

XTS

2019

What defines a life well lived?
Calculating, planning and contemplating each
and every detail? Acting spontaneously on a whim?
Is it enjoying every moment as if it could be your last
or knowing each moment will last forever?
Reimagining what happened yesterday, today,
only to help drive tomorrow?
Sitting back in total comfort or taking command?
No matter how you define it, there's always one way
to recognize that you've lived it.

THE 2019 XTS

AN ACHIEVEMENT OF ITS OWN

You simply can't ignore the fresh exterior design styled in modern elegance and classic Cadillac motifs. From a powerful grille to bold taillamps, the XTS presents striking lines from front to rear.

Step inside and high-design cues are matched by tremendous comfort. Supple leathers and generous space help the driver focus, and passengers can relax, spread out and stay cool or warm to the touch.

POWER MATCHED BY CONFIDENCE

Enjoy the unexpected confidence and power of the exhilarating V-Sport Platinum model, featuring a 410-hp Twin Turbo V6 engine. Standard on V-Sport Platinum, All-Wheel Drive maximizes stability and handling in less-than-perfect driving conditions.

Space for everything that matters. With 18 cu. ft. of cargo volume,¹ the XTS has generous space for all the things that matter to you.

¹. Cargo and load capacity limited by weight and distribution.

Take the chill out of a cold-weather commute. Enjoy a more comfortable drive when the weather turns cold. With the push of a button, the available heated steering wheel turns warm to the touch.

ROOM THAT'S STRETCHED AND FITTED

Rear passengers enjoy 40" of unobstructed leg room, with the option of sumptuous leather seating surfaces or supple yet strong available Semi-Aniline leather.

STYLE IS
FOREVER
MOVING
FORWARD

Framing a powerful grille, stunning LED headlamps and available Front Cornering Lamps are nestled in each corner. The headlamps emit a crisp, white light, providing illumination superior to traditional lighting. Available illuminating outside mirrors and door handles create a beacon as the driver approaches the vehicle, while available 20" wheels make a powerful statement.

From the rear, bold signature LED taillamps showcase the dramatically sculpted rear profile, while the Cadillac Crest on the trunk becomes a cleverly functioning design detail. Simply press it to release the trunk.

The moment you open the door to the 2019 XTS, you're introduced to stunning **beauty and comfort**. Select from elegant interior trim options that all work together harmoniously. The materials themselves are also quite special. Available Semi-Aniline leather is both supple and strong, and wood trims such as Ebony Lineate are selected for both durability and delight.

Up front, available 22-way adjustable massaging front seats feature power-adjustable seatback bolsters and manual thigh support for true indulgence. Available front seats that both heat and ventilate quickly become something you cannot imagine doing without, as is the specially optimized sound system experienced with the available 14-speaker Bose Studio Surround Sound.

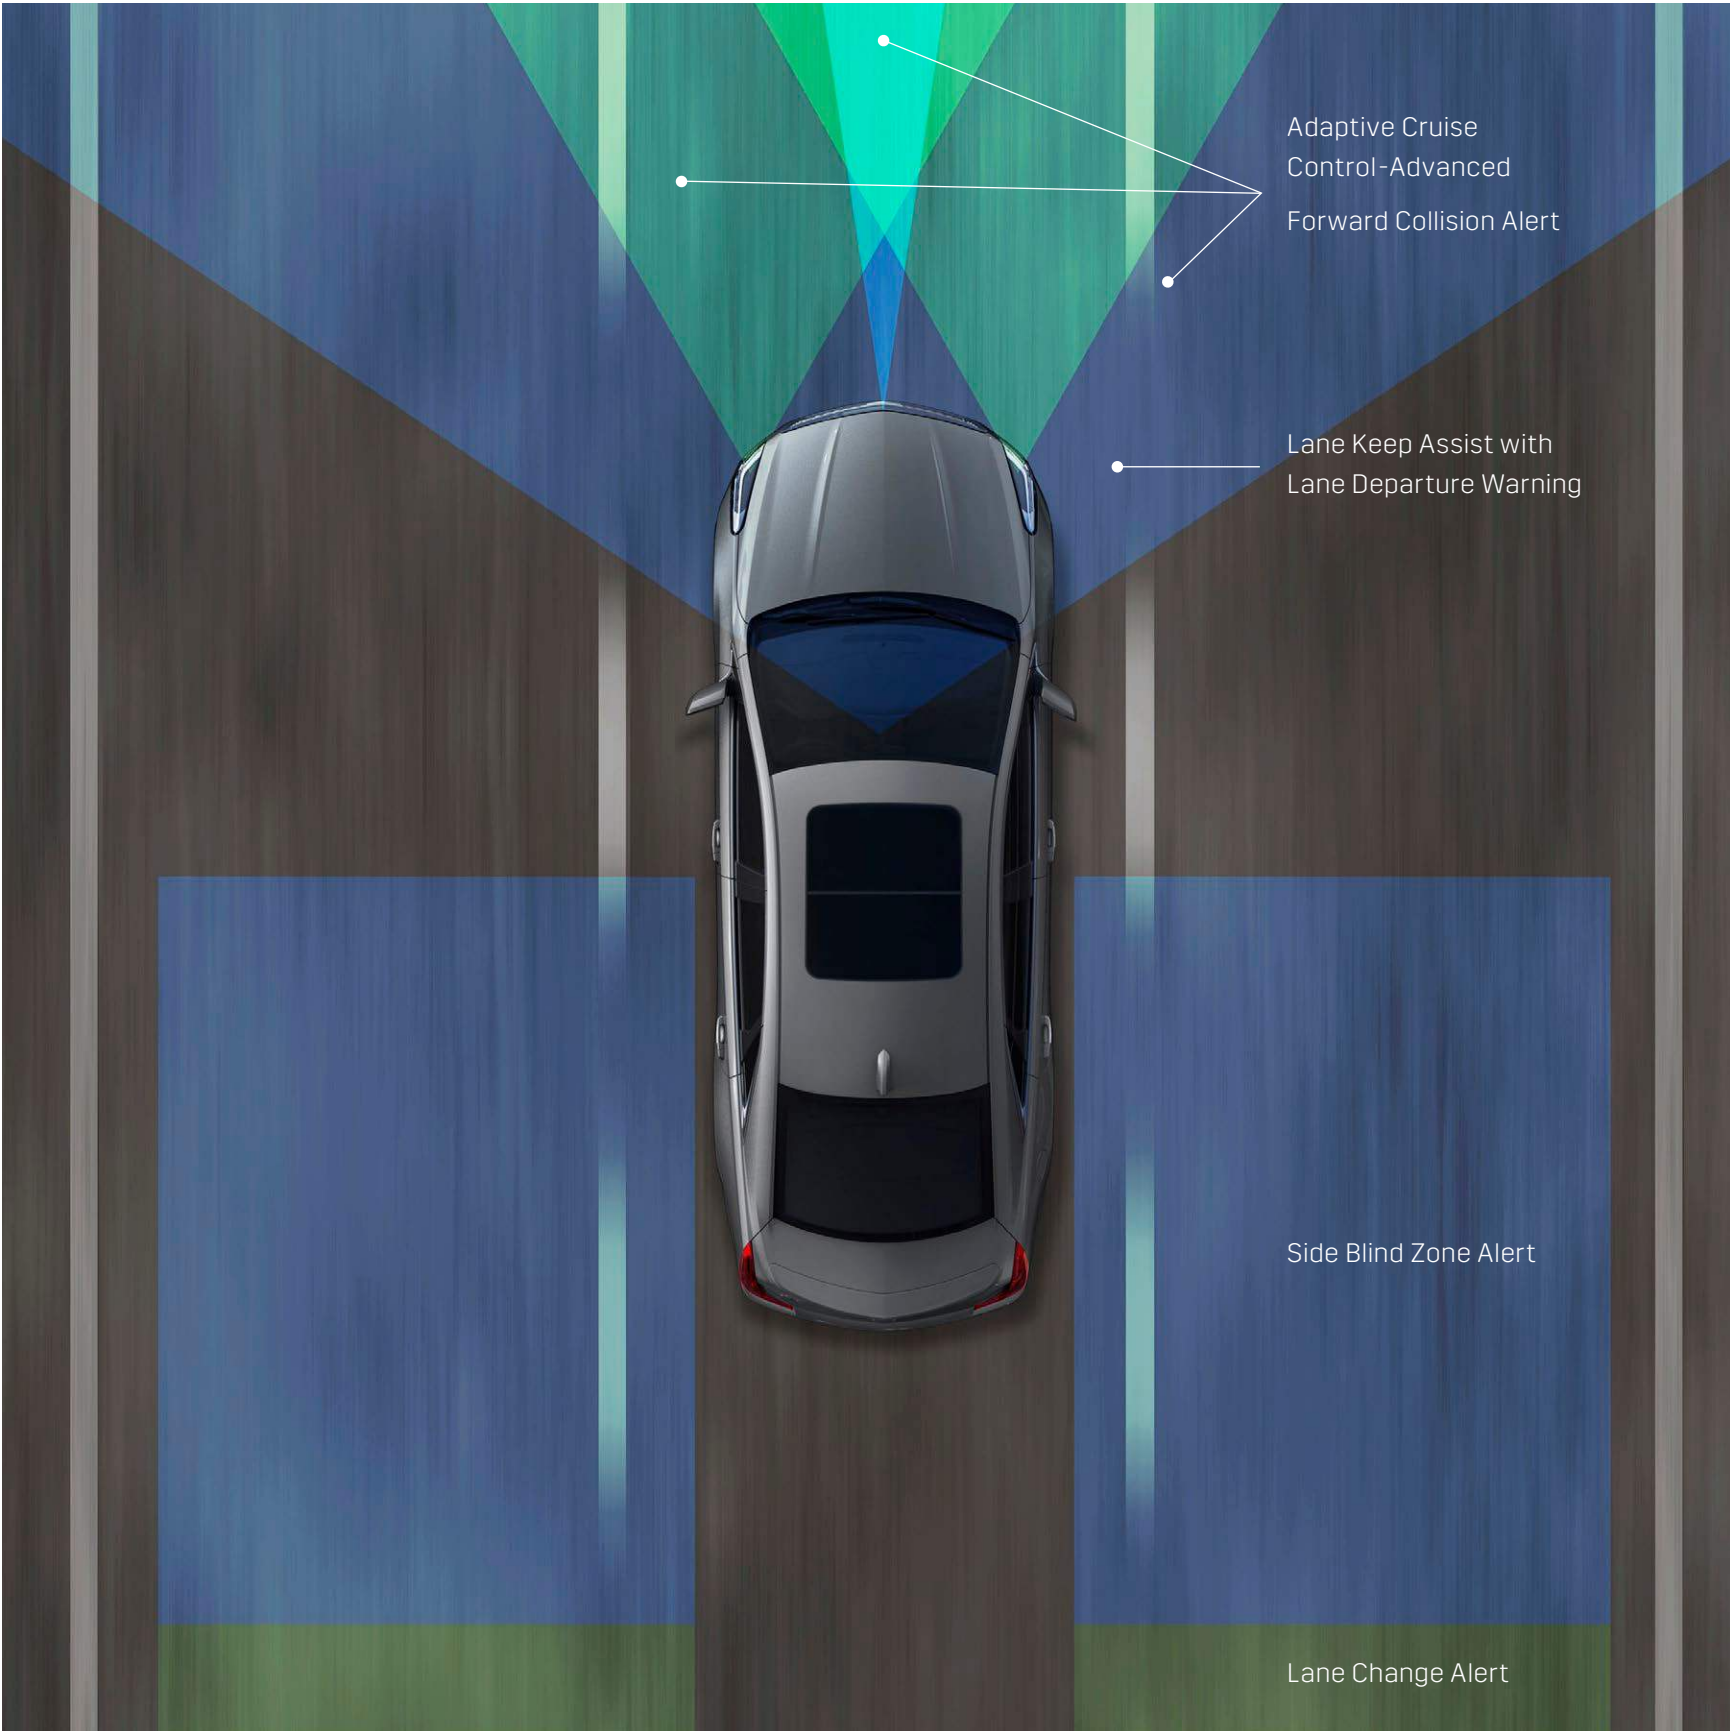

You're also able to select what you see with an available reconfigurable gauge cluster that lets you display driving, entertainment, communications and, if equipped, navigation¹ information. And with the available 12.3" diagonal display, staying informed feels effortless.

SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

BE ALERTED EVEN IN REVERSE

When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming left or right cross traffic.

WINDSHIELD WIPERS AND BRAKES WORK TOGETHER

Available Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever wipers are activated, Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

TRULY FORWARD THINKING

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision with a detected vehicle is imminent.

HINDSIGHT IS 20/20

The Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guiding lines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

SMART SPACE

Available Adaptive Cruise Control-Advanced uses both radar and cameras to maintain a set distance between you and the vehicle ahead.

TRAVEL THE STRAIGHT AND SMART

Using cameras to sense lane boundaries, available Lane Keep Assist gently turns the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or if the turn signal is not activated. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning sends a visual alert in the gauge cluster and a warning pulse through the seat cushion if your vehicle crosses the lane marking.

AN ATTENTION-GRABBER

Available Lane Change Alert with Side Blind Zone Alert surveys the area well beyond the side blind zone, and illuminates the side-mirror warning icon to alert you if a moving vehicle is rapidly approaching. Available Side Blind Zone Alert monitors your blind zones, so if a vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

GAIN PRECIOUS TIME

Up to certain speeds, available Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes, if you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds.

DANGER, DETECTED

Cadillac's available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the potential threat.

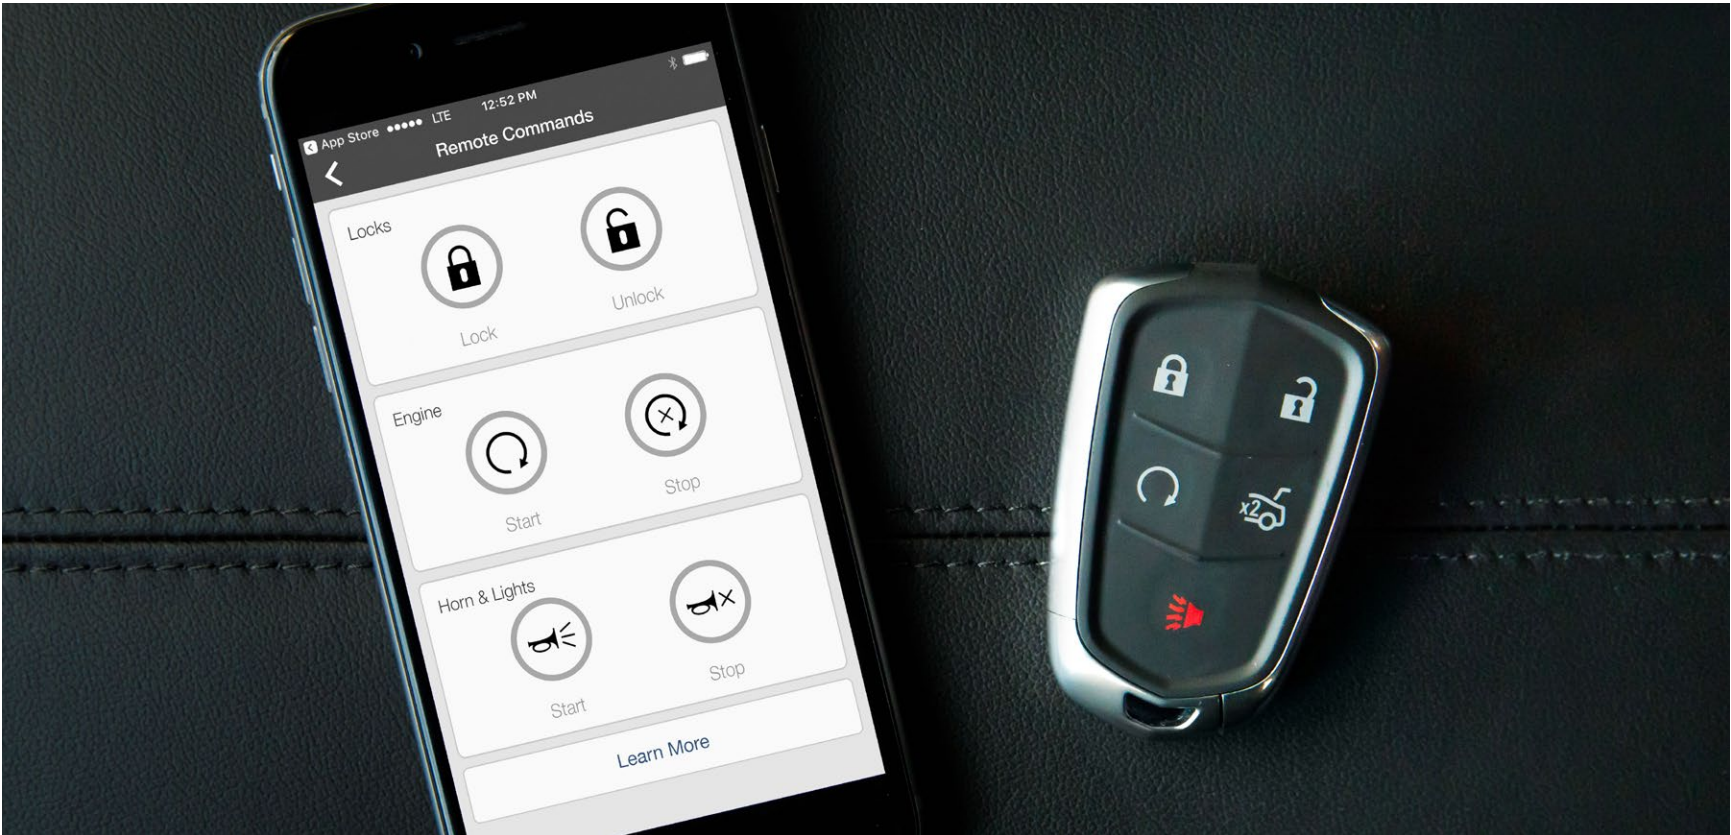

A HIGHER LOOK AT WHAT SURROUNDS

Available Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness when parking or in Reverse.

STRONG ENOUGH TO CRUMPLE

The ultra-high-strength steel safety cage features strategically placed crumple zones that absorb and manage the energy from a collision, helping preserve occupant space.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

4G LTE

CADILLAC AVAILABLE
WI-FI® CONNECTION¹

7

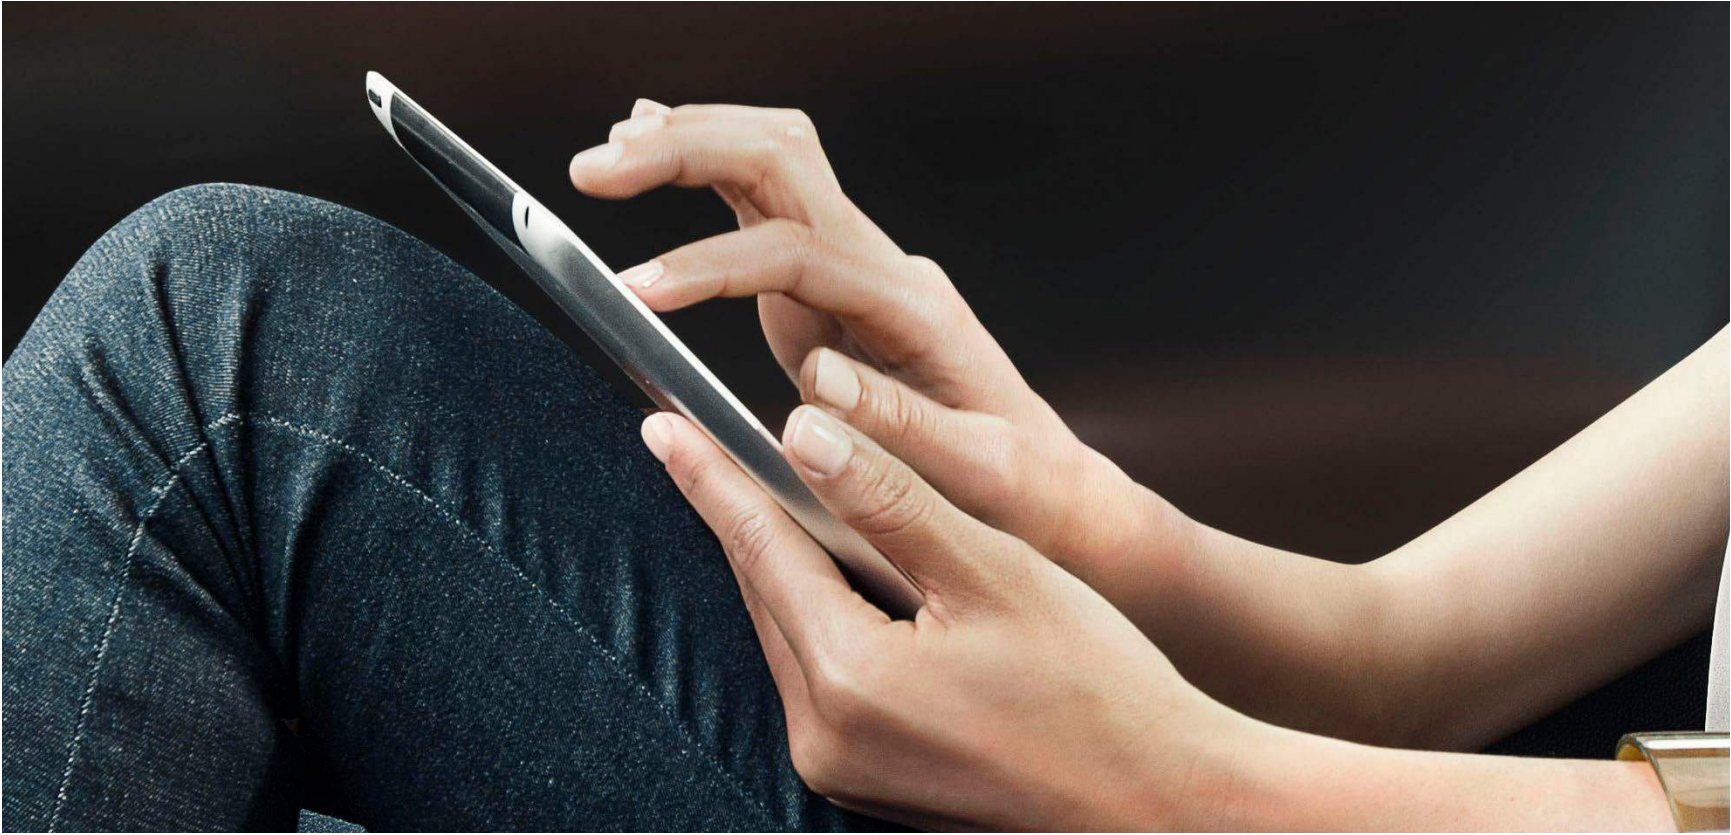

UP TO SEVEN
CONNECTED DEVICES

Connectivity is key. You'll find innovations throughout the vehicle that keep you, your world and your vehicle fully integrated. Take for instance Adaptive Remote Start. Designed within your key fob, it engages the engine from up to 65 yards away and can sense the outside temperature to heat your steering wheel, if equipped, and activate the rear-window defogger when needed.

Or with the available myCadillac mobile app² and a paid subscription, you can lock and unlock, remote-start and get select vehicle information from anywhere you have cellular reception.

The Cadillac user experience³ enables a suite of information and entertainment offerings, including different user profiles for different drivers. It will save your personal settings when it comes to climate, audio, vehicle settings and available 3D GPS Navigation,⁴ all at your command. Plus, it offers connected Apps, where you will be able to select and install a range of apps from music to audiobooks to weather. (Data plan rates apply.)

1. Visit onstar.com for system limitations. Service varies with conditions and location. Requires active OnStar service and data plan. Data plans provided by AT&T.® 2. Requires compatible Apple® or Android™ device and data connection. Remote Services require paid plan. 3. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. 4. Map coverage available in the United States, Puerto Rico and Canada.

Take control with an exhilarating amount of performance options.

Cadillac's available Magnetic Ride Control reads the road up to 1000 times a second, automatically adjusting the suspension to road quality and weather conditions. You will feel highly responsive handling regardless of road conditions. Utilizing lightweight aluminum calipers, Brembo® front brakes offer a host of advantages, including responsive stopping power and fade resistance.

Consider two remarkable power plants. The standard 304-hp, 3.6L V6 engine features direct injection for power and efficiency. The available V-Sport Platinum model is equipped with a 410-hp Twin Turbo V6 engine for exhilarating power, alongside standard AWD for all-weather performance.

Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. **3.** Standard connectivity available only to original purchaser for 10 years. Connected Access services are subject to change. Does not include safety services. See onstar.com for details and plan limitations. **4.** Capabilities vary by model and service plan. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active service, email address on file and enrollment in Vehicle Diagnostics. Not all issues will deliver alerts. On-Demand Diagnostics requires a paid service plan. **5.** Go to my.cadillac.com/learn to find out which phones are compatible with the vehicle. **6.** Not compatible with all devices. **7.** Service varies with conditions and location. Requires active OnStar service and data plan. Data plans provided by AT&T® **8.** The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.cadillac.com/learn or consult your carrier. **9.** A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. **10.** Visit onstar.com for system limitations and details. OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. **11.** Read the vehicle Owner's Manual for important feature limitations and information. **12.** Map coverage available in the United States, Puerto Rico and Canada.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OWNER BENEFITS

Our owners deserve it all. That’s why 2019 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillac.com/ownership/benefits](https://www.cadillac.com/ownership/benefits).

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR AND CADILLAC CONNECTED SERVICES

Connected vehicle services require a paid connected vehicle services plan or trial, connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Effective May 1, 2018, available Cadillac Connected Services have changed significantly. While many of the offered services are the same, available plans and pricing are different. Visit onstar.com for coverage map, details and system limitations.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner’s Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://www.cadillac.com) and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Car Sedan segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.

GMMOBILITY.COM (1-800-323-9935)

GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

NEW-VEHICLE LIMITED WARRANTY

6-YEAR/70,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2019 Cadillac comes with a 6-year/70,000-mile (whichever comes first) transferable Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Cadillac dealer for details.

4-YEAR/50,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Cadillac will warrant each 2019 vehicle from bumper to bumper for 4 years/50,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first; see dealer for details).

HYBRID WARRANTY

In addition to the Bumper-to-Bumper coverage, General Motors will warrant certain Hybrid components for 8 years or 100,000 miles, whichever comes first, from the original in-service date of the vehicle against warrantable repairs to the specific Hybrid components of the vehicle. For Hybrid owners requiring more comprehensive coverage than that provided under this Hybrid warranty, a GM Protection Plan may be available. See your Cadillac dealer for more details.
