BUICK LACROSSE

Mid-size sedans are one of life's great mysteries. Not quite up there with quantum mechanics, but consider this: How can an automotive class that's so popular contain so many cars that are mind-numbingly dull? Buick has the antidote to mid-size malaise — the beautifully crafted LaCrosse. From the artful sculpting of its sheet metal to the tailored stitching of its interior fabrics, it's clear LaCrosse was created to rise above the mid-size pack. The unmistakable sense of exceptional workmanship continues on the road — with the authority of its power, the crisp handling of its suspension and the astonishing quietness of its cabin. Dullness has been banished. Craftsmanship has been elevated. Even LaCrosse's assembly plant is an award winner. If these are the qualities you're looking for in a mid-size sedan, it's no mystery where you'll find them.

LaCrosse CXS shown in Slatestone Metallic with optional equipment.

6 17-inch, chromed-aluminum	–	A	A

1 Official EPA estimates not yet available. Estimates based on GM testing. 2 Cargo and load capacity limited by weight and distribution. 3 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Buick dealer for additional details. 4 Requires 16-inch Chrome-Tech wheels. 5 Included and available only with Driver Confidence Package. 6 Includes heavy-duty transmission. 7 Always use safety belts and the correct child restraints for your child's age and size. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 8 Head-curtain side-impact air bags are designed to help reduce the risk of head injuries to outboard front- and rear-seat occupants during certain side-impact collisions. 9 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. 10 Included and available only with the Comfort and Convenience Package. 11 XM is available only in the 48 contiguous United States. Service fees apply. Visit gm.xmradio.com for more details. 12 Requires Chrome Appearance Package.
