FOR THOSE WHO'D RATHER NOT DRIVE IN A CUBICLE.

No matter which of the three Colorado cabs you choose – **REGULAR, EXTENDED OR CREW CAB** – you'll be in an environment built for work and comfort. Colorado Crew Cab has **MORE FRONT- AND REAR-SEAT LEGROOM THAN TOYOTA TACOMA DOUBLE CAB**. On Crew Cab models, upgrade your Colorado with available heated, leather-appointed front bucket seats with available eight-way driver and six-way front passenger power seat adjusters. In addition, Colorado can keep your mind at ease. Standard safety features on Colorado include the **STABILITRAK** Electronic Stability Control System (with Traction Control), **ONSTAR**¹ with the Safe & Sound Plan (standard for the first year), four-wheel antilock brakes, Daytime Running Lamps and **HEAD-CURTAIN SIDE-IMPACT AIR BAGS**.²

The StabiliTrak Electronic Stability Control System helps you stay the course by detecting the difference between the steering wheel angle and the direction the vehicle is actually turning. Then it uses the brakes and, if necessary, adjusts engine torque to help you keep your vehicle on track.
