

NEW 2022
BOLT EV

Everyday excitement.

The refreshed exterior and comfortable interior of the all-electric 2022 Bolt EV bring new energy every time you get behind the wheel.

But it's the near-instant torque as you accelerate through life that will really elevate your enthusiasm. And the unexpected way Bolt EV holds the open road will help make driving fun again.

Now consider Bolt EV fits seamlessly into your world in every way that matters – and does it all with an EPA-estimated 259 miles of range¹ on a full charge. That's something to really get excited about.

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. ² A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information. ³ When you select a monthly plan within 30 days of activating your 1-month trial, you'll receive the next 2 months of the plan you select at no additional charge when you associate an approved payment method on file to your account and authorize recurring payments for your service plan.
