

2014
ALL-NEW CADILLAC CTS SEDAN

*IT IS PERHAPS THE SMALLEST SPACE
KNOWN TO MAN.*

*THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT.
THERE'S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY
WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.*

*At Cadillac, we've set out to create our own uniquely
American breed of extraordinary. It's why we've created our own daring
school of design that bends steel way beyond its comfort zone. It's why
we've pushed technology ahead by pioneering a bold new way
for drivers to intuitively access entertainment and information
with the flick of a finger. And why, in everything from safety
to performance, we're setting the standard.*

*BOLD. DARING. ORIGINAL. These are the kinds of luxury vehicles we
build. It takes tenacity, a refusal to leave well-enough alone. That is the
difference between good and great. That is the difference between
just making luxury vehicles, and making Cadillacs.*

CRAFTED TO THRILL

Its design is striking, inside and out. Every component, honed and crafted. Thrilling performance and sophisticated technology lurk within, while the extraordinary design is outwardly unmistakable. Destined to stand out among the world's leading luxury cars, this exceptional sedan elevates the notions of luxury and sport. Dynamic, intriguing design. A critically acclaimed lightweight architecture. A meticulously detailed interior. The all-new CTS is a driver's car in the truest sense of the term and breathtaking to behold, both inside and out.

HEARTS WILL RACE.

SYNAPSES WILL FIRE.

3.6L TWIN TURBO DIRECT-INJECTION V6 ENGINE

Introducing the all-new CTS Vsport! Inspired by the pedigree of its legendary V-Series brethren—the world's fastest family of production cars—the Vsport draws from this performance DNA to create its own unique niche of luxury and sport. Built around the most power-dense 6-cylinder engine in its segment, this new direct-injection Twin Turbo V6 puts out a staggering 420 HP and 430 lb.-ft. of torque from just 3.6 liters. Perfectly paired with an 8-speed transmission and magnesium steering-wheel-mounted paddle shifters, it launches to 60 MPH in 4.4 seconds. Further bolstering its dynamic credentials, Magnetic Ride Control with an exclusive Track mode is coupled with an enhanced ZF premium steering system. Brembo® front brakes with available high-output brake linings deliver a confident and consistent pedal feel, while a standard electronic Limited-Slip Differential (eLSD) helps increase control and maximizes stability and acceleration during cornering. The track-capable CTS Vsport is the perfect addition to the V-Series legacy.

THE SPEED OF LIGHT.

The all-new CTS is the lightest rear-wheel drive car in its class, with a dynamic chassis that's nearly 200 lbs. lighter than the BMW 528i. With advanced lightweight materials used extensively throughout, including aluminum alloy for the hood and doors, the CTS Sedan is nothing short of an engineering marvel. And, to validate its credentials, we tested and pushed it to its limits on Germany's famed Nürburgring. We brought it back home to fine-tune it for a dynamic yet sophisticated ride.

EXPECT AN INSTANT RESPONSE.

Engineering a vehicle this thrilling and sophisticated requires a blueprint comprised of exceptional elements. Pair the potent 272 HP 2.0L Turbo or the available 321 HP 3.6L V6 engine with performance-tuned RWD or available AWD with active-torque technology. Maximize traction with an electronic Limited-Slip Differential (eLSD) when you choose the mighty 420 HP Twin Turbo V6 in the Vsport. No matter which powertrain you opt for, you'll always benefit from a solid platform with a fully independent suspension for excellent responsiveness and refinement. The latest generation of Magnetic Ride Control is available, featuring up to four selectable modes—Tour, Sport, Snow/Ice and Track—for uncompromising handling and control. Stopping power is consistently confident, thanks to the race-inspired Brembo® front brakes. And a ZF premium steering system works in unison to provide an enhanced connection between the driver, the vehicle and the road.

MAGNETIC RIDE CONTROL

The available revolutionary Magnetic Ride Control seamlessly adjusts to the road up to 1,000 times per second, maintaining excellent body control, chassis composure and sophisticated ride.

BREMBO BRAKES

We combined forces with the world-renowned brake experts at Brembo to engineer the fixed-caliper, aluminum 4-piston front brakes that deliver remarkable stopping power and consistent pedal feel.

ELECTRONIC LIMITED-SLIP DIFFERENTIAL

The CTS Vsport includes an electronic Limited-Slip Differential (eSLD) that uses vehicle sensors and driver inputs to determine the optimum amount of engagement for the conditions. This optimized torque split between the rear wheels allows for precise steering feel, enhanced stability, and maximum traction through corners.

PURPOSE-BUILT SUSPENSION

Using a double-pivot MacPherson strut in the front and a five-link rear design, the independent suspension in the CTS was purposely engineered for a dynamic yet comfortable ride.

UN-UNDERSTATED.

To achieve a physique this striking, countless hours were spent refining the bold look of the reimagined CTS Sedan. No element, no detail, no characteristic was left untouched. A long, low profile with a short front overhang yields an athletic yet sophisticated presence. Finely sculpted lines flow from front to rear, giving it a pulled-back stance. And a strong, confident grille completes a look that is unmistakably Cadillac.

A STATEMENT

IN EVERY DETAIL.

BOLD, CONFIDENT GRILLE

Accentuating its striking design, the sleek grille is framed in a low-gloss Galvano satin-chrome finish, adding just the right touch of sophistication.

DIRECTIONAL HID HEADLAMPS

To help light the way, the available High-Intensity Discharge (HID) headlamps are equipped with brilliant Adaptive Forward Lighting. Sensors react to the vehicle's speed and steering, directing the headlamps to cast light precisely into your path of travel.

INTEGRATED REAR SPOILER

Seamlessly fused with its sculpted lines, the rear decklid spoiler ingeniously doubles as an LED center brake lamp.

Striking from every angle, the distinct look of the CTS begins with a refined grille, accented by a Galvano satin-chrome finish. Flanked by vertical LED signature lighting with available adaptive High-Intensity Discharge (HID) headlamps, your eye is pulled from the grille to the filleted crease work on the stunning aluminum hood. The silhouette takes shape as the dramatic angle of the acoustically laminated windshield slopes back. Subtle touches like the available LED illuminated door handles spark intrigue as the precision sculpted side creases draw you to the rear. There, you'll find artful touches like an integrated dual exhaust and a decklid spoiler that ingeniously doubles as an LED brake lamp. The CTS delivers an unmistakable presence down to every perfectly crafted detail.

THE SEAT OF POWER
IS A BEAUTIFUL ONE.

PREMIUM FULL-LEATHER SEATS
Finish the meticulously crafted interior with the available Opus semi-aniline full-leather seating. This unique, luxurious leather is renowned for its ultra-soft feel and refined appearance.

AMBIENT INTERIOR LIGHTING
Available Ambient Interior Lighting highlights the dash and door trim, creating a museum-like presentation.

ELECTRONIC CUPHOLDER COVER
When you need a cupholder, it appears. When you don't, an ingenious touch-sensitive electronic cover elegantly conceals it.

The dynamism created by the CTS's stunning exterior is carried into the cabin. With a brilliant design that revolves harmoniously around you, controls are placed precisely where the hand naturally falls. Authentic materials, including the choice of exotic woods, anodized aluminum, or carbon fiber heighten this premium experience. Even the exceptional, available leather is skillfully joined using hand cut-and-sewn craftsmanship. Personalize your CTS with one of eight unique interior environments featuring an array of meticulously choreographed colors and trims, accented by the warm glow of available Ambient Interior Lighting. A Bose® Surround Sound System provides a concert-like experience, while the Bose® Active Noise Cancellation generates a cancellation signal to reduce unwanted low frequencies. Further customize your surroundings with available features like 20-way adjustable front seats, reconfigurable gauge cluster, full-color Head-Up Display and dramatic UltraView sunroof.

BUILT WITH AN EMPHASIS ON BRILLIANCE.

Using cutting-edge technology, CUE¹—Cadillac User Experience—brings the intuitive brilliance of a tablet to your entire driving experience. Standard on each CTS Sedan, its stunning 8" LCD touch screen effortlessly senses your hand as it approaches. Use your fingers to enter an address or zoom closer on a map. Even swipe to breeze through your music choices. When an icon is touched, the screen pulses to acknowledge the command, letting you keep your attention focused on the road ahead. Steering wheel controls are conveniently placed, and, with Natural Voice Recognition, making a phone call is as simple as saying a name. CUE also lets you preset up to 60 favorites—including points of interest, addresses and phone numbers—and seamlessly accesses every contact and song on your Bluetooth®-enabled smartphone. It streams Pandora Radio² and even features a Handset Voice Recognition function that allows direct access to your smartphone's interface, such as iPhone's Siri. With an available 3-D GPS navigation system³ with SiriusXM Travel Link⁴ weather maps, the customization and content possibilities are not only endless, but also right at your fingertips.

1. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity.
2. Data plan rates apply. 3. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 4. Requires active SiriusXM subscription.

EVEN THE SEAT HELPS KEEP YOU
CONSTANTLY AWARE
OF YOUR SURROUNDINGS.

The best safety measure is avoiding a collision in the first place, which is why we developed the available Driver Awareness Package. Using advanced radars and cameras, it helps alert you to potential hazards you may not even see. Ever-vigilant, the Safety Alert Seat intuitively notifies the driver with pulses when the Lane Departure Warning System, Forward Collision Alert and Rear Cross-Traffic Alert are activated. What's more, the package also includes Side Blind Zone Alert, Rear Vision Camera, Rainsense automatic wipers, and IntelliBeam automatic high beam headlamps.

DRIVER ASSISTANCE, WITH AN
EVEN HIGHER IQ.

Building on the extensive elements of the Driver Awareness Package, the available Driver Assist Package adds even more convenience and technology. Equipped with Front and Rear Automatic Braking, the CTS Sedan can apply the brakes for you to help prevent certain low-speed collisions. There's also full-speed Adaptive Cruise Control¹, which seamlessly adjusts to the ever-changing flow of traffic, and Automatic Safety Belt Tightening for additional convenience and safety.

Perhaps most impressive, the all-new CTS Sedan, when equipped with Automatic Parking Assist scans for an available parking spot and automatically steers itself into a parallel parking space with nearly effortless execution, while you use the brake and accelerator as needed.

1. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

A HIGHLY INNOVATIVE APPROACH TO
PERSONAL PROTECTION.

It starts with a protective safety cage constructed with ultra-high-strength steel alloys for exceptional rigidity. Then, we added strategically placed crumple zones and preventive safety features like StabiliTrak Electronic Stability Control and full-function traction control systems. From there, a sophisticated antilock braking system (ABS) with Auto-Dry functionality and Electronic Braking Force Distribution help balance stopping power between the front and rear brakes. Then there's the confidence

that comes with OnStar,^{®1} with Automatic Crash Response, standard for one year. In most crashes, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor, who is immediately connected into your car to help. Plus, there are also ten standard airbags.² Among its many anti-theft innovations is an available tilt sensor that sets off an alarm when the system senses a change in the vehicle angle, such as would occur when the vehicle is lifted for wheel theft or unauthorized towing.

1. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers.
2. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.

PREMIUM LEATHER SEATING SURFACES

With hand cut-and-sewn craftsmanship, luxury extends to every detail. French stitching on the leather seating surfaces adds a touch of understated elegance to an exceptional environment.

THE LUXURY COLLECTION:
ELEGANCE,
INFUSED WITH INTELLIGENCE.

SIDE BLIND ZONE ALERT

AMBIENT INTERIOR LIGHTING

Crafted with an eye for beauty and purpose, the CTS is further enhanced by the Luxury Collection. Rich leather seating surfaces with heated and ventilated front seats, along with a heated steering wheel, provide all-climate comfort, while the split-folding rear seat adds convenience. Equipped with the Driver Awareness Package, the Luxury Collection features the groundbreaking Safety Alert Seat, Lane Departure Warning System, Forward Collision Alert, Side Blind Zone Alert, Rear Cross Traffic Alert, Rear Vision Camera, Rainsense automatic wipers and IntelliBeam headlamps. There's even the choice of two potent engines: a 272 HP 2.0L Turbo or an available 321 HP 3.6L V6. And it's all surrounded by the intuitive brilliance of CUE with an 8" color touch screen, Natural Voice Recognition, Pandora Radio¹, Bluetooth^{®2} with streaming audio, and more. To finish it off, the bold 17" Ultrabright wheels and High-Intensity Discharge (HID) headlamps with Adaptive Forward Lighting make a dramatic exclamation point.

1. Data plan rates apply.
2. Go to gmtotalconnect.com to find out which phones are compatible with the vehicle.

ULTRAVIEW SUNROOF

Spanning both rows of seats, this sunroof can fill the cabin with a wealth of natural light, giving the CTS an even more spacious feel.

THE PERFORMANCE COLLECTION:
AN ADRENALINE SHOT.

MAGNESIUM PADDLE SHIFTERS

CUE WITH NAVIGATION

Experience the thrill of this dynamic chassis with the CTS Performance Collection. Featuring the 2.0L Turbo or the available 3.6L V6, it builds on the already impressive components of the Luxury Collection. Magnetic Ride Control's three dynamic modes—Tour, Sport and Snow/Ice—keep the balanced chassis dialed in on any road. Enjoy the brilliance of CUE with 3-D GPS navigation¹ and your very own concert hall sound with a 13-speaker Bose® Centerpoint® Surround Sound system. There's even the convenience of a full-color reconfigurable Head-Up Display and Automatic Parking Assist for nearly effortless automated parallel parking. The experience of the CTS Performance Collection is further enhanced with the vast-spanning UltraView sunroof, heated outboard rear seats and tri-zone climate control.

1. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada.

DYNAMIC 19" WHEELS
Featuring an aggressive yet intriguing 10-spoke pattern, these available 19" polished aluminum wheels are the ideal complement to the striking CTS design.

THE PREMIUM COLLECTION:
PRECISION MAKES PERFECT.

AVAILABLE OPUS SEMI-ANILINE FULL LEATHER SEATING

ALUMINUM SPORT PEDALS

Step inside the Premium Collection, and discover a statement in every detail. In addition to the Performance Collection amenities, the cabin is enveloped by fine leather on the instrument panel, armrests, center stack and doors. There's also a choice of exotic wood or authentic carbon fiber trims. Enjoy the 20-way adjustable front seats and a select Opus semi-aniline leather available for these seats. Customize the 12.3" reconfigurable instrument cluster to one of four personas. Add to all this the safety of full-speed Adaptive Cruise Control, Front and Rear Automatic Braking, and Automatic Safety Belt Tightening—all part of the Driver Assist Package. And select your potent yet refined powertrain from either the 2.0L Turbo or available 3.6L V6. Polished 18" wheels and available 19" polished wheels put the finishing touches on the ultimate blend of luxury, technology and sport.

UNIQUE VSPORT GRILLE

Not only does the exclusive Vsport grille feature black chrome accents for a sleek appearance, but it also allows more air to pass through for increased cooling and performance.

VSPORT:

BREATHTAKING PERFORMANCE,
FROM START TO FINISH.

VSPORT DECKLID BADGE

EXCLUSIVE VSPORT WHEELS

Choose the CTS Vsport¹, and step into an exhilarating 420 HP and 430 lb.-ft. of torque from its Twin Turbo V6. The RWD chassis with eLSD is at home on the street or track with an exclusive Magnetic Ride Control Track mode. Powerful Brembo[®] front brakes with available high-performance brake linings sit behind stunning 18" wheels wrapped in grip-enhanced, summer-only² run-flat tires. Inside, you'll find leather seating surfaces with heated and ventilated front seats, the convenience of CUE with navigation and Bose[®] Centerpoint Surround Sound. There's also the added safety of the Driver Awareness Package.

Select the available Vsport Premium Collection for an enhanced interior featuring a reconfigurable gauge cluster, full-color Head-Up Display, heated outboard rear seats, Trizone climate control and 20-way adjustable front seats that can be overlaid with supple Opus semi-aniline leather. What's more, there's even an UltraView sunroof, Driver Assist Package and 18" Ultrabright wheels. The CTS Vsport. Pushing an already impressive machine to even higher levels.

1. Arriving early 2014.
2. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to gmaccessorieszone.com or see your dealer.

1. Do not use summer only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to gmaccessorieszone.com or see your dealer.
2. Lower profile tire wear faster wheel and tire damage may occur on rough or damaged roads from surfaces or curbs, debris or obstacles. This damage is not covered by the GM New Vehicle Limited Warranty.

CADILLAC SHIELD

THE STANDARD OF LUXURY OWNERSHIP

WARRANTY PROTECTION

Cadillac's 6-year or 70,000-mile¹ Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 50,000-mile¹ Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

PREMIUM CARE MAINTENANCE

Standard on all 2011 and newer vehicles, Cadillac's Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles². Mercedes-Benz and Lexus programs do not.

The standard one-year Directions and Connections[®] Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a diagnostics check while you drive. Make calls safely with both hands on the wheel and control your vehicle with the RemoteLink³ mobile app. And as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar⁴ can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown[®] signal to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle once it has been turned off.

DIAGNOSTICS BY ONSTAR

With best-in-class diagnostics from OnStar⁴, maintaining your Cadillac can be as simple as checking your e-mail or your OnStar RemoteLink^{™3} mobile app. Every month, you can receive an e-mail with the status of key operating systems or push your OnStar button for a real-time diagnostics check on demand.

ROADSIDE ASSISTANCE

Cadillac offers more years of Roadside Assistance standard than any leading luxury brand, with services for 6 years or 70,000 miles³. The program provides lockout, towing, refueling, Dealer Technician Roadside services, and more.

COURTESY TRANSPORTATION

This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles³. That is more years of service standard than any luxury automaker.

NAVIGATION BY ONSTAR

Just push the OnStar⁴ button and an Advisor can download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system, if equipped. You can also plan routes using MapQuest.com[®] and send them to your Cadillac.

CONNECTIONS BY ONSTAR

Available Hands-Free Calling capability from OnStar⁴ allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink³ mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with RemoteLink³ and send directions right to your vehicle.

EMERGENCY BY ONSTAR

In most crashes, built-in sensors can automatically alert an OnStar⁴ Advisor who is immediately connected in to your Cadillac to see if you need help sent to your exact location. Other OnStar⁴ emergency services include Injury Severity Predictor and First Assist, which ensure you quickly get the help you need when seconds matter most. All Cadillac models come with 1 year of OnStar service standard.

MYCADILLAC APP

The ingenuity of the CTS doesn't stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your new car. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Roadside Assistance, and more. Plus, in conjunction with the OnStar RemoteLink³ app, you'll have the ability⁵ to remotely start your vehicle (when factory equipped) from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life.

1. Whichever comes first. See dealer for limited warranty details. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Available on iPhone, Android[™] and select BlackBerry[®] devices. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription. 4. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. 5. Requires active OnStar subscription.

VISORS Driver and front passenger illuminated vanity mirrors	•	•	•	•	•	•

1. Arriving early 2014. 2. Vehicles equipped with these linings will experience faster accumulation of brake dust on wheel surfaces and may produce more noise than with standard linings. 3. Before making a lane change, always check the SBZA display and the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 4. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 5. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with air bags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 6. Not compatible with all devices. 7. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travelink. XM satellite service is available only to those in the 48 contiguous USA and DC. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio, Inc. 8. Go to qmtotalconnect.com to find out which phones are compatible with the vehicle. 9. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 10. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 11. Visit onstar.com for details and system limitations.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (08/13), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar’s Terms and Conditions, Privacy Policy and details and system limitations.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

ASSEMBLY Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY World-class coverage comes standard on every 2013 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program¹, Courtesy Transportation Program¹

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; Tires –Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels.

RUST THROUGH PROTECTION Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not a part of the New Vehicle Limited Warranty. A separate booklet entitled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
