EXPERIENCE  THE NEW BUICK

What's it feel like to drive the 2017 Buick Verano? The answer may shatter
your expectations. After all, Verano is **A SEDAN DESIGNED
TO SURPRISE** you with its premium features and refined finishes.
And with its responsive power and nimble handling, Verano is simply fun to drive.
So what are you waiting for? It's time to experience Verano for yourself.

How do you judge design?

ONE LOOK IS ALL IT TAKES. Just a glimpse of Verano tells you everything you need to know. Bold design cues such as the distinctly sculpted body and available aerodynamic rear spoiler let you know spirited performance awaits you.

Projector-beam headlamps and a signature black chrome waterfall grille showcase the meticulous attention to detail you can expect throughout the rest of Verano.

With Verano, every detail of its aerodynamic design helps create a premium character that elevates your experience above the ordinary. And the amenities inside make Verano a luxury sedan you'll look forward to driving, every time.

Verano owners can count on the security of StabiliTrak. This advanced electronic system combines anti-lock brake, traction and stability-control systems to help the Verano driver maintain directional control during sudden maneuvers, such as emergency lane changes.

REFINED

SMOOTH, QUIET AND CONFIDENT: THAT'S THE RESPONSE YOU'LL GET FROM THE VERANO ENGINE.

Here's what happens when you take Verano's compact power into your own hands. With Verano's standard 2.4L engine, the responsiveness of 180 hp is matched by offering 31 mpg highway¹ fuel efficiency. And when the road curves or city streets become congested, Verano responds with nimble handling, confident braking and agile parking maneuvers.

- A 6-speed automatic transmission with Driver Shift Control lets you make the most of the Verano engine's 180 hp.
- Verano's standard 2.4L is smooth and quiet. One reason: An additional layer of lubricant sprayed directly on each piston helps reduce noise.
- Advanced Diagnostics² from OnStar can check your vehicle's key systems and send you a monthly diagnostics report or real-time alerts by email or text.

¹EPA-estimated 21 city/31 hwy mpg. ²Capabilities vary by model. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active OnStar service, email address on file and enrollment in Advanced Diagnostics.

TACTILE

IN VERANO, DRIVING A LUXURY SEDAN IS A SENSORY EXPERIENCE.

Slide behind the steering wheel and feel the refinement. Treat your senses to the luxury of the finest materials. Soft-touch surfaces, available supple leather-appointed seats, ribbon fabrics, warm wood tones and tasteful metallic accents all create an ambiance that's unmistakably premium.

Designed to help reduce noise, Buick's exclusive QuietTuning blocks and absorbs sound and dampens vibrations. The Verano cabin's remarkable level of quietness is a function of many refinements, including acoustic laminated windshield and front glass, triple door seals and precisely tuned chassis dynamics. Even Verano's available 18-inch tires are specially designed to help minimize road noise.

- The available leather-appointed seats are soft to the touch with highly supportive cushioning.
- Available features include a heated, leather-wrapped steering wheel, heated eight-way power driver's seat and heated front-passenger seat—all of which offer a warm welcome.
- The available touch-screen-activated IntelliLink with Navigation¹ provides more than 6 million miles of North American roads mapped out for you to explore.

¹Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. Map coverage available in the United States, Puerto Rico and Canada.

INTELLILINK

AVAILABLE INTELLILINK¹ PUTS A HOST OF COMMUNICATION AND INFOTAINMENT OPTIONS ON A HIGH-RESOLUTION, FULL-COLOR TOUCH-SCREEN.

The latest edition of voice-recognition and available touch-screen technology is seamlessly integrated into Verano, thanks to the available Buick IntelliLink¹ infotainment system. Accessing your phone book, making calls or playing your favorite music is simple: All you have to do is ask for them.

For iPhone[®] owners, there's Siri Eyes Free,² Apple's[®] voice-activated digital assistant. This available feature allows hands-free interaction when you need it the most. Simply pair your iPhone[®] with the available Bluetooth-enabled³ Buick IntelliLink system, then use the steering-wheel-mounted voice-command button to activate it. You can make calls, compose text or email messages to stored contacts and access other iPhone[®] functions, all without taking your hands off the wheel or your eyes off the road.

TEXT MESSAGE ALERTS Available IntelliLink¹ provides alerts of incoming text messages. You can configure the system to have incoming text messages read out loud. In addition, with select smartphones, you can respond to the text messages with your preprogrammed responses.

HOME PAGE CUSTOMIZATION Customize your available Buick IntelliLink¹ home page using the color touch-screen to gain quick access to frequently used features and up to six pages of preferred settings.

MUSIC ON DEMAND With the ease of advanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps on your phone such as Pandora[®] internet radio⁴ or Stitcher[™] SmartRadio⁴

¹Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. ²Requires available Buick IntelliLink and compatible iPhone[®] running iOS 6 or newer. ³Go to my.buick.com/learn to find out which phones are compatible with the vehicle. ⁴Data plan rates apply.

COMMAND

PRESS VERANO'S AVAILABLE START BUTTON, AND ALL THAT FOLLOWS IS DESIGNED TO ENHANCE YOUR SENSE OF WELL-BEING.

Verano is what a luxury car should be: not merely a way to get from one place to another, but a destination itself. Consider the climate. With its dual automatic climate-control system, the driver and front passenger can choose separate temperature settings, which the system will automatically maintain. And with the available factory-installed remote-start feature, you can use the myBuick mobile app¹ to activate the climate-control system remotely, so your Verano cabin heats up or cools down to your preset levels before you arrive.

HEATED STEERING WHEEL

Grip the steering wheel—available leather-wrapped and heated, if you like—and your thumbs naturally find themselves resting on control switches for the audio, phone and cruise-control systems. It's a degree of control over your environment that makes Verano an extension of you.

DRIVER INFORMATION CENTER

Located in the center of the instrument panel gauge cluster, the Driver Information Center shows the status of many vehicle systems, including the available Forward Collision Alert.

BOSE® AUDIO ENGINEERING

Verano is the perfect setting for music lovers to enjoy their favorite recordings on the road. To create Verano's available seven-channel, nine-speaker Bose premium sound system, Bose engineers recorded system frequencies for each seating position, using 10 different micro-phone readings for each speaker—collecting hundreds of initial

measurements—so the audio equalization settings are specific to Verano's unique acoustical environment. Music is reproduced with tonal balance and detail, and minimal distortion, even when the system is played loudly. Front and back bass sources are controlled by a proprietary algorithm for performance that captures more of the power and emotion intended by the artist.

¹Requires data plan, compatible vehicle and device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service.

PROTECTED

VERANO HAS ITS PRIORITIES IN THE RIGHT PLACE: EVERYWHERE.

Verano literally surrounds you with available security features. The available Rear Vision Camera helps you see what's behind your Verano, displaying what the camera captures on the center high-mounted information screen. The available Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. And below, you can read about available safety features such as Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert.

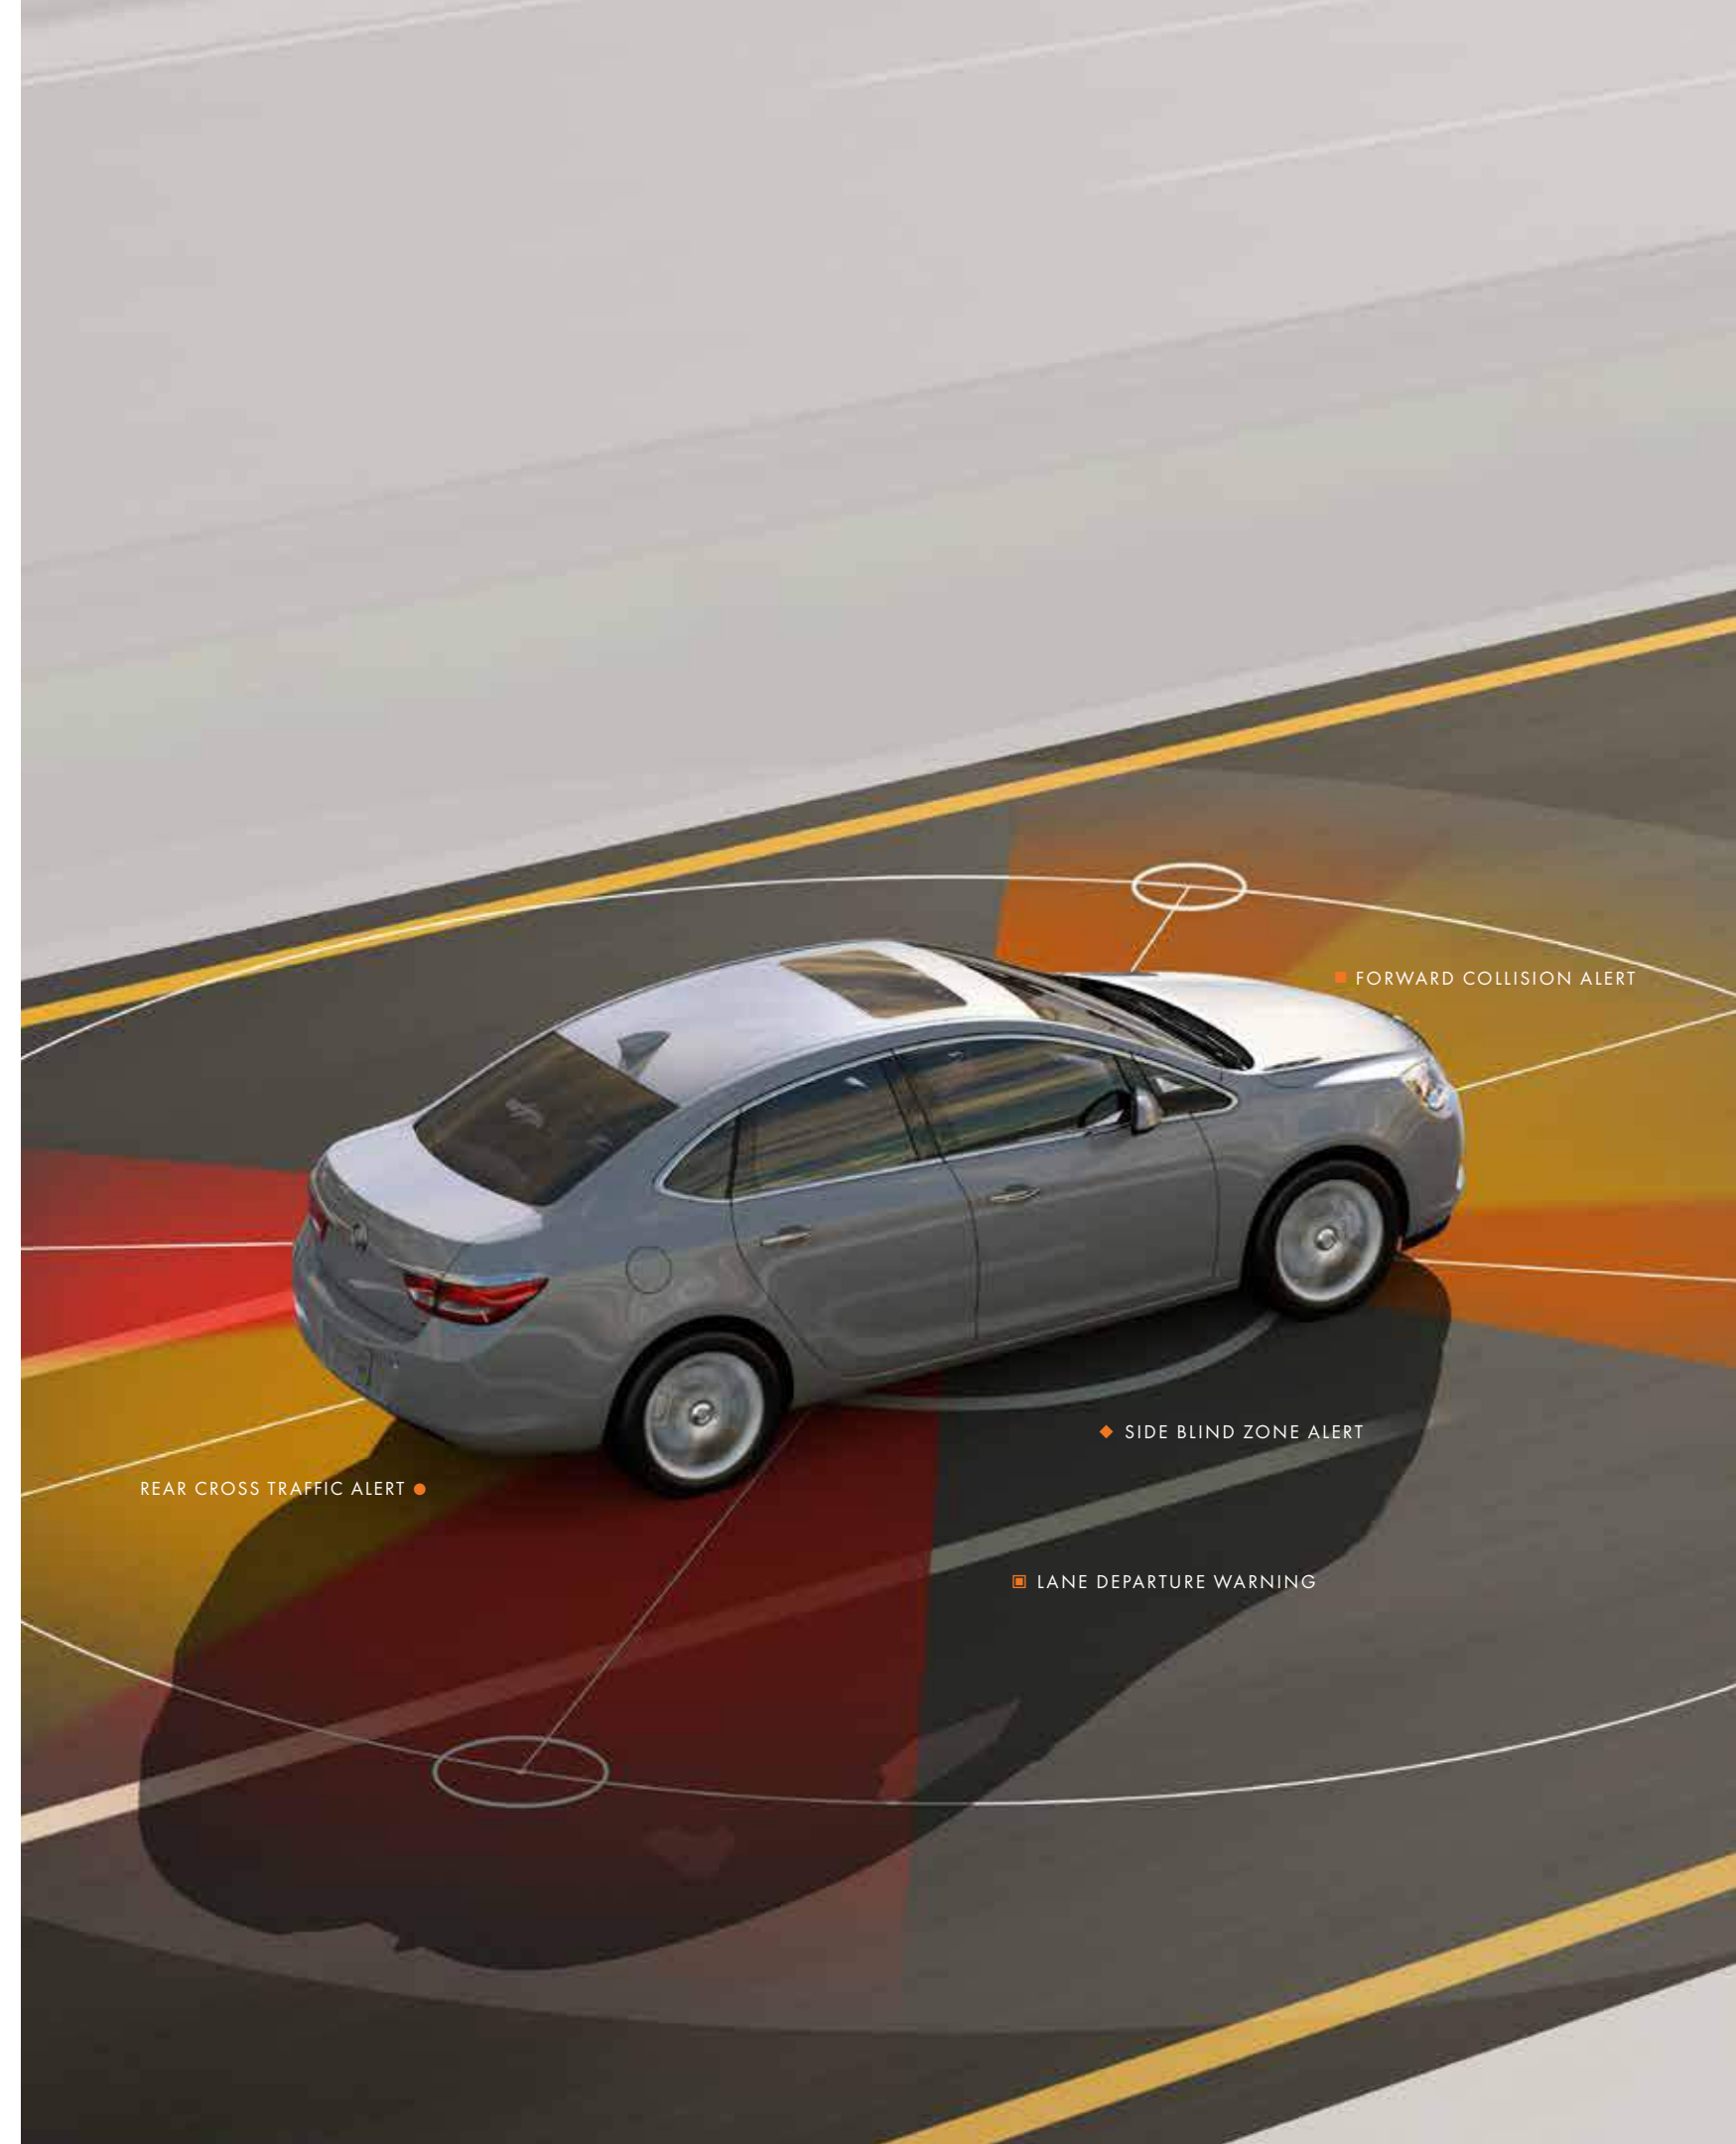

These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

■ **FORWARD COLLISION ALERT** When you're approaching a vehicle ahead too quickly, available Forward Collision Alert lets you know with audio and visual warnings. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

◆ **SIDE BLIND ZONE ALERT** Using radar technology to help you avoid a collision, available Side Blind Zone Alert warns you when vehicles entering your blind zone are detected by sensors on either side of your Verano. A warning icon appears in your outside rearview mirror.

● **REAR CROSS TRAFFIC ALERT** A camera in the rear captures a view behind the car, while radar sensors detect vehicles approaching from the left or right within 65 feet. The available system alerts you audibly and by flashing a warning signal on the Rear Vision Camera screen.

▣ **LANE DEPARTURE WARNING** Available Lane Departure Warning provides both an audio and visual alert should your Verano drift out of its lane without you first having activated your turn signal.

CONNECT

THE AVAILABLE WI-FI® HOTSPOT¹ PROVIDES A MORE POWERFUL CONNECTION THAN A SMARTPHONE OR MOBILE HOTSPOT.

Available 4G Wi-Fi now travels with you. Stay connected and move effortlessly from home to work to just about anywhere without losing touch. Stream movies and TV on the go, using your favorite apps on your Wi-Fi devices.

The built-in Wi-Fi hotspot¹ supports up to seven devices, so everyone can surf, scan, create, post and game their way through any journey at 4G speed.²

Any time your vehicle is on, or in accessory mode, your hotspot is available and ready to connect to your devices, so it's easy to use. Our strong signal means you have a fast and reliable connection. And because the built-in Wi-Fi hotspot is powered by your vehicle, you're not reliant on your mobile device battery.

Your first 3 months or 3GB of data (whichever comes first) is included with your new Buick. After that, select a plan from OnStar that's right for you.

Not sure how much data you need for your in-vehicle Wi-Fi hotspot? Our data calculator (att.com/att/onstardatacalc) will help you visualize data usage for email, streaming music, social media and more.

¹Requires a compatible mobile device, active OnStar service and data plan. 4G service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plan provided by AT&T® ²Data service provided by AT&T. See onstar.com for 4G coverage availability.

ONSTAR

THE INCLUDED ONSTAR GUIDANCE PLAN¹ SERVICE TRIAL (TRIAL EXCLUDES HANDS-FREE CALLING MINUTES) LETS YOU CONNECT TO A SPECIALLY TRAINED ONSTAR ADVISOR JUST BY PUSHING THE BLUE ONSTAR BUTTON IN YOUR VERANO.

EMERGENCY Automatic Crash Response² This feature can connect you to an OnStar Advisor immediately after a crash to help get you the care you need, even if you can't ask for it. Using Injury Severity Prediction technology, Advisors can help you get the right care right away.

Emergency Services One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

Crisis Assist In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

Roadside Assistance³ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

SECURITY Stolen Vehicle Assistance⁴ If your car is stolen, Advisors working with the appropriate authorities can pinpoint its location, slow the vehicle if conditions are safe and even prevent it from being restarted. And with Theft Alarm Notification, if your car alarm sounds, we'll let you know via text, email and/or a phone call. One simple call puts a team into action to help recover your car quickly and safely.

NAVIGATION Turn-by-Turn Navigation⁵ Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of more than 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the myBuick mobile app.⁶

ATYOURSERVICE⁷ Discover value on everyday purchases while on the go. Get easy access to offers at restaurants, gas stations, retail stores and more. AtYourService offers can

be accessed from your vehicle's radio touch-screen (if available), through your myBuick mobile app⁶ or an OnStar Advisor.

VEHICLE MANAGER Advanced Diagnostics⁸ This feature can alert you when something's going on under the hood. Diagnostic Alerts can send you a monthly report or real-time alerts available by email or text, detailing its findings. And with Proactive Alerts (if available), you can get a warning about potential issues with key components such as the battery, fuel pump, fuel pressure sensor and starter motor before they become a problem.

MYBUICK MOBILE APP⁶ Enjoy the ultimate ownership experience through convenient control and management of your vehicle from almost anywhere. If properly equipped, you can remotely start your vehicle, locate your vehicle on a map, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights. The services of the myBuick mobile app are included for 5 years on new vehicles. To download the myBuick mobile

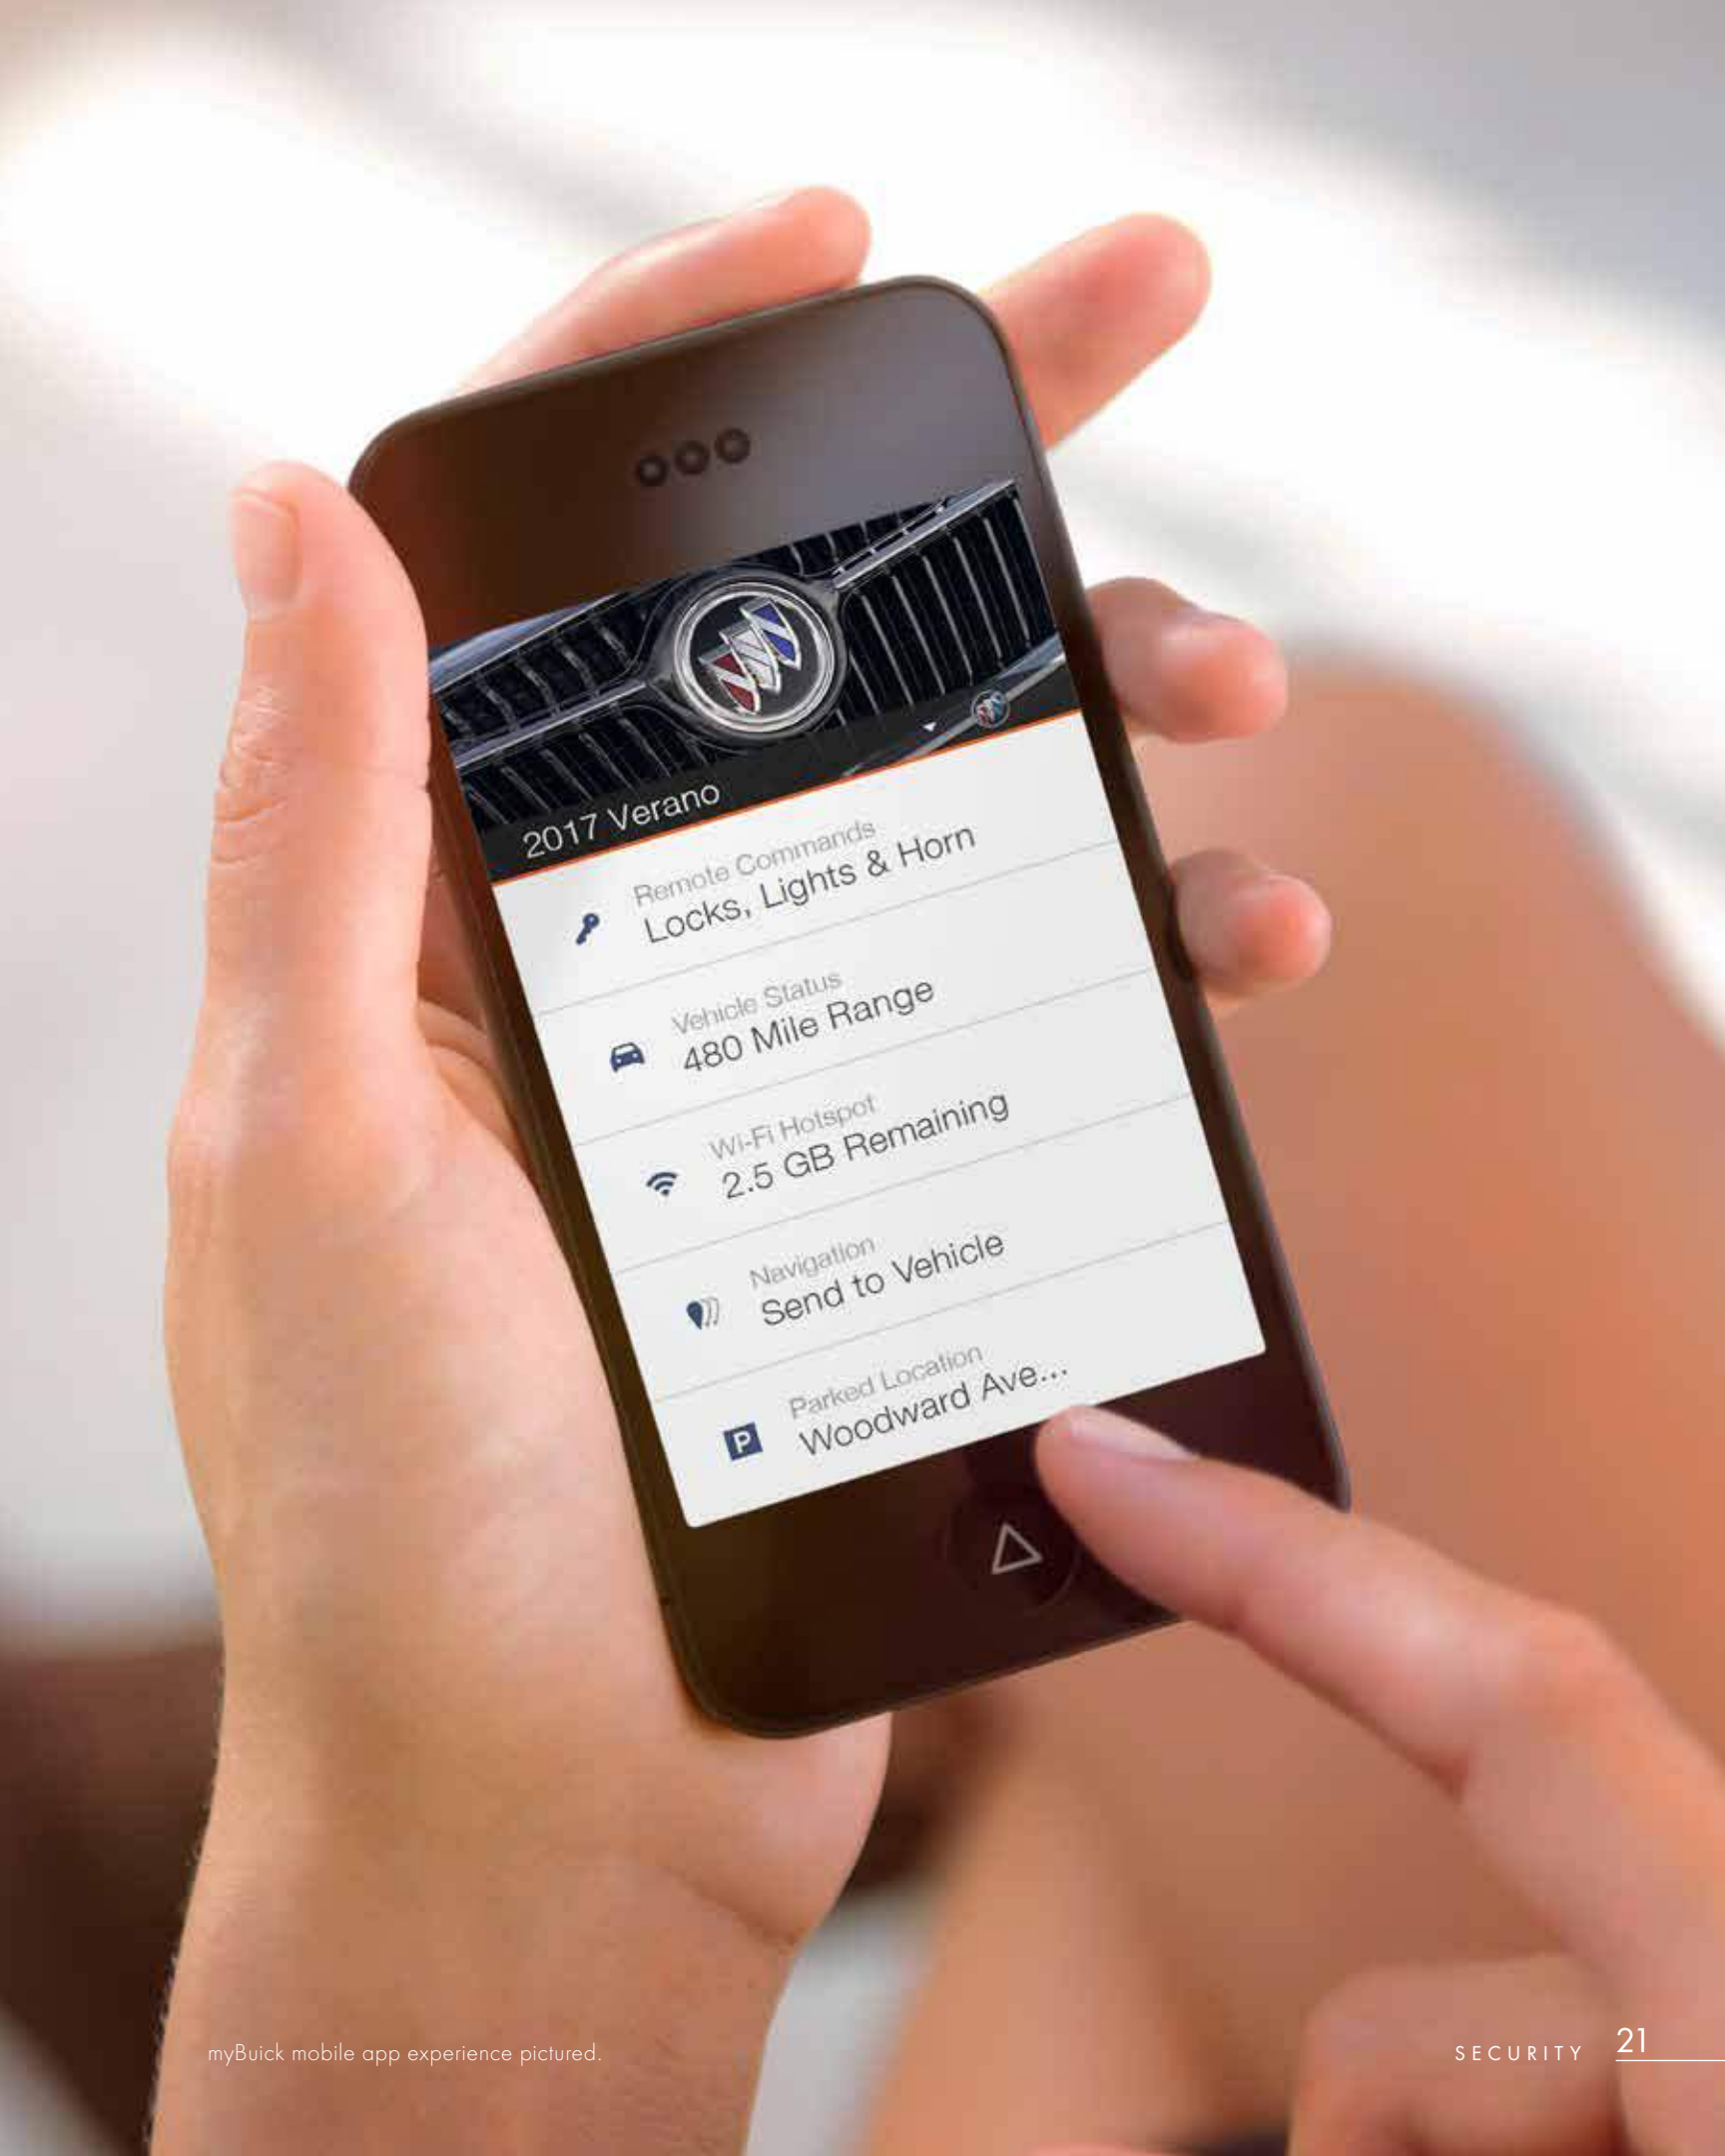

app to your smartphone, go to the App Store of iTunes® or Google Play.™

ONSTAR SMART DRIVER⁹ Now your vehicle can help make you a smarter driver. OnStar Smart Driver provides information about your driving behavior to help maximize your vehicle's overall performance, reduce wear and tear, monitor fuel efficiency and help you become a better driver. You can review your report and after 90 days, you can choose to share it anonymously with participating insurance providers.

REMOTE ACCESS¹⁰ With Remote Access, an OnStar Advisor can send a remote signal to lock or unlock your doors or honk your horn and flash your lights. If properly equipped, you can even use your myBuick mobile app⁶ to remote-start the vehicle from virtually anywhere.

ONSTAR HANDS-FREE CALLING¹¹ This feature is a wireless service built into your vehicle so you can easily and safely make and receive calls from the road. You must purchase calling minutes to get this service.

¹Visit onstar.com for coverage map, details and system limitations. ²Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ³Roadside service provided by Allstate Roadside Services. ⁴Services vary by model and conditions. Visit onstar.com for vehicle availability, details and system limitations. Theft Alarm Notification features vary by make and model. Requires factory-installed theft-deterrent system, Security or Guidance Plan and selection of notification communication preference(s). Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Messaging and data rates apply. ⁵Requires Guidance or Navigation Add-On Plan. Visit onstar.com for coverage map. Services vary by model. ⁶Requires data plan, compatible vehicle and device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. ⁷Not available on Basic Plan. Valid offers can vary. Check AtYourService through the myBuick mobile app for latest offers. ⁸Capabilities vary by model. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active OnStar service, email address on file and enrollment in Advanced Diagnostics. Proactive Alerts are designed to help predict specific types of issues based on information collected from the vehicle. Other factors may affect vehicle performance. Not all issues will deliver alerts. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Proactive Alert. ⁹OnStar, General Motors and their affiliates are not insurance providers, nor do they endorse insurance providers. You should obtain insurance only from licensed insurance providers. ¹⁰Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. Unlock feature requires automatic locks. Remote Start requires a factory-installed remote-start system. ¹¹OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations.

myBuick mobile app experience pictured.

Sometimes, a little something extra is all it takes to stand apart from the rest. On **VERANO SPORT TOURING**, the distinctive exterior design features of its 18-inch aluminum black pocket wheels and rear lip spoiler are proof a little bit can go a long way.

IMPORTANT WORDS

VERANO
INFORMATION.

Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

NEW-VEHICLE LIMITED WARRANTY This warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.

4 years/50,000 miles (whichever comes first): Bumper-to-Bumper Limited Warranty. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty covers towing to the nearest Buick dealership, and there is no deductible for warranty repairs during the warranty period. The warranty transfers automatically with vehicle ownership during the warranty period.

6 years/70,000 miles (whichever comes first): Transferable Powertrain Limited Warranty plus Roadside Assistance and Courtesy Transportation.

6 years/100,000 miles (whichever comes first): Body and sheet metal components are warranted against rust-through corrosion.

EXPERIENCE BUICK PROTECTION Every 2017 Buick model includes a maintenance program that covers the first two visits of oil and filter changes, tire rotations and 27-point inspections for up to 2 years or 24,000 miles, whichever comes first (does not include air filters). The program is fully transferable to subsequent owners. See participating dealer for other restrictions and complete details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY Buick vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buick vehicles with different or differently sourced components than originally scheduled. Since

some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES Buick products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Buick products may also be used in other GM makes and models.

TRAILERING AND OFF-ROAD DRIVING INFORMATION Please go to buick.com and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

TAKE OWNERSHIP TO THE NEXT LEVEL Create an Owner Center account to gain unrestricted access to everything you need to get the most out of your new vehicle. Receive alerts and service offers, schedule service, view vehicle-specific how-to videos and check service records. All online, anytime. Go to my.buick.com to take a tour or register your Buick today.
