A Heritage Beautifully Recalled and Redefined. Town & Country is a *Chrysler*...which means that it's at home in the very best places.

There's a welcome touch of nostalgia in its exterior wood-grain applique, but otherwise Town & Country is an all-around luxurious and contemporary mini van—with a lower belt-side applique that further enhances the vehicle's styling.

Without equal in style, amenities, practicalities and capabilities. It admits of no compromise in materials, manufacture or technology.

It seats seven...and all seating surfaces are covered in plush leather. An Infinity II Sound System surrounds you with broadcast or recorded reproduction of concert-quality music. Standard front *and* rear air conditioning lets you arrive relaxed and refreshed. The power to get you there comes from the combination of an all-new, responsive 3.3-liter MPI V-6 engine*...and four-speed fully adaptive electronically controlled Ultradrive automatic overdrive transaxle.

A standard overhead console provides a remarkable collection of niceties: an electronic compass, an outside temperature reading, a map/reading light, and storage for sunglasses and a garage door opener. A standard built-in metal luggage carrier is at once practical and convenient. What's more, Town & Country offers up to 150 cubic feet of storage space with the second and third seats removed.

If you're part of the mini van or wagon set, get set to experience Town & Country...America's first luxury mini van.

*Some earlier models may contain a 3.0-liter Mitsubishi-built V-6 engine.
