HANDLING

Whether you're wheeling over tight mountain roads or maneuvering through the city, Stratus Sedan can handle the challenge. That's because you have a choice of three suspensions: normal, sport, and performance. Each features a double-wishbone suspension for a great ride. The R/T improves performance with larger stabilizer bars and high-performance components.

AUTOSTICK®

The standard AutoStick transmission on R/T provides the performance of a manual transaxle and the convenience of an automatic. It allows you to downshift before accelerating and can hold a gear longer to reach higher into the engine's rpm range and does it all without a clutch.

AIR BAGS & SEATBELTS

By now, air bags* and seat belts are often taken for granted. We don't think like that. Here's proof: three-point shoulder/lap belt at all seating positions, the LATCH child-seat anchor system, next-generation front and supplemental side air bags available on all models. Plus our multistage air bags inflate with a force appropriate to the severity of the impact.

**Always use seat belts. Remember, a back seat is the safest place for children 12 and under.*

TIRES

Stratus Sedan comes with your choice of 16-inch all-season tires standard on SXT or 17-inch performance tires standard on R/T.

COLORS

Stratus Sedan SXT shown. Not all colors available on all models.

WHEELS

- A. 16-inch split five-spoke painted aluminum wheel, standard on SXT
- B. 16-inch split five-spoke chrome-clad aluminum wheel, optional on SXT with Sport Appearance or Special Edition packages
- C. 17-inch Vertex aluminum machined wheel, standard on R/T

FABRIC & TRIM

- A. Russell Cloth with Solar accents, standard on all models, in Medium Taupe (shown) or Dark Slate Gray.
- B. Leather-trimmed seating with Preferred Suede® accents, available on Stratus R/T in Dark Slate Gray and Light Taupe (shown)

Note: Not all exterior and interior trim color combinations are offered together. See your dealer for availability.

STORAGE

Stratus Sedan is all about giving you more for your money. More interior space (94 cubic feet of interior volume), more cargo room (16.0 cubic feet of cargo space) and more storage space (full length console with cupholders).

WINDOWS, DOORS AND MIRRORS

To make your driving more comfortable, Stratus Sedan includes power windows with driver's one-touch down feature, power speed-sensitive door locks, a power sunroof available on SXT and R/T, and tinted glass with front and rear solar control glass. Power mirrors and power trunk release are standard. An auto-dimming rearview mirror is available on R/T. And a trip computer is standard on R/T and available on SXT.

AUDIO

The 2005 Dodge Stratus Sedan doesn't fall short satisfying your decibel cravings, either. With all these choices, how could it?

- AM/FM radio with CD player and four speakers standard on SXT
- AM/FM radio with cassette and CD player (shown) available on SXT
- AM/FM with CD player and Premium Gold® sound system with a 120-watt amplifier and six speakers standard on R/T
- AM/FM radio with cassette player, CD changer controls, and six-disc in-dash CD player available on R/T, and on SXT with Special Edition package.
- Steering wheel-mounted audio controls available on R/T with leather-trimmed interior, and available on SXT with Special Edition package
