

IMPALA 2017

CHEVROLET

Impala Premier in Blue Velvet
Metallic with available features
and Chevrolet Accessories.

Impala doesn't just stand on its own with the world's leading premium sedans. It stands out entirely.

FIND NEW ROADS™

THE QUIET CONFIDENCE OF AWARD-WINNING LUXURY.

Is the acclaimed Impala the world's finest large sedan? Ultimately, that's something you'll decide when you experience it for the first time.

The carefully crafted Impala merges aesthetics and aerodynamics in an alluring silhouette. Inside the spacious, beautifully crafted interior, you're embraced in exquisite comfort. And you'll stay connected with an available built-in 4G LTE Wi-Fi[†] hotspot.[†]

Indulge yourself in the gracefully aggressive, artistically aerodynamic and passionately refined Chevrolet Impala.

[†] Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

A high-angle, front-facing photograph of a white Chevrolet vehicle, likely a sedan or SUV, parked on a brick-paved surface. The image focuses on the front fascia, showing the hood, headlights, and a large chrome grille with the Chevrolet bowtie emblem in the center. The car's design is modern and sleek, with sharp lines and a wide stance. The lighting is bright, creating reflections on the car's body panels.

EXTERIOR DESIGN

POWERFUL PRESENCE. The powerdome hood, wide chrome grille and available high-intensity discharge headlamps establish a commanding presence.

1. MODERN SCULPTURE. The contemporary design blends sharply sculpted detail with flowing form. It is an aesthetically pleasing, timeless shape that slices through the air with sheer precision.

2. SIGNATURE STYLE. Dramatic lower LED daytime running lamps combine with high-intensity discharge (HID) headlamps on Impala Premier.

3. SEE THE LIGHT. From bold quad taillamps with integral back-up lamps to a gently upswept rear deck, Impala commands attention from any angle.

INTERIOR DESIGN

with available features.

**PREMIUM ELEGANCE WITH
UNCOMMON SPACIOUSNESS.**

1. BRING IT ON. Carry everything from luggage to golf clubs with 18.8 cubic feet¹ of trunk space. There's even an available hidden underfloor storage space. And with the standard split-folding rear seatback, it's easy to accommodate longer items like skis or even a bicycle.

2. WEATHER THE STORM. You can conveniently store your umbrella in either of the two front door pockets.

3. GET SITUATED. Find that perfect driving position with available 8-way power-adjustable front seats featuring power lumbar control.

4. POWER UP. Plug a laptop or other device into the available 120-volt outlet at the rear of the center floor console.

¹ Cargo and load capacity limited by weight and distribution.

Impala Premier interior in Jet Black
with available features.

EVENING ELEGANCE. At night, the Impala Premier interior greets you with soft ice-blue ambient lighting that sweeps across the width of the dual-cove instrument panel and onto the front doors.

ILLUMINATING AND INFORMATIVE. With the full-color Driver Information Center or the steering wheel-mounted controls, you can operate the audio system, set the trip computer and manage select vehicle settings.

with available features.

TAILORED LIKE A FINE HANDMADE SUIT.

From flowing instrument panel to meticulous French stitching, beauty surrounds you in the luxurious Premier interior. The available heated steering wheel with a power tilt/telescoping feature combines with available heated and ventilated leather-appointed front seats to offer year-round comfort.

A STIRRING SOUNDTRACK. Your favorite songs come alive with the available premium 11-speaker Bose® Centerpoint® Surround Sound System, while the sounds of the outside world seem to almost disappear with triple-sealed doors and acoustic-laminated glass.

SAFETY

SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

WE'VE GOT YOUR BACK. YOUR SIDES. YOUR FRONT.

TECH THAT PROTECTS. Some of the most impressive Impala features are the ones you can't see, including available Forward Collision Alert, Lane Departure Warning, Side Blind Zone Alert with Lane Change Alert, and Rear Cross Traffic Alert.

FORWARD COLLISION ALERT. This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Impala is following a detected vehicle too closely.

LANE DEPARTURE WARNING. If you unintentionally change lanes without a turn signal, this available camera-based system sends an alert. The camera, mounted near the inside rearview mirror, reads traffic lane markings when identifiable and provides audible and visual alerts.

SIDE BLIND ZONE ALERT. With radar sensors on both sides of the vehicle, available Side Blind Zone Alert helps to “look” for other vehicles in your side mirror blind zones and indicates their presence with LED-lit symbols in the exterior mirrors.

REAR CROSS TRAFFIC ALERT. Using the same radar sensors as the Side Blind Zone Alert system, this available feature alerts you to crossing traffic behind your Impala when backing up. Audible warnings, as well as visual alerts on the rear vision camera screen, are triggered if approaching vehicles are detected.

LANE CHANGE ALERT. Working with Side Blind Zone Alert, available Lane Change Alert employs radar sensors in the rear quarter panels to help detect and warn the driver of fast-approaching vehicles in the adjacent lane from up to 82 feet away, not just in the side view mirror blind zones.

REAR VISION CAMERA. When traveling in reverse at low speeds, the available rear vision camera provides a real-time picture of the area immediately behind your Impala on the touch-screen display.

FULL-SPEED-RANGE ADAPTIVE CRUISE CONTROL. Using grille-mounted radar, this available feature maintains your selected cruise speed and following gap distance, automatically braking when necessary in stop-and-go traffic.

FRONT AUTOMATIC BRAKING. Using the same radar sensors as Adaptive Cruise Control, available Front Automatic Braking helps prevent or mitigate collisions at low speeds. The system alerts the driver if the lead vehicle slows unexpectedly.

OVERALL VEHICLE SCORE FOR SAFETY:¹

— NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

Impala LT in Siren Red Tintcoat
(extra-cost color) with available features.

¹ Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.SaferCar.gov). ² A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ³ Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ⁴ Visit onstar.com for coverage map, details and system limitations.

CORE STRENGTH. With high-strength steel forming a rigid structure around the passenger compartment and 10 standard air bags,² Impala establishes a solid foundation for safety.

STABILITRAK[®] ELECTRONIC STABILITY CONTROL. This standard system automatically adapts to the environment to help you stay on course in challenging weather and road conditions.

ONSTAR[®] AUTOMATIC CRASH RESPONSE³

In a crash, built-in sensors can alert a specially trained OnStar Advisor, who is connected into your Impala to see if you need help — even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. OnStar Guidance Plan⁴ is standard for the first three months.

RAZOR-SHARP REFLEXES. A stiff body structure and athletic stance allowed Impala engineers to precisely tune ride and handling. Premium electric rack-and-pinion steering provides crisp, responsive handling. The steering radius is enhanced by a variable-effort feature, which increases power assistance during low-speed maneuvers.

AVAILABLE 305-HP 3.6L V6 ENGINE.

Would you appreciate robust performance with an EPA-estimated 28 MPG on the highway? With this 305-hp 3.6L V6 matched to an electronically controlled 6-speed automatic transmission, Impala leaps from 0 to 60 mph in 6.8 seconds.

197-HP ECOTEC® 2.5L ENGINE. This 4-cylinder engine combines Direct Injection, Variable Valve Timing and stop/start technology to help save on gas. Stop/start technology can automatically shut off the engine when stopped and enables a smooth transition when the brake pedal is released. And with this engine, Impala offers an EPA-estimated 22 MPG city/30 highway.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other

printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Car Sedan segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.
