Beretta is one of America's most affordable coupes.

It features both a driver-side air bag and a four-wheel

anti-lock brake system (ABS) among its many

standard safety features. And Beretta is covered by

a comprehensive, no-deductible bumper-to-bumper limited

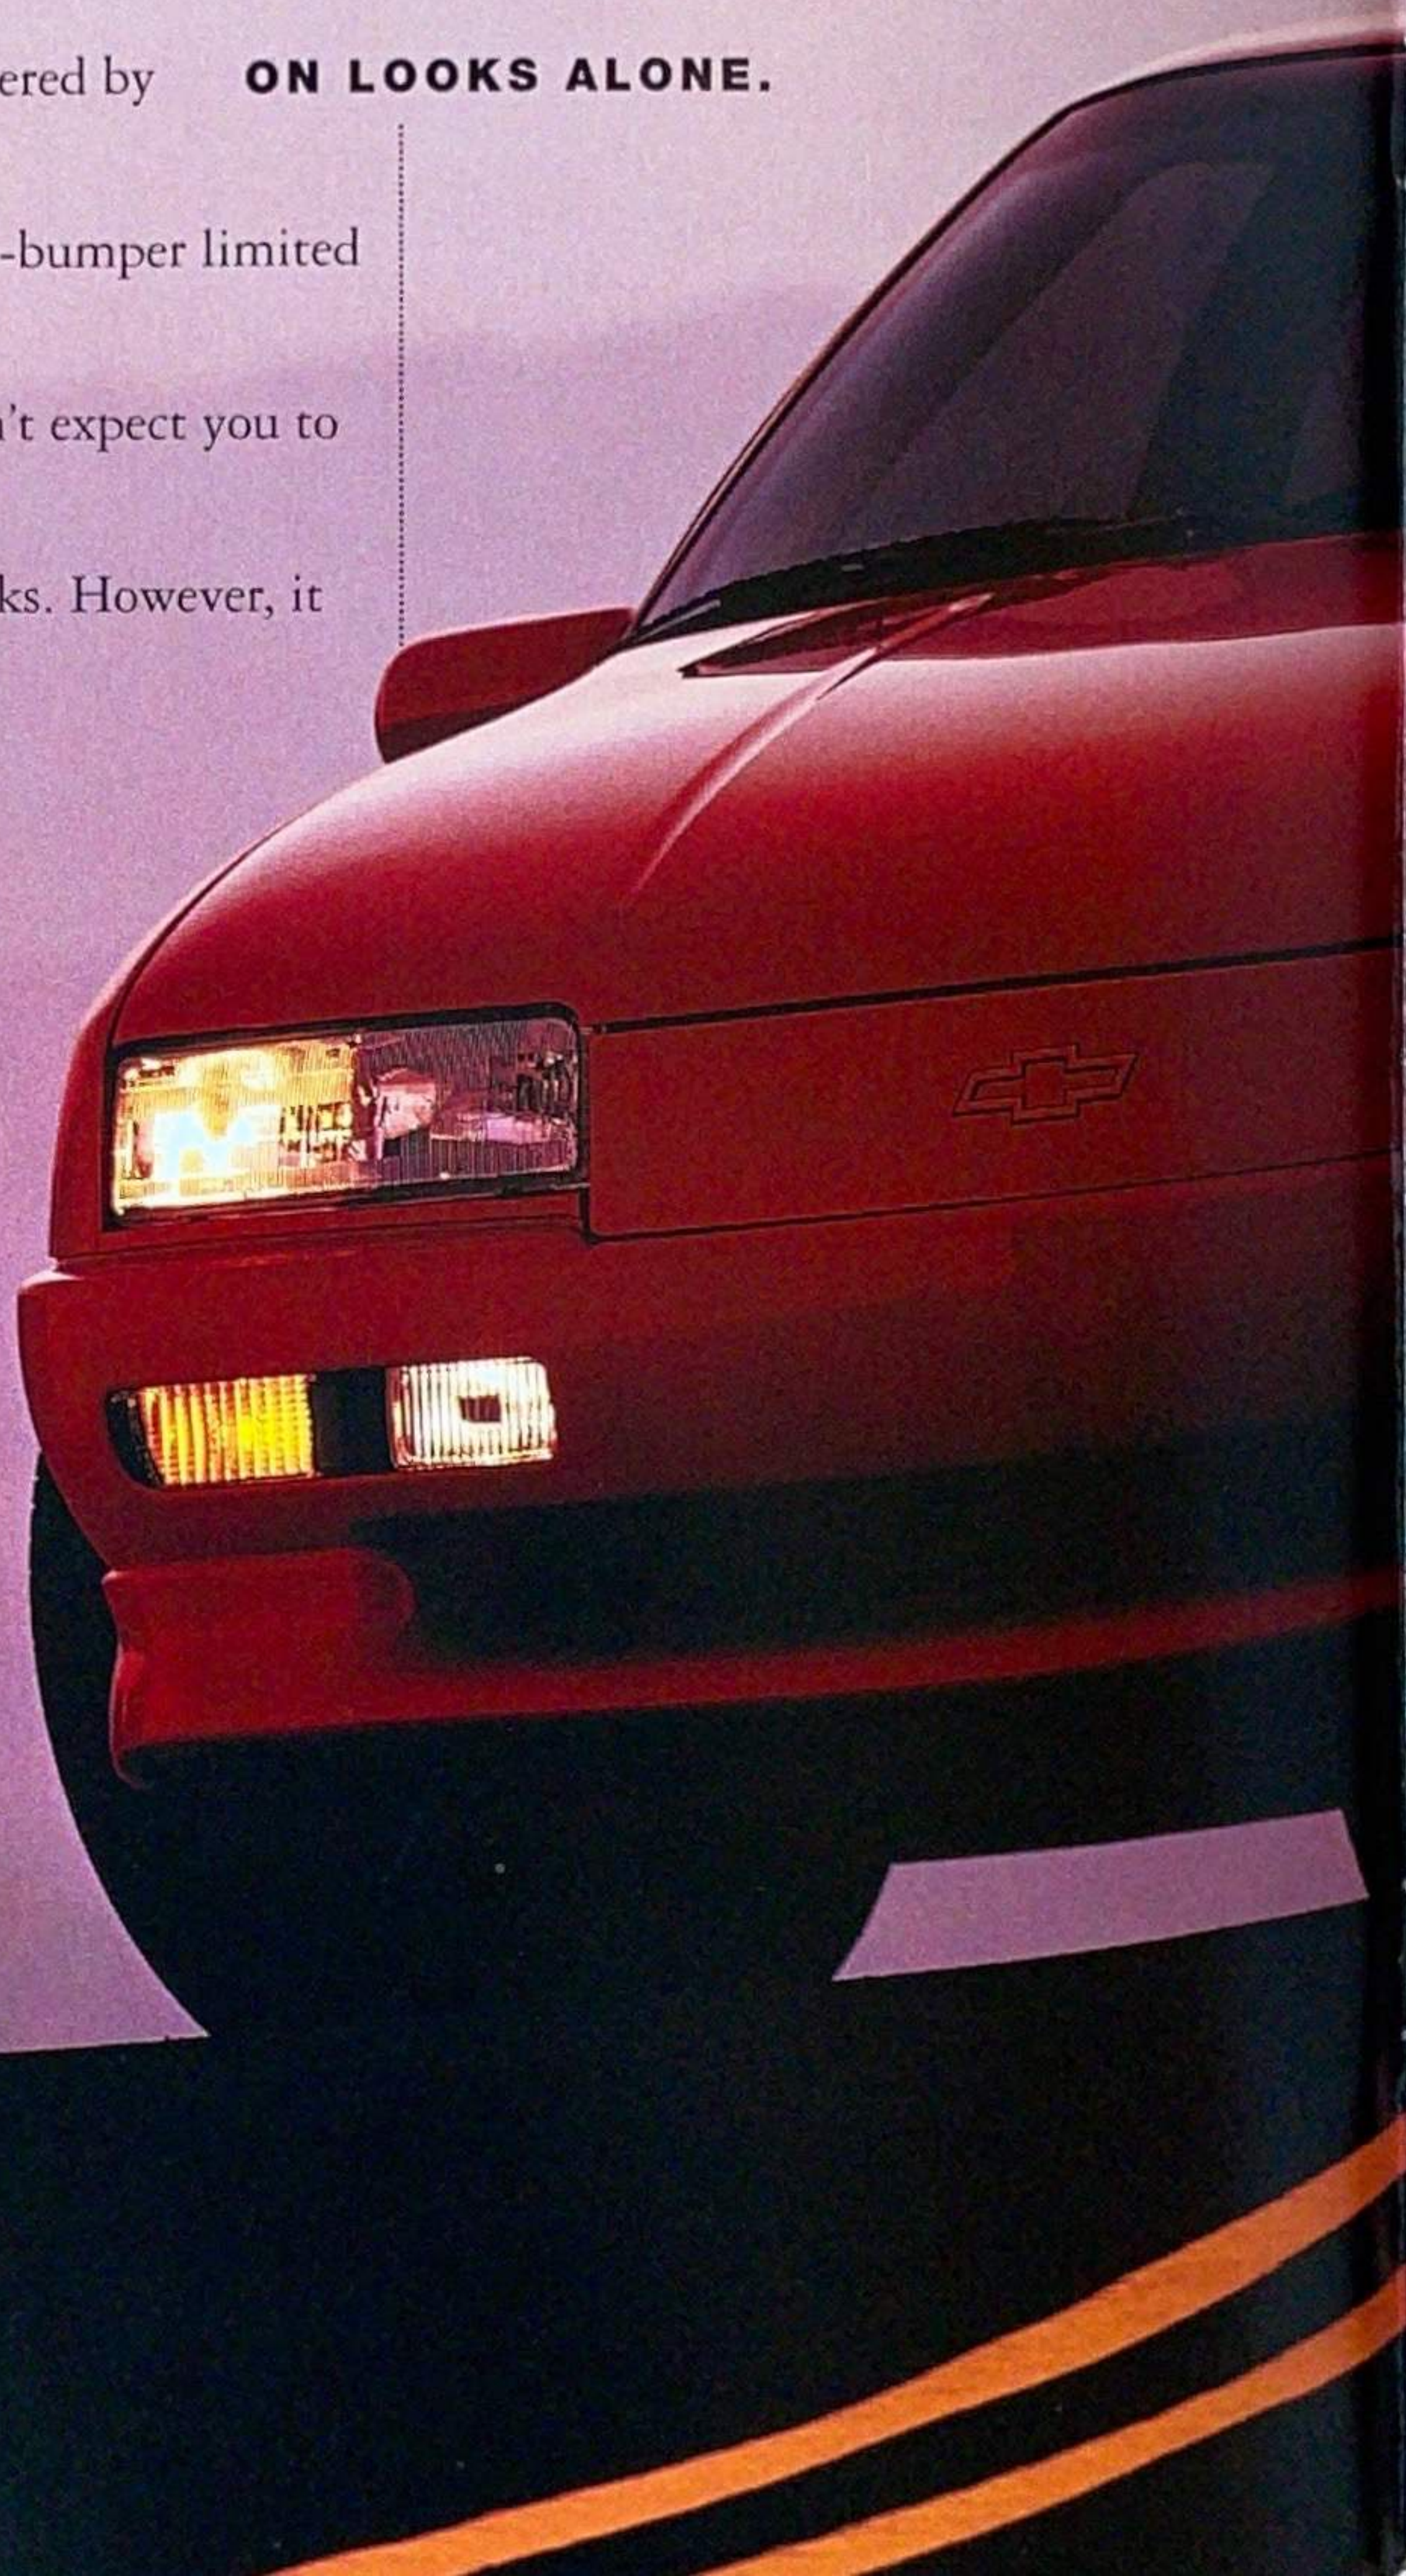

warranty. With all this going for it, we don't expect you to

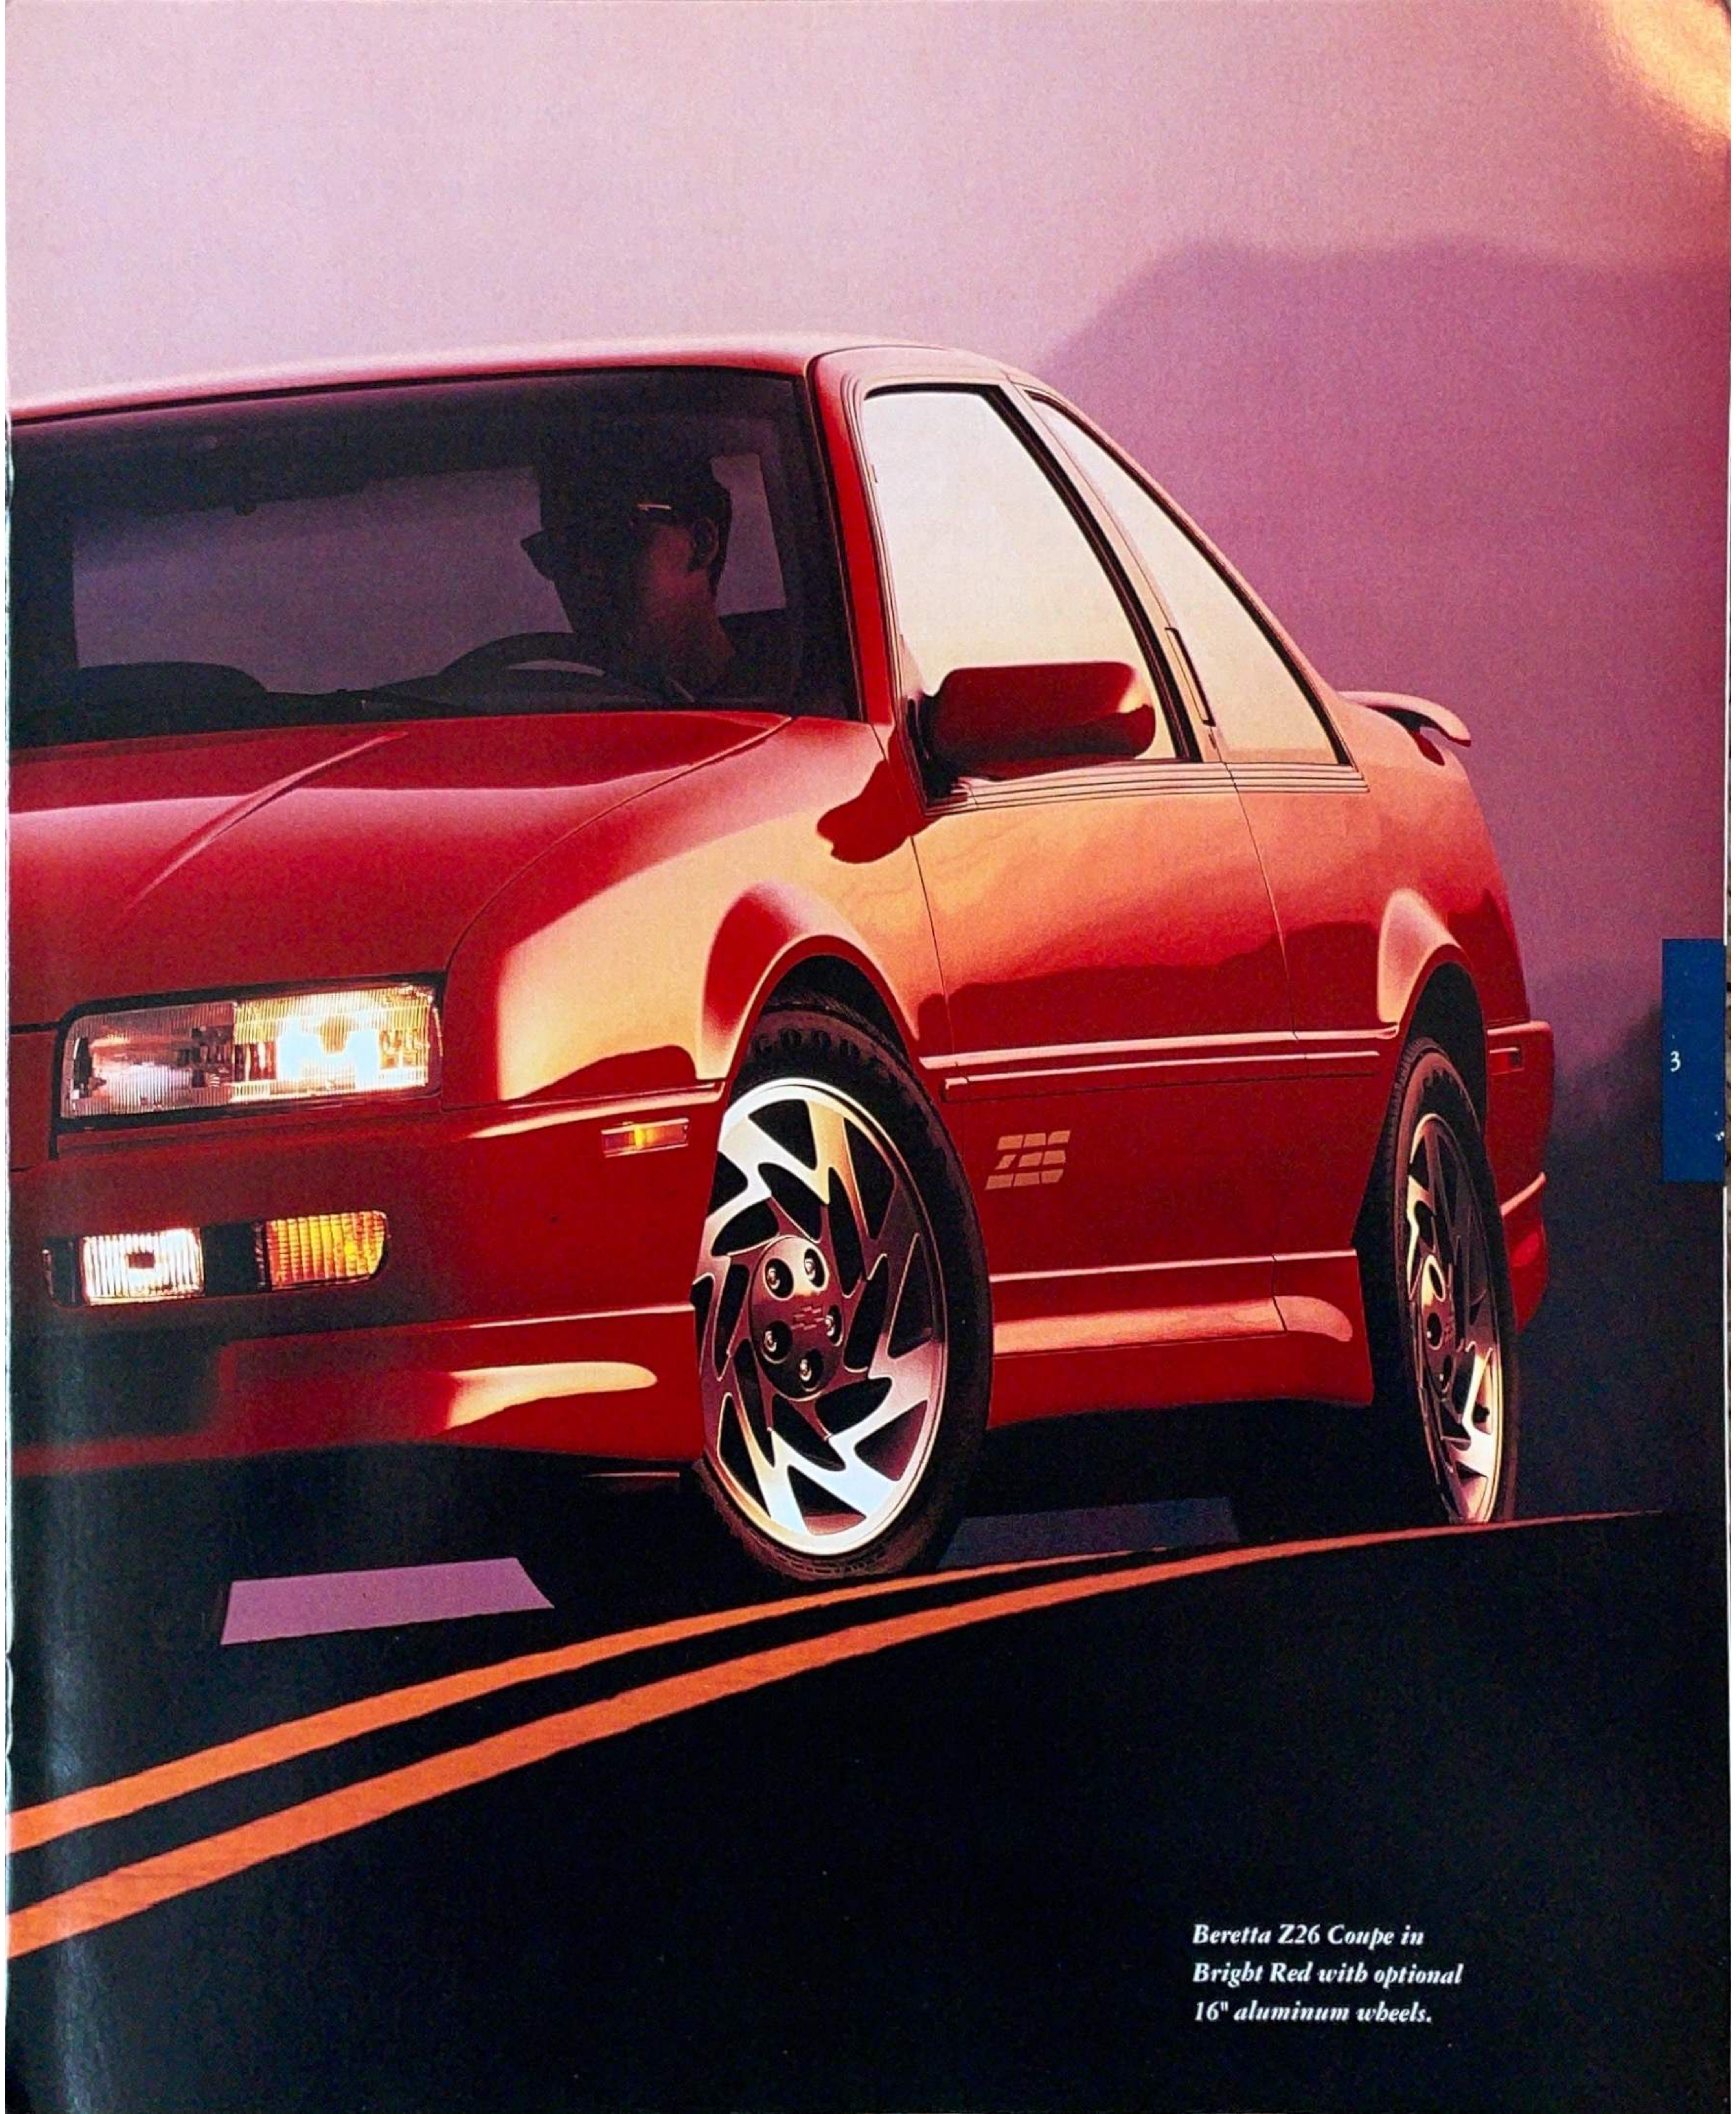

buy a Beretta just because of the way it looks. However, it

does make an awfully tempting argument.

THIS CAR COULD GET BY

ON LOOKS ALONE.

*Beretta Z26 Coupe in
Bright Red with optional
16" aluminum wheels.*

High-Output Quad 4 Engine

Enthusiasts will appreciate the performance of Beretta Z26's standard 170-hp Quad 4 engine. Features include four valves per cylinder and a dual overhead camshaft design for excellent response through a wide rpm range.

A Special Note to Parents

The 1994 Beretta is equipped with rear-seat safety-belt comfort guides. These guides make wearing safety belts more comfortable for children who have outgrown available child restraints.

Impressive Cargo Space

A large 13.5-cu.-ft. trunk adds to the versatility of this 5-passenger coupe. A split-folding rear seat (with trunk pass-through feature) is standard in Beretta Z26 and optional in Beretta Coupe.

24-Hour Roadside Assistance

For as long as you own your 1994 Beretta, the security and convenience of round-the-clock Roadside Assistance is available via a toll-free hot line (1-800-CHEV-USA). Please ask your Chevrolet dealer for more details.

Courtesy Transportation

Customers who purchase or lease a 1994 Beretta will be able to take advantage of Courtesy Transportation at no additional

charge when their vehicles are left

at a participating dealership for repairs

covered under the 3-year/36,000-mile New Vehicle Limited

Warranty. See your participating dealer for details.

THE CHEVROLET CUSTOMER CARE PACKAGE

Bumper to Bumper Warranty

Every new Chevrolet Beretta is backed by an extensive no-deductible, limited warranty for 3 years or 36,000 miles, whichever comes first. See your Chevrolet dealer for terms of this limited warranty.

Base-Coat/Clear-Coat Paint

The 1994 Beretta features clear-coat paint that not only provides a more durable, lustrous finish, but also reduces the severity of water spotting and etching from acid rain.

Two-Side-Galvanized Steel

Excellent corrosion protection is provided by the use of two-side-galvanized steel for all exterior body panels except the roof.

**USE THIS GUIDE
TO "WALK AROUND"
THE 1994 BERETTA.**

Driver-Side Air Bag

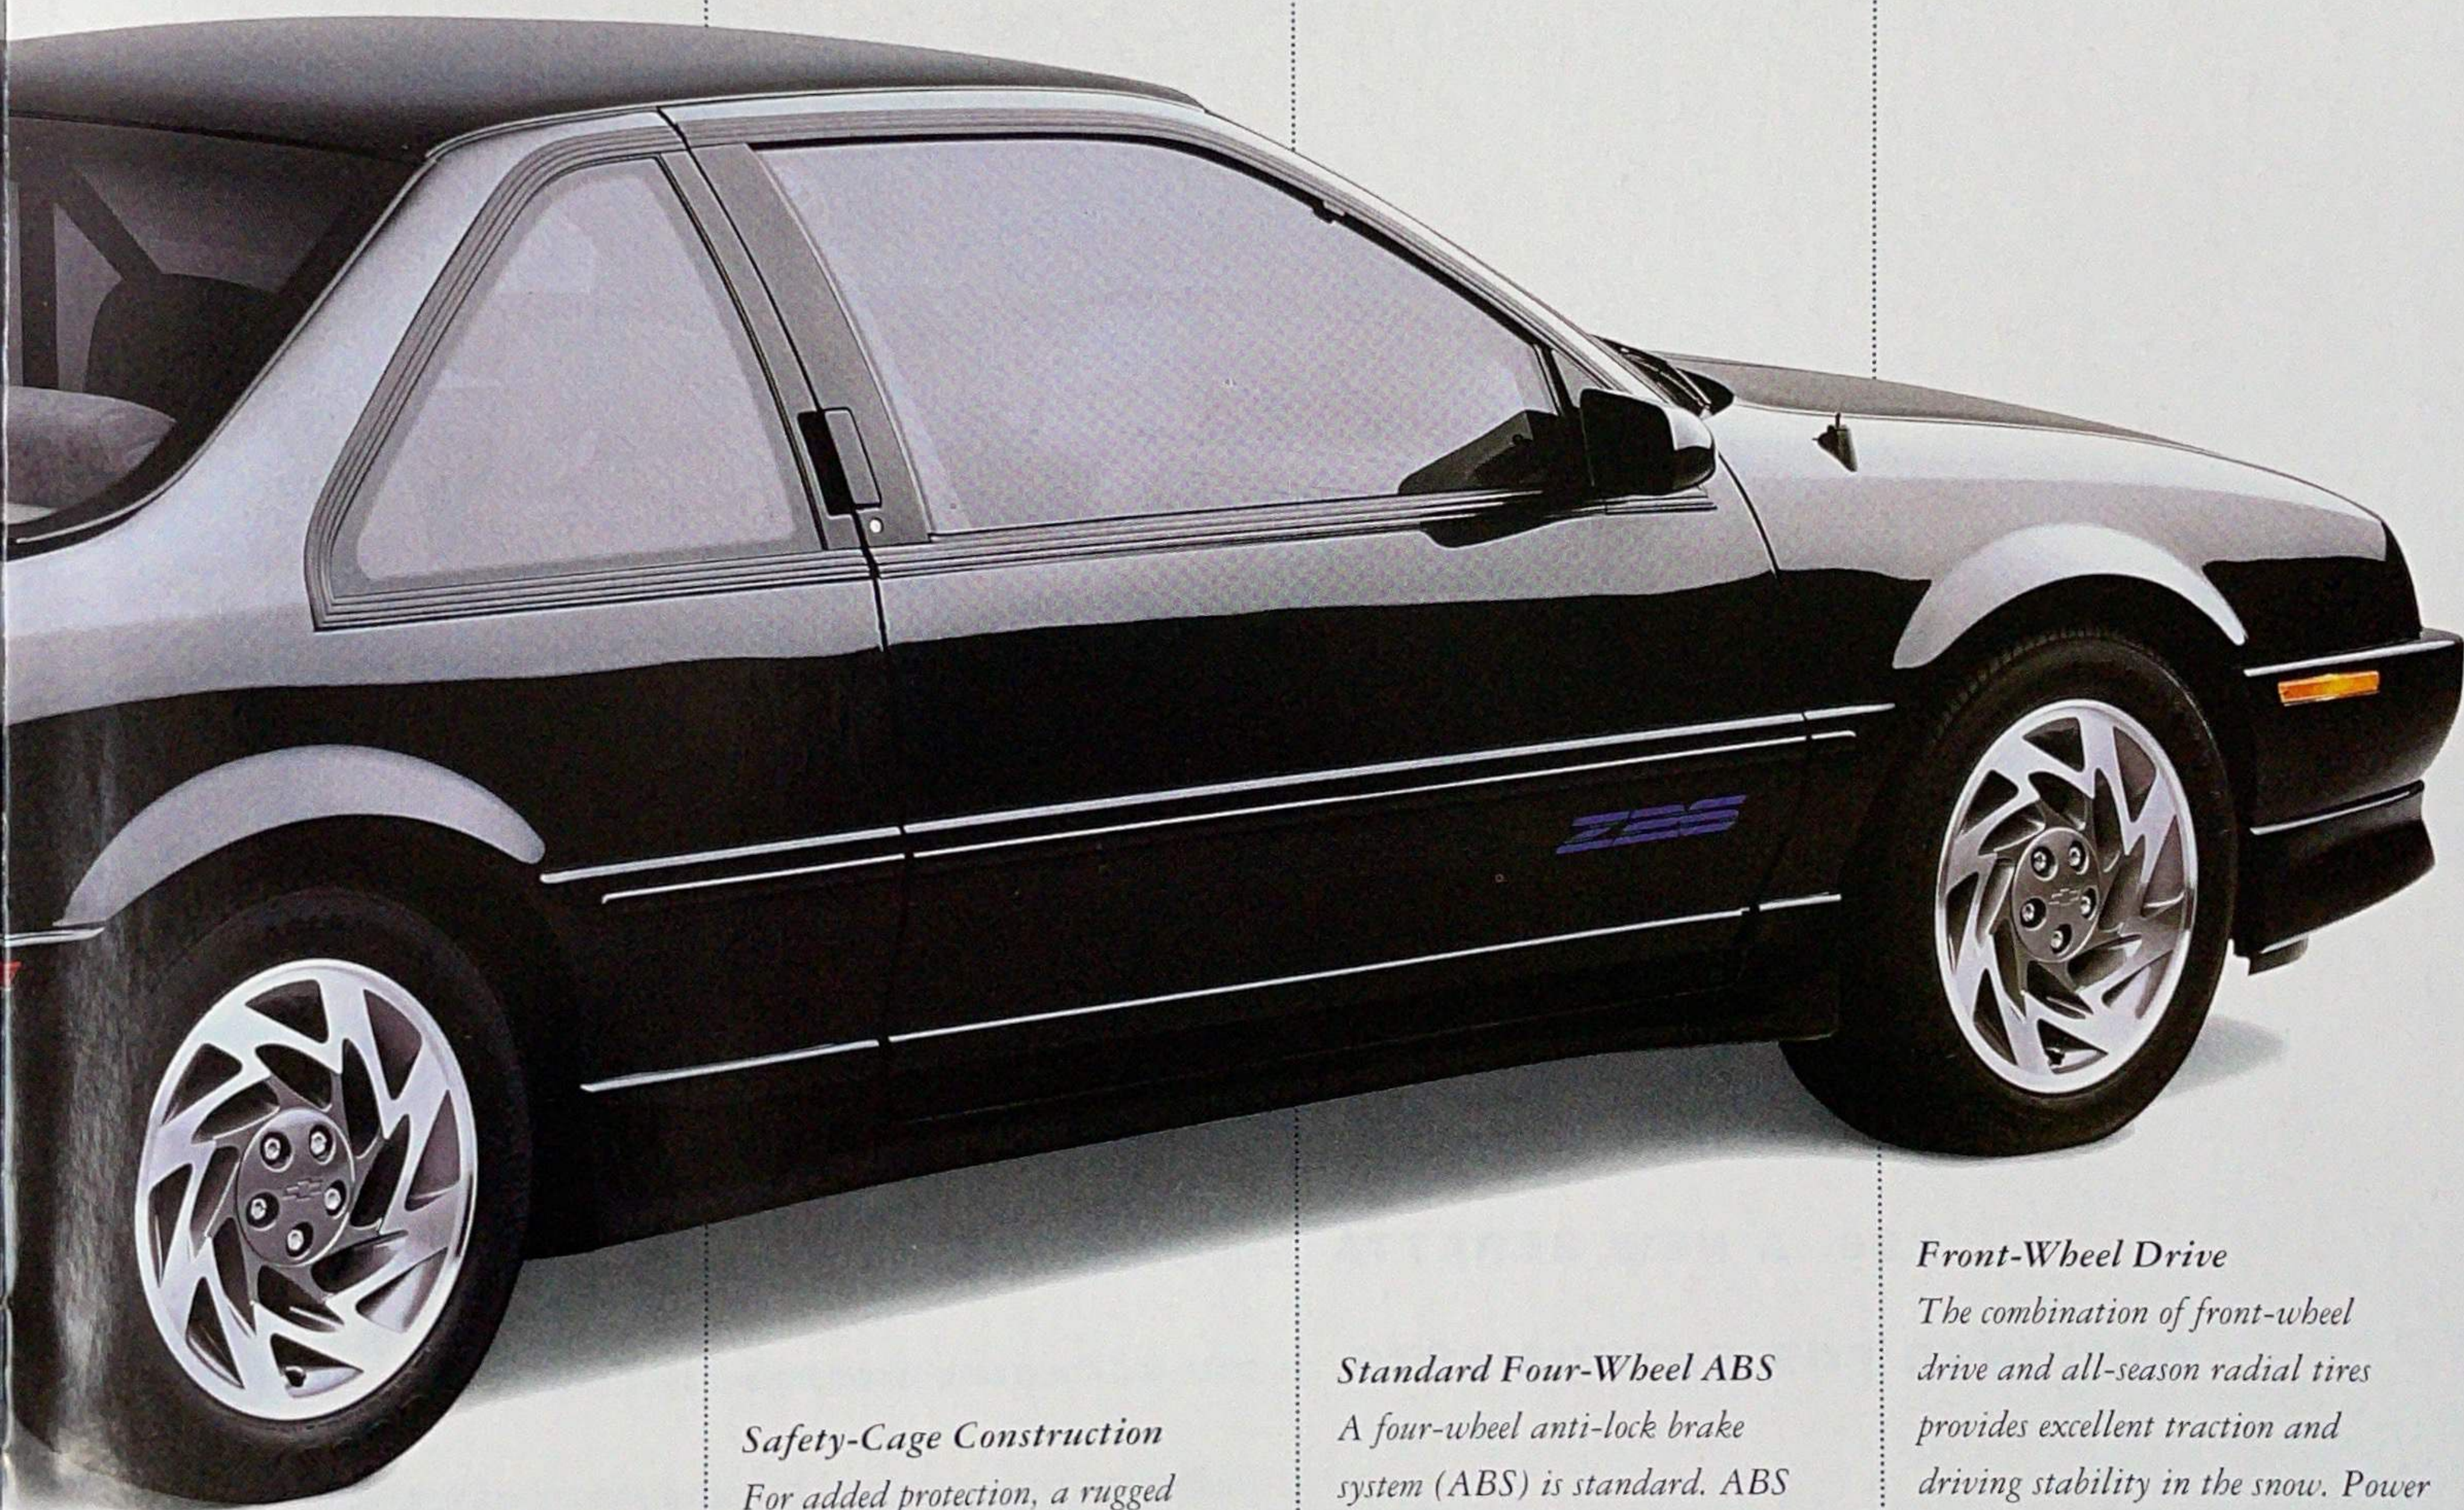

The standard driver-side air bag complements the lap/shoulder safety-belt system by helping to restrain the driver in the event of a moderate to severe frontal impact. Remember to always wear safety belts, even in cars equipped with air bags.

Battery-Saver System

This new-for-1994 GM-developed system automatically shuts off interior lamps, should you forget to do so, after the car has been sitting with the ignition off for 20 minutes. It also cuts power to accessories after 24 days to help alleviate battery rundown problems. Placing the key in the ignition reactivates power.

New 3100 V6 Engine

A new 3100 V6 with Sequential-Port Fuel Injection is optional for 1994. Horsepower is 155 at 5200 rpm. This engine is teamed with a new electronically controlled 4-speed automatic transmission for exceptionally smooth, quiet operation.

Safety-Cage Construction

For added protection, a rugged steel "safety cage" surrounds the passenger compartment of every Beretta. Front and rear crush zones help cushion and absorb the force of impact in a collision.

Standard Four-Wheel ABS

A four-wheel anti-lock brake system (ABS) is standard. ABS reduces wheel lockup during severe braking and is designed to help you maintain steering control even in a panic stop in rain or snow.

Front-Wheel Drive

The combination of front-wheel drive and all-season radial tires provides excellent traction and driving stability in the snow. Power rack-and-pinion steering makes parking and maneuvering easier.

*Beretta Z26 Coupe in
Bright Red with optional
16" aluminum wheels.*

**Z26. A NEW BERETTA
DESIGNED FOR ENTHUSIASTS.**

Introducing a new concept in affordable performance coupes ... the 1994 Beretta Z26. This is Beretta at its very best, with features that include a unique exterior appearance, a sport-styled interior with body-shaped front bucket seats, and the choice of two high-output engines.

Enthusiasts will appreciate the high-revving performance of the Quad 4, which is standard in Beretta Z26. It's a 16-valve, dual overhead camshaft engine serving up 170 horsepower at 6200 rpm. The fuel-injected Quad 4 is available only with a 5-speed manual transmission.

The most powerful V6 ever placed in a Beretta is optional in 1994.

This new 3100 V6 with Sequential-Port Fuel Injection delivers 155 horsepower at 5200 rpm and is teamed with a new electronically controlled 4-speed automatic transmission. The result is the smoothest, strongest V6 Beretta yet.

Other Z26 features include a four-wheel anti-lock braking system (ABS), a specially tuned suspension with quiet-ride 15" touring tires (the 16" aluminum wheels and tires shown above are optional), halogen fog lamps, special lower-body panels and a rear spoiler.

When you first settle into
Beretta Z26, you'll feel the
comfort of a con-
toured driver seat
with adjustable
head restraint and inflatable
lumbar support.

Then you'll notice how
"right" this environment is.
Instrumentation is analog, and
complete. Controls are easy to
reach and easy to understand.
Features include standard air
conditioning with CFC-free
refrigerant, a slide-out cup
holder, and a center console
with integral armrest and
convenient storage area.

**Z26 IS AS WELL-
DESIGNED INSIDE
AS IT IS OUTSIDE.**

*The Z26 interior includes
body-contoured front
bucket seats and a
driver's inflatable
lumbar support.*

*Beretta Coupe in Medium
Adriatic Blue Metallic.*

Where is it written that a highly affordable car has to be dull and basic, low on power, and foreign-made?

BERETTA COUPE. Obviously, the designers of the Beretta Coupe weren't listening to
IT BREAKS THE RULES. whoever made those rules. Because although Beretta looks like an expensive car and is designed like an expensive car, it is really an easy-to-buy and easy-to-own Chevrolet. And it's far from dull.

Standard features include a GM-developed four-wheel anti-lock brake system (ABS VI), a driver-side air bag, air conditioning, power rack-and-pinion steering,

and deep-shining base-coat/clear-coat paint. For 1994, a more powerful 2.2-liter engine with Multi-Port Fuel Injection delivers 120 smooth, quiet horsepower. For even more power, order the optional 155-hp, 3100 V6.

A true quality car is one that stands the test of time. Beretta will. All body panels except the roof are rust-resistant, two-side-galvanized steel. The zinc coating on this special steel actually eliminates surface rust on the outside due to minor chips or scratches. In addition, the exhaust system is stainless steel, and the engine ignition system is designed to never need timing adjustment.

The standard slide-out cup holder is designed to accommodate two large soft-drink cups or 12-ounce cans.

The 5-passenger Beretta is

one of the roomiest

coupes in its price

range. And in a

Beretta, you are

surrounded by comfort and

designed-in convenience.

Driving is made easy, too, thanks to power rack-and-pinion steering, easy-to-read analog gauges, and great visibility all around. Appointments include a Delco AM/FM stereo with digital clock, door map pockets, a headlamps-on reminder tone, and tinted glass for all windows.

Scotchgard™ Protector, on seat fabrics, door trim, floor carpeting and floor mats is standard, for stain resistance and easy cleanup.

BERETTA SAFETY FEATURES

Occupant Protection

- Supplemental Inflatable Restraint: automatic lap/shoulder safety belts, driver and right-front passenger, and driver air bag
- Manual lap safety belt, center rear-seat position
- Manual lap/shoulder safety belts, outboard rear-seat positions
- Energy-absorbing steering column
- Energy-absorbing instrument panel
- Interlocking door latches
- Folding front-seat locks, inertia-type
- Safety armrests
- Breakaway inside rearview mirror
- Security door locks and door-retention components
- Laminated windshield glass, urethane-bonded
- Head restraints, front, adjustable
- Side-guard door beams
- Passenger-guard inside door-lock handles
- Front and rear crush zones
- Automatic door-locking system.

Accident Avoidance

- Side-marker lamps and reflectors
- Parking lamps
- Four-way hazard-warning flashers
- Backup lamps
- Directional signal control
- Windshield defrosters, washers and multi-speed wipers
- Inside day/night rearview mirror
- Outside rearview mirrors
- Brake system with dual master cylinders plus warning light
- Center high-mounted stop lamp
- Starter safety switch
- Dual-action hood latch
- Low-glare finish (inside windshield moldings, wiper arms and blades, metallic steering wheel surfaces)
- Illuminated heater and defroster controls
- Illuminated windshield wiper and washer controls
- Tires with built-in tread-wear indicators
- Audible disc brake lining-wear indicators
- Anti-lock brakes
- Brake/transmission shift interlock (automatic transmission).

Theft Deterrence

- Visible vehicle identification number
- Laser-etched VIN plate
- Theft-deterrent steering column
- Remote inside hood release.

THE CHEVROLET CUSTOMER CARE PACKAGE

Bumper to Bumper Warranty. The GM 3-year/36,000-mile (whichever comes first) limited warranty covers repairs for all 1994 Berettas, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. Warranty features include air conditioning repair, towing, no-cost warranty transfer, 6-year/100,000-mile (whichever comes first) body sheet-metal rust-through protection and 5-year/50,000-mile (whichever comes first) emissions control system coverage. Items not covered by the warranty include tires (which are covered by their manufacturer) and normal maintenance. See your Chevrolet dealer for terms of this limited warranty.

Courtesy Transportation. Customers who purchase or lease a 1994 Beretta will be able to take advantage of Courtesy Transportation at no additional charge when their vehicles are left at a participating dealership for repairs covered under the 3-year/36,000-mile New Vehicle Limited Warranty. See your participating dealer for details.

24-Hour Roadside Assistance. For as long as you own your 1994 Beretta, the security and convenience of round-the-clock Roadside Assistance is available via a toll-free hot line (1-800-CHEV-USA). Your call will be answered by a Roadside Assistance phone advisor trained by Chevrolet. You will be placed in contact with a nearby service center, and assistance with towing and other helpful services will be arranged. Please ask your Chevrolet dealer for more details.

ADDITIONAL INFORMATION

Customer Assistance. The Chevrolet Customer Assistance Center (CAC) has a special toll-free number (1-800-222-1020). It puts you in contact with Chevrolet experts who can handle any product/service question or problem you may have.

GM Protection Plan. The available GM Protection Plan offers service protection in addition to that provided by GM's new-vehicle limited warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.

A Word About Engines. Chevrolet vehicles are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

A Word About Corrosion Protection. Chevrolet vehicles are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years/100,000 miles. Application of additional rust-inhibiting materials is not required under the corrosion coverage. See your Chevrolet dealer for terms of this limited warranty.

A Word About Assembly. Chevrolet vehicles are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolet vehicles incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolet vehicles and will provide the quality performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

A Word About Updated Service Information. Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.

IMPORTANT: A Word About This Catalog. We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.
