

2007 **SPRINTER**

STANDING TALL

What is Sprinter? It's your work week, your high mileage long haul companion and your most reliable partner on the job.

Check out the bold look and powerful performance of Dodge Sprinter.

- Interior and Exterior Features
- Color Options
- Dimensions and Capacities

ENGINES

All-new 2007 Dodge Sprinter is powered by a strong standard 3.0-liter V6 common-rail direct injection (CRD) Turbodiesel engine that combines long life, low maintenance costs, and excellent fuel efficiency with smooth, clean, quiet performance. An optional 3.5-liter V6 gasoline engine blasts 254-horsepower and 250 pound-feet of torque with powerful pickup and smooth, even action. Both give you the tight handling performance and feel of an automobile.

CARGO PROTECTION

You'll know your loads are secure with the available Cargo Protection load-securing system, which helps reduce the risk of an accident caused by shifting loads. If features available securing rails bolted to the underlying structure and lashing rails bonded to the sides and just below the roof frame.

LOW STEP-IN HEIGHT

With all-new 2007 Dodge Sprinter you'll have ease of access in excess. This is evident in every detail, such as the best-in-class* lowest side step-in height of any full-size van—as low as 19.9 inches at the side. The available low step for rear entry makes it even easier to get a leg up.

**Based on Automotive News classification.
When properly equipped.*

SUSPENSION

With its poised, precise, assured handling, 2007 Dodge Sprinter drives more like a comfortable, high-spirited car than a business van. Responsive power-assisted rack-and-pinion steering, rear-wheel drive, and adaptive ESP* all help Dodge Sprinter exhibit excellent control under various load conditions.

**Always drive carefully, consistent with conditions.
Always wear your seat belt and obey traffic laws.*

CAR-LIKE FEEL AND APPEAL

It's true. 2007 Dodge Sprinter Cargo Van hauls like a truck — with a best-in-class* available payload and superior hauling capability (up to 5,570 pounds). But that doesn't mean it feels like a truck behind the wheel. The seating. The console. The visual appeal. The drivability. They're all design to create a car-like atmosphere that makes the driver's life on the job more enjoyable. Plus, the shift mechanism and right-sized tilt/telescope steering wheel both have a surprisingly car-like feel. What's not to like?

**Based on Automotive News Classification.*

AIR-BAG PROTECTION

Inside the Dodge 2007 Sprinter, the restraint systems—seat belts and air bags—work together to deliver a coordinated response and effective occupant protection. Standard front air bags* with available supplemental side curtain air bags* and available thorax air bag* reduce the risk of injuries in the event of a frontal collision. Seat belts are standard on all seats.

**Always sit properly in the seat with the seat belt fastened.*

INSTRUMENT CLUSTER

Clear communication is the key to user friendliness and on-the-road safety. Dodge Sprinter gauges are sophisticated and cleanly organized for at-a-glance monitoring. Whether you choose the standard or available high-line instrument cluster, you get a two-part Liquid Crystal Display (LCD) with segmented analog tachometer and speedometer. The high-line version has multifunction steering wheel controls.

STEREOS

Turn on your stereo and get ready to rock the road with one of two high-quality speaker systems: 1) The basic system—two woofers in the doors with two tweeters and a center speaker in the instrument panel; 2) the basic system plus four woofers and four tweeters in the rear sidewall/sliding door.

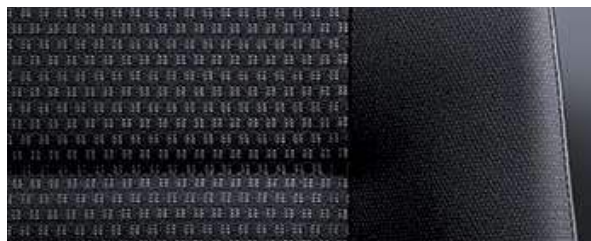

SLIDING DOORS

The 2007 Dodge Sprinter Cargo Van side doors open 51.2 inches to provide ample room for easy loading and unloading. A windowless sliding door on the passenger side is standard, but you can opt out for a passenger-side sliding door with a fixed or sliding window. Want more doors? Add one of the optional driver's-side sliding doors for access on both sides.

⁽¹⁾Always use seat belts. Dodge Sprinter Cargo and Chassis Cab vans are equipped only with front seats and should not be used to carry children 12 and under. In Dodge Sprinter Passenger Van children 12 and under should be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and size. ⁽²⁾Always check entire surroundings before backing up. ⁽³⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle, and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

BUSINESSLINK

If your business relies on vehicles, Dodge BusinessLink[®] dealers can keep your business rolling. For more, log onto dodge.com/businesslink or call us toll-free at 877-2THELINK (877-284-3546).

Chrysler Financial

Much of our work is to help your business through creative financing of vehicle leases and purchases. Your BusinessLink Account Manager, working with the Business Vehicle Finance (BVF) department of DaimlerChrysler, can give your business a solid boost, including a variety of specialized commercial financing options. Be sure to discuss the many programs tailor-made for your needs. There's more at 877-2THELINK (877-284-3546).

3-YEAR/36,000-MILE BASIC LIMITED WARRANTY

All Dodge vehicles are covered by the DaimlerChrysler 3-year/36,000-mile Basic Limited Warranty. See your Dodge dealer for a copy of this limited warranty. Excludes normal maintenance and wear items.

5-YEAR/100,000-MILE DIESEL ENGINE LIMITED WARRANTY

The Turbo Diesel engine used in Dodge Sprinter is protected by a separate Diesel Engine Limited Warranty, covering the engine for 5 years or 100,000 miles, whichever comes first. See your Dodge Sprinter dealer for complete details.

5-YEAR/100,000-MILE LIMITED OUTER-BODY ANTI-CORROSION WARRANTY

The Dodge Sprinter outer finish-painted metal panels are covered by the DaimlerChrysler 5-year/100,000-mile limited anti-corrosion perforation warranty. See dealer for a copy of this limited warranty.
