DODGE CALIBER

DODGE CALIBER IS READY FOR ANYTHING. Large wraparound quad halogen headlamps, signature Dodge crosshair grille, and broad-shouldered wheel flares radiate toughness at any angle. Caliber SRT4® (shown above) kicks it up into high gear with 19-inch cast aluminum wheels, a finely tuned 2.4-liter intercooled and turbocharged dual Variable Valve Timing (VVT) 285-horsepower and 265 lb-ft of torque engine, and aerodynamically designed rear spoiler that complements the unique rear fascia and oversized, chrome-tipped exhaust system. Visit www.dodge.com/caliber

Dodge Caliber SRT4 shown in Bright Silver Metallic.

Caliber R/T interior shown with Satin Silver center stack and shift surround. Available Bright Pedal Kit and Machined Aluminum Shift Knob are Authentic Dodge Accessories by Mopar.

STYLISH AND ENTERTAINING. Caliber R/T shows off with available leather-trimmed seats and Satin Silver center stack and shift surround. A jack on the faceplate of the standard AM/FM radio with CD player allows for a direct connect of digital music players.

uconnect The available 6.5-inch touch-screen **uconnect tunes**^[1] provides entertainment, information, and communication, all through an AM/FM/CD/DVD^[2] stereo system. A 30GB hard drive lets you store photos, playlists, maps, and points of interest, as well as rip, stash, organize, and shuffle up to 6,700 digital music files from CDs, the integrated USB port, or exterior input jack. The touch-screen allows you to easily change radio stations and play digital audio files. Or, step up to available **uconnect gps**,^[3] which includes all the same great features, and adds the convenience of turn-by-turn navigation with SIRIUS traffic real-time updates using **SIRIUS® Satellite Radio**. The included **uconnect phone** provides hands-free, voice-activation capability.

uconnect studios featuring SIRIUS® Satellite Radio. Gain access to over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic, and weather. Comes standard on SXT, R/T and SRT4® models.

uconnect phone Go high-tech with an in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth® compatible phone virtually hands-free. Comes bundled with uconnect gps or many other packages.

uconnect web Turn your vehicle into a WiFi Hotspot with this Authentic Dodge Accessory by Mopar. It allows every passenger in your vehicle to harness the power and entertainment value of the Internet at the same time. Subscription required; sold separately. For more information on Caliber's interior ingenuity, go to dodge.com/caliber ^[4]Late availability. ^[5]In-dash DVD capability is not available in all states. See your dealer for details. "SIRIUS" and the SIRIUS dog logo are registered trademarks of SIRIUS Satellite Radio Inc. All other trademarks, service marks, and logos are the property of their respective owners. For Full Terms and Conditions, visit sirius.com.

Caliber SXT Sport interior shown featuring color-keyed instrument panel trim accents.

SEATING OPTIONS. Inside Caliber you'll find seating flexibility as varied as the things you can carry.

FOLD-FLAT SEATING. The 60/40 split-folding rear seats fold forward to create a flat load floor for hauling stuff, while the front-passenger seat folds flat^[1] for hauling the longest of items.

TIME TO SPLIT. With split-folding rear seats and an available front-passenger seat that also folds flat, there is a multitude of ways to configure your Caliber, letting you decide the best passenger-to-gear ratio for every trip. With all seats in the upright position, there's 18.5 cu in of rear cargo room. With rear seats folded flat, there's even more — 48 cu in. Don't worry about messy loads; rear seats are backed with a durable carpet for protection. The removable 250-lb load floor is designed to take a beating.

RIDE FOR FIVE. A ride like this is bound to attract company — good thing Caliber seats up to five. With available rear seats that recline, everyone's comfortable.

STAIN REPEL SEAT FABRIC^[2] Standard on SXT, Stain Repel, the stain-resistant, odor-resistant, antistatic seat fabric, employs a dual-action technology to help resist stains by beading spills for easy cleaning. Get the rest of the inside story at dodge.com/caliber ^[1]Passenger seat does not fold flat on SE models. ^[2]Not compatible with aftermarket fabric-protecting coatings.

1 LED FLASHLIGHT

2 DUAL GLOVE BOX/CHILL ZONE®

3 MUSICGATE POWER

4 ILLUMINATED CUP HOLDERS

5 MP3 PLAYER CRADLE

INTERIOR TECHNOLOGY.

1 FLASHLIGHT. This available removable and rechargeable LED flashlight is piggybacked onto the headliner of Caliber's rear cargo area. Its batteries are conveniently recharged when the flashlight is returned to its cradle.

2 CHILL ZONE.® This available two-tiered glove box surpasses its utilitarian roots. Level one is a cooled storage bin aptly named Chill Zone. Here, four 12-oz cans, four 20-oz bottles, or a combination of the two, can maintain their already cooled nature with the help of Caliber's A/C. Level two features 348 cu in of space to hold the Owner's Manual plus other essential travel items.

3 MUSICGATE POWER.® The one-and-a-half-ton boom box. The available MusicGate Power 458-watt Boston Acoustics® nine-speaker sound system (including a subwoofer built into the rear cargo area) features two speakers that swing down from the rear liftgate when open.

4 ILLUMINATED CUP HOLDERS. Two electroluminescent cup holders between Caliber's front seats emit a muted blue light when lit.

5 MP3 PLAYER CRADLE. This cradle will rock. Caliber's center console features an adjustable armrest that slides forward and flips open to reveal a rubber-lined MP3 cradle. It was designed to hold MP3 players, cell phones, or PDAs, keeping them within easy reach of the available 115-volt two-pronged outlet, a standard 12-volt power outlet or the input jack on the face of the standard stereo system's head unit. To find out how else Caliber likes to accommodate, log on to dodge.com/caliber

AUTHENTIC DODGE ACCESSORIES

Caliber SXT shown in Sunburst Orange Pearl.

AUTHENTIC DODGE ACCESSORIES. When you enhance your Caliber with Authentic Dodge Accessories by Mopar, you gain far more than substantial style, premium protection, powerful performance or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It's a difference you'll recognize in the higher standards and tighter tolerances required of original equipment accessories. And one you'll appreciate in our stricter testing measures, from impact performance tests to harsh on- and off-road durability testing. Choose the full line of accessories that feature a fit, finish and functionality designed specifically for your Caliber.

THREE-PIECE BODY KIT. It's an instant fit and an instant hit. This kit features front and side accents designed specifically for your Caliber's aggressive, bold stance.

REAR SPOILER. Not only does it provide a little aerodynamic incentive, it also attracts approving looks with its uncompromising presence. Prepainted with a durable Clear Coat finish to match select body colors.

CHROME FUEL FILLER DOOR. It's the go-to accessory that brightly complements every body color. Uniquely sculpted one-piece design replaces your existing fuel door with a seamless fit.

17-INCH 5-SPOKE CHROME-PLATED ALUMINUM WHEEL. These wheels help you make a statement from any angle, with a guaranteed long-lasting shine to back it up. They're also machined to match your Caliber's exact specifications for a balanced ride.

FIVE-STAR

HIGHEST GOVERNMENT
FRONT & SIDE CRASH RATING^[1]

**THE 2009 DODGE CALIBER INCLUDES THE
BEST-IN-THE-BUSINESS LIFETIME POWERTRAIN
LIMITED WARRANTY WITH UNLIMITED MILEAGE.**

No deductible. Non-Transferable. See dealer for a copy of limited warranty and details. Not available on SRT[®], diesel vehicles, Sprinter, Ram, Chassis Cab, Hybrid System components (including transmission), and certain fleet vehicles.

Caliber R/T shown in Inferno Red Crystal Pearl.

AIR BAGS.^[1] All Caliber models include standard advanced multistage driver and front-passenger air bags. These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity. Standard supplemental side-curtain air bags^[1] with roll-sensing technology deploy from the headliner to provide side-impact protection to outboard occupants. This technology keeps side-curtain air bags deployed longer in the event of a rollover. All models also include driver's inflatable knee blockers as standard equipment.

ANTILOCK BRAKE SYSTEM (ABS). State-of-the-art electronics allow Caliber's available antilock brake system to provide faster response time than previous systems. ABS helps prevent wheel-lock and helps maintain directional control when braking on slippery surfaces.

SOLID CONSTRUCTION. Under the toned sheet metal and glossy paint are some of the most advanced technologies available to help ensure Caliber is tough to the core. The front end crush zone is designed to divert and dissipate energy away from the passenger compartment. The surrounding protection of Caliber's safety cage construction provides a protective shell around its occupants.

ELECTRONIC STABILITY PROGRAM (ESP).^[2] Designed to assist the driver in maintaining control of the vehicle at all times, available ESP includes Brake Assist and all-speed traction control to constantly monitor the driver's input against the vehicle's actual course. If needed, ESP will attempt to correct the vehicle's course by automatically applying the brake and/or reducing engine torque. ^[1]Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight. ^[2]No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. ^[3]Star ratings are part of the U.S. Department of Transportation's SaferCar.gov program (www.safercar.gov).

TRIM LEVELS

CALIBER SE HAS STANDARD:

- 1.8-liter DOHC 16V I-4 with dual VVT and 5-speed manual with 24 city/30 hwy EPA est. mpg
