**ENTIRELY
ORIGINAL.**

Durango Citadel shown in Brilliant Black Crystal Pearl.

Dodge Durango stands apart on a highway that's littered with look-alike SUVs and crossovers. From a sculpted body that announces its athleticism to a split crosshair grille that projects its attitude; Durango was built to break free from the crowd. Standard on R/T and Citadel models, High Intensity Discharge (HID) headlamps with auto leveling offer a custom fit-and-finish appearance. Citadel's HID headlamps also come equipped with SmartBeam™, which automatically adjusts high-beam brightness and intensity. A passion for attention to details is evident in everything from chrome accents to the available self-storing roof rack crossbars that seamlessly fold into the roof rack to present a cleaner appearance. Features like laminated front safety glass and thousands of body welds further Durango's reputation as the strong and silent type.

AN ACRE OF LEATHER TREATED WITH A WORLD OF CARE. Durango stretches the limits in seating flexibility and encourages all who find themselves within it to stretch out themselves. All three rows of seats are crafted with ergonomic contours for the long-distance comfort of up to seven passengers. Seats are available in plush cloth or leather trim, depending on model. New second-row Fold-and-Tumble captain's chairs* are available on all models with your choice of a mini console or a full console with illuminated cup holders, power outlet, charging USB port, covered storage, and armrest. Along with reclining front seats, second-row and available captain's chairs* recline 12 degrees. Third-row head restraints fold down with the press of a button on the front center console to improve rearward visibility. Other available features include heated and ventilated front seats, heated second-row seats, and heated steering wheel. Cargo won't feel the crush, thanks to a spacious 47.7 cu ft of volume behind the second row when the third row is folded. When hauling longer loads, the front-passenger (excluding Durango Citadel models) and rear seats fold flat. Sapphire blue LED lighting illuminates front-door map pockets and door handle recesses. *Late availability.

Durango Citadel shown with Light Frost Beige Nappa leather-trimmed interior and optional second-row Fold-and-Tumble captain's chairs (late availability).

AN INTERIOR THAT’S DESIGNED TO INDULGE. With chrome accents, soft-touch surfaces, and the convenience of standard automatic Three-Zone Temperature Control and available power-adjustable steering column with memory feature, this interior is dynamic at every turn. For further pampering, the available ultra-premium heated steering wheel sends soothing warmth to the full circumference, so wherever you grab, you feel the heat. Durango also offers a remarkable 10-speaker Alpine® premium sound system including a subwoofer and high-powered 506-watt amplifier (standard on Durango R/T, Durango Crew, and Durango Citadel models). The available Rear DVD Entertainment Center features an input jack to accommodate gaming and video devices. The system also includes a remote control and two wireless headsets. An available remote USB port lets you stream live music from a compatible storage device. And with Bluetooth® streaming audio, up to seven Bluetooth enabled media players contribute to the playlist.

Dodge Durango Crew shown with available Black leather-trimmed interior.

TECHNOLOGY THAT KNOWS YOU. Outfit your Durango with Uconnect® to help stay in touch with the people, music, and places that matter most. It acts as the hub for your most important media – cell phone, SiriusXM™ Satellite Radio,^[4] navigation system, and personal devices, such as an iPod® or smartphone. The Uconnect user-friendly systems allow you to stay connected, informed, entertained, and focused on driving.

 **ENTERTAINMENT.** Manage all of your media. You'll have multiple ways to access audio, including SiriusXM Satellite Radio^[4] (your first year of service is included), a hard drive, and iPod control with Voice Command^[5] and Bluetooth® streaming audio. Rear Seat Video can be accessed multiple ways: DVDs, compatible multimedia devices, and gaming consoles.

 **PHONE.** Talking on the phone while driving has never been easier – or more responsible. Uconnect Phone is the in-vehicle, voice-activated communication system that allows you to pair up to seven Bluetooth compatible phones and then talk virtually hands-free. This system is also clever enough to synchronize with your phone's address book^[6] – up to 1,000 entries. Simply press the phone button on your steering wheel and say the name of a contact to place calls while driving.

 **NAVIGATION.** Select destination entries by using voice commands and receive turn-by-turn guidance with voice prompts and visual display. It can also locate nearby restaurants, shopping, hospitals, or points of local interest. Add SiriusXM Traffic™^[4] for real-time traffic updates, including accident alerts, road closings, and traffic flow. Your first year of SiriusXM Traffic^[4] service is included.

 **VOICE COMMAND.**^[5] It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations, SiriusXM Satellite Radio^[4] channels, make and receive calls, select navigation destinations, and record voice memos. This smart system technology can also be trained to better recognize your voice and can understand commands in English, French, and Spanish.

 **WEB.** Put the power of high-speed Internet in your vehicle with Uconnect Web.^[7] Effortlessly connect any WiFi-enabled device to the Internet at 3G broadband speeds, making your vehicle a mobile Hotspot. Passengers can use multiple devices at the same time. There's no need for cell cards or software with this unique Authentic Accessory by Mopar® – it's all wireless. Subscription required. Sold separately.

Available leather-trimmed R/T seat shown.

Dodge Durango R/T shown in Redline 2 Coat Pearl.

STYLING AND PERFORMANCE THAT'S NOT FOR THE FAINT OF HEART. Durango R/T is powered by the legendary 360-horsepower 5.7L HEMI® V8. The engine's Fuel Saver Technology creates the perfect formula of power, efficiency, and wise consumption by deactivating four cylinders when eight are not needed. Standard 20-inch satin carbon aluminum wheels, body-color grille with Black accents, body-color wheel flares and sill moldings, unique front and rear fascias, and High Intensity Discharge (HID) headlamps with Black pockets give this trim level a distinct look. Tow up to a best-in-class^[3] 7,400 lb (when properly equipped) while sitting tall in R/T's uniquely styled interior cabin featuring 7-passenger seating with suede inserts and R/T embroidery. A Sport suspension, unique exhaust tuning, and a lowered ride height (20 mm) yield more outstanding handling and an even more aggressive stance.

A PERFORMANCE STORY YOU SIMPLY CAN'T PUT DOWN. 3.6-LITER DOHC PENTASTAR® VARIABLE VALVE TIMING (VVT) V6 – NAMED ONE OF *WARD'S 10 BEST ENGINES FOR 2011*. Advanced automotive engine technology results in the most powerful standard V6 in its class.^[1] The numbers speak for themselves – 290 horsepower, and 260 lb-ft of torque, estimated fuel economy of 23 highway mpg, and a best-in-class V6 highway driving range of over 500 miles.^[2] Flex Fuel capability lets you fill up with gasoline or E85 fuel. AVAILABLE 5.7-LITER HEMI® V8. The performance-minded driver will appreciate the 360 horsepower and 390 lb-ft of torque of the legendary HEMI engine, while the standard Fuel Saver Technology seamlessly transitions from eight cylinders to four contributing to an impressive highway RWD fuel economy of an EPA estimated 20 highway mpg.

ALL-WHEEL DRIVE (AWD). Available on V6 and V8 models, a fully automatic and seamless AWD system with active variable torque distribution works with electronic brake distribution control for enhanced vehicle stability. **BEST-IN-CLASS^[a] STANDARD AND AVAILABLE TOWING.** Models with the standard 3.6-liter Pentastar® V6 engine tow an impressive 6,200 pounds (when properly equipped). Outfit Durango with the 5.7-liter V8 engine and it tows up to an enormous 7,400 pounds (when properly equipped). When paired with the brawny, available active all-wheel-drive (AWD) system, it can haul those heavy water toys out of the water with ease.

Dodge Durango Crew shown in Bright Silver Metallic with available 20-inch wheels.

THIS COMMITMENT TO SAFETY IS NO ACCIDENT. **BLIND SPOT MONITORING^[9] AND REAR CROSS-PATH DETECTION^[9]** Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons on sideview mirrors and by an audible chime if the turn signal is activated. When in Reverse, rear sensors warn the driver with an audible chime if cross-traffic approaches the vehicle. Available. **ADAPTIVE CRUISE CONTROL (ACC)^[no]** Automatically adjusts cruising speed to maintain a preset distance between your vehicle and the one ahead. Available. **FORWARD COLLISION WARNING (FCW)^[m]** Radar sensors detect when your vehicle may be approaching an obstacle too rapidly, alerting the driver with an audible chime and visual warning. Available. **PARKVIEW® REAR BACK-UP CAMERA^[9]** Provides a wide-angle view on the radio screen of the

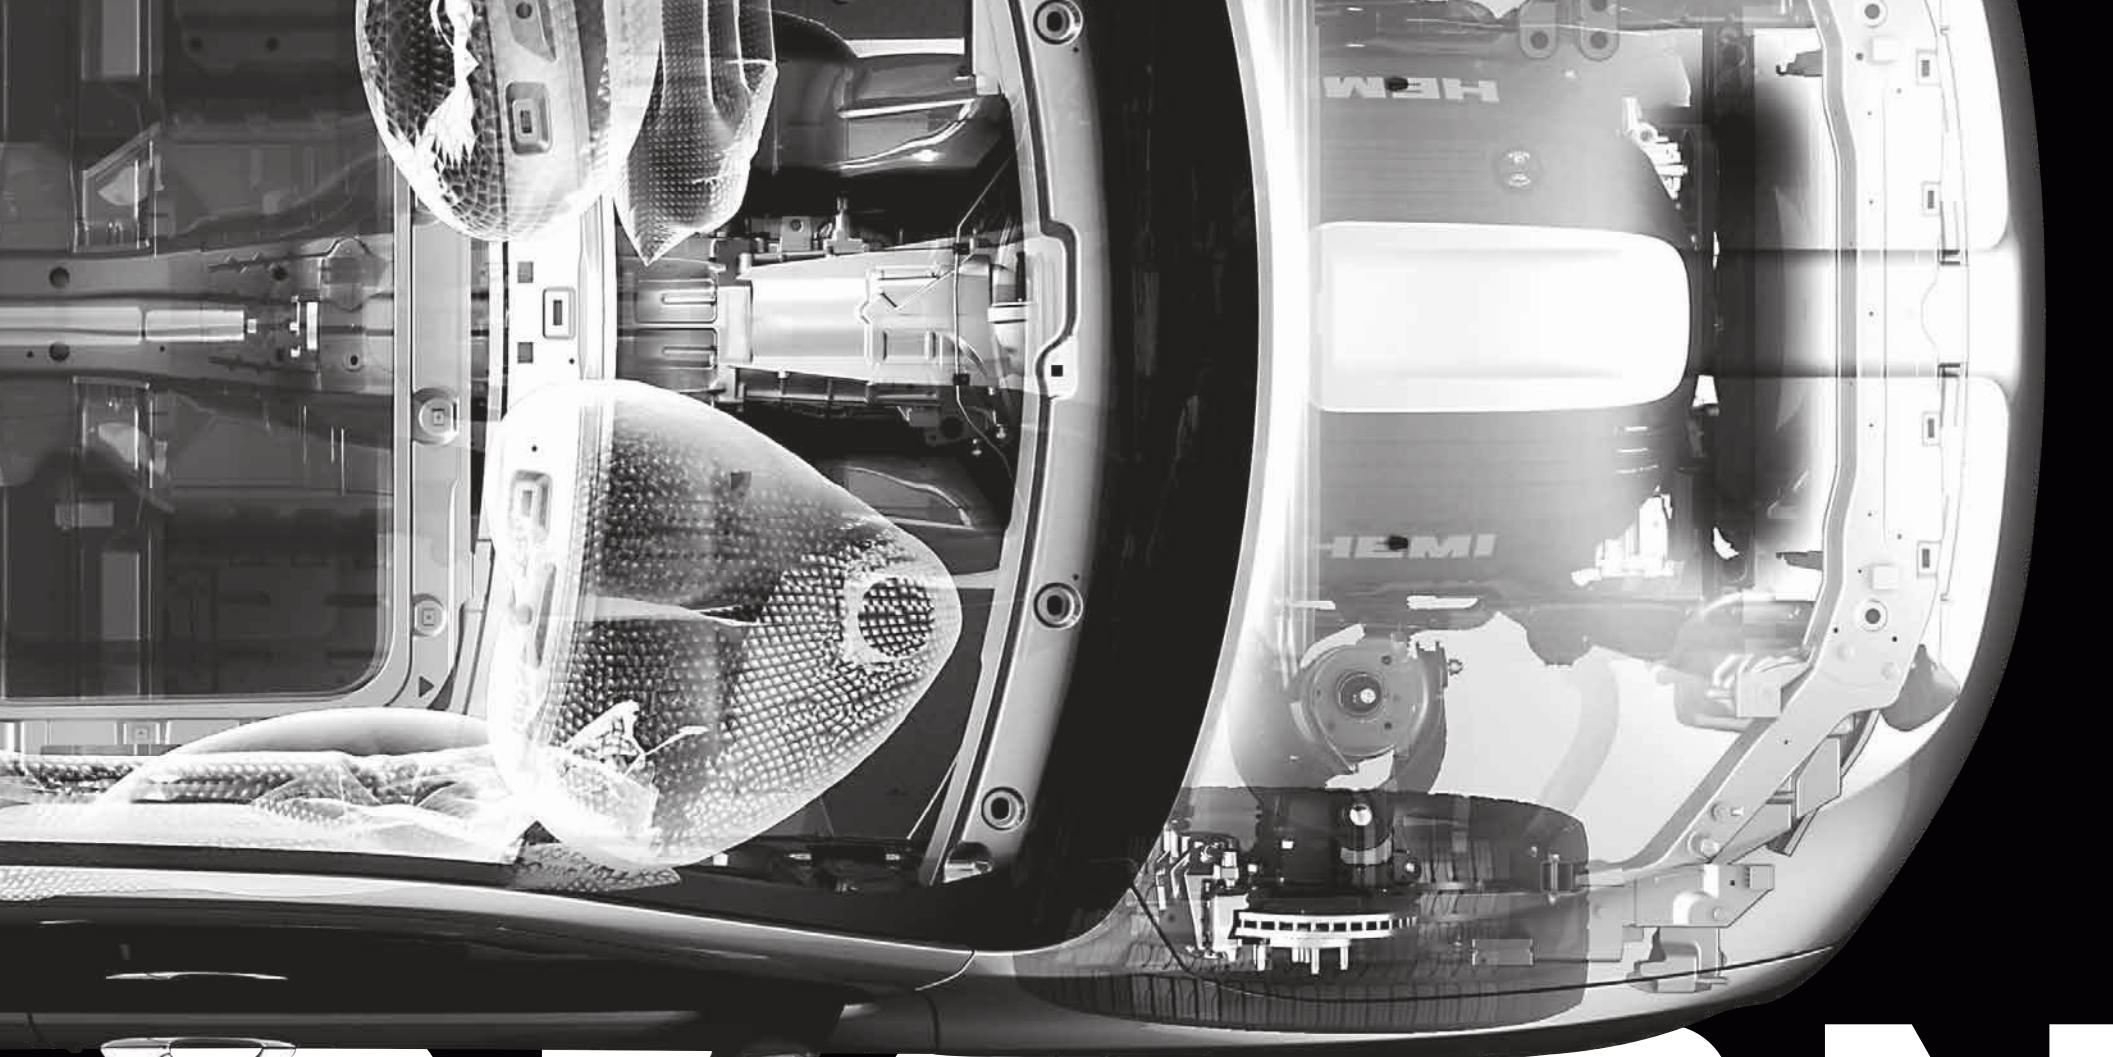

area behind the vehicle, and includes helpful guidelines to assist in aligning trailer hitches. Available. **PARKSENSE® REAR PARK ASSIST SYSTEM^[9]**. When in Reverse, sensors detect the presence of objects in the backup pathway and provide an audible and visual warning. Available. **KEYLESS ENTER 'N GO**. This technology automatically unlocks doors when you pull the handle instead of having to fumble for a key fob. Once inside, a simple press of the brake pedal and the Start/Stop button brings Durango's engine to life. Available. **READY ALERT BRAKING (RAB)**. The system anticipates situations when the driver may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)^[12] pump to precharge the brake system in order to decrease the time required for full brake application. Standard.

Dodge Durango Citadel shown in Mineral Gray Metallic.

SAFETY.

With over 45 standard and available safety and security features, reassurance is engineered into every Durango. This is one of the many reasons why Durango has been recognized as a 2011 Insurance Institute for Highway Safety (IIHS) Top Safety Pick. **AIR BAGS.**^[13] Advanced multistage, full-length side-curtain, and front-seat mounted side-thorax air bags are all standard. **FRONT-SEAT ACTIVE HEAD RESTRAINTS.**^[14] Front-seat active head restraints move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and occupant's head, thereby helping to reduce the chance of injury. Standard. **RAIN-SENSING WIPERS AND RAIN BRAKE SUPPORT.** Front wipers activate when raindrops are detected (available), and a new smart brake system helps dry the brake rotors on wet roads (standard). **IMPROVED CRUSH ZONES.** Designed to divert and dissipate impact energy away from the passenger compartment, helping to minimize injuries in the event of an accident. Standard. **ELECTRONIC STABILITY CONTROL (ESC).**^[12] A vehicle-wide network of safety sensors provides instant aid when it detects that you're veering off your intended path. This robust system includes Electronic Roll Mitigation (ERM), antilock brake system (ABS) with Brake Assist, all-speed traction control, and Trailer Sway Control (TSC).^[12] Standard. **HILL START ASSIST.** Automatically applies the brakes momentarily to help prevent rollback on hills and inclines. Standard.
