

2013

MALIBU

Seven billion people. One road.

Movement is the universal language of personal freedom. Our founder Louis Chevrolet spoke it fluently. As a Swiss immigrant, he came to America with a dream of racing cars. He wished for everyone — not just the rich or entitled — to experience the exhilaration he felt behind the wheel.

In 1911, he began building his first car. One hundred years later, a new Chevrolet is sold every 6.6 seconds. That amounts to 4.76 million vehicles in more than 140 countries — more than Louis Chevrolet could ever have imagined.

The depth of our heritage and passion is evident in everything we do here at Chevrolet. It's ingrained in the bold design, spirited performance, proven durability and exceptional value our drivers enjoy. It empowers us to be leaders in innovation. And it inspires us to continuously raise the bar — today, tomorrow and into what promises to be a bright future.

Currently, we are pioneering new propulsion technologies to meet the demanding energy and environmental needs of a global automotive brand. We're also employing alternative energy sources and investing in fuel-saving technologies to help reduce our carbon footprint with the goal of reducing 8 million metric tons of carbon dioxide emissions over the next few years.

Our global reach is expanding, yet our mission remains the same. We want every customer to feel like family — no matter where you are in the world. And no matter where you're going, we want you to enjoy the ride in a Chevrolet.

From the vision of one to the journey of many, Chevy Runs Deep.

STREAMLINED STYLE

ALL-NEW AERODYNAMIC DESIGN

This is the shape of efficiency. Malibu has a modern, all-new look, with athletic styling cues inspired by Camaro. Malibu is easy on the eyes, but its appearance comes with an agenda: The clean, aero-optimized design works to minimize wind resistance and maximize fuel efficiency.¹ So you can turn a few heads. And take fewer turns at the gas pump.

¹ EPA-estimated MPG city/highway: 2.5L 22/34; 2.4L 25/37. Estimated MPG city/highway: 2.0L 20/30, based on GM testing. Official EPA estimates not yet available for 2.0L.

AERO-SHAPED HEADLAMPS

Available projector-beam headlamps provide enhanced range and brightness. And with a shape that flows smoothly around the bodysides, they also enhance vehicle aerodynamics at highway speeds. Halogen foglamps (shown here) are standard on 2LT, 3LT and LTZ, and are available on Eco models.

THE FLOW OF THE RAISED REAR DECK

The eye-pleasing line that wraps from the Malibu rear quarter panel across the taillamp is all about refinement – and seamless airflow around the car.

SIDE VIEW MIRRORS THAT HELP YOU MOVE FORWARD

Even the mirrors on Malibu have been shaped and tested for optimal aerodynamic performance.

GOOD-LOOKING, HARDWORKING GRILLE

The dual-port grille perfectly complements the wide track and swept-back headlamps. But it also houses hidden passive blockers to reduce wind resistance.

Malibu Eco interior shown in Cocoa/Light Neutral with available features.

AMBIENT LIGHTING TO BRIGHTEN YOUR MOOD

Malibu keeps it light with the just-right illumination from the ice-blue ambient lighting on the instrument panel and doors. Standard on LT, LTZ and Eco.

REAR VISION CAMERA FOR BETTER BACKUPS

This is what it's like to have eyes in the back of your head. When traveling in reverse at low speeds, the available rear vision camera provides a real-time picture on the available touch-screen display of the area immediately behind Malibu.

BEHIND-SCREEN, BEHIND-THE-SCENES STORAGE

Tuck away smaller items like a phone, MP3 player or sunglasses in the hidden storage area behind the available 7-inch diagonal color touch-screen.

POWER-SLIDING SUNROOF — ENJOY THE VIEW

The available power-sliding sunroof lets you add the sun, or even the moon and stars, to every drive.

Malibu LTZ interior shown in available Jet Black/Brownstone.

CHEVROLET MYLINK – IT'S ALL YOURS

Your music. Your phone. Even how you access them. You can choose from screen, voice, center-stack or steering wheel-mounted controls. Standard on LT, LTZ and Eco models, Chevrolet MyLink¹ helps bring it all together. Get instant access to a world of music, whether it's from your smartphone or music-loaded USB device. Integrate your compatible smartphone to stream Pandora[®] Internet Radio and Stitcher SmartRadio.² Keep your music organized with Gracenote[®]. Enjoy hands-free calling – the contacts from your compatible smartphone can be fully integrated. Use convenient voice commands or buttons to make and receive calls, and view your contacts and recent calls on the touch-screen.

AT YOUR SERVICE: THE NAVIGATION STATION

All Malibu models come standard with OnStar^{®3} Turn-by-Turn Navigation for six months. Simply push the blue OnStar button and get voice-guided and visual directions through the Driver Information Center. If you opt for Chevrolet MyLink⁴, directions are displayed on the 7-inch diagonal color touch-screen. Take it one step further with available Chevrolet MyLink Radio with Navigation, which adds full-color 2-D/3-D maps, points of interest and real-time traffic updates through a 3-month trial of SiriusXM NavTraffic.⁴

KEYLESS ACCESS WITH PUSH-BUTTON START

There's no need to hunt for your key fob in your purse or pocket – simply touch the door handle and Malibu will unlock. And then as long as your key fob is inside the car, you can start the engine with the push of a button. Available on LTZ.

STAY CONNECTED WITH EASE

Connect your iPod^{®5} MP3 player or music-loaded flash drive to the available USB port⁶ in the center console – a small feature that helps you enjoy personalized listening. You may even choose to step up your audio experience with the available Pioneer[®] premium sound system. Available on 2LT, 3LT, LTZ and Eco models.

MOBILE APPS FOR ADDED CONVENIENCE

Thanks to the myChevrolet⁷ and OnStar RemoteLink^{™8} apps, you can use your smartphone to remotely start your Malibu,⁹ check diagnostics, contact roadside assistance and even schedule routine maintenance at your dealership.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ² Data plan rates apply. ³ Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. ⁴ If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. XM satellite service is available only in the 48 contiguous United States and Washington, D.C. ⁵ iPhone and iPod are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc. ⁶ Not compatible with all devices. ⁷ Requires iPhone or Android platform. ⁸ Available on select iPhone, Android and BlackBerry devices. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription, which is standard for six months. ⁹ Requires available remote start.

Malibu LTZ shown in
Silver Ice Metallic.

POWERFUL CHOICES

Malibu lets you choose from three powerful, fuel-efficient¹ engines. All three engines feature the engineering advancements of Direct Injection and Variable Valve Timing. Direct Injection helps provide more complete combustion of fuel, which improves economy and power, and helps lower emissions. Variable Valve Timing consistently boosts power by providing near-peak torque over a wider rpm range. So no matter which 4-cylinder engine you choose, you'll feel the power of great fuel economy!

ENHANCED ECOTEC® 2.4L ENGINE WITH eASSIST

This 4-cylinder powerhouse of efficiency in Malibu Eco boasts 182 horsepower and 25 MPG city/37 highway.² This engine also comes with eAssist technology, which adds a 115-volt lithium-ion battery and motor-generator unit. It all works together to achieve greater fuel efficiency for you.

ALL-NEW ECOTEC 2.5L ENGINE

This state-of-the-art 4-cylinder is one of the most refined and efficient engines available today, yet it still packs a 197-horsepower punch. Its economical 22 MPG city/34 highway² makes for an even more enjoyable drive.

ALL-NEW ECOTEC 2.0L TURBOCHARGED ENGINE

The exhilaration of V6 power, packed into a fuel-efficient 4-cylinder. This available turbocharged engine's³ 259 horsepower and 260 lb.-ft. of torque deliver fun without extra fill-ups, thanks to an estimated 20 MPG city/30 highway.⁴

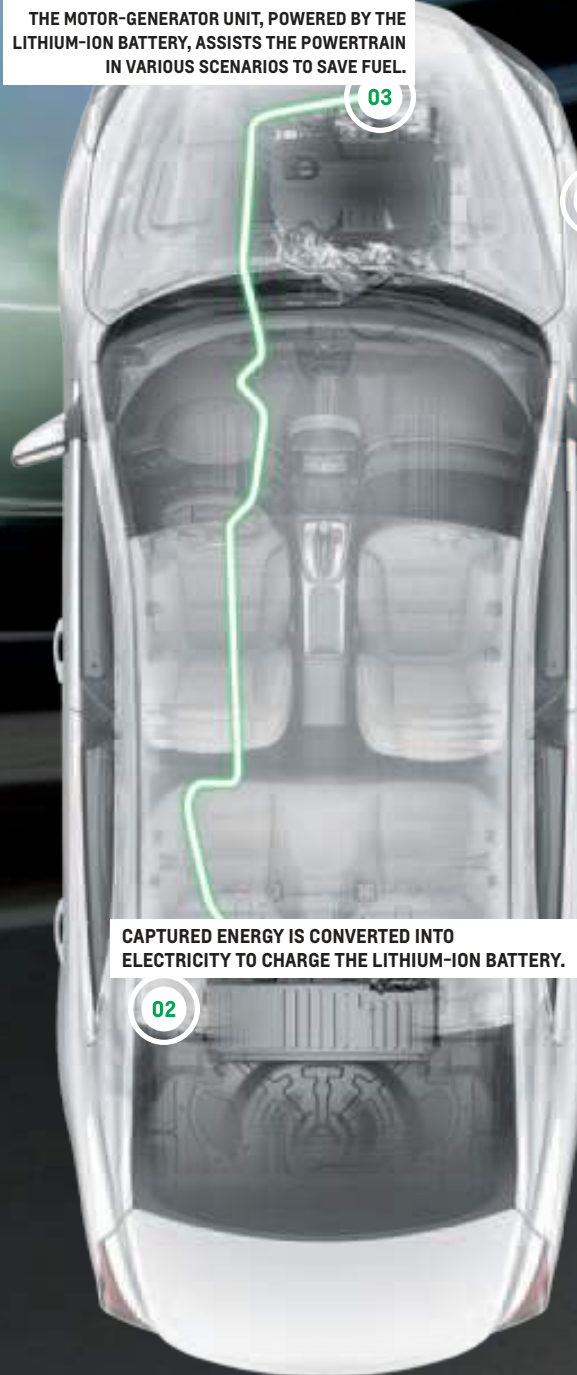

6-SPEED AUTOMATIC

A 6-speed automatic transmission is standard on every Malibu. Feel like shifting gears? The Driver Shift Control feature allows you to shift gears manually.

¹ EPA-estimated MPG city/highway: 2.5L 22/34; 2.4L 25/37. Estimated MPG city/highway: 2.0L 20/30, based on GM testing. Official EPA estimates not yet available for 2.0L. ² EPA estimated. ³ Available Fall 2012.

⁴ Estimates based on GM testing. Official EPA estimates not yet available.

THE MOTOR-GENERATOR UNIT, POWERED BY THE LITHIUM-ION BATTERY, ASSISTS THE POWERTRAIN IN VARIOUS SCENARIOS TO SAVE FUEL.

03

01 eASSIST CAPTURES ENERGY DURING DECELERATION.

01

STATE-OF-THE-ART HEART

Malibu Eco features eAssist, an innovative technology created to help increase fuel efficiency! By adding a 115-volt lithium-ion battery and replacing the traditional alternator with a 15-kW motor-generator unit, Malibu Eco is able to pump out an EPA-estimated 25 MPG city/37 highway.

HOW IT WORKS: USE YOUR MOMENTUM AND DON'T WASTE FUEL

eAssist works to first capture energy, then release that energy to assist the powertrain – and help save fuel:

- Regenerative braking captures energy normally lost during braking or when coasting off-throttle and converts it into electricity to charge the lithium-ion battery
- When slowing down, the fuel is cut off and the motor-generator unit continues to spin along with the engine. This provides smooth take-off power when you want to speed up again
- The engine automatically shuts off when the car is stopped, while the lithium-ion battery continues to power amenities such as climate control and infotainment systems. When you release the brake pedal, restarting is immediate and seamless
- Electric power stored in the lithium-ion battery delivers up to 15 horsepower of electric power assistance during heavy acceleration

02 CAPTURED ENERGY IS CONVERTED INTO ELECTRICITY TO CHARGE THE LITHIUM-ION BATTERY.

02

1 EPA-estimated 25 MPG city/37 highway.

Malibu Eco shown in
Atlantis Blue Metallic
with available features.

UP TO 580 HIGHWAY MILES BETWEEN FILL-UPS

With eAssist technology, Malibu Eco is a real super saver. Drive as far as 580 highway miles¹ on a single tank of gas.

QUICK-READ EFFICIENCY GAUGES

Malibu Eco drivers get an instant read on their system status from two full-color, high-resolution screens — one in the gauge cluster and one in the radio display. The Power Flow Display indicates which mode eAssist is in. There's also an Eco gauge that tells you when you're driving in the ideal "green zone." And the Auto Stop indicator in the tachometer shows when the engine is stopped.

DESIGNED WITH FUEL EFFICIENCY IN MIND

In addition to the wind-resistant styling it shares with the rest of the Malibu family, Malibu Eco features aerodynamic underbody panels that help reduce air turbulence. The bold Malibu Eco grille houses active Aero Grille Shutters that close electronically so air can flow around the car, decreasing wind resistance. The shutters open intuitively, when the engine needs air for cooling, using only electricity. To further increase efficiency, Malibu Eco sports low rolling resistance tires that reduce friction.

¹ Based on EPA-estimated 37 MPG highway and fuel tank capacity. Your range may be less.

POISED PERFORMANCE

If you value the solid, connected-to-the-road feel of a sophisticated sedan, prepare to be impressed by Malibu. This all-new midsize Chevrolet is engineered with premium technologies so every ride feels smooth and planted. And you'll feel confident in virtually every driving situation.

Malibu LTZ shown in
Crystal Red Tintcoat (extra-cost color)
with available features.

PRECISE VARIABLE-EFFORT STEERING

The premium ZF electric rack-and-pinion steering system delivers crisp, responsive handling and excellent on-center feel. A tight steering radius, combined with a variable-effort feature that increases the level of power assistance during low-speed maneuvers, makes city driving a breeze.

STABILITRAK HELPS YOU STAY THE COURSE

Every Malibu is equipped with the StabiliTrak® Electronic Stability Control System to help assist you with directional control of the vehicle in difficult driving conditions. Sensors continually monitor the difference between the path being steered and the direction the vehicle is actually traveling. If StabiliTrak detects a difference, it selectively applies brake pressure to the appropriate wheel to help you get the vehicle back on track.

ALL-NEW INDEPENDENT SUSPENSION

There's a reason Malibu rides and drives like a premium sedan. The fully independent suspension has been tuned and tested on freeways, rural roads and test tracks around the world. A wide stance and stiff structure contribute to the smooth ride and nimble handling.

4-WHEEL ANTILOCK DISC BRAKES

The confidence of a 4-wheel antilock disc brake system is standard on every Malibu. Ventilated front discs help cool the brakes and maintain stopping power. An integrated Brake Assist system is designed to modulate brake pressure in emergency braking situations, to assist the driver in stopping or decreasing vehicle speed.

Malibu LTZ shown in
White Diamond Tricoat (extra-cost color).

CAREFUL CONSIDERATIONS

LANE DEPARTURE WARNING

Malibu engineers not only paid attention to fuel efficiency, design and amenities, they also put a top priority on safety. Available on 2LT, 3LT and LTZ models, Lane Departure Warning chimes in when your Malibu crosses a detected lane (above 35 mph) without you signaling first. An indicator light also flashes in the gauge cluster.

FORWARD COLLISION ALERT

This all-new feature, available on 2LT, 3LT and LTZ models, consists of a camera mounted on the windshield that continuously monitors the proximity of the vehicle driving in front of you. Based on your speed and the distance to the vehicle in front of you, a warning sound and visual indicator alert the driver to help avoid a potential collision.

HONORED AS AN IIHS 2012 TOP SAFETY PICK

A 2012 Top Safety Pick is the highest designation a vehicle can receive from the Insurance Institute for Highway Safety (IIHS). With an intelligent safety package, the 2013 Malibu not only has technologies to help drivers avoid collisions, it also has been engineered to help protect occupants if a collision does occur.

10 STANDARD AIR BAGS¹

Malibu, not including Malibu Eco models built before July 2012, now features dual-stage frontal and knee air bags for driver and front passenger, head-curtain side-impact air bags for front and rear outboard passengers, and front and rear seat-mounted air bags to further help protect outboard passengers.

ONSTAR

The safety of OnStar² is standard for six months and includes Automatic Crash Response. In many crashes, built-in sensors can automatically alert an OnStar Advisor, who is immediately connected into your Malibu to see if you need help. Even if you don't respond, an OnStar Advisor can use GPS technology to pinpoint your exact location and request that emergency help be sent right away.

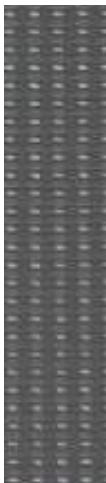

¹ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers.

SELECT VEHICLE FEATURES

MALIBU LS

- ECOTEC 2.5L direct injected 4-cylinder engine
- 6-speed automatic transmission
- 10 air bags¹
- SiriusXM Satellite Radio² with three trial months
- Bluetooth® wireless technology³ for select phones
- Driver Information Center
- OnStar⁴ Directions & Connections Plan for six months
- 2-way power vertical driver and front passenger seat adjusters
- Steering wheel-mounted audio controls
- StabiliTrak Electronic Stability Control System

MALIBU 1LT

- In addition to or replacing LS features, 1LT includes:*
- Chevrolet MyLink⁵ Radio with 7-inch diagonal color touch-screen and behind-screen storage
 - Bluetooth audio streaming³
 - USB port⁶
 - Outside heated power-adjustable body-color mirrors
 - Projector-beam headlamps
 - Front and rear carpeted floor mats
 - Interior ambient lighting
 - Premium Cloth seating with leatherette bolsters

MALIBU ECO

- In addition to or replacing 1LT features, Eco includes:*
- ECOTEC 2.4L direct injected 4-cylinder engine with eAssist technology
 - 10 air bags¹ (not including Eco models built before July 2012)
 - Dual-zone automatic climate control
 - Full-color, high-resolution Driver Information Center
 - Active Aero Grille Shutters
 - 17" lightweight aluminum wheels with low rolling resistance tires
 - Unique Eco tachometer and Eco gauge

¹ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. WARRANTY INFORMATION

100,000-MILE/5-YEAR TRANSFERABLE POWERTRAIN LIMITED WARRANTY. Every 2013 Chevrolet passenger car, light-duty pickup truck, SUV and crossover comes with a 100,000-mile/ 5-year (whichever comes first) transferable Powertrain Limited Warranty. Plus, you get 100,000 miles/5 years (whichever comes first) of the 24/7 Roadside Assistance Program, the Courtesy Transportation Program, and much more. See dealer for details.

NEW VEHICLE LIMITED WARRANTY. GM vehicles registered in the USA are covered for 36,000 miles/ 3 years (whichever comes first). The complete vehicle is covered, including tires, towing to your nearest Chevrolet dealership and cosmetic corrosion resulting from defects. Repairs will be made to correct any vehicle defect, and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 100,000 miles/6 years (whichever comes first). See dealer for details.

CHEVROLET OWNER CENTER (GMOWNERCENTER.COM/CHEVY). Register your vehicle with the Chevrolet Owner Center and receive benefits such as online access to your vehicle Owner's Manual, maintenance schedule reminders, service history tracking, warranty and service information, safety information, special offers and privileges, and news and events.

IMPORTANT INFORMATION

ENGINES. Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY. Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the

model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Car Sedan segment and latest available competitive information. Excludes other GM vehicles.

SPARE TIRE INFORMATION. There is no standard jack or spare tire in the 2013 Chevrolet Malibu. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a one-quarter-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than one-quarter inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

FLEET ORDERS. Some standard content may be deleted on fleet orders. See dealer for details.

CHEVY.COM. Offers shopping tools such as Chevy vehicle information, Build and Price, Find a Vehicle, Request Info, Email Sign-Up, Compare Vehicles, Financial Tools ... and much more.

OWNER SERVICES. Chevrolet is committed to enhancing the ownership experience through a wide array of programs. For more information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, Chevy Safety, GM Mobility, the Chevrolet Owner Center, marketing and incentives, as well as services for GM Card members, visit chevy.com.

CHEVY.COM/SAFETY. Chevrolet is committed to keeping you and your family safe—from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMMOBILITY.COM (1-800-323-9935). GM Mobility™ offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

GMCARDMEMBERSERVICES.COM. Did you know about the family of reward credit cards that can help you get a great deal on a new GM car, light-duty truck, SUV or crossover? With a GM reward card, you accrue earnings on every credit card purchase to use toward the purchase or lease of an eligible new GM vehicle. With three cards to choose from, you're sure to find one that suits you best.

ECOLOGIC WINDOW LABEL. As part of our Ecologic™ initiative for environmental responsibility, every 2013 Chevrolet vehicle features a new Ecologic window label detailing some of its fuel-saving technologies, responsible manufacturing processes and end-of-life recyclability. Visit chevrolet.com/ecologic for more information.
