CHEVROLET

1500 Crew Cab Short Box LTZ Z71 4x4
in Graphite Metallic with available
features and dealer-installed
Chevrolet Accessories.

A CENTURY OF HARDWORKING DURABILITY.

For the past 100 years, Chevrolet has been building trucks that are ready to work today, tomorrow and into the future.

The 2018 Silverado offers engines with best-in-class V8 power,¹ towing¹ or fuel efficiency¹ to provide a confident experience in just about any situation. The combination of high-strength steel with available advanced safety and connectivity features shows a truck can be as strong as it is smart.

Built by truck people, for truck people, Silverado is from the family of the most dependable, longest-lasting full-size pickups on the road.²

¹ Power and towing: When properly equipped. With available 6.2L V8 engine. Fuel efficiency: EPA-estimated 18 MPG city/24 highway with available 5.3L V8 eAssist engine (2WD). Class is half-ton full-size pickups. ² Dependability based on longevity: 1987-July 2016 full-size pickup registrations.

Edition with available features, both in
Centennial Blue Metallic.

THE TRUCK OF A LIFETIME.

A CENTURY OF CHEVY TRUCKS. For 100 years, Chevy trucks have been part of the American Dream. The partner you can count on in the fields, the factories and the work sites all across this great land. Together we've spent a century

building a nation and an unbreakable bond with our owners. And together, we're ready to take on the next hundred years. Learn more about the Chevy truck journey at chevrolet.com.

EXTERIOR DESIGN

1500 Crew Cab Short Box LTZ Z71 4x4
in Cajun Red Tintcoat (extra-cost
color) with available features.

POWERFUL PERSONALITIES.

Every Silverado looks great, thanks to a front end design with bold horizontal elements and a sculpted hood that creates a wide, aggressive stance. With model-specific grilles, each truck is unmistakable, projecting the strength and capability that can only belong to Silverado. Head to the specs section to see them all.

READY FOR THE SPOTLIGHT.

LED technology leads the way with signature looks and impressive efficiency. It also allowed our designers to wrap the turn signals and brake lights around the contours of the main lights and other elements on select models.

On WT, LS, Custom, LT and LT Z71 models, high-intensity discharge projector-beam headlamps produce a tightly controlled light pattern. LTZ, LTZ Z71 and High Country take illumination to another level with LED headlamps that light the road or trail ahead.

AERODYNAMICS IN ACTION.

Aero shutters help ensure the air necessary for cooling is directed through the radiator, while the rest flows smoothly around the truck. Air deflectors strategically positioned in front of the rear tires and a rear tailgate spoiler help reduce turbulence and drag. The resulting low drag coefficient contributes to impressive fuel efficiency¹

¹ EPA-estimated 18 MPG city/24 highway with 4.3L V6 engine (2WD), 16 MPG city/23 highway with available 5.3L V8 engine and 6-speed automatic transmission (2WD), 16 MPG city/22 highway with available 5.3L V8 engine and 8-speed automatic transmission (2WD), 18 MPG city/24 highway with available 5.3L V8 eAssist engine (2WD), and 15 MPG city/21 highway with available 6.2L V8 engine (2WD).

1

1. STRONG UP FRONT. Silverado has a well-defined hood that adds depth and strength to the muscular front end.

2. A LASTING IMPRESSION. Wraparound LED taillamps have deep grooves and allow for distinctive styling on LTZ, LTZ Z71 and High Country.

3. LIGHT THE WAY. LTZ, both Z71 models and High Country come equipped with tri-beam LED foglamps.

2

3

HIGH COUNTRY

1. HIGH DESERT PACKAGE. Available on LT, LTZ and High Country, High Desert includes a sport bar with sail panel, a hard folding tonneau cover, lighted side storage boxes and a flexible, lockable, weather-proof storage system. The package also includes Magnetic Ride Control,[™] which delivers a smooth, precise ride by reading the road 1,000 times per second and changing damping in milliseconds.

2. PREMIUM HIGH COUNTRY FEATURES.

The exclusive Saddle or Jet Black leather-trimmed interior includes embroidered head restraints. Standard are a heated leather-wrapped steering wheel, power-adjustable pedals and the Enhanced Driver Alert Package.

3. STEP UP IN STYLE. Available power articulating assist steps extend out to provide easy access to the front of the cargo box and its contents. You can operate each step with a touch of a button inside the cab or by tapping the rear of a step with your foot. Available on LTZ, LTZ Z71 and High Country.

1500 Crew Cab Short Box
High Country 4x4 in Black
with available features.

BOLD LOOKS TAKEN EVEN HIGHER.

Body-color front and rear bumpers, 6-inch rectangular chrome assist steps, plus chrome mirror caps, door handles, grille inserts and 20-inch wheels guarantee High Country always makes a strong design statement.

CHEVY TRUCK CAPABILITY.

High Country has all the utility you expect out of a Chevy truck with a Trailering Package, cargo tie-downs, a spray-on bedliner, an automatic locking rear differential, an 8-speed automatic transmission, a 5.3L V8 or available 6.2L V8 engine, and an integrated trailer brake controller.

RUGGEDLY REFINED.

The Saddle or Jet Black leather-trimmed interior elevates High Country comfort. Heated and vented perforated leather-appointed front bucket seats with embroidered head restraints come equipped with 12-way power adjustment.

The cornerstones of the ultimate Silverado interior include a 7-speaker Bose® premium sound system, Chevrolet MyLink¹ Radio with Navigation and 8-inch diagonal color touch-screen, and a remote vehicle starter system.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada.

**THE 4-DOOR DOUBLE CAB
THAT DOES IT ALL.**

1500 4-door Double Cab LT 4x4
in Red Hot with available
features and dealer-installed
Chevrolet Accessories.

SEATING FOR UP TO SIX. Silverado 4-door Double Cab has room for up to six, or up to five with available front bucket seats (not available on WT, LS and Custom).

EASY IN AND OUT. Forward-hinged rear doors mean getting into and out of the rear bench seat is no trouble at all. Once inside, passengers have the comfort of more than 34 inches of rear-seat leg room.

SMART STORAGE INSIDE. When you need room for luggage, work tools or anything else, just fold the rear seat up. There's also an available underseat storage bin with dividers to keep everything organized.

EVEN TRUCK GUYS NEED QUIET TIME. Every Silverado features triple door seals and an inlaid door design that fits the doors flush with the body to help reduce wind noise.

PERFORMANCE

1500 Crew Cab Short Box LTZ Z71 4x4
in Deep Ocean Blue Metallic (extra-
cost color) with available features.

THE MOST POWERFUL V8 ENGINE IN ITS CLASS¹

¹ Class is half-ton full-size pickups.

5.3L EcoTec3 V8 engine.

THE BEST FUEL ECONOMY OF ANY AVAILABLE V8 PICKUP IN THE INDUSTRY¹

STRONG AND SMART. Building on a legendary small block heritage, our 4.3L V6, 5.3L V8 and 6.2L V8 engines are designed for trucks. All three use Direct Injection, Active Fuel Management™ and Continuously Variable Valve Timing. It's a combination no competitor can beat.

ACTIVE FUEL MANAGEMENT. By sensing load and demand, this feature improves efficiency by seamlessly deactivating cylinders when power demands are light and reactivating cylinders when more power is required.

DIRECT INJECTION. The system injects fuel into the combustion chamber at more than 2000 psi for precise fuel distribution and fast, efficient combustion.

CONTINUOUSLY VARIABLE VALVE TIMING. This system monitors and adjusts valve open and close points for maximum levels of torque across the entire range of engine speeds.

8-SPEED AUTOMATIC TRANSMISSION. Standard on High Country and Crew Cab LTZ Z71 and available on select other models, this is a highly efficient, smooth-shifting 8-speed automatic transmission.

MOST POWERFUL V8 ENGINE.

With 420 horsepower and 460 lb.-ft. of torque, the available 6.2L V8 delivers best-in-class V8 horsepower⁷. Not to be outdone, Silverado equipped with the 4.3L V6 easily generates the most torque of any standard V6 in its class.

¹ EPA-estimated 18 MPG city/24 highway (2WD) with available 5.3L V8 eAssist engine. ² Requires 1500 Regular Cab Standard Box 4x4. ³ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁴ 5.3L V8 engine with eAssist Package is also available. See engine specifications for details. ⁵ Requires 1500 4-door Double Cab Standard Box 2WD with available 5.3L V8 engine and Max Trailering Package. ⁶ Requires 1500 4-door Double Cab Standard Box LTZ 2WD with available 6.2L V8 engine and Max Trailering Package. ⁷ Class is half-ton full-size pickups.

TOWING

UP TO 12,500 LBS. OF BEST-IN-CLASS V8 TOWING POWER.^{1,2}

1500 Crew Cab Short Box LTZ Z71 4x4 in Deep Ocean Blue Metallic (extra-cost color) with available features.

TRAILER SWAY CONTROL. This system, part of StabiliTrak® Electronic Stability Control, uses sensors to detect a swaying trailer. It then applies both the vehicle and the trailer brakes (if properly equipped) to help bring it back in line.

STEEP GRADES? NO PROBLEM.

With Hill Start Assist, sensors detect when Silverado is on a grade of 5% or more. It holds the brakes momentarily or until the accelerator is pressed, helping to prevent rollback. Auto grade braking

senses when Silverado is traveling on a downhill grade and engages a grade braking shift pattern to help maintain your desired speed and reduce wear and tear on the brakes.

MAX TRAILERING PACKAGE. Tow up to 12,500 lbs.^{1,2} with the available 6.2L V8 and the available Max Trailering Package. This package includes a heavy-duty axle, high-capacity rear springs, an integrated trailer brake controller, an enhanced cooling system and recalibrated shock tuning for increased control. With the available 5.3L V8 and this package, you can tow up to 11,000 lbs.^{2,3}

¹ Requires 1500 4-door Double Cab Standard Box LTZ 2WD or Crew Cab Short Box LTZ 2WD with available 6.2L V8 engine and Max Trailering Package. ² Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ³ Requires 4-door Double Cab Standard Box 2WD with available 5.3L V8 engine and Max Trailering Package.

1. REAR VISION CAMERA. Now standard on every Silverado, this feature incorporates dynamic guiding lines that show where the vehicle will track.

2. TRAILER BRAKE CONTROLLER. Utilize your trailer brakes with an available integrated trailer brake controller. The level of brake force or “gain” is displayed in the Driver Information Center. The brake controller seamlessly integrates with your trailer brakes during normal braking and with Trailer Sway Control.

3. TOW/HAUL MODE. Standard on every Silverado, Tow/Haul mode adjusts transmission shifts to reduce shift cycling when towing or hauling heavy loads or driving on steep grades.

PAYLOAD

1. BED PROTECTION. Available from Chevrolet Accessories, a drop-in bedliner, soft folding tonneau cover and upper tie-down hooks help defend your cargo bed against damage.

2. CORNERSTEP REAR BUMPER. Along with pocket hand grips built into the top of the side rails, the CornerStep rear bumper with nonslip treads makes it easy to reach the cargo you're carrying.

3-4. SPRAY-ON BEDLINER. When you need a thick layer of durable protection between your bed and cargo, this available bedliner does the job. The tailgate is also covered to help protect its surface.

1500 4-door Double Cab Standard Box Custom 4x4 in Silver Ice Metallic with available features.

READY TO CARRY THE LOAD. Silverado offers a number of boxes that help when you're hauling big payloads! The Standard Box is 6' 6" and is available with all cab configurations. Need a full 8' bed for drywall? Then take a look at Silverado Regular Cab. There's also a 5' 8" Short Box available on Crew Cab.

THIS IS ONE BED THAT NEVER RESTS. Demonstrations by Chevrolet have shown that aluminum beds are more susceptible to puncture than the high-strength steel bed of the Silverado. Our bed is also stronger, lighter and more durable than a traditional stamped steel bed.

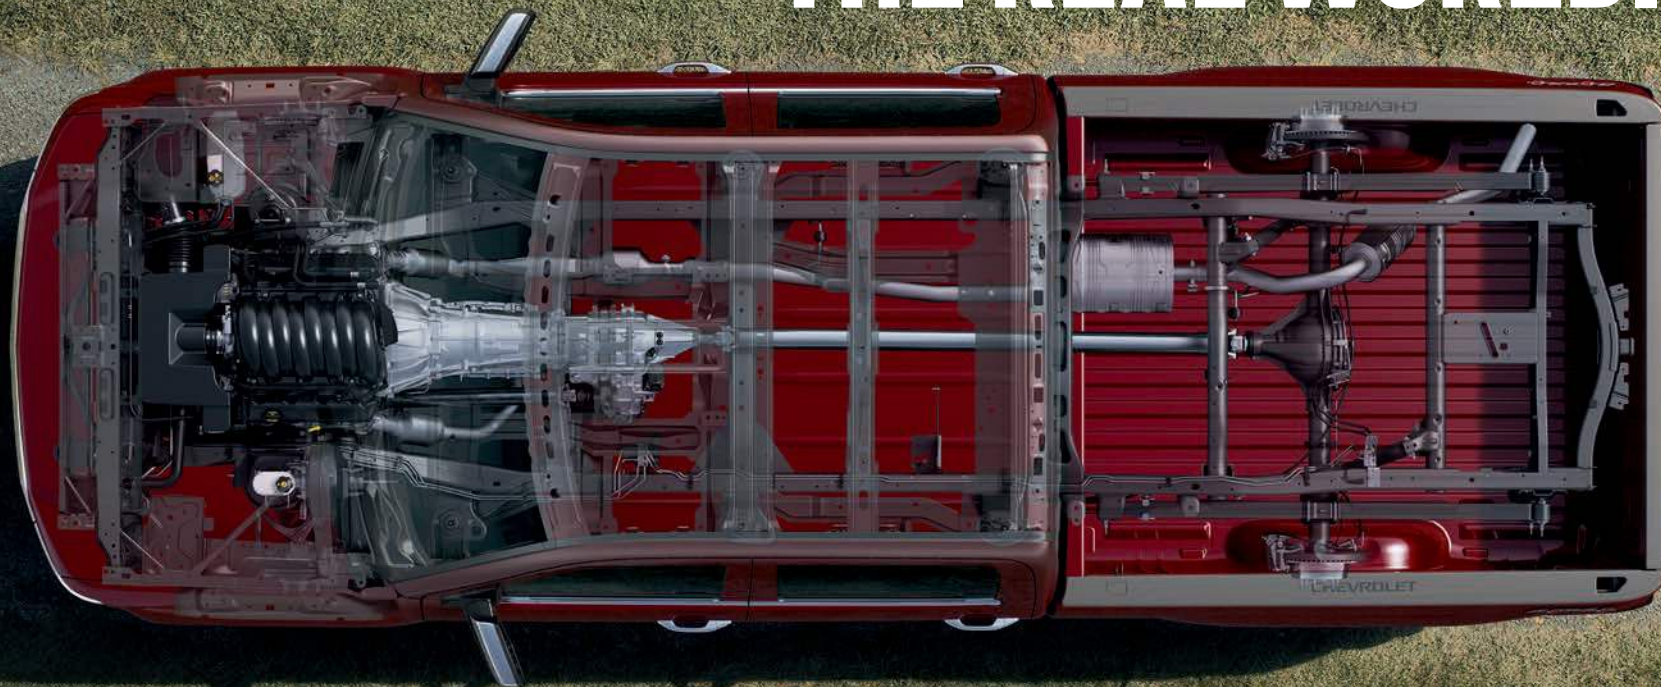

TOUGH TIE-DOWNS. Secure your cargo the way you want with four standard lower tie-downs and available movable upper tie-down hooks. The patented, load-bearing upper tie-downs are rated at 250 lbs! each and can be positioned in nine different places around the box, depending on the cargo.

TAILGATE TECH. The EZ Lift & Lower tailgate is standard on LT models and higher. It lowers smoothly with no thud and can be closed with one hand, so you can load and unload cargo easily. If equipped with power locks, the tailgate locks and unlocks at the same time as the doors.

¹ These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver door jamb.

ENGINEERING

REAL STEEL FOR THE REAL WORLD.

1 EPA-estimated 18 MPG city/24 highway with 4.3L V6 engine (2WD), 16 MPG city/23 highway with available 5.3L V8 engine and 6-speed automatic transmission (2WD), 16 MPG city/22 highway with available 5.3L V8 engine and 8-speed automatic transmission, 18 MPG city/24 highway with available 5.3L V8 eAssist engine (2WD) and 15 MPG city/21 highway with available 6.2L V8 engine (2WD). 2 Excludes other GM vehicles.

HIGH-STRENGTH STEEL. The Silverado frame is highly refined and precisely tuned to help squelch vibration for a smoother ride and confident handling. The pillars, roof rails and rocker panels are constructed using high-strength steel to help create a quiet cab.

HYDROFORMED FRAME. Silverado uses a hydroformed, boxed high-strength steel frame. Cross members are through-frame welded for lateral support. This stiff frame combines with shear-style and hydraulic body mounts

so you can ride in comfort while hauling, towing and tackling rugged terrain.

ELECTRIC RACK-AND-PINION POWER STEERING. This system aids fuel efficiency¹ versus engine-powered systems. The variable-assist feature is tuned to provide less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when maneuvering in tight spaces.

COIL-OVER-SHOCK FRONT SUSPENSION. This fully independent system is precisely

tuned for solid handling. The front shock module is designed for road isolation in response to even small inputs. A thick spring isolator and a high spring rate produce a controlled ride. The 34-millimeter stabilizer bar aids vehicle stability.

TUNED MULTILEAF REAR SPRINGS. Two-stage rear leaf springs provide the perfect balance between ride smoothness and hauling capability. They've also been tuned for noise reduction, as well as corrosion resistance.

DURALIFE™ BRAKE ROTORS. Exclusive ferritic nitrocarburizing (FNC) technology² hardens the rotor surface, which can help increase rotor life. It also provides protection against rust to help prevent steering wheel shudder during braking.

ROBUST AXLE DESIGN. The rear axle features large, durable ring gears that are specifically matched to each engine, maximizing capability and efficiency. The available heavy-duty automatic locking rear differential provides extra grip in low-traction situations.

THE MOST COMPREHENSIVE LINEUP IN THE INDUSTRY.

Left to right: Silverado 3500HD Regular Cab Long Box WT 4x4 DRW, Silverado 2500HD 4-door Double Cab Standard Box WT 4x4, Low Cab Forward 4500 with an upfit from an independent supplier,³ Silverado 1500 4-door Double Cab Standard Box LS 4x4, Silverado 1500 Regular Cab Long Box WT, Silverado 3500HD Regular Cab Chassis Cab WT with a dump body from an independent supplier,³ Colorado Crew Cab Long Box WT, Express 2500 Cargo Van WT and 2017 City Express LS. COMMERCIAL VEHICLES

WE MEAN BUSINESS. For nearly 100 years, Chevy has partnered with small business owners to do whatever it takes to get the job done. Our dealers can show you how our portfolio of vehicles – from trucks, vans and SUVs to cars and crossovers – can help your business run more efficiently. Because business is all about the bottom line, you'll be happy to know

Silverado is the most awarded commercial pickup truck in America by Vincentric!¹

TAILORED FOR YOUR BUSINESS. The Business Choice Program allows small business owners to choose from a variety of upfit and accessory options to ensure work vehicles are cost-effective and properly equipped.

BUSINESS ELITE DEALERS. Chevrolet Business Elite Dealers provide owners with a team of expert sales consultants to help select the right vehicles for the job. Plus, every Business Elite service department has the facilities, tools, equipment and certified technicians to accommodate your specific needs.

COMMERCIAL LINK. This platform, available through OnStar,² provides small business owners with the tools, reporting and customization needed to optimize costs and reduce vehicle downtime. Access key information such as location, fuel efficiency, speed, miles driven and maintenance needs to help keep your business running at maximum efficiency. To learn more and to receive your 30-day trial, please visit chevroletcommercialink.com.

¹ Based on the 2006–2017 Vincentric Fleet Awards analyses of the full-size 1/2-ton, 3/4-ton, and 1-ton pickup segments. ² Visit onstar.com for coverage map, details and system limitations. ³ Equipment from independent suppliers is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety or quality of independent supplier alterations.

Z71. THROUGH, OVER OR AROUND? YOUR CHOICE.

1500 Crew Cab Short Box LTZ Z71 4x4 in
Cajun Red Tintcoat (extra-cost color)
with available features and dealer-
installed Chevrolet Accessories.

Z71 OFF-ROAD TECHNOLOGY. Off-road jounce bumpers, Rancho® monotube shocks, an underbody transfer case shield and all-terrain tires increase off-road capability and performance. Hill Descent Control lets you set and maintain your speed on steep grades.

LEGENDARY LOOKS. The unmistakable Z71 appearance combines a body-color front bumper and center grille bar with Black recovery hooks. LT Z71 features high-gloss Black grille inserts and body-color mirror caps, door handles and bodyside moldings, while LTZ Z71 is accented with chrome inserts, caps, handles and moldings.

INSIDE INFORMATION. An off-road screen in the Driver Information Center that keeps you up to date on your trail performance, including vehicle pitch and roll, wheel angle and 4x4 status, is standard. So is the Z71-specific gauge cluster and interior trim on the doors and center console (if equipped).

GET A GRIP. Ready to tame gravel, dirt, snow and mud? A GM-exclusive automatic locking rear differential reacts in milliseconds to low-traction situations for improved forward motion, taking power from the wheel with less grip and transferring it to the wheel with more traction to get you moving.

Dealer-installed Off-Road Assist Steps available from Chevrolet Accessories.

Dealer-installed Sport Bar and LED Off-Road Lamps available from Chevrolet Accessories.

INTERIOR DESIGN

1500 Crew Cab LTZ interior in Dune with perforated leather appointments, Cocoa interior accents and available features.

**ALWAYS TRAVEL
FIRST CLASS.**

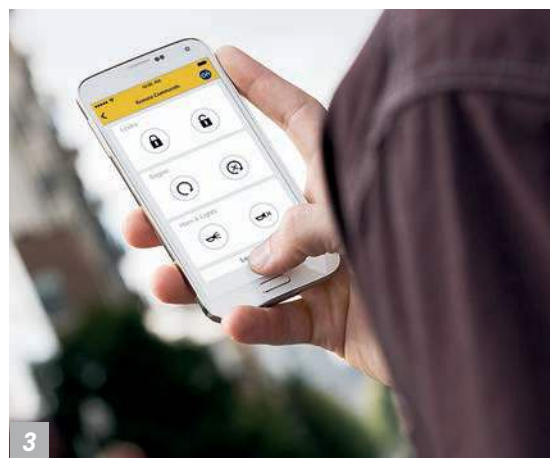

1. MYLINK. DONE YOUR WAY. Chevrolet MyLink¹ lets you arrange icons and features on the standard 7-inch or available 8-inch diagonal color touch-screen. Store up to 60 favorites, including radio stations, contacts and even destinations (requires available Chevrolet MyLink¹ Radio with Navigation).

2. FULL-TIME POWER. An available wireless charging² station lets you conveniently charge your cell phone.

3. myChevrolet Mobile App.³ Download the app to your compatible smartphone and if your vehicle is properly equipped, you can start or turn off the engine, lock/unlock the doors, send destinations to your available Chevrolet MyLink¹ Radio with Navigation touch-screen, and more.

4. WORK YOUR CONNECTIONS.

Chevrolet offers OnStar 4G LTE plus an available built-in Wi-Fi[®] hotspot,⁴ providing a fast and reliable connection with bandwidth for up to seven devices, offering a better in-vehicle experience than your smartphone.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ² The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details. ³ Requires active OnStar service, compatible device, factory-installed remote start and power locks. Data rates apply. Visit onstar.com for details and system limitations. ⁴ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

1500 Crew Cab LTZ interior in Dune with perforated leather appointments, Cocoa interior accents and available features.

AN EFFORTLESS ALL-DAY DRIVE.

Resilient dual-firmness foam helps the seats retain their support over time, which is especially important for Silverado drivers and passengers who spend a lot of time in their trucks.

ONE TOUCH. TOTAL CONTROL.

With steering wheel-mounted controls, you can activate available Bluetooth^{®1} phone functions, set the cruise control, engage the available heated steering wheel and more. All knobs and buttons are large enough to accommodate gloved hands.

POWER PLAYER. You're never far from a power supply: Depending on the model you choose, there are multiple USB ports², up to four auxiliary power outlets and an available 110-volt outlet.

CAPABLE OF JUST ABOUT ANYTHING.

The available center floor console provides cavernous storage for your laptop or other items. Plus, there are upper and lower glove boxes and "grab and go" storage pockets integrated into the doors so everything is within easy reach.

¹ Visit my.chevrolet.com/learn for vehicle and smartphone compatibility. ² Not compatible with all devices.

SAFETY

SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

SAFE. STRONG. SILVERADO.

The available Enhanced Driver Alert Package has features that can alert you to the unexpected. This package includes a Safety Alert Driver Seat, Lane Keep Assist with Lane Departure Warning, Low Speed Forward Automatic Braking, Forward Collision Alert, Front and Rear Park Assist, and IntelliBeam® high beam assist.

SAFETY ALERT DRIVER SEAT. This available seat uses directional vibration pulses from the seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential collision threats. This patented warning approach is tied into certain other onboard crash avoidance systems.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING. At speeds above 37 mph, this available camera-based system monitors road lines and will gently turn the steering wheel if the vehicle begins changing lanes without the use of a turn signal.

LOW SPEED FORWARD AUTOMATIC BRAKING. If the vehicle is traveling at a low speed and the system detects that a front-end collision situation is imminent while following a detected vehicle and the driver has not already applied the brakes, the system automatically applies the brakes to help reduce the collision's severity. The system may even help avoid a collision at very low speeds.

FORWARD COLLISION ALERT. This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Silverado is following a detected vehicle much too closely.

FRONT AND REAR PARK ASSIST. Ideal when pulling into a parking spot at low speeds, this available system senses stationary objects and alerts you if an object is too close. The rear vision camera automatically displays a live image of the area behind the vehicle on the screen in the center stack after you shift into Reverse.

INTELLIBEAM HIGH BEAM ASSIST. When oncoming headlamps are sensed or when taillamps are detected in front of you, available IntelliBeam high beam assist intuitively adjusts between low and high beams.

REAR VISION CAMERA. When the transmission is in Reverse, the rear vision camera with dynamic guiding lines allows the driver to view objects directly behind the vehicle via the screen in the center stack. So it's easier to back up, park or hook up a trailer. Standard on all models.

SIX AIR BAGS. Silverado features six air bags,¹ including dual-stage frontal air bags. There are also head-curtain air bags with rollover protection and front seat-mounted side-impact air bags.

TEEN DRIVER. The Teen Driver system is ideal in helping small business owners guide their employees to be good company representatives on the road. This technology helps encourage and coach safe driving habits in a number of ways, including an in-vehicle report card that monitors the frequency of certain available active safety feature activations, muting the audio system when front-seat occupants aren't wearing their safety belts, and giving audible and visual warnings when the vehicle is traveling over the predetermined speed.

ONSTAR AUTOMATIC CRASH RESPONSE² In a crash, built-in sensors can automatically connect you to a specially trained OnStar Advisor who will help you get the assistance you need — even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. Automatic Crash Response is included in the OnStar Guidance Plan³ limited service trial (available on WT and Custom).

¹ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

³ Visit onstar.com for coverage map, details and system limitations.

Power windows with express-down and driver express-up/-down

¹ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Excludes spare tire. ³ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ⁴ Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. ⁵ Visit my.chevrolet.com/learn for vehicle and smartphone compatibility. ⁶ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

SELECT VEHICLE FEATURES (CONTINUED)

NEW VEHICLE LIMITED WARRANTY

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2018 Chevrolet Silverado 1500 comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Chevrolet dealer for details.

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Chevrolet will warrant each 2018 Silverado 1500 from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

¹ Maintenance visits must occur within two years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details. ² Whichever comes first. See dealer for details. ³ Does not include emergency or security services. Visit onstar.com for coverage map, details and system limitations. ⁴ Requires active OnStar service, compatible device, factory-installed remote start and power locks. Data rates apply. Visit onstar.com for details and system limitations. ⁵ Visit onstar.com for coverage map, details and system limitations. ⁶ Cargo and load capacity limited by weight and distribution.

IMPORTANT INFORMATION

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other

printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Pickup segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order. You'll also find information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, GM Mobility, safety and current incentives.

CHEVROLET.COM/SAFETY Chevrolet is committed to keeping you and your family safe – from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMMOBILITY.COM (1-800-323-9935) GM Mobility™ offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.
