

1979 CHRYSLER NEW YORKER

Fifth Avenue Edition.
The
Ultimate
Chrysler.

Fifth Avenue Edition.

The most exclusive
Chrysler
you can own.

You are looking at the finest luxury automobile we make. The 1979 Chrysler New Yorker Fifth Avenue Edition.

It is the result of the considerable efforts and expertise of our designers, engineers, and stylists. The Fifth Avenue Edition's numerous features make it the prestige car among our fine Chrysler automobiles.

In appearance, the Fifth Avenue Edition's elegance speaks for itself. Here is a luxury

car that looks as striking on the highway as it does in the driveway. Elegant touches are apparent everywhere. From concealed headlamps to the subtle two-tone Designer's Cream-on-Beige paint treatment; from the unique landau roof with specially lighted quarter windows to the classic wire wheel covers. All standard.

There is even a one-of-a-kind pentastar hood ornament. A dramatic reminder that

this is Chrysler's most exclusive automobile.

And the ride, we feel, is as smooth as any car we have ever made; the list of standard driving conveniences the most impressive. TorqueFlite automatic transmission. Power front disc brakes. Power steering. Power windows. Push-button reset trip odometer. The list goes on and on.

The 1979 New Yorker Fifth Avenue Edition. The ultimate Chrysler.

Fifth Avenue Edition 4-Door Pillared Hardtop.

Some models may be used on vehicles in this catalog.

The lush look of champagne leather is evident in the Fifth Avenue Edition's rear area. Back seat comes with a fold-down center armrest, door-assist handles, reading lamps, and assist straps. And, there is over five feet of spacious shoulder-room for rear-seat passenger comfort.

The owner of a Fifth Avenue Edition can expect three things from the interior of this exceptional automobile. One, it will be superbly comfortable. Two, it will have the finest coverings and materials Chrysler has available. Three, it will be exclusive. No other car—not even another Chrysler—will be appointed in exactly the same way.

If you have a taste for luxury, you will love being inside the Fifth Avenue Edition. A unique champagne environment surrounds you. Quietly. Elegantly. And comfortably. The individual 60/40 front seats are of supple champagne leather and vinyl. The passenger-side seat-back reclines to a number of positions.

The Fifth Avenue's color-coordinated theme extends to the driftwood applique on the instrument and door trim panels.

The leather-wrapped tilt steering wheel with inlaid pentastar medallion. And underfoot, the thick 20-ounce cut-pile carpeting. End result? An exclusive new definition in luxury-car appointments.

New Yorker.
The most fabulous
New Yorker
of them all.

Chrysler introduces a new era in comfort and engineering: The 1979 New Yorker. A new look in Chrysler luxury.

Overhead, there's a Laredo-grain landau roof with rear door opera windows and lights. In back, a full-width taillamp effect. Up front, concealed headlamps.

Other exterior highlights include body-side and hood-accent stripes, color-keyed door handle inserts, and new wheel covers.

Inside, the New Yorker indulges you in luxury. In addition to its quiet ride, it has soothing chimes instead of buzzers. Quiet-type door latches. Plus a generous application of sound insulation. All standard.

Other standard luxury features include power windows. Digital clock. Door courtesy lights. Tinted glass in all windows. And flag-type outside mirrors.

New Yorker knows how to perform. A

proven 360 2 bbl. V-8 engine is teamed to a TorqueFlite automatic transmission. Front disc brakes and steering are power-assisted.

To soften the bumps . . . torsion bars and an anti-sway bar up front . . . leaf springs and revised suspension geometry in the rear. If you would prefer more road feel, order the optional Open Road Handling Package.

The 1979 New Yorker. The most fabulous New Yorker of them all.

New Yorker 4-Door Pillared Hardtop

When people talk about plush interior luxury, one material immediately springs to mind: real leather. The New Yorker offers you the option of enjoying leather seating with front and rear folding center armrests, passenger-side recliner, and individually adjustable front seats. This seating is available in midnight blue, teal green, gray, cashmere, and red. You can also have rich white leather and vinyl with either midnight blue, teal green or red interior accents. No matter what color you choose, optional color-keyed floor mats will help add that final touch.

There is a new world of Chrysler roominess and luxury awaiting you in the 1979 New Yorker. Though it is leaner and trimmer than last year's model, the New Yorker still remains a car that is roomy enough for six adults. In fact, there is about the same amount of interior room as compared to last year's model. Plus a large flat-floor trunk capable of stowing 21.3 cubic feet of luggage.

Standard interior. Cloth-and-vinyl bench seats feature folding center armrests both in the front and the rear. The standard 60/40 front seats are individually adjustable, and the passenger's seat-back also has an adjustable recliner. Available in five colors: midnight blue, teal green, gray, cashmere, and red.

Quite simply one of the handsomest, easiest-to-use instrument clusters you'll ever see. The panel is set off by rich, simulated woodtone accents. Gauges supply information on oil pressure (gauge plus light), engine temperature, alternator, and fuel. Another New Yorker feature: the turn-signal lever has integral headlamp dimmer and windshield washer/wiper controls. For even more convenience, add optional intermittent windshield wipers.

Popular Chrysler Options

1. Travel to your own theme music by selecting the AM/FM stereo with 8-track tape. Or listen to the sounds of AM or FM on 4 speakers.

2. This convenient storage/litter pocket is an ideal place to stow personal belongings.

3. Let the lady in your life enjoy the advantages of a lighted vanity mirror with dual level lighting. It's located on the passenger-side visor.

4. To help keep snow, fog, and frost from accumulating on your rear window, you can order an electrically heated rear window defroster. A handy control is located on the instrument panel.

5. The ultimate in Chrysler radios. The sophisticated AM/FM stereo with Electronic Search Tune offers precise station selection and eliminates manual tuning. It has 30-station electronic memory and three different search modes: AM, FM, and FM stereo. You can activate the search feature via a push-button or a foot switch.

6. New semi-automatic temperature control and manual air-conditioning systems are now available on the New Yorker. They feature 26% greater capacity than last year. Plus quieter performance, faster cool-down rates and six outlets. Either system is a splendid way to keep cool during hot-weather driving.

7. You can add even more convenience to the many wonders performed by the integral headlamp dimmer, windshield washer control, turn-signal lever by ordering automatic speed control. With it, you can set your desired speed and then forget it. Great for vacation travel. The intermittent wiper option can also be added.

8. A tilt wheel can help you slip in and out of your New Yorker with ease. It adjusts to six positions.

9. If you should require more power to make life easier, consider these power options: seats, door locks, radio antenna, sun roof, and trunk-lid release. They'll help add extra driving enjoyment.

10. A taste for the sporting life? Look at these styled aluminum road wheels.

11. These standard Fifth Avenue Edition wire wheel covers are optional on the New Yorker.
