

2005 NEON

VALUE PACKED. ROOM TO SPARE.

A no-brainer when it comes to moving you and
your friends around in style.

Check out the bold look and powerful performance of Dodge Neon

- Interior and Exterior Features
- Color Options
- Conveniences
- Model Specifications

HANDLING

Designed using cab-forward technology, Neon's wide stance gives it a smooth, balanced ride and stable handling that's enhanced by:

- 15-inch aluminum wheels on SXT
- Four-wheel independent touring suspension
- Available four-wheel disc antilock brakes
- Power rack-and-pinion steering

ENGINES

Neon's standard 132-horsepower 2.0-liter single overhead camshaft (SOHC) 16-valve 4-cylinder engine has enough kick to make driving fun, but it's economical enough to do it responsibly. See how to personalize your Neon with great performance parts from Mopar. But if you really want to blister the pavement with white-knuckle speed, check out Dodge's SRT4.

TRANSMISSION

Neon offers plenty of punch with your choice of a standard five-speed manual transmission or an available electronically controlled four-speed automatic on SE and SXT.

QUIET RIDE

Reducing noise, vibration, and harshness (NVH) was a priority for Neon's redesign team. Their high-tech tools, computer analyses, and attention to detail gave Neon the right balance between excellent performance and a quiet, comfortable ride.

COLORS

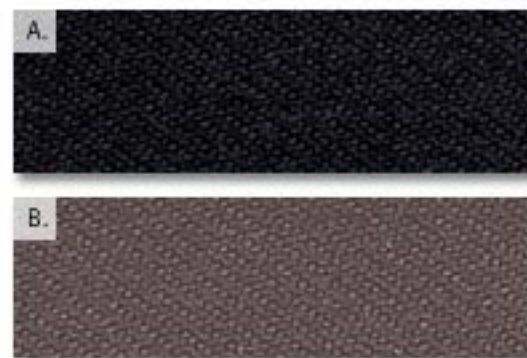

Neon SXT shown. Not all colors available on all models.

WHEELS

- A. 14-inch wheel covers, standard on SE
- B. 15-inch aluminum wheel, standard on SXT
- C. 15-inch aluminum wheel, included with SXT's available Sport Appearance Group
- D. 15-inch chrome aluminum wheel, available on SXT

FABRIC & TRIM

- A. Dark Slate Gray Millennium cloth, standard on SE and SXT.
- B. Taupe Millennium cloth, standard on SE and SXT.

Note: Not all exterior and interior trim color combinations are offered together. See your dealer for availability.

INTERIOR

Neon's ergonomic seating for five provides plenty of room for you and your friends to travel in comfort. Fold down the rear seat and the space available for cargo increases dramatically. Its smartly designed interior also features:

- Unique instrument panel trim included with SXT's Sport Appearance Group and SRT Design Package
- Power windows, locks, and mirrors standard on SXT

AUDIO

A six-speaker AM/FM stereo with CD player is standard on SXT and available on SE. An AM/FM/cassette sound system with an in-dash six-disc changer is available on SXT. Standard equipment on the SE is an AM/FM/cassette with CD changer controls and four speakers.

STORAGE

Neon's 13.1 cubic feet of trunk space offers plenty of room for the weekend getaway or the week-long road trip. To keep everything in order there is a large glovebox, front door storage pockets, and a center console with cup holders, a storage bin and a coin holder.

WINDOWS AND MIRRORS

With standard power front windows, power door locks, variable intermittent windshield wipers, and available power sun roof, Neon SXT has all the bases covered.

NEON SE
