MUSTANG

With 260 wild horses under the hood,
it's almost cruel to keep Mustang GT confined to the parking deck.
SO TODAY YOU HIT THE ROAD -- HARD.

You've got the wind in your hair. The sun on your face.

Mustang.

It demands the freedom to flex its mighty muscles.

But you're happy to oblige.

Mustang GT Convertible shown in Satin Silver.

Unbridled exhilaration.
This is Mustang.

Mustang Coupe Premium in Black.

MUSTANG

MUSTANG GT

Sometimes you have to rein in GT's AWESOME 260 HORSES OF V8 POWER.

But when the time and place are right, let 'em go.

THRILL AS THE SPEEDOMETER RUSHES UPWARD.

Throw it a curve and it responds. If it needs to stop, it does so on a dime.

The *Mustang* legend lives on at an exhilarating pace. Yours.

Mustang GT Coupe shown in Torch Red.

INTERIOR

Gluttons for speed? **YES.**

Gluttons for punishment? **No.**

MUSTANG GT runs like the wind,
with a **LUXURIOUS** cockpit

and **GREAT AUDIO CHOICES.**

Mustang's **NEW MP3 CD player** option makes sure you don't miss a beat. Crank it up with the latest technology and the latest sound.

Ladies and gentlemen, start your **Mach 1000** Audio System and stand back. It features a 60-watt amp that powers four midrange tweeters. Six 85-watt subwoofer amps drive four interior subwoofers. All-in-all, 1140 watts of mind-numbing peak power. Oh, and an in-dash 6-disc CD changer with speed-sensitive volume control. Sweet.

Mustang's optional **Mach 460** Sound System with an in-dash 6-disc CD player. The sound is great. Of course, you'll never tire of the sound of that engine.

Mustang GT Convertible shown in Medium Parchment with leather trim and optional equipment.

WHEELS

Mustang Coupe Premium features 16" bright alloy wheels. Clean them with a toothbrush, if you must. But don't neglect that big grin you see in the reflection.

These 16" painted alloy wheels are included in the Coupe Standard and Deluxe. You'll admire them as much at 70 mph as when they're standing still.

These 17" Premium alloy wheels are reason enough to opt for Mustang GT Premium. Do you (or this car) deserve any less?

17" painted alloy wheels are part of Mustang GT Deluxe. Framed with pavement-churning black rubber. Pure art.

COLOR AND TRIM

Mustang's cloth selection is as comfortable as a pair of jeans. And is definitely right for any occasion.

You may have no use for chaps, but front leather-trimmed seating in a Mustang will take you out on the range in style.

BE A PART OF THE MUSTANG PHENOMENON.

Whether you own one of the firsts or are thinking of the 2002 Mustang as your very first, you are part of an automotive love affair that is unlike any other. It is fueled by passionate people like yourself who thrill to the sound and relish the freedom of expression only Mustang can conjure. It began decades ago (it seems like yesterday) when the original "pony car" bolted onto America's twisty back roads, quarter-mile stretches of asphalt, and high-speed banked ovals. GT, Cobra, Mach 1, Boss and SVO became industry high-water marks in power, design and innovation. They are as famous as the places where they triumphed. Woodward Ave. Mullholland Drive. Pomona Raceway. Orange County International. Today, that bloodline continues to surge in a direct line to you. Continue the affair. Take the wheel and lift your sunglasses just enough to see the envy of some . . . or the tip of the cap from others. They are in love, too.
