

1995 BUICK

Quality beyond craftsmanship.

At Buick, allegiance to quality runs very deep — and it extends far beyond fit and finish and the precision of moving parts. It is, and will always be, a *total* ownership experience. The definition of Buick quality is all-encompassing. It means automobiles that continue to exhibit durability, reliability, meaningful luxury and superb engineering. Safety is integral to the meaning of Buick quality, as are beautiful styling, generous comfort and concern for the environment. Above all, Buick quality is constant. It is the ongoing factor that will bring you back, time and again, for one new Buick after another. Quite simply, *you* are the reason for Buick quality.

No finer example of Buick quality has ever been built.

Over thirty years ago, the concept of a true personal luxury coupe was introduced with the stunning 1963 Riviera. Since then, a generation of designers and engineers has been charged with the mandate to improve it. Finally, this awesome task has been completed with great success: the all-new 1995 Riviera.

RIVIERA

RIVIERA

Born in a wind tunnel, Riviera's wind-exuding aerodynamics dictated its striking design, front to rear.

Years of research and over 100,000 miles of road-testing helped the seating attain an all-time high for advanced comfort.

The solid integrity of a 25 Hz body structure and its safety attributes advance Riviera well beyond the industry norms.

Riviera is not merely a fine automobile — it is a benchmark accomplishment. The personal best was exacted from stylists, engineers, sculptors, safety devotees, comfort teams and test track drivers. They all won. As did you. The simple elegant shape reflects Riviera's breathtaking performance characteristics, and its structural integrity is

the highest of any personal luxury coupe in the world. Seating has

Everyone won.

reached a new level of comfort that helps define "personal luxury." Riviera's placid silence and gracious handling are reassuring and impressive. The safest, most road-worthy Riviera ever built, is also one of the most powerful. Riviera speaks to the achiever in all of us.

Riviera interior shown in available glove-soft Medium Mushroom leather on seating surfaces.

Power is plentiful and effortless in both the available supercharged 3800 V6, and the new 3800 Series II V6.

Variable effort steering and four-wheel independent suspension smooth the road with precision.

It took a separate brochure to show how for this impressive automobile has traveled since 1963; ask your Buick dealer for a copy of the 1995 Riviera brochure.

The luxury of a precision driving machine.

Tranquility and excitement are balanced in the 1995 Park Avenue Ultra. Performance begins with the twist of a key. Ultra's sophisticated, supercharged 3800 V6 is matched by luxurious accommodations.

Ultra continues to live up to its name.

PARK AVENUE ULTRA

Saving down illuminated vanity mirrors are provided for the convenience of both front- and rear-seat occupants.

Dual automatic ConforTemp climate control allows driver and front-seat passenger to vary their individual temperatures.

A full line of Delco stereos is offered, including the available compact disc player and cassette.

Buick's PASS-Key® II theft-deterrent system allows only your key to start your Ultra. The ignition system is activated when the computer reads the resistance pellet on your key.

Buick quality is the assurance of uncompromised luxury, accommodations and performance. Nowhere is it more evident than in the Ultra passenger cabin: ergonomically designed for efficiency, it offers more than mere utility. Available leather-surfaced driver and passenger heated seats take the edge off a chilly day, immediately. A driver's

seat and outside mirrors that remember your favorite positions are options. Variable effort power Ultra gracious, Ultra luxurious. steering provides a sense of fingertip control at any speed. Luxury and function operate together in the 1995 Ultra.

Park Avenue Ultra's instrument panel wraps around you with information and luxury.

Six-way power front seats, including power seatback reclining feature, adjust with fingertip controls.

Driver and right front passenger air bags combine with three-point safety belts to provide an advanced level of front-seat occupant protection.

Ultra's available Automatic Ride Control adjusts the suspension firmness to driving conditions for comfort and control.

Available traction control helps reduce wheelspin while negotiating slick surfaces.

Standard anti-lock brakes help maintain steering control and help prevent skidding when braking on most slippery surfaces.

Optional Gran Touring Package includes 16-inch aluminum wheels, P215/60R16 blackwalls, Gran Touring suspension and 2.37 axle ratio.

Ultra's advanced anti-lock brake capability inspires driving confidence and enjoyment with its higher level of control.

It takes an exceptional luxury car to get you where you're going in comfort and with superior performance. Its name is Ultra, and it's made for the demanding driver. A sophisticated supercharged 3800 V6 delivers 225 horsepower, outperforming many V8s, yet retaining the fuel efficiency of a six-cylinder engine.

Enjoy fresh air and sunshine by bringing them inside and along for the ride with the available sliding glass Astrorof.

This muscular powerplant provides spirited response, fluid acceleration and a surplus of cruising power. The precise, thoroughly disciplined suspension system offers agility plus the smooth, supple ride for which Buicks are famous. Variable effort power steering unites fingertip ease with confidence-inspiring control. Demand the finest. Ultra.

The source of Ultra's inspiring performance: its 225-horsepower supercharged 3800 V6.

The promise: No compromise.

.....

Elegant comfort and luxurious accommodations for six, yet spirited performance. Powerful, yet efficient. Refined, graceful exterior, yet solid as a Buick underneath. This is Buick quality, and it will not be compromised.

Park Avenue interior shown in Red leather. Available leather in seating areas is deeply padded for optimum support.

You wish to hear certain things, well, and you wish not to hear others. You desire a certain temperature. You want a seat setting that suits you best, and you want it automatically. Park Avenue was specifically designed to suit your purposes — all of them. The roomy interior is crafted for deeply generous comfort for both driver and passengers. Controls and switches are placed within

PARK AVENUE

natural reach and movement. Full instrumentation is offered with available analog gauges, readable at a glance. When you settle back in the sumptuous optional leather seating area, and turn the key, the quiet power of an advanced 3800 Series II V6 engine fills the immediate vicinity with presence — and you with purpose.

Purposeful luxury.

If music is your purpose, you'll have it in abundance and in concert hall ambience with the optional power-loading CD and cassette players.

Optional dual automatic ComfortTemp climate control enables driver and front-seat passenger to vary their individual temperatures.

You're surrounded by control. The instrument panel wraps around from door to door, delivering vital information and bringing controls within easy reach.

Dual air bags deploy in certain severe frontal impacts. When used in conjunction with three-point safety belts, they can help reduce the chance of injury.

Convenient supplemental sunshades provide extensive glare protection for both front and side simultaneously.

Standard anti-lock brakes help maintain steering control and help prevent skidding when braking on most slippery surfaces.

PARK AVENUE

Available heated outside mirrors offer improved rear vision in freezing or damp weather conditions.

Lock or unlock your car, turn on the interior lights or open the trunk, with Park Avenue's available remote keyless entry system.

A special compound within the available self-sealing tires can permanently seal most punctures measuring 3/16 inch or less.

From the strength of its steel safety cage, to its agility and

help absorb impact energy.

The linear power of its new 3800

Series II V6 is quickly responsive

for passing and maneuvering.

Advanced braking, steering and

suspension systems allow you

to savor twisting roads. The

assumption of our engineers was

that you would appreciate peace

of mind as a built-in feature

of Park Avenue.

The 1993 Park Avenue in Dark Jadestone with optional 16-inch aluminum wheels.

The luxury of safe assumptions.

surefootedness at highway speeds,

this is a luxury automobile about

which you can make certain

assumptions. For one thing, it was

built to help protect occupants

with unit-body construction

of steel pillars and beams.

Strategically placed crumple zones

Legendary DynaRide® suspension allows you to assume that your ride will be smooth, comfortable and easily controlled. It's a Buick trait.

The muscular, new 3800 Series II V6 offers a generous 205 horsepower and 230 ft.-lbs of torque. Enjoy its quick response, efficiency and effortless cruising.

Luxury in another dimension.

.....

This classic premium Buick is a full-frame rear-wheel-drive sedan with power to spare. Its 260-horsepower V8 engine makes it one of the most powerful American automobiles of its kind. Roadmaster is a beautiful dimension of prestigious luxury.

ROADMASTER

ROADMASTER

ROADMASTER

Driver and right front passenger air bags, used with three-point safety belts, can help prevent injury in certain severe frontal impacts.

Steel side door beams help protect occupants in the event of a side-impact collision.

From its remarkably generous list of amenities and conveniences

Standard anti-lock brakes help maintain steering control and help prevent skidding when braking on most slippery surfaces.

Large-scale power, comfort and safety.

to the well-developed muscle that gives it a 5,000-pound towing capacity,* Roadmaster is every inch an example of traditional luxury on a grand scale. Classic V8 power is synchronized with the smooth four-speed automatic transmission with overdrive,

variable effort steering** and DynaRide suspension to move this premium Buick along the road in an extremely satisfying manner. Solid throughout, its body structure and side door beams already measure up to the 1997 federal safety standard for side impact collisions. Comfort, power and safety ride together in Roadmaster.

Roadmaster's spacious trunk offers the largest capacity of any Buick, holding a full 21.0 cubic feet of luggage, golf clubs or cargo.

The 5.7-liter V8, at 260 horsepower and 330 ft-lbs of torque, will pull a heavy-duty load when properly equipped. It's one powerful reason to own a Roadmaster.

*When properly equipped.
**Standard on Roadmaster Limited Sedan and Estate Wagon.

.....
ROADMASTER
ESTATE WAGON

ROADMASTER ESTATE WAGON

Roadmaster's tailgate opens down for easier loading of large and heavy objects.

When using the rear seat, the tailgate opens like a car door for easy exit and entry.

A lockable rear compartment allows you to store valuables out of sight.

When you're sizing up versatility and luxury, you needn't compromise one for the other.

The Roadmaster Estate Wagon is engineered to handle big loads. With all the comfort and style that you expect of a fine luxury automobile. And with ease: the mighty 260-horsepower V8 powerplant is one of the most powerful engines available in any

station wagon sold in America today. This aerodynamic classic is big on detail, too. A lot of little

Why Roadmaster has such a big following.

things endear it to its public, including rear-door child security locks, and power windows with driver-side "express down" and passenger lockout function. Estate Wagon: the luxury of a Buick, the versatility of a station wagon.

Roadmaster's 5,000-pound towing capacity (when properly equipped) makes it the ideal choice for all your recreational needs.

The picture of versatility: with all seats up, Roadmaster seats eight adults comfortably. Rear seat folds flush with floor for more cargo area. Even more area available with all but front seats folded down.

Deeply padded, supportive seats shown with optional leather seating surfaces in Beige leather.

The Roadmaster Estate Wagon may just be the most luxurious station wagon in the world.

Robust V8 power and full-frame security are well matched with the luxuriously rich interior. Eight adult passengers head for the horizon in elegant comfort. The generous list of standard features includes Tilt-Wheel adjustable steering column, power steering, anti-lock power brakes, power

ROADMASTER ESTATE WAGON

windows — and the power to pull 5,000 pounds, when properly equipped. An ETR® AM-FM stereo

Expanding your horizons.

radio with seek and scan, cassette player and extended-range front and rear speakers, is standard as well. This smooth-rolling, deeply comfortable station wagon will enrich the miles, handle the loads, and expand your horizons.

Door-mounted window and power seat controls, at your side, include an express-down driver window control and passenger power window lockout.

Lock or unlock your car, turn on the interior lights or open the trunk or rear-cargo-area window from as far as 30 feet away with the available remote keyless entry.

Remote control, adjustable, heated outside rearview mirrors are standard on Limited, optional on other models.

A six-way power driver's seat is standard on Limited, available on Sedan and Estate Wagon.

The standard rear window wiper and washer help maintain good rear visibility in bad weather.

The value of luxury.

.....

Value and luxury are rarely spoken in the same sentence, unless Buick is being discussed. And, especially, LeSabre. There are a great many compelling reasons why LeSabre is the best-selling full-size sedan in America for the last three model years.*

*Based on 1992 through April 1994 sales

LE SABRE

Anti-lock brakes help you maintain steering control and help prevent skidding while braking on most slippery surfaces.

Available Gran Touring Package includes 16-inch aluminum wheels, blackwall tires, special suspension calibration and more.

Driver and right front passenger air bags, used with three-point safety belts, can help prevent injury in certain severe frontal impacts.

An optional traction control system, available on Limited, can help prevent loss of traction on slippery surfaces.

America has heartily embraced LeSabre. An unprecedented value in a premium full-size sedan, it offers an impressive array of safety features, an unbeatable reputation and, of course, acclaimed Buick quality. Features like dual air bags, anti-lock brakes, 3800 V6 engine, air conditioning, power windows and door locks, and more, won LeSabre

LeSabre's luxuriously smooth power and ride inspire you to new heights of enjoyment.

"The Best Overall Large-Car Value in America."* Occupant protection is a strong LeSabre

America's favorite family car, more engaging than ever.

commitment, as is the sumptuous ride, whatever the road conditions. LeSabre: full-size and full of value, quality and a long list of safety, convenience and comfort features.

LeSabre's 3800 sequential-port fuel-injected V6 engine provides silky-smooth power and assertive response.

Variable effort power steering, standard on Limited, allows easy turning at low speeds and optimum feel at higher speeds.

*J.D. Power's 1994 The Carline Car Cost Guide.

LESABRE

An available dual cassette/CD player and Concert Sound II speaker system rival expensive home systems in the rich quality of sound.

The plush luxury of a spacious six-passenger cabin is a LeSabre feature that America has come to value. Legendary DynaRide suspension is exceptionally comfortable, as is the contoured seating, and the roomy cabin is quiet at highway speeds. That pleasant silence can be filled with the concert sound of a premium audio system, which offers a

LeSabre is equipped with a range of accessories and comforts that make driving a pleasure.

Dual automatic ComfortTemp climate control, available on Limited, enables driver and passenger to vary their individual temperatures by as much as four degrees.

rich assortment of options. The wraparound instrument panel

It handles the road (and six people) in luxury.

includes backlit analog cluster

with trip odometer, available

remote trunk release, ETR®

AM-FM stereo radio with seek and

scan, four speakers and an analog

clock. From where you and your

passengers sit, it's easy to see

why LeSabre is Buick's best seller.

Lock or unlock your car, turn on the interior lights or open the trunk from as far as 30 feet away with LeSabre's available remote keyless entry system.

Available six-way power seats with recliner provide the kind of added convenience and comfort LeSabre owners value.

LeSabre's front-seat shoulder belt comfort adjuster allows front-seat passengers to adjust the shoulder belt for maximum comfort.

Thanks to Buick's PASS-Key® II theft-deterrent system, only your key can start your LeSabre.

America's premier mid-size sedan.

The 1995 Regal's striking new exterior styling, all-new interior, and powerful V6 performance place it firmly in the forefront of America's consciousness. Acclaimed Buick quality makes it the premier alternative to any other automobile in its class, import or domestic.

R E G A L

The Regal Limited Sedan offers distinctive trim and many standard features. Shown with optional 15-inch aluminum wheels.

The Regal Custom Sedan with 15-inch deluxe wheelcovers.

REGAL

Regal's standard 55/45 split bench front seat comfortably accommodates three adults; shown in rich blue cloth upholstery.

A welcome alternative to the mid-size imports, Regal measures up beautifully to any world standard.

The stunning new 1995 Regal makes the choice even easier.

One glance at the all-new interior indicates world-class comfort.

Advanced, supportive seating and a long list of significant interior improvements, including a freshly designed instrument panel, underscore the pleasures of

powerful V6 performance and its impressive list of safety features.

The 1995 Regal Sedan already

Fresh meaning for "world class."

meets the 1997 federal safety standard for side impact collisions. Cover it all with a striking, newly styled exterior, and the 1995 Regal is not only a world-class joy to drive — it's a delight to be seen in.

Standard anti-lock brakes help maintain steering control and help prevent skidding when braking on most slippery surfaces.

Driver and right front passenger air bags, used with three-point safety belts, can help prevent injury in certain severe frontal impacts.

Available dual ComfoTemp climate control allows different temperature settings for the driver and front-seat passenger.

R E G A L

The power express-down driver's window lowers fully with one touch of the button.

The power door lock and power window controls are conveniently located on the driver's door.

The tradition continues.

.....

This stylish, mid-size luxury sedan is for those who know exactly what they want. Century offers elegance, a choice of two sophisticated powerplants, and a long list of features. The attractive 1995 Century is a striking example of the Buick tradition of quality.

Century's cabin features the traditional elegance of richly tailored cloth upholstery.

The wide, redesigned seats provide exceptional comfort, front and rear, and the rich upholstery is pleasing to the touch, as well as to the eye. Surrounding the solid, hushed comfort in Century's six-passenger interior is a single welded body structure and special latches that hold the doors rigid for a quiet ride. All controls are easy to read, easy to reach and sized for convenience. Standard

Standard anti-lock brakes help maintain steering control and help prevent skidding while braking on most slippery surfaces.

CENTURY

features like Soft-Ray tinted glass,

Tilt-Wheel adjustable steering

The mid-size luxury sedan is more car than ever.

column, and power rack-and-pinion steering are to be expected as the Century tradition moves smoothly into 1995.

A standard driver air bag, used with three-point safety belts, can help prevent injury in certain severe frontal impacts.

Century's instrument panel is designed for quick reading and easily reached controls.

The available six-way power driver's seat has fingertip controls, located on the front of the seat.

Lock or unlock your car; turn on the interior lights or open the trunk from as far as 30 feet away with available remote keyless entry.

CENTURY

The Century Special Sedan, shown here in Light Driftwood Metallic, is the most affordable Century you can own.

A cargo security cover, available on Century Wagon, conceals valuables, making shopping trips more enjoyable.

The revised, quieter 2.2-litre 2200 L4 powerplant delivers plenty of power for passing, cruising and spirited driving.

The gracefully contoured Century Station Wagon is especially attractive to those desiring a premium automobile that offers

substantial cargo-carrying capability. Century Wagon is rich with classic luxury, yet quite practical, with up to 74.4 cubic feet of cargo space. The standard

engine is the popular 2.2-litre L4 with port fuel injection, upgraded and refined for whisper-quiet operation. Also available: the 3.1-litre V6 for an even more expansive power band. Either engine provides seamless power for smooth highway cruising. Century: it's an extension of your wishes.

The Century Special Wagon in Ruby Red Metallic shows practicality in a stunning light.

The premium automobile stretches to please.

Buick's DynaRide suspension provides the luxuriously smooth ride that you expect in a premium automobile. On sedan only.

Power window controls are conveniently located on the driver-side door panel.

(1) Port fuel injection. (2) Sequential fuel injection. (3) Not recommended for Century Wagon. (4) Trailer towing is intermittent, high temperature areas requires the installation of the Deluxe-Bush-Ashland Cooler (dealer installing). (5) When properly equipped (includes weight of trailer, cargo, passengers and equipment). All towing recommendations are subject to change. Check with your local dealer for the latest information. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combination. (6) Front load capacity reduced to 15,000 lbs when loaded to vapor recovery station.

Beauty that can afford to be bold.

.....

Skylark is one of the most dramatic design statements on the road today. It can afford to be. It's backed up by Buick quality, a long list of standard amenities, and power to match its boldness. Drive it, and you won't go unnoticed.

S

L
A
R
K

SKYLARK

When activated, Skylark Sedan's child security lock prevents the unlocking or opening of the rear doors from inside the car.

A cup holder and change holder in the center console show attention to detail and your convenience.

Bold analog gauges are grouped for easy reading, and controls are within arm's reach.

A standard driver air bag, used with three-point safety belts, can help prevent injury in certain severe frontal impacts.

The split folding rear seat is convenient for carrying long or bulky items. Available on Gran Sport and Limited.

Comfort is a close friend of performance, and the 1995 Skylark

**Comfort that performs.
Performance that comforts.**

is extremely driver-friendly.

The seating, whether 55/45 split bench, or amply bolstered optional bucket seats, is comfortable and supportive. The interior is a bold example of contemporary design with full, easy-to-read instrumentation and easily

accessible controls. Skylark offers a wide array of equipment; the Gran Sport features available supple leather and soft cloth in the seating area. Other Gran Sport features include adjustable front-seat headrests, rear-seat headrests, manual driver and passenger recliners, and power rack-and-pinion steering. Skylark's interior was truly designed for comfortable performance.

Skylark Gran Sport's comfortable cockpit is upholstered in fine leather and rich fabric.

The Skylark Gran Sport Coupe in Bright Red.

SKYLARK

Skylark features a spacious 13.3-cu-ft trunk with low liftover height for easy loading and unloading.

Braking performance and steering control on most slippery surfaces are enhanced by anti-lock braking.

The Skylark Limited Sedan in Adriatic Blue. The 2.3-litre DOHC is the power behind this boldly designed sedan.

The beneficiary of advanced technology, the available 3.1-litre V6 powerplant offers a remarkable combination of low weight and responsive power, generating 155 horsepower at 5200 rpm. Buick's V6 leadership is evident in the quiet durability and smooth performance of this powerful choice, standard on Gran Sport,

available on Custom and Limited. The lively fuel-injected 2.3-litre DOHC engine, standard on Skylark Custom and Limited, offers smooth operation, quickness, and advanced design that requires minimum maintenance. Both are powerful incentives for getting into a Skylark.

Powerful choices.

The efficient, low-maintenance 2.3-litre DOHC engine is standard on Custom and Limited.

Standard anti-lock brakes help maintain steering control and help prevent skidding when braking on most slippery surfaces.

Standard on Gran Sport, the 3.1-litre V6 features sequential-port fuel injection for smooth idle and seamless response.

SKYLARK

The Skylark Custom Coupe in Aquamarine with 15-inch wheelcovers and blackwall tires.

The Skylark Custom Sedan in Dark Polo Green with 14-inch polycast wheels and blackwall tires.

Skylark Custom's richly upholstered cloth bench seat features a fold-down center armrest.

A generous list of standard and optional features helps make your Skylark even more distinctively yours. The range of choice seems endless. Three expressively distinctive models: Custom, Limited and Gran Sport, all with numerous possibilities. Surely you'll find the one model with the colors, features and options that best express your style — because style is not in short

supply here. Some features apply to all models: driver air bag, anti-lock power brakes, full carpeting,

Personal choices: Build upon the best.

front and side window defoggers, automatic power door locks, front-wheel drive, Soft-Ray tinted glass, ETR® AM-FM stereo radio, dual extended-range front and rear speakers, and the list continues. The most important trait shared by all, however, is Buick quality.

With standard rear safety belt child-comfort guides, shoulder belts adjust to smaller rear-seat passengers for comfortable safety.

Standard power door locks secure all doors when you shift out of PARK or NEUTRAL, eliminating another child safety concern.

Available: a premium ETR® AM stereo-FM stereo radio with cassette player and Concert Sound II speakers (Limited and Gran Sport).

Lock or unlock your car, turn on the interior lights or open the trunk from as far as 30 feet away with Skylark's remote keyless entry. Available on Limited and Gran Sport.

Automatic cruise control is available on all Skylark models, standard on Limited and Gran Sport.

*Receives C-Quam AM stereo broadcasts. Most AM stations broadcast in C-Quam. Not every do not. Check your local stations for compatibility in your area.

It would take an entire book to display our interest in your safety, security and assurance of quality. Such a book has been prepared to do just that. Ask for it at your Buick dealership, or call 1-800-4A-BUICK.

QUALITY PLUS

Buick's Quality Plus Delivery helps familiarize you with your new Buick—and assures it's ready for you to drive.

Buick is dedicated to building great automobiles and great customer relations. That's why Quality Plus comes with your premium American motorcar. It's specifically designed to make delivery and ownership as rewarding as possible. The Quality Plus package starts with Quality Plus Delivery, and includes Bumper to Bumper Warranty, Courtesy Transportation for

Buick owners are part of the family, and they can call home for help anytime. Roadside Assistance is 1-800-252-1112.

warranty repairs, and a toll-free Customer Assistance 800 number

The premium car that comes with an ownership experience to match.

system. Premium Roadside Assistance 24-hour road service is another benefit. What would clearly be extras for other manufacturers are built in at Buick. The reason: so all your future automobiles are Buicks, and your ownership experiences are superior.

Should your Buick require warranty repairs, you're assured of Courtesy Transportation, including a loaner for overnight repairs.

QUALITY PLUS

We want to provide your best car experience ever. That's why you get the support of every person at Buick for all the miles down the road. Quality Plus.

Questions? Get all the smart facts about leasing a Buick in this 16-page comprehensive SmartLease brochure. Call 1-800-44-BUICK or ask your dealer.

Automotive advances at Buick include more than the obvious. The SmartLease® program was designed to make leasing

Another way to join the Buick family.

an attractive alternative — a fast, easy and convenient way for you to enjoy the Buick experience. Growing in popularity, the Buick SmartLease arrangement is the basis of a long-term relationship with many advantages for anyone considering joining the Buick family. Those who prefer it may find that SmartLease is a way to drive a more luxurious model.

Lease or purchase? Get all the facts, and you may decide a SmartLease is for you — with all the benefits of Buick ownership.

And, of course, you are every bit as much a Buick family member, with all the privileges that implies, as if you had purchased the car outright. Welcome to the family.

Buick Quality affects us all where we live. Thanks to waste reduction and better manufacturing methods, the whole world will benefit.

Since the fall of 1993, ozone-damaging chlorofluorocarbons have been eliminated from the air conditioning systems of all new Buicks.

Concern for the quality of life on our planet resulted in engineering coded plastic parts, like this manifold cover made of recyclable materials.

Waterborne paint not only reduces hydrocarbon emissions in the painting process, its improved clarity results in a mirrorlike, long-lasting finish.

Buick's deep concern for the environment we all share extends to far more than meeting a few requirements. Every year Buick engineers work to make the engines burn even cleaner. Fuel economy and horsepower efficiency are a prime concern. To reduce waste, materials like metal trimmings are reused

during the manufacturing process. Antifreeze, and other chemicals which could pose a hazard to the ecosystem, are properly handled at both the factory and your dealership. Quality of life, and quality of assembly — it's our nature.

It's in our nature to be concerned.

For additional information about these new Buicks, complete and mail this postage-paid card or call 1-800-4A-BUICK.

INFORMATION

All Buicks have towing capabilities when properly equipped. Specific towing data can be found in the Buyer's Guides in this catalog.

Important: A word about this catalog.

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. Some models as shown may not be available in California.

A word about engines.

Buicks are equipped with engines produced by different operating units of GM, its subsidiaries or GM suppliers worldwide.

A word about assembly of Buicks.

Buicks are assembled by different operating units of General Motors, its subsidiaries or GM suppliers worldwide. Buicks incorporate thousands of components produced by different operating units of GM, its subsidiaries or GM suppliers worldwide. We sometimes find it necessary to produce

A \$1,000 rebate is available through the GM Mobility Program for disabled drivers desiring specially equipped Buicks. Call 1-800-323-8935.

Buicks with different or differently sourced components than originally scheduled. All such components have been approved for use in Buicks and will provide the quality performance associated with the Buick name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify with your dealer that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

A word about updated service information.

Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-351-4123.

A word about warranty.

The GM 3-year/36,000-mile Bumper to Bumper Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (except tires, which are covered by their manufacturer) will be covered for 3 years or 36,000 miles, whichever comes first. Body sheet metal rust-through from corrosion is covered for 6 years or 100,000 miles, whichever comes first. See your Buick dealer for terms of this limited warranty. Supplemental Restraint System coverage is 3 years regardless of mileage.

The GM Card.

For information or to apply for The GM Card or GM Gold Card, call 1-800-8GM-CARD.
