

2.0-LITER DOHC DUAL VARIABLE VALVE TIMING (VVT)

16V I-4: The 2.0-liter engine is standard on Caliber Express, Mainstreet, Heat, and Uptown models, and delivers 158 horsepower @ 6,400 rpm and 141 lb-ft of torque @ 5,000 rpm, coupled with a standard 5-speed manual transaxle on Express and Heat, with a CVT2 automatic standard on Mainstreet and Uptown. Power and fuel economy is up to speed with an EPA est. 23/31^[1] mpg for city/highway on models equipped with the 5-speed transaxle.

2.4-LITER DOHC DUAL VARIABLE VALVE TIMING

(VVT) 16V I-4: Standard on Caliber Rush, and available on Uptown, it generates 172 horsepower @ 6,000 rpm and 165 lb-ft of torque @ 4,400 rpm. The 2.4-liter engine gets an EPA est. 21/25 mpg for city/highway with automatic, and an EPA est. 23/29 mpg for city/highway with manual transaxle.^[1] ^[1]2010 EPA fuel economy estimates. Your mileage may vary.

Caliber delivers form, function, and convenience beyond expectation. An available removable and rechargeable LED cargo light/flashlight is piggybacked onto the headliner of Caliber's rear cargo area.

Stock the top level of the two-tiered glove box, aptly named Chill Zone,[®] and four 12-oz cans or four 20-oz bottles can maintain their cool temperature with the help of the air conditioner. Level two holds the Owner's Manual and essential travel items. With a 60/40 split-folding rear seat and an available front-passenger seat that also folds flat, you can configure the best passenger-to-gear ratio for every trip. With all seats in the upright position, there's 18.5 cu ft of rear cargo room. With rear seats folded flat, cargo room expands to a cavernous 48 cu ft, making hauling big stuff a breeze. Because a ride like this attracts company, Caliber seats up to five. With available rear seats that recline, everyone's comfortable.

Uconnect MEDIA CENTER. Available 730N AM/FM/CD/DVD^[1] radio with 30GB hard drive, GPS Navigation, 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio,^[2] SIRIUS Traffic™ and Voice Command. **iPod® CONTROL.** Connect most iPod compatible devices to your car's stereo using the in-car cable, then control them with your radio or steering wheel controls. Keeps the devices charged too.

Uconnect WEB.^[3] An in-car router that connects any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web and social networks, look up directions, check eMail or download music. Uconnect Web is an Authentic Dodge Accessory by Mopar. Subscription required, sold separately. **VOICE COMMAND.** Lets you select radio stations, satellite radio channels,^[4] and navigation^[4] destinations using voice commands.

Works with all Uconnect Media Center radios. Included with Uconnect Phone. **Uconnect PHONE.** Lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync^[5] lets you call anyone in your address book by saying their name. ^[1]In-dash DVD capability not available in all states. See your dealer for details.

^[2]SIRIUS service available only in contiguous United States and D.C. Service available in Canada; see siriuscanada.ca. Subscription required after 12-month subscription included with vehicle purchase. Subscriptions governed by SIRIUS Terms & Conditions available at sirius.com.

SIRIUS, XM, and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. ^[3]The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. ^[4]When satellite radio and navigation features are equipped on your vehicle.

Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ^[5]Phone must support Bluetooth Phone Book Access Profile (PBAP).

MUSICGATE POWER.® Open it up, and dig your one-and-a-half-ton boom box. The available MusicGate Power rocks with a 368-watt Boston Acoustics® nine-speaker sound system (including a subwoofer built into the rear cargo area) and two speakers that swing down from the rear liftgate when open. Standard on Uptown and Rush. Available on Heat.

Optional Mopar 17-inch Chrome Wheel shown above.

Caliber loaded with Authentic Dodge Accessories by Mopar, including Three-Piece Body Kit, Rear Spoiler, Chrome Fuel Filler Door and Aluminum Wheels.

When you enhance your Caliber with Authentic Dodge Accessories by Mopar, you gain far more than sophisticated style, premium protection, powerful performance, or engaging entertainment. You also benefit from the peace of mind that comes with knowing that each and every accessory has met Mopar's stringent guidelines for tolerances and quality. Choose from the full line of accessories that feature a fit, finish, and functionality designed specifically for your Caliber. **THREE-PIECE BODY KIT.** It's an instant fit and an instant hit. This kit features front and side accents designed specifically for your Caliber's aggressive, bold stance. **REAR SPOILER.** Not only does it provide a little aerodynamic incentive, it also attracts approving looks with its uncompromising presence. And it's prepainted with a durable Clear Coat finish to match select body-colors. **CHROME FUEL FILLER DOOR.** It's the go-to accessory that brightly complements every body-color. The uniquely sculpted one-piece design replaces your existing fuel door with a seamless fit. **ALUMINUM WHEELS.** These 17-inch 5-spoke chrome-plated wheels help you make a statement from any angle, with a guaranteed long-lasting shine to back it up. They're also machined to match your Caliber's exact specifications for a balanced ride. Check us out at mopar.com

AUTHENTIC DODGE ACCESSORIES

Protecting passengers is Caliber's greatest priority. The front-end crush zone is designed to divert and dissipate energy away from the passenger compartment while the safety cage construction helps provide a protective shell around its occupants. Advanced multistage driver and front-passenger air bags^[1] help provide nearly instantaneous occupant protection. Standard supplemental side-curtain air bags^[1] provide side-impact protection. Technologically advanced electronics allow Caliber's antilock brake system (ABS) to provide fast response time. ABS helps prevent wheel-lock and helps maintain directional control when braking on slippery surfaces. Designed to assist the driver in maintaining control of the vehicle at all times, available Electronic Stability Control^[2] (ESC) also includes Brake Assist and all-speed traction control to constantly monitor the driver's input against the vehicle's actual course. If needed, ESC will attempt to correct the vehicle's course by automatically applying the brake and/or reducing engine torque. Outfit Caliber with the available Security Group and a manual transaxle, and benefit from Hill Start Assist, making it easier to resume travel on an incline. ^[1]The Advanced Front Air Bags in this vehicle

are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat

of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. ^[2] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving

actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving

behavior to prevailing road conditions.

CALIBER EARNED A FIVE-STAR GOVERNMENT FRONT AND SIDE-IMPACT CRASH TEST RATING. STAR RATINGS ARE PART OF THE U.S. DEPARTMENT OF TRANSPORTATION'S SAFECAR.GOV PROGRAM (WWW.SAFECAR.GOV).

★★★★★
FIVE-STAR | HIGHEST GOVERNMENT
FRONTAL CRASH TEST RATING

AVAILABLE SUPPLEMENTAL FRONT-SEAT SIDE MOUNTED AIR BAGS⁽¹⁾ OFFER AN ADDITIONAL LEVEL OF IMPACT PROTECTION AND SECURITY.

ALL MODELS INCLUDE A DRIVER'S-SIDE INFLATABLE KNEE BLOCKER AS STANDARD EQUIPMENT.

⁽¹⁾The Advanced Front Air Bags in this vehicle are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly.

EXPRESS. 2.0-liter DOHC 16V I-4 158 hp engine with dual Variable Valve Timing (VVT). Five-speed manual transmission. Four-wheel independent suspension. Front disc/rear drum antilock brakes.
