RAW AND PURE.

The third-generation, limited-production BMW ALPINA B6 is truly a rare breed: a seamless blend of superior design, dynamics innovation and luxury.

WHEELS / TECHNICAL DATA

READY FOR BLASTOFF.

Experience the handcrafted interior: blue ALPINA instrumentation, the ALPINA steering wheel in hand-stitched LAVALINA leather; the signature ALPINA production plaque overhead, ALPINA-emblem floormats, door-sill trims with illuminated blue ALPINA lettering, Nappa Leather upholstery with contrast stitching and more.

A high-contrast, black and white photograph of a BMW ALPINA engine. The engine is viewed from a low angle, looking up at the intake manifold and the ALPINA logo on the valve cover. The lighting is dramatic, with strong highlights and deep shadows, emphasizing the mechanical details and the sleek design of the engine components. The ALPINA logo is prominently displayed on the right side of the valve cover.

NO MESSING AROUND.

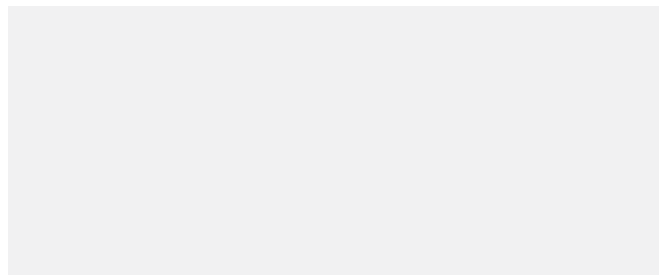

Open up and say roar: the Bi-Turbo 4.4-liter V-8, 600-hp engine with high-precision direct injection and 590 lb-ft of torque (at only 3500 rpm) gets you from 0–60 in just 3.7 seconds.¹ This is the fastest-accelerating BMW ALPINA ever, generating a maximum speed of 200 mph.

¹ BMW preliminary test results. BMW urges you to obey all posted speed laws and always wear safety belts.

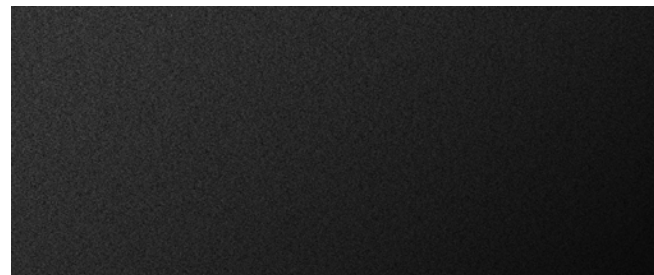

BEAUTY IN MOTION.

The advanced ALPINA SWITCH-TRONIC 8-Speed Sport Automatic transmission excels in every mode, offering a smooth ride at any speed. The distinctive full stainless steel exhaust system features the trademark ALPINA elliptical quad tailpipes, striking a note that's deep and resonant, yet unobtrusive.

295/30 rear performance^{1,2} or all-season tires¹

Wheel and tire specifications are subject to change. Get the latest information on the availability of standard and optional wheels and tires, packages and technical specifications. Visit bmwusa.com and select the BMW model of your choice.

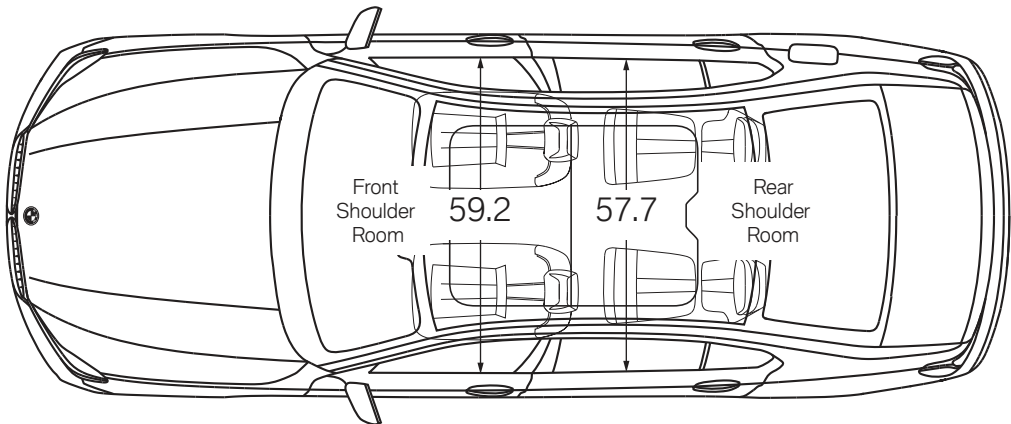

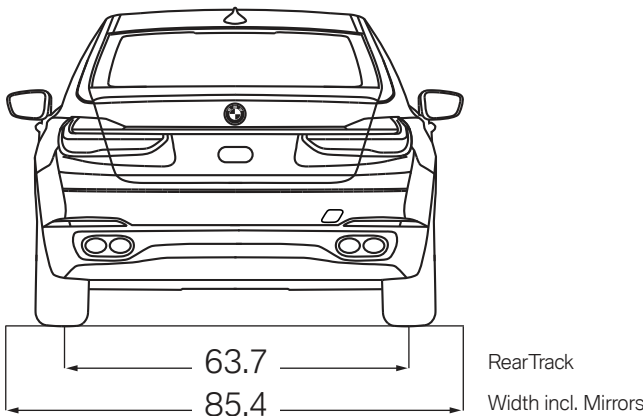

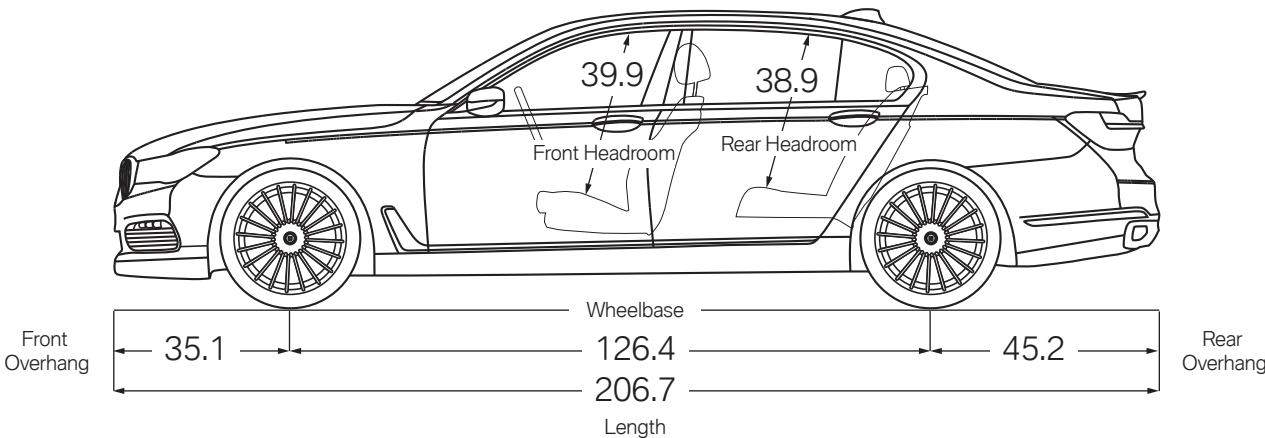

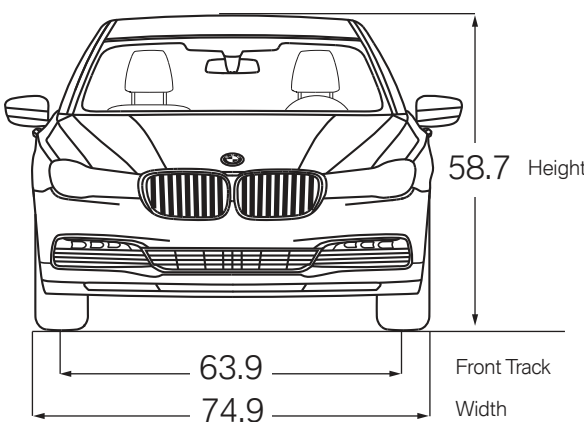

¹BMW ALPINA vehicles do not come equipped with a spare wheel and tire. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.

² Performance tires are not recommended for driving in snowy and icy conditions.

³BMW AG preliminary test results. Actual acceleration results may vary, depending on specification of vehicle, road and environmental conditions, testing procedures and driving style. These results should be used for comparison only, and verification should not be attempted on public roads. BMW urges you to obey all posted speed laws and always wear safety belts.

INTERIOR MASTERPIECE.

Inside the beautifully appointed cabin, you'll enjoy exclusive features, such as blue ALPINA instrumentation, the ALPINA steering wheel in hand-stitched LAVALINA leather, ALPINA luxury trims, a strikingly modern console and, of course, state-of-the-art BMW technology.

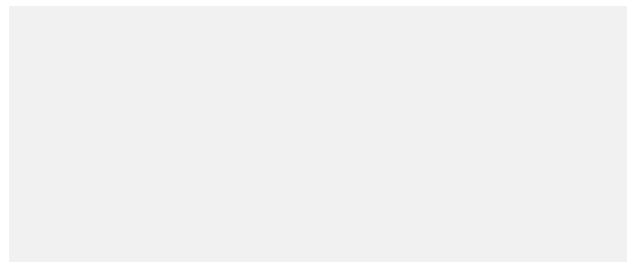

JAWS, PREPARE TO DROP.

The potent beauty of the exterior is impressive enough, but there's nothing like the robust roar it emits when you start the engine.

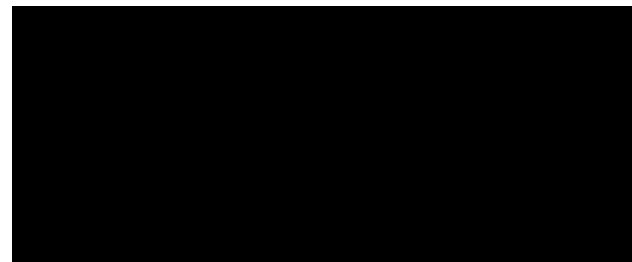

AERODYNAMIC EXCELLENCE.

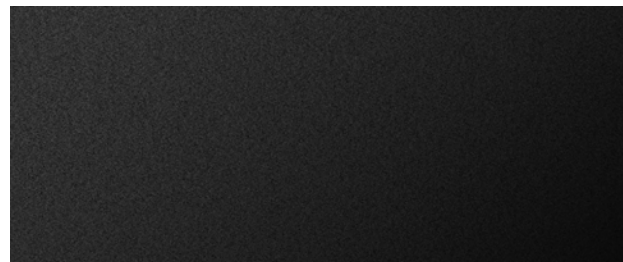

No wonder it's the rarest prize on the road. From the aggressive front and rear spoilers, sweeping back to the elliptical twin tailpipes, a sleek, modern profile – with a racing-inspired Carbon Core frame and striking ALPINA design elements – reflect its astonishing performance. Iconic signature 20-spoke aluminum wheels add to the dynamic look.
