CHEVROLET

Equinox Premier in Blue Velvet Metallic
with available features.

MOST DEPENDABLE. LIKE YOU.

We're proud to say Equinox was named "Most Dependable Compact SUV" in 2016 by J.D. Power¹ – an award that owners of our 2013 model helped us earn. And that's just the beginning. With sharp looks and versatility in mind, Equinox is designed to give you the confidence to get things done.

Comfort, flexible space and the latest technology, like available OnStar[®] 4G LTE and built-in Wi-Fi[®] hotspot,² set Equinox apart. Even more comforting? The added peace of mind that comes with available active safety features. It's all the beginning of a bigger story, and it starts right here.

¹ The Chevrolet Equinox received the highest numerical score among compact SUVs in the J.D. Power 2016 U.S. Vehicle Dependability Study, based on responses from 33,560 U.S. original owners of 2013 model-year vehicles after three years of ownership about problems experienced in the past 12 months, surveyed in October–December 2015. Your experiences may vary. Visit jdpower.com. ² Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

FIND NEW ROADS™

EXTERIOR DESIGN

Equinox Premier in Blue Velvet Metallic with available features.

1. AN IMPRESSIVE FIRST IMPRESSION.

The chrome-accented dual-port grille complements a stunning and refined design.

2. SPOKES THAT MAKE A STATEMENT.

18-inch machined-face aluminum wheels come standard on Premier models.

3. BRIGHT THINKING. The halogen projector-beam headlamps and available LED daytime running lamps provide a brilliant way to see and be seen.

INTERIOR DESIGN

Equinox Premier interior in Saddle Up/
Jet Black with available features.

ENHANCED COMFORT ZONE. Perforated leather appointments on Premier add elegance to the interior, while Premium Cloth seats on L, LS and LT models provide a superb level of comfort.

EASY ADJUSTMENTS. Available heated 8-way power-adjustable front seats include lumbar support and vertical height accommodation, making it easy to find the perfect position.

SETTING NEW STANDARDS. Equinox comes with impressive standard features such as a rear vision camera and a 7-inch diagonal color touch-screen.

EQUIPPED FOR EVERYTHING. With 21 storage areas and eight cup holders, there's room for everything. The center console is even large enough to hold a laptop. Plus, there are four convenient 12-volt power outlets for charging up your devices.

1. EXTRA SPACE. EXTRA EASY.

Convenient 60/40 split-folding rear seats create flexible cargo-carrying options for bikes, camping gear, small furniture, giant teddy bears – you name it. Whatever you need to carry, Equinox makes it effortless.

2. SPACE. DESIGNED TO BE UNIVERSAL.

The Multi-Flex® sliding rear seat allows you to customize Equinox to fit your needs. Slide it back to add almost 8 inches of rear leg room or slide it forward for more cargo space.

3. MAXIMIZE YOUR SPACE. Both rear seats easily fold down to create 63.7 cubic feet of maximum cargo space.¹

¹ Cargo and load capacity limited by weight and distribution.

Equinox LT in Siren Red Tintcoat
(extra-cost color) with available features
and dealer-installed accessories.

**PULLS THE WEIGHT.
PUSHES YOU TO DO MORE.**

TOW UP TO 3,500 LBS! With available features like the 3.6L V6 engine and a dealer-installed trailer hitch plus standard Trailer Sway Control and Hill Start Assist, a getaway is never too far away. Pull your small camper or recreational vehicles with confidence.

TAKE IT TO THE TOP. The available side rails smartly integrated into the roof make it easy to add crossbars and dealer-installed accessories. So you can top off your Equinox with everything from surfboards to skis to kayaks.

¹ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

1. Wi-Fi ALONG THE WAY. Equinox is the first SUV in its class to offer a built-in 4G LTE Wi-Fi® hotspot! This feature allows you to seamlessly connect up to seven devices to the Internet¹ with great signal quality and bandwidth.

2. HELPFUL GUIDANCE. Get directions with OnStar Turn-by-Turn Navigation²; included in the OnStar Guidance Plan³, which is standard for the first three months. Or go for the available Chevrolet MyLink⁴ Radio with Navigation, featuring full GPS guidance, along with a 3-month trial of SiriusXM NavTraffic⁵ and Travel Link^{®5} for weather and traffic updates, fuel prices and more.

3. myChevrolet Mobile App. This mobile app⁶ gives you access to certain features of your vehicle even when you're nowhere near it. Simply download the app to your compatible smartphone and if your vehicle is properly equipped, you'll be able to remotely start or stop the engine, lock/unlock the doors, send destinations to your available navigation system, view key vehicle diagnostic information, set parking reminders and more.

¹ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T. ² Requires Guidance or Navigation Add-On Plan. Visit onstar.com for coverage map. Services vary by model. ³ Visit onstar.com for coverage map, details and system limitations. ⁴ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. MyLink on Equinox does not include CD player. Map coverage available in the United States, Puerto Rico and Canada. ⁵ If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. ⁶ Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service.

SAFETY

SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

SMARTER. TO HELP MAKE EVERYONE SAFER.

Whether you're on the road or in a parking lot, the available innovative active safety technologies in Equinox use strategically located cameras and sensors to help warn you of potential collisions.

FORWARD COLLISION ALERT. This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Equinox is following a detected vehicle too closely.

SIDE BLIND ZONE ALERT. With radar sensors on both sides of the vehicle, available Side Blind Zone Alert helps to warn you when vehicles are in your side mirror blind zones and indicates their presence with LED-lit symbols in the exterior mirrors.

REAR CROSS TRAFFIC ALERT. This available system uses the same radar sensors as Side Blind Zone Alert to help alert drivers to approaching traffic when backing up. Visual and audible alerts are triggered if moving vehicles are detected.

LANE DEPARTURE WARNING. If you change lanes without using your turn signal, this available camera-based system sends an alert. The camera, mounted near the inside rearview mirror, reads lane markings when identifiable and provides audible and visual alerts.

REAR VISION CAMERA. Standard on Equinox, the rear vision camera displays a view of the area immediately behind the vehicle on the 7-inch diagonal color touch-screen — making it easier to see what's behind you while backing up.

REAR PARK ASSIST. This available feature helps you back up by sounding an audible alert and providing visual indication on the rear vision camera display when it detects certain stationary objects up to eight feet behind the vehicle.
