MONTE CARLO

1987

You're looking at the two distinct faces of Chevrolet Monte Carlo.

On the one hand there's the Luxury Sport Coupe (LS). Formal, elegant, comfortable. With the intimacy only a two-door coupe can provide.

Then there's Monte Carlo SS. With V8 power. And the agile F41 suspension.

THE MONTE CARLO LS. Here's a vehicle that reflects the quiet glamour of tradition, gracefully blended with contemporary style and technology.

- A 4.3 Liter electronically fuel-injected V6/3-speed automatic power team is standard.
- Luxurious standard cloth interior offers seating for six.
- Composite headlamps and rear bumper, tail lamps and fascia look both elegant and contemporary.
- As a road car, the smooth ride and responsive performance of LS rival those of luxury cars.

THE MONTE CARLO SS. Fast-looking and fast-acting—that's the essence of Monte Carlo Super Sport.

- 5.0 Liter High Output V8/4-speed automatic overdrive power team is standard.
- Standard seating for six.
- F41 Sport Suspension, front stabilizer bar and gas-pressure shocks help make SS deft in the handling department.
- Styling details include distinctive striping in Red, Gold or Gray that tells the world this is Monte Carlo SS.

MONTE CARLO FUNDAMENTALS.

Despite their exterior differences, both Monte Carlos have a lot in common under the skin.

- Rear drive.
- Ample dimensions.
- Full-perimeter frame with 14-cushion body mounting system.
- Full Coil suspension.

■ Power steering.

■ Power front disc/rear drum brakes.

No matter which Monte Carlo fulfills your personal transportation requirements, it's nice to know you have such an inspired choice.

MONTE CARLO LS

Welcome to a study in refinement, the Monte Carlo Luxury Sport (LS). A well-tailored, personal car. One that delivers a balance between superior comfort, good ride and excellent road isolation. But there's more. Because built into Monte Carlo LS is also the ability to round a corner, accelerate quickly and maintain poise over the real world's less-than-perfect roads.

THE POWER TEAMS. Moving Monte Carlo LS through virtually any situation are:

- A 4.3 Liter electronically fuel-injected V6 engine, standard.
- Additional power provided by the optional 5.0 Liter V8.

- Or choose an optional 4-speed automatic with overdrive.

THE ROAD MANNERS. Delivering Monte Carlo's graceful poise and smooth ride, you'll find:

- Power steering.
- Power front disc/rear drum brakes.

- A full-perimeter frame with 14 cushioning body mounts.
- P195/75R-14 all-season steel-belted radials.
- Front stabilizer bar.

- Four-link coil springs in the rear.

THE STYLING. And like everything else about this vehicle, the LS appearance lives up to its name.

- Smooth, sculpted lines combine aerodynamic insights with classic styling.
- The fine mesh grille and composite halogen headlamps are as contemporary as today.
- Wide lower body side moldings accent the sweep of the sheet metal as they protect the finish.
- Bright moldings are classic and elegant.
- The broad rear deck opens to reveal a generous 16.2-cu.-ft. trunk.

But that's just half the story on Monte Carlo. Turn the page to discover the delights awaiting you inside.
