

SILVERADO 2017

CHEVROLET

1500 Crew Cab Short Box LTZ Z71 4x4
in Graphite Metallic with available
features and dealer-installed
Chevrolet Accessories.

LAST NAME DEPENDABLE. FIRST NAME MOST.

You don't build a legacy as the most dependable, longest-lasting full-size pickups on the road¹ by chance. You do it with strength, capability and advanced technology that stand the test of time. And the test of miles.

That strength is seen in a muscular front end with a sculpted hood and signature LED lighting accents. Capability is defined by three EcoTec3 engines that deliver power and efficiency. Tough, proven high-strength steel that provides high-strength dependability raises the bar even higher.

We've redefined what a truck should be with our active safety and connectivity features. And the 2016 Silverado 1500 was named "Highest Ranked Large Light Duty Pickup in Initial Quality" by J.D. Power².

The 2017 Chevy Silverado. Brawn, brains and reliability brought together in one powerful pickup.

¹ Dependability based on longevity: 1987–July 2015 full-size pickup registrations. ² The Chevrolet Silverado LD received the lowest number of problems per 100 vehicles among large light duty pickups in the J.D. Power 2016 U.S. Initial Quality Study, based on 80,157 total responses, evaluating 245 models, and measures the opinions of 2016 U.S. new-vehicle owners after 90 days of ownership, surveyed in February–May 2016. Your experiences may vary. Visit jdpower.com.

FIND NEW ROADS™

EXTERIOR DESIGN

1500 Crew Cab Short Box LTZ Z71 4x4
in Siren Red Tintcoat (extra-cost
color) with available features.

¹ EPA-estimated 18 MPG city/24 highway with 4.3L V6 engine (2WD), 16 MPG city/23 highway with available 5.3L V8 engine and 6-speed automatic transmission (2WD), 16 MPG city/22 highway with available 5.3L V8 engine and 8-speed automatic transmission (2WD), and 15 MPG city/21 highway with available 6.2L V8 engine (2WD).

A FAMILY WITH POWERFUL PERSONALITIES. Every Silverado has a striking appearance. The front end design, with bold horizontal elements and chiseled hood, creates a wide, aggressive stance. Each model is unmistakable, projecting the strength and capability that can only belong to Silverado. Head to the specs section to see them all.

LIGHT 'EM UP. Leading the way with signature looks and impressive efficiency, LED technology also allowed our designers to wrap the turn signals and brake lights around the contours of the main lights and other elements on select models. On WT, LS, Custom, LT and

LT Z71 models, high-intensity discharge projector-beam headlamps produce a tightly controlled light pattern. LTZ, LTZ Z71 and High Country take illumination to another level with LED headlamps that light the road or trail ahead.

DYNAMICALLY AERODYNAMIC. Aero shutters help ensure only the air necessary for cooling is directed through the radiator, while the rest flows smoothly around the truck. Air deflectors strategically positioned in front of the rear tires and a rear tailgate spoiler help reduce turbulence and drag. The resulting low drag coefficient contributes to impressive fuel efficiency!

1. STRONG FROM ANY ANGLE. Silverado has a sculpted hood that adds depth and strength to the muscular front end.

2. A LASTING IMPRESSION. Wraparound LED taillamps have deep grooves and allow for expressive styling on LTZ, LTZ Z71 and High Country.

3. BRIGHT IDEAS. LTZ, both Z71 models and High Country come equipped with tri-beam LED foglamps.

HIGH COUNTRY

1. A NAME TO BE PROUD OF. Distinctive badging helps High Country stand tall in any crowd.

2. PREMIUM HIGH COUNTRY FEATURES. Standard for 2017 are a heated leather-wrapped steering wheel, power-adjustable pedals and the Enhanced Driver Alert Package with Front and Rear Park Assist, Lane Keep Assist, Forward Collision Alert, Low Speed Forward Automatic Braking, IntelliBeam® high beam assist and the Safety Alert Driver Seat.

3. COMFORTABLE IN ANY SITUATION. The exclusive Saddle or all-new Jet Black leather-trimmed interior includes full-feature front bucket seats and embroidered head restraints.

4. ONE STEP AHEAD. Available power articulating running boards extend out to provide easy access to the front of the cargo box and its contents – something no competitor can match. You can operate each step with buttons inside the cab or by touching the rear of a step with your foot. Also available on LTZ and LTZ Z71.

1500 Crew Cab Short Box
High Country 4x4 in Black
with available features.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada.

BOLD LOOKS TAKEN TO NEW HEIGHTS. Body-color front and rear bumpers, 6-inch rectangular chrome tubular assist steps, plus chrome mirror caps, door handles, grille inserts and 20-inch wheels guarantee High Country is at home wherever you roam.

CHEVY TRUCK CAPABILITY. High Country has all the utility you expect with a Trailering Package, cargo tie-downs, a spray-in bedliner, full LED lighting and a power-sliding rear window.

REDEFINING RUGGED. Heated and vented perforated leather-appointed front bucket seats come equipped with 12-way power adjustment for constant comfort. And for 2017, they're available in two colors: Saddle and all-new Jet Black.

The cornerstones of the ultimate Silverado interior include a 7-speaker Bose® premium sound system, Chevrolet MyLink¹ Radio with Navigation and 8-inch diagonal color touch-screen, and a remote vehicle starter system.

**THE 4-DOOR DOUBLE CAB
FIT FOR YOUR CREW.**

SEATING FOR UP TO SIX. Silverado 4-door Double Cab has a spacious 3-passenger rear bench seat, so you've got room for up to six (five with available front bucket seats; not available on WT, LS and Custom).

ENTER AND EXIT WITH EASE. Forward-hinged rear doors mean getting into and out of the rear bench seat is no trouble at all. Once inside, passengers will have the comfort of more than 34 inches of rear-seat leg room.

SMART STORAGE INSIDE. When you need room for luggage, work tools or anything else, just fold the rear seat up. There's also an available underseat storage bin with dividers to keep everything organized.

WE'RE KEEPING THINGS QUIET. Every Silverado, including the 4-door Double Cab, features triple door seals and an inlaid door design that fits the doors flush with the body to help reduce wind noise.

1500 4-door Double Cab LT 4x4
in Red Hot with available
features and dealer-installed
Chevrolet Accessories.

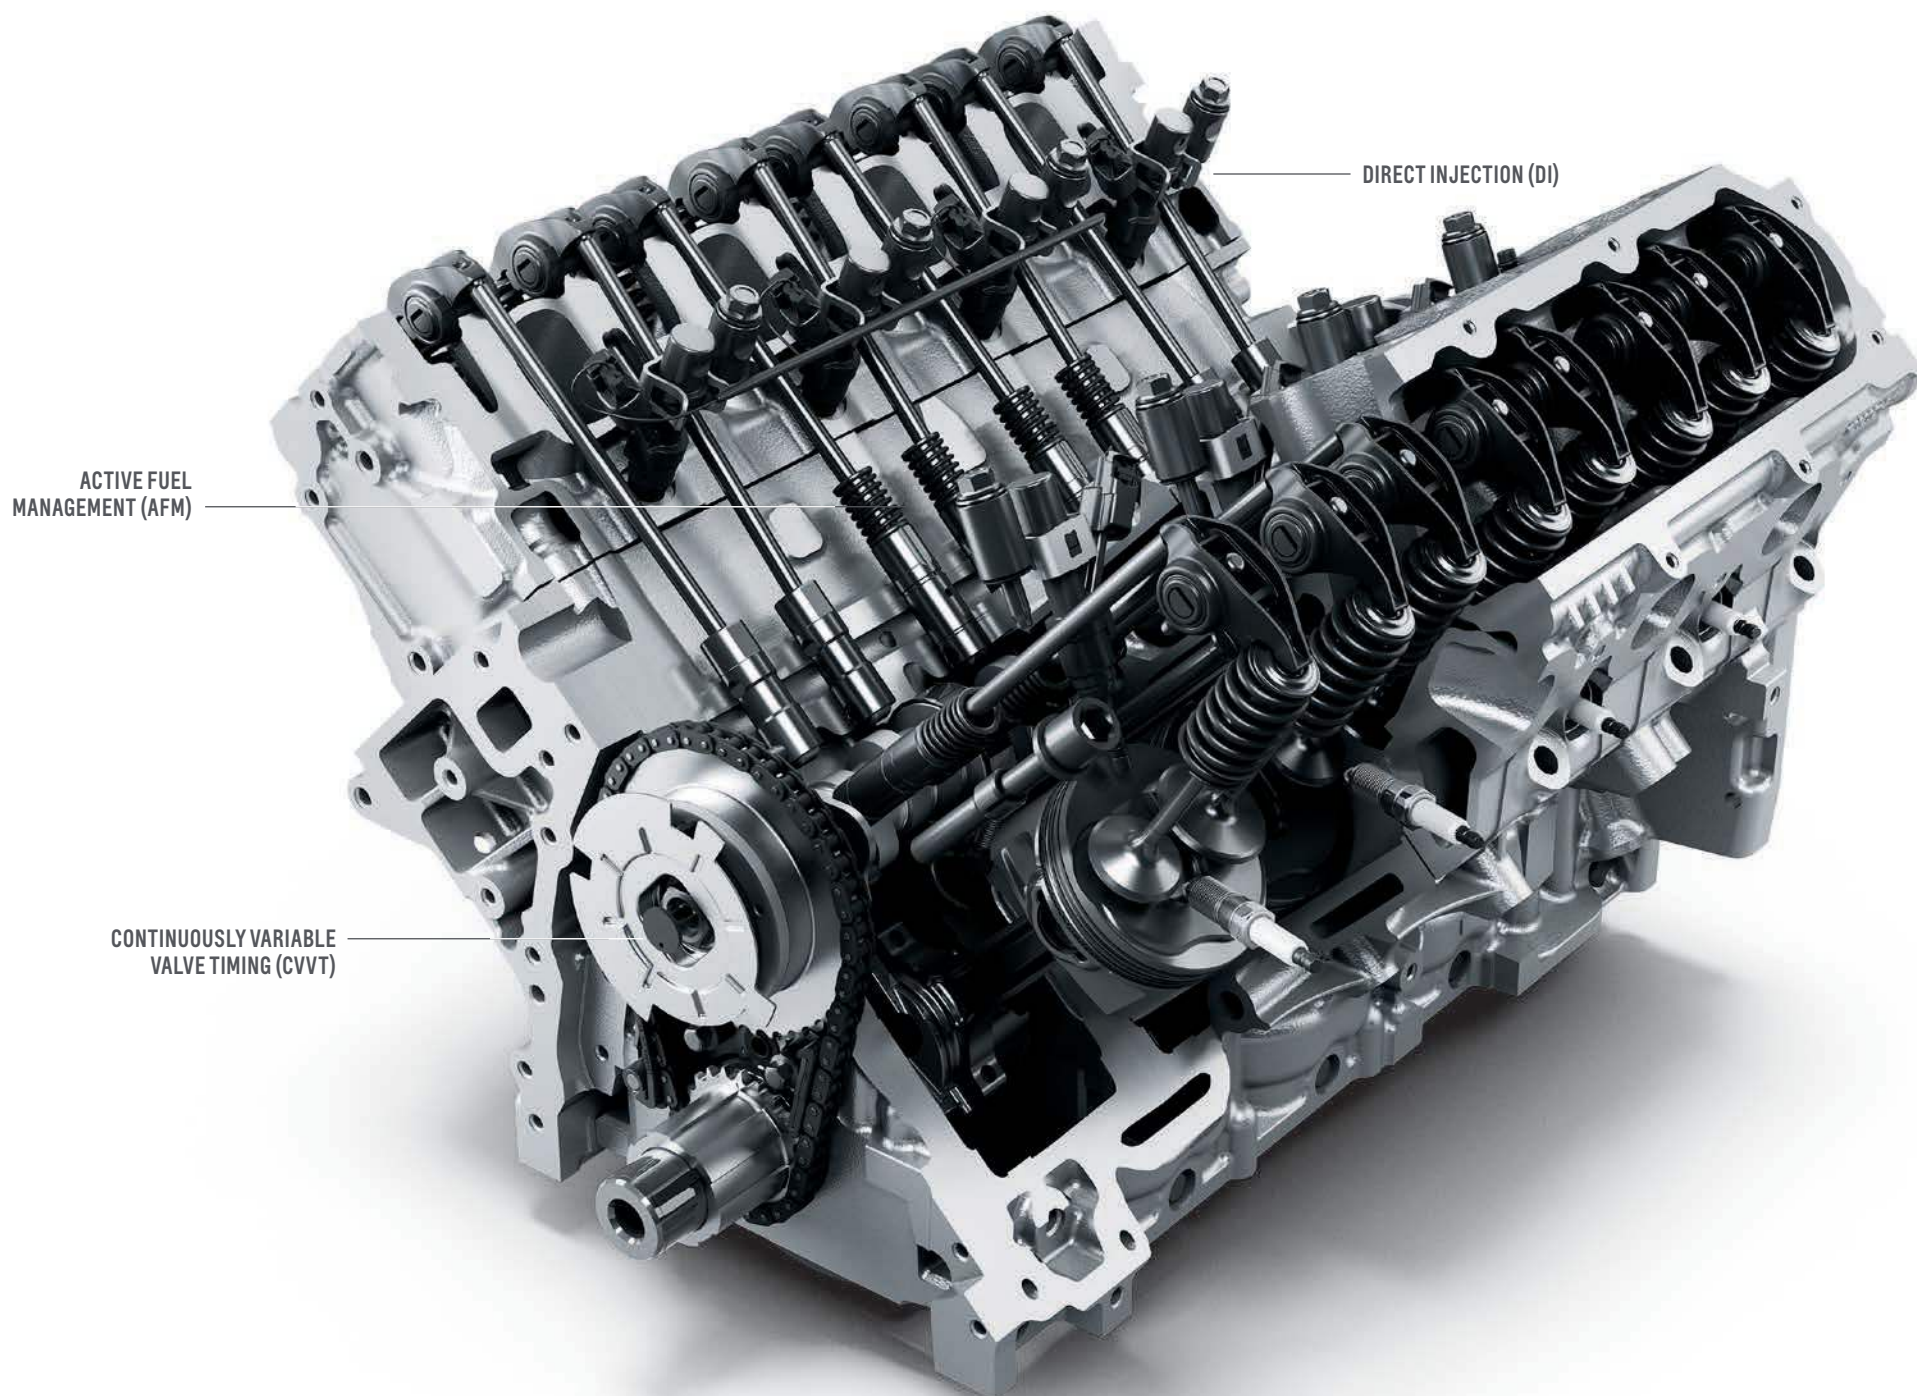

PERFORMANCE

THE MOST POWERFUL V8 ENGINE IN ITS CLASS.

1500 Crew Cab Short Box LTZ Z71 4x4 in
Deep Ocean Blue Metallic (extra-cost
color) with available features.

5.3L EcoTec3 V8 engine.

AVAILABLE 5.3L V8. THE BEST FUEL ECONOMY OF ANY V8 PICKUP IN THE INDUSTRY.¹

POWER TO THE THIRD DEGREE. Building on an unmatched small block heritage, our EcoTec3 4.3L V6, 5.3L V8 and 6.2L V8 are the only truck engines that use Direct Injection, Active Fuel Management™ and Continuously Variable Valve Timing (CVVT) together to deliver robust power with enviable fuel efficiency.² It's a combination no competitor can match.

ACTIVE FUEL MANAGEMENT. By sensing load and demand, this feature improves efficiency by seamlessly deactivating cylinders when power demands are light and reactivating cylinders when more power is required.

DIRECT INJECTION. The system injects fuel into the combustion chamber at more than 2000 psi for precise fuel distribution and fast, efficient combustion.

CONTINUOUSLY VARIABLE VALVE TIMING (CVVT). This system monitors and adjusts valve open and close points for near-peak levels of torque across the entire range of engine speeds.

8-SPEED AUTOMATIC TRANSMISSION. Standard on High Country and Crew Cab LTZ Z71 and available on select other models, this is a highly efficient, smooth-shifting 8-speed automatic transmission.

MOST POWERFUL V8 ENGINE.

With 420 horsepower and 460 lb.-ft. of torque, the available 6.2L V8 delivers best-in-class V8 horsepower. Not to be outdone, Silverado equipped with the 4.3L V6 easily generates the most torque of any standard V6 in its class.

¹ EPA-estimated 16 MPG city/23 highway (2WD), 16 MPG city/22 highway (4x4) with available 5.3L V8 engine and 6-speed automatic transmission. ² EPA-estimated 18 MPG city/24 highway with 4.3L V6 engine (2WD), 16 MPG city/23 highway with available 5.3L V8 engine and 6-speed automatic transmission (2WD), 16 MPG city/22 highway with available 5.3L V8 engine and 8-speed automatic transmission (2WD), and 15 MPG city/21 highway with available 6.2L V8 engine (2WD). ³ Requires 1500 Regular Cab Standard Box 4x4. ⁴ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁵ Requires 1500 4-door Double Cab Standard Box 2WD with available 5.3L V8 engine and Max Trailering Package. ⁶ Requires 1500 4-door Double Cab Standard Box LTZ 2WD or Crew Cab Short Box LTZ 2WD with available 6.2L V8 engine and Max Trailering Package.

TOWING

UP TO 12,500 LBS. OF BEST-IN-CLASS TOWING POWER¹

1500 Crew Cab Short Box LTZ Z71 4x4
in Deep Ocean Blue Metallic (extra-
cost color) with available features.

Confidence in your pickup can make even the longest day of towing seem easy. Silverado has the horsepower and torque necessary to pull over 6 tons¹, so you know you've got power in your corner. But it doesn't end there. We've loaded it with the type of features that make it the complete package when you've got a trailer hitched up.

¹ Requires 1500 4-door Double Cab Standard Box LTZ 2WD or Crew Cab Short Box LTZ 2WD with available 6.2L V8 engine and Max Trailering Package. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

1500 Crew Cab Short Box High Country 4x4
in Black with available features.

1 Requires 1500 4-door Double Cab Standard Box LTZ 2WD or Crew Cab Short Box LTZ 2WD with available 6.2L V8 engine and Max Trailering Package. 2 Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. 3 Requires 4-door Double Cab Standard Box 2WD with available 5.3L V8 engine and Max Trailering Package.

TRAILER SWAY CONTROL. This system uses StabiliTrak® Electronic Stability Control sensors to detect a swaying trailer. It then applies both the vehicle and the trailer brakes (if properly equipped) to help bring it back in line.

STEEP GRADES? NO PROBLEM.

With Hill Start Assist, sensors detect when Silverado is on a grade of 5% or more. It holds the brakes momentarily or until the accelerator is pressed, helping to prevent rollback. Auto grade braking senses when Silverado is traveling on a downhill grade and engages a grade braking shift pattern to help maintain your desired speed.

MAX TRAILERING PACKAGE. With the available 6.2L V8 engine and the Max Trailering Package – which includes a heavy-duty axle and high-capacity rear springs, integrated trailer brake controller, enhanced cooling system and

recalibrated shock tuning for increased control – you can tow up to 12,500 lbs.^{1,2} With the available 5.3L V8 engine and the Max Trailering Package, you can tow up to 11,100 lbs.^{2,3}

1. REAR VISION CAMERA. This available feature incorporates dynamic guiding lines that help when hitching a trailer.

2. TRAILER BRAKE CONTROLLER. Utilize your trailer brakes with an available integrated trailer brake controller. The level of brake force or “gain” is displayed in the Driver Information Center.

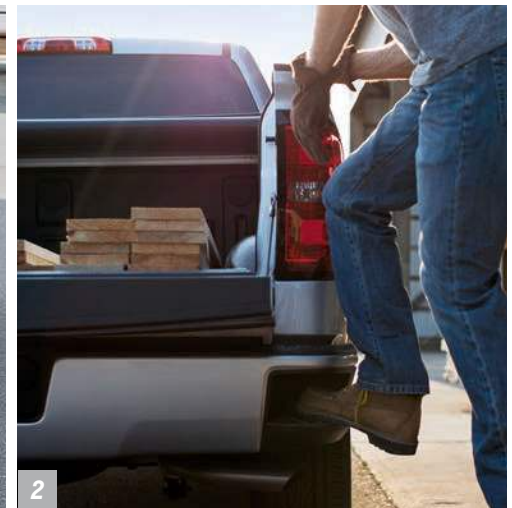

3. TOW/HAUL MODE. Standard on every Silverado, Tow/Haul mode adjusts transmission shifts to reduce shift cycling when towing or hauling heavy loads or driving on steep grades.

PAYLOAD

1. BED PROTECTION. Available from Chevrolet Accessories, a drop-in bedliner, soft folding tonneau cover and upper tie-down hooks help defend your cargo bed against damage.

2. CORNERSTEP REAR BUMPER. Along with pocket hand grips built into the top of the side rails, the CornerStep rear bumper with nonslip treads makes it easy to reach the cargo you're carrying.

3. SPRAY-IN BEDLINER. When you need a thick layer of durable protection between your bed and cargo, this available bedliner does the job. The tailgate is also covered to help protect its surface.

1500 4-door Double Cab Standard Box
Custom 4x4 in Silver Ice Metallic
with available features.

¹ Requires 1500 4-door Double Cab 2WD with available 5.3L V8 engine and Max Trailering Package. ² These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver door jamb.

2,250 LBS. OF MAX PAYLOAD^{1,2}

Silverado offers a number of boxes that help when you're hauling big payloads. The Standard Box is 6' 6" and is available with all cab configurations. Need a full 8' bed for drywall? Then take a look at Silverado Regular Cab. There's also a 5' 8" Short Box available on Crew Cab.

TWO PICKUP BOXES. ONE CLEAR WINNER.

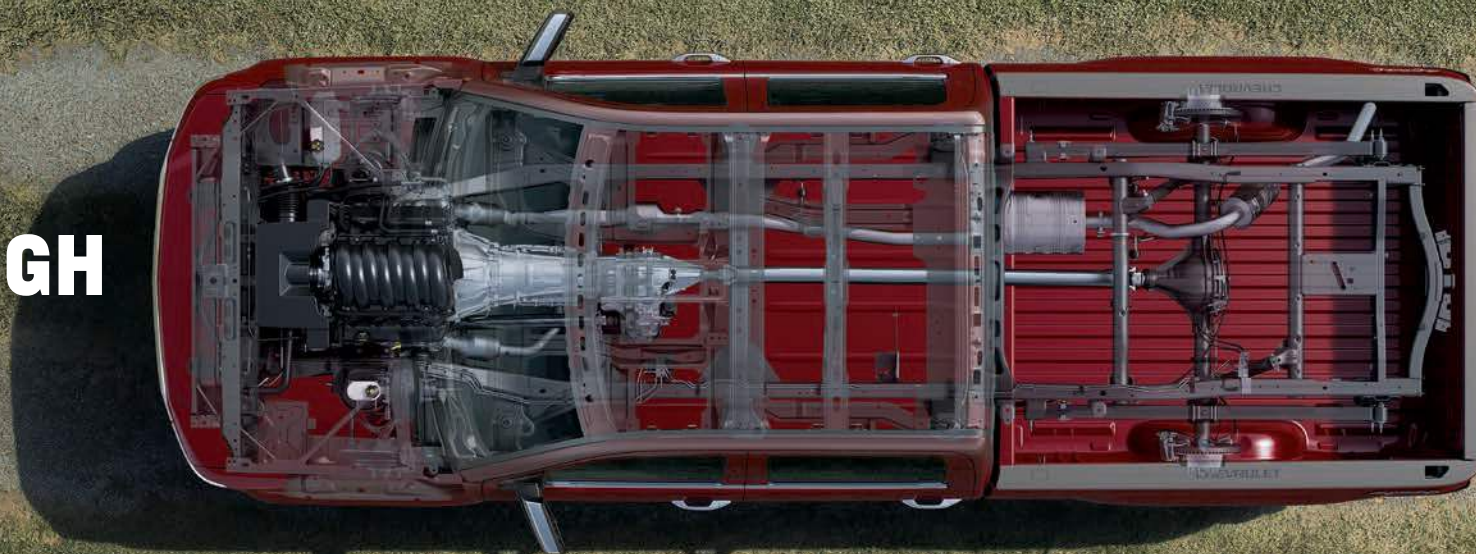

Demonstrations have shown that the aluminum bed of the Ford F-150 is more susceptible to puncture than the high-strength roll-formed steel bed of the Silverado. Our bed is also stronger, lighter and more durable than a traditional stamped steel bed.

TOUGH TIE-DOWNS. Secure your cargo the way you want with four standard lower tie-downs and available movable upper tie-down hooks. The patented, load-bearing upper tie-downs are rated at 250 lbs² each and can be positioned in nine different places around the box, depending on the cargo.

TAILGATE TECH. The EZ Lift & Lower tailgate is standard on LT models and higher. It opens smoothly with no thud and can be closed with one hand, so you can load and unload cargo easily. For added convenience, there's also an available power-remote locking/unlocking tailgate.

ENGINEERING

REAL STEEL RUNS THROUGH OUR VEINS.

¹ EPA-estimated 18 MPG city/24 highway with 4.3L V6 engine (2WD), 16 MPG city/23 highway with available 5.3L V8 engine and 6-speed automatic transmission (2WD), 16 MPG city/22 highway with available 5.3L V8 engine and 8-speed automatic transmission, and 15 MPG city/21 highway with available 6.2L V8 engine (2WD).

HIGH-STRENGTH STEEL. The Silverado frame is highly refined and precisely tuned to help squelch vibration for a smoother ride and confident handling. And to help create a quiet cab, much of the cab structure is constructed with high-strength steel, including the pillars, roof rails and rocker panels.

HYDROFORMED FRAME. Silverado uses a hydroformed, boxed high-strength steel frame. Nine cross members are through-frame welded for lateral support. This stiff frame combines with shear-style and hydraulic body mounts so you can

ride in comfort while hauling, towing and tackling rugged terrain.

ELECTRIC RACK-AND-PINION POWER STEERING. This system aids fuel efficiency¹ versus engine-powered systems. The variable-assist feature is tuned to provide less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when maneuvering in tight spaces.

COIL-OVER-SHOCK FRONT SUSPENSION. This fully independent system is precisely tuned for solid handling.

The front shock module is designed for road isolation in response to even small inputs. A thick spring isolator and a high spring rate produce a controlled ride. The 34-millimeter stabilizer bar aids vehicle stability.

TUNED MULTILEAF REAR SPRINGS. Two-stage rear leaf springs provide the perfect balance between ride smoothness and hauling capability. They've also been tuned for noise reduction, as well as corrosion resistance.

DURALIFE™ BRAKE ROTORS. GM-exclusive ferritic nitrocarburizing (FNC) technology hardens the rotor surface, which can help increase rotor life. It also provides protection against rust to help prevent steering wheel shudder during braking.

ROBUST AXLE DESIGN. Select Silverado models with the available Max Trailering Package feature a rear axle with a large ring gear designed to handle the increased power capacity and provide reliable durability. The available heavy-duty automatic locking rear differential provides extra grip in low-traction situations.

COMMERCIAL

2500HD 4-door Double Cab Standard Box WT 4x4 in Summit White with available features and dealer-installed Chevrolet Accessories and 1500 Regular Cab Long Box WT in Summit White.

¹ Based on Vincentric 2016 Fleet Awards analysis in the Full-Size Pickup segments. ² Visit onstar.com for coverage map, details and system limitations.

COMMERCIAL
VEHICLES

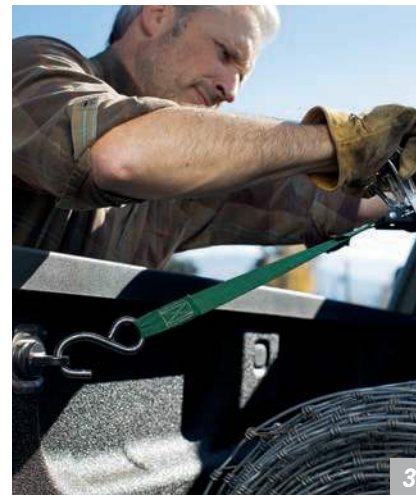

TRUCKS YOU CAN COUNT ON FROM START TO FINISH. For nearly 100 years, Chevy has given small business owners the tools they need to help get the job done. Our dealers can show you how our portfolio of vehicles – the industry’s most comprehensive lineup – can help your business run more efficiently. Because business is all about the bottom line, you’ll be happy to know Silverado

was named the Vincentric Best Value Commercial Pickup in America!¹

TAILORED FOR YOUR BUSINESS. The Business Choice Program allows small business owners to choose from a variety of upfit and accessory options to ensure work vehicles are cost-effective and properly equipped.

BUSINESS ELITE DEALERS. Chevrolet Business Elite Dealers provide owners with a team of expert sales consultants to help select the right vehicles for the job. Plus, every Business Elite service department has the facilities, tools, equipment and certified technicians to accommodate your specific needs.

COMMERCIAL LINK. This platform, available through OnStar,² provides small business owners the tools, reporting and customization needed to optimize costs and reduce vehicle downtime. Access key information such as location, fuel efficiency, speed, miles driven and maintenance needs to help keep your business running at maximum efficiency.

1. LADDER RACK. Cargo Management Systems, available from Chevrolet Accessories, are geared specifically for trade professionals.

2. STATIONARY TOOL BOX. Store your valuable tools and equipment in this Tool Box available from Chevrolet Accessories.

3. UPPER TIE-DOWNS. Help anchor cargo securely in the bed of your Silverado with this set of four Tie-Down Rings available from Chevrolet Accessories.

Z71. TURNS DAYS OFF INTO DAYS OFF-ROAD.

1500 Crew Cab Short Box LTZ Z71 4x4
in Siren Red Tintcoat (extra-cost color)
with available features and dealer-
installed Chevrolet Accessories.

Z71 OFF-ROAD TECHNOLOGY.

Off-road jounce bumpers, Rancho® monotube shocks, an underbody transfer case shield and all-terrain tires make paved roads obsolete. Hill Descent Control lets you set and maintain your speed on steep grades.

A LOOK MADE FOR THE OUTDOORS.

The unmistakable appearance combines a body-color front bumper and center grille bar with Black recovery hooks. LT Z71 features high-gloss Black grille inserts and body-color mirror caps, door handles and bodyside moldings, while LTZ Z71 is accented with chrome inserts, caps, handles and moldings.

INSIDE THE LEGEND. The Z71-specific gauge cluster and interior trim on the doors and center console (if equipped) are standard. So is an off-road screen in the Driver Information Center that keeps you up to date on your trail performance, including vehicle pitch and roll, wheel angle and 4x4 status.

GET A GRIP. Ready to tame gravel, dirt, snow and mud? A GM-exclusive automatic locking rear differential reacts in milliseconds to low-traction situations for improved forward motion, taking power from the wheel with less grip and transferring it to the wheel with more traction to get you moving.

Dealer-installed Off-Road Assist Steps available from Chevrolet Accessories.

Dealer-installed Sport Bar with Sail Panels and LED Off-Road Lamps available from Chevrolet Accessories.

A wide-angle photograph of the interior of a Chevrolet 1500 Crew Cab LTZ. The view is from the driver's side looking towards the passenger side. The front seats are upholstered in light beige perforated leather with dark stitching. The dashboard and center console feature dark wood grain accents. The steering wheel has the Chevrolet bowtie logo. Large windows provide a view of a scenic landscape with green hills and mountains under a clear sky.

INTERIOR DESIGN

1500 Crew Cab LTZ interior in Dune with perforated leather appointments, Cocoa interior accents and available features.

**ROOM FOR EVERYTHING.
EXCEPT COMPROMISE.**

A wide-angle photograph of the interior of a 2015 Chevrolet Silverado 1500 Crew Cab LTZ. The view is from the driver's perspective, looking out the windshield at a green field and distant hills. The dashboard is light-colored with wood grain accents. The steering wheel is black with a silver Chevrolet bowtie in the center and silver accents on the spokes. The instrument cluster features several analog gauges with red needles and a central digital display showing '0 MPH'. The center console has a large touchscreen infotainment system displaying a home screen with various app icons. Below the screen are physical buttons for climate and media controls. The gear shift is located in the center console, and the handbrake is to its right. The seats are upholstered in a light-colored, perforated leather-like material. The overall design is modern and functional, typical of a full-size pickup truck.

1500 Crew Cab LTZ interior in Dune with perforated leather appointments, Cocoa interior accents and available features.

DESIGNED FOR ALL-DAY COMFORT.

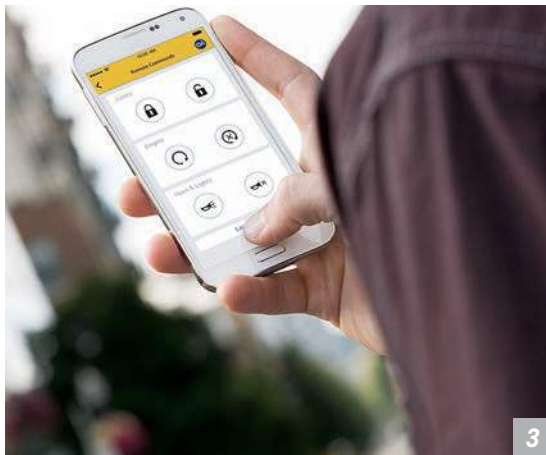

Resilient dual-firmness foam helps the seats retain their support over time, which is especially important for Silverado drivers and passengers who spend a lot of time in their trucks.

THE WORLD AT YOUR FINGERTIPS. With steering wheel-mounted controls, you can activate available Bluetooth^{®1} phone functions, set the cruise control, engage the available heated steering wheel and more. All knobs and buttons are large enough to accommodate gloved hands.

A POWERFUL ALLY. You're never far from a power supply: depending on the model you choose, there are multiple USB ports;² up to four auxiliary power outlets and an available 110-volt outlet.

IT'S CAPABLE INSIDE TOO. The available center floor console provides cavernous storage for your laptop or other items. Plus, there are upper and lower glove boxes and "grab and go" storage pockets integrated into the doors so everything is within easy reach.

¹ Go to my.chevrolet.com/learn to find out which phones are compatible with the vehicle. ² Not compatible with all devices.

1. MYLINK. DONE YOUR WAY.

Available Chevrolet MyLink¹ lets you arrange icons and features on the optional 7-inch or 8-inch diagonal color touch-screen. Store up to 60 favorites, including radio stations, contacts and even destinations (requires available Chevrolet MyLink¹ Radio with Navigation).

2. ALWAYS POWERED UP. An available wireless charging² station lets you conveniently charge your cell phone.

3. myChevrolet Mobile App.³

Download the app to your compatible smartphone and if your vehicle is properly equipped, you can start or turn off the engine, lock/unlock the doors, send destinations to your available navigation⁴ system, and more.

4. SILVERADO IS THE FIRST FULL-SIZE PICKUP TO OFFER AN AVAILABLE BUILT-IN Wi-Fi® HOTSPOT.

Our stronger signal means you have a reliable connection, providing a better in-vehicle experience than you'll get with your smartphone and allowing you to seamlessly connect up to seven devices to the Internet⁵

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ² The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details. ³ Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. ⁴ Map coverage available in the United States, Puerto Rico and Canada. ⁵ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T. Vehicle must be on or in accessory mode to access Wi-Fi and device must be within 50 feet of the vehicle.

SAFETY

SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

AS SAFE AS IT IS STRONG.

The available Enhanced Driver Alert Package has features that can alert you to the unexpected, including the Safety Alert Driver Seat, Lane Keep Assist, Low Speed Forward Automatic Braking, Forward Collision Alert, Front and Rear Park Assist and IntelliBeam high beam assist.

SAFETY ALERT DRIVER SEAT. This available seat uses directional vibration pulses from the seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential collision threats. This patented warning approach is tied into other onboard crash avoidance systems.

LANE KEEP ASSIST. At speeds above 37 mph, this available camera-based system monitors road lines and will gently turn the steering wheel if the vehicle begins changing lanes without the use of a turn signal.

LOW SPEED FORWARD AUTOMATIC BRAKING. If the vehicle is traveling at a low speed and the system detects that a front-end collision situation is imminent while following a detected vehicle and the driver has not already applied the brakes, the system automatically applies the brakes to help reduce the collision's severity. The system may even help avoid a collision at very low speeds.

FORWARD COLLISION ALERT. This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Silverado is following a detected vehicle too closely.

FRONT AND REAR PARK ASSIST. Ideal when pulling into a parking spot at low speeds, this available system senses stationary objects and alerts you if an object is too close. The rear vision camera (if equipped) automatically displays a live image of the area behind the vehicle on the screen in the center stack after you shift into Reverse.

INTELLIBEAM HIGH BEAM ASSIST. When oncoming headlamps are sensed or when taillamps are detected in front of you, available IntelliBeam high beam assist intuitively adjusts between low and high beams.

REAR VISION CAMERA. When the transmission is in Reverse, the available rear vision camera with dynamic guiding lines allows the driver to view objects directly behind the vehicle via the available screen in the center stack. So it's easier to back up, park or hook up a trailer.

SIX AIR BAGS. Silverado features six air bags,¹ including dual-stage frontal air bags. There are also head-curtain side-impact air bags with rollover protection and front seat-mounted side-impact air bags.

TEEN DRIVER. This new technology helps encourage and coach safe driving habits in a number of ways, including in-vehicle reports that monitor the frequency of available active safety feature activations, muting the audio system when front-seat occupants aren't wearing their safety belts, and giving audible and visual warnings when the vehicle is traveling over the predetermined speed. It's ideal in helping small business owners ensure employees are driving safely.

ONSTAR® AUTOMATIC CRASH RESPONSE² In a crash, built-in sensors can alert a specially trained OnStar Advisor, who is connected into your Silverado to see if you need help — even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. Automatic Crash Response is included in the OnStar Guidance Plan,³ standard for the first three months (available on WT and Custom⁴).

¹ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

³ Visit onstar.com for coverage map, details and system limitations. ⁴ Requires available Chevrolet MyLink Radio with 7-inch diagonal color touch-screen display.

Power windows with express-down and driver express-up/-down

1 A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. **2** Not compatible with all devices. **3** Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. **4** MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. **5** Visit my.chevrolet.com/learn for vehicle and smartphone compatibility. **6** Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

NEW VEHICLE LIMITED WARRANTY

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN

LIMITED WARRANTY Every 2017 Chevrolet Silverado 1500 comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Chevrolet dealer for details.

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY

Chevrolet will warrant each 2017 Silverado 1500 from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

¹ Maintenance visits must occur within two years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details. ² Whichever comes first. See dealer for details. ³ Does not include emergency or security services. Visit onstar.com for coverage map, details and system limitations. ⁴ Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. ⁵ Requires available Chevrolet MyLink Radio with 7-inch diagonal color touch-screen display. ⁶ Visit onstar.com for coverage map, details and system limitations. ⁷ Cargo and load capacity limited by weight and distribution.

IMPORTANT INFORMATION

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog

and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Pickup segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order. You'll also find information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, GM Mobility, safety and current incentives.

CHEVROLET.COM/SAFETY Chevrolet is committed to keeping you and your family safe — from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMMOBILITY.COM (1-800-323-9935) GM MobilitySM offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

THE BUYPOWER CARD The Chevrolet BuyPower Card — Every purchase you make with the BuyPower Card from Capital One* helps you earn toward an eligible new Chevrolet, Buick, GMC or Cadillac vehicle.
