STOW 'N GO™ SEATING AND STORAGE

Seven seats to two in 30 seconds flat—it's as easy as 1, 2, 3. Don't worry, this isn't one of your kid's story problems. This is the latest in the long line of innovations you've come to expect from Dodge. The 2005 Dodge Grand Caravan features our minivan-first available Stow 'n Go seating and storage system that provides convenience, versatility, and storage.

- Stow 'n Go seating and storage system available on 2005 Grand Caravan
- Second-row bucket seats with third-row 60/40 split-bench seating and tailgate feature available on 2005 Grand Caravan
- Available overhead rail system with movable/removable storage bins
- Underseat lockable storage drawer

UNDER FLOOR STORAGE

When both rows of seats are up-right, spacious storage bins provide 12 cubic feet of storage. Because you're not the only one in the family with a lot of stuff. And to get all that stuff out a little more easily, we've integrated cargo nets into each storage bin.

EVEN MORE STORAGE

You have stuff. We have a place for it. In addition to plenty of room behind the rear seat for your belongings and handy rear grocery bag hooks that keep things in place, Caravan's available storage features include a removable/lockable center console, a storage drawer under the front-passenger seat, and an overhead console for small items like sunglasses and garage door openers.

FLEXIBLE TAILGATE

Going to the game? In split seconds the available third-row 60/40 split bench can be flipped completely rearward in part or in its entirety for convenient, comfortable tailgate seating. And the liftgate even provides a weather shelter in case game day is a bit rainy.

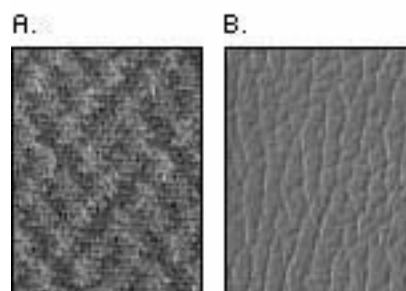

Remember to properly secure all cargo.

COLORS

WHEELS

- A. 15-inch steel wheels with Interface wheel covers, standard on Caravan SE and Grand Caravan SE.
- B. 16-inch Ingot aluminum wheels, standard on Caravan SXT and Grand Caravan SXT.

FABRIC & TRIM

- A. Standard Vegas cloth seat trim shown in Medium Slate Gray, also available in Khaki.
- B. Sutton Leather trim shown in Medium Slate Gray, also available in Light Graystone. Optional on Grand Caravan SXT, included as part of the optional Leather Interior Group.

SAFETY PERFORMANCE

The new 2005 Dodge Caravan and Grand Caravan are designed to help every occupant stay safe. An available tire-pressure monitoring system, traction control, antilock brakes, air bags, seat belts, and a stiff body structure all help keep you and yours safe and secure in most any condition.

Key features:

- Optional advanced multistage front air bags with occupant classification system*
- Available three-row supplemental side-curtain air bags
- BeltAlert enhanced seat belt reminder system
- Minivan-first inflatable knee blocker
- Available integrated child safety seats
- LATCH child-seat anchor system
- A rigid safety cage construction that includes steel side-guard door beams contributes to Grand Caravan's five-star side-impact crash test rating.

**Always use seat belts. Remember a backseat is the safest place for children 12 and under.*

ENGINES

Dodge has never shied away from power. And the 2005 Dodge Caravan and Grand Caravan are no exception. You can choose from these three proven power plants:

- 150-horsepower 2.4-liter 4-cylinder 16-valve engine, standard on Caravan SE
- 180-horsepower 3.3-liter V6 engine, standard on Caravan SXT and Grand Caravan SE
- 205-horsepower 3.8-liter V6 engine, standard on Grand Caravan SXT

POWERED FEATURES

Caravan is available with power everything. Check it out. There's an available power moonroof, power doors and liftgate (on Grand Caravan), power heated mirrors, power adjustable pedals, power windows and locks.

SECURITY

The 2005 Dodge Caravan and Grand Caravan aren't messing around when it comes to security. Some available features include:

- Programmable HomeLink® universal transceiver
- Vehicle security system and Sentry Key® engine immobilizer
- Remote keyless entry
- Minivan-first factory-installed UConnect™ hands-free communication
- Powerful headlamps with auto-off time delay

* Certified to the Federal Regulations that allow less forceful air bags. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight.

† For children at least one year old, weighing between 22 and 50 pounds and no more than 47 inches tall.

‡ Certified to the federal regulation for automatic passenger occupant classification. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight.

§ The OCS determines the conditions for activation or deactivation of the passenger-side front air bag based upon the weight of the occupant. It may not activate the air bag if the occupant has incorrect seating posture or is moving in the seat. You should observe the air bag light to determine if the OCS is deciding properly. Passengers should sit properly in the seat with the seat belt fastened at all times.

¶ Deleted when supplemental side air bags are selected.

** The sunroof is not available with side-curtain air bags.

†† Detects most stationary obstacles. As with all electronically controlled systems, care is advised.
