

05 RANGER

> ANYTIME. ANYWHERE.

Want a truck that isn't afraid of a challenge? You're looking at it. The 2005 Ford Ranger. As the best-selling compact pickup 17 years running, the record speaks for itself. And check the fan base. It's recognized by Polk for having the Highest Model Loyalty in the compact pickup truck segment* 4 years in a row. Why? It's got the choices you want, the Built Ford Tough power you need and the options you dream about, all rolled into one seriously knockout appearance. Just call it the Champ.

> MAP — OPTIONAL.

What's up that mountain, that stream, that trail? Sometimes your passion for nature can lure you off the beaten path. And getting there takes a true off-road machine. That's why we build Ranger FX4 LEVEL II. It has the parts you need by the names you trust — BFGoodrich® off-road tires, Alcoa® forged-aluminum wheels, Bilstein® gas shocks, a Torsen® limited-slip rear differential, and Ford's low-end-torque-touting 4.0L V6 engine. Go on. Get lost.

Less Slip, More Grip

Limited-Slip Rear Differential — Standard on FX4 LEVEL II, this Torsen® differential delivers the heavy-duty power you need on your off-road adventures. And that means extra traction on the trails.

Tough Shoes To Fill

Forged-Aluminum Wheels — A true off-road enthusiast's compact pickup requires true off-road wheels. And you can certainly judge FX4 LEVEL II by its shoes — monster 31" x 10.5" BFGoodrich® KO's soled to Alcoa® 15" 8-hole forged-aluminum wheels.

As Terrains Switch, So Can You

4x4 Engagement — Whether you're on the streets (2WD), off-road (4x4 HIGH) or climbing hills (4x4 LOW), you've got optimal traction. Protection comes from skid plates (below) covering the engine/oil pan, transfer case and fuel tank.

Ranger FX4 LEVEL II — skid plates, tow hooks, Bilstein® shocks

Engaging Appearance

FX4 LEVEL II Gauges — Easy-to-read speedometer, tachometer, fuel and temperature gauges are big and bold. Featured in black with silver trim, they put ruggedness on display.

Ranger FX4 LEVEL II SuperCab — Black
Team Ranger Athlete — Abe Teter, Pro Snowboarder

> ALL OF THE ABOVE.

So you want a compact pickup truck that turns heads, has the power to play, **and** is comfortably equipped? We have your answer – the 2005 Ford Ranger XLT. Available features include a chromed-out grille and bumpers to provide a bold, aggressive appearance. When properly equipped, XLT can carry payloads up to 1660 lbs. and tow up to 5860 lbs.* to get your gear where it needs to go. And tow hooks and fog lamps are just some of the extras that come with the 4x4. Next question.

Make Your Bed

Cargo Box Tie-Down Hooks – When you're moving stuff from A to B, you don't want any nightmares in between. Ranger's sturdy tie-down hooks help keep all your cargo securely tucked in.

You've Got Pull

5860-lb. Towing Capacity – When properly equipped with the available Class III hitch receiver, Ranger XLT 4x2 SuperCab has a lot of influence – 5860 lbs. worth of towing capacity* to be exact. Something you'll appreciate when you shop for bigger toys.

*See your Ford Dealer for a copy of the Trailer Towing Guide.

Ranger XLT SuperCab 4x4 – Silver Metallic
available black side step bars

Not Just Another Pretty Face

Monochromatic Cluster – Sure XLT's instrument panel looks good, but these white-on-black gauges are good readers, too. And they're accompanied by smart features like available speed control and tilt steering.

Ranger XLT SuperCab 4x2 – Dark Green Satin Metallic
available Appearance Package and 15" machined "split-spoke" cast-aluminum wheels
Team Ranger Athlete – Tara Hamilton, Pro Wakeboarder

> SOME EGO REQUIRED.

It's your universe, baby. Shouldn't you be the center of it? Ranger EDGE 4x4 puts you there like no other compact pickup truck on the planet. EDGE's kickin' AM/FM stereo with Dual-Media cassette/CD player with MP3 capability draws a crowd. Its slick, power dome hood and 5-spoke cast-aluminum 16-inchers keep their pupils dilated. And its shift-on-the-fly 4x4 and 207-hp 4.0L V6 can take you anywhere. In Ranger EDGE, the galaxy revolves around you.

Athletes On The Edge

Ranger Team Athletes – As part of its sponsorship of the Vans Triple Crown Series,TM Ford established the Ranger Team Athletes Program to recognize an athlete in each of the series' 6 core sports: wakeboarding, BMX, surfing, snowboarding, skateboarding and the newest series athlete – freestyle motocross driver Kenny Bartram.*

Ride The Sound Waves

6-Disc In-Dash MP3/CD Player – There's nothing like coastin' under the stars to your favorite jams. EDGE offers an available AM/FM stereo/6-disc in-dash CD changer with MP3 capability, clock and 4 speakers to help you make some noise.

Ranger EDGE SuperCab 4x2 _ Bright Red
available Bright Trim Group and 5-spoke aluminum wheels

*All athletes pictured are professionals. Do not attempt their maneuvers.

Ranger EDGE SuperCab 4x4 _ Sonic Blue Metallic _ available black side step bars
Team Ranger Athlete _ Omar Hassan, Pro Skateboarder

The Better To See You, My Dear

White-Faced Gauges – Oh what big gauges Ranger EDGE has. Best of all, they're rally style – white-faced with a black-trimmed finish – to complement EDGE's bold, in-your-face appearance.

> WHAT WILL THE NEIGHBORS SAY?

Ranger TREMOR leaves some serious vibrations in its wake. Its Pioneer® Sound System pushes up to 510 watts of massive sound through a Pioneer 6-disc in-dash CD changer with MP3 capability, a multi-channel amplifier, a 10" floor-mounted subwoofer and four 6" x 8" coaxial speakers. And the speakers are designed specifically for TREMOR so you get the best possible sound. Brows will rise. Jaws will drop. And yeah, you may get a few complaints. But who cares? You won't hear 'em anyway.

Make A Statement

Machined Cast-Aluminum Wheels – The music isn't the only thing making noise on Ranger TREMOR. Its standard 16" machined cast-aluminum wheels speak volumes down every street they cruise.

Keynote Speakers

Pioneer Sound System – TREMOR features one of the biggest names in sound in its cabin. The Pioneer Sound System comes equipped with a high-output, multi-channel amplifier and a 10" floor-mounted subwoofer enclosure. Today's topic – Maximum Volume.

Nightclub

510 Watts of Audio Punch – TREMOR's Premium Pioneer Sound System kicks out up to 510 crystal-clear watts while its glow-in-the-dark front face adds to the ambience. Yes... you may want to install a velvet rope and charge your passengers cover.

Ranger TREMOR SuperCab 4x4 _ Bright Red
available black side step bars

> TAKE THE SHOW ON THE ROAD.

There's driving... and then there's driving while shamelessly singing along to your favorite tune. Huge difference. Your music matters. We understand. That's why Ranger offers several top-notch audio options. Need serious volume? Ranger offers up to 510 earth-shaking watts. Clarity's important? Ranger TREMOR's premium coaxial Pioneer® speakers deliver the best sound possible. Want the latest technology? Ranger's 6-disc in-dash CD changer with MP3 capability lets you load your tunes. So go on. Cue the head bobbin'.

Synonymous With Premium Sound

Pioneer Sound System — We place a premium on sound. That's why we offer the 290-watt MP3 Pioneer Sound System. It features an AM/FM stereo/6-disc in-dash CD changer with MP3 capability (right), center-console-mounted 6.5" bass subwoofer, polypropylene mid-range front-door speakers and dual-cone polypropylene rear speakers.

Mass Media

Dual-Media System — We've got all formats covered. Ranger's AM/FM Dual-Media stereo (above) plays cassette tapes, CDs, and even MP3/CDs through 4 speakers. Sorry. No vinyl. We didn't have enough space for the turntable.

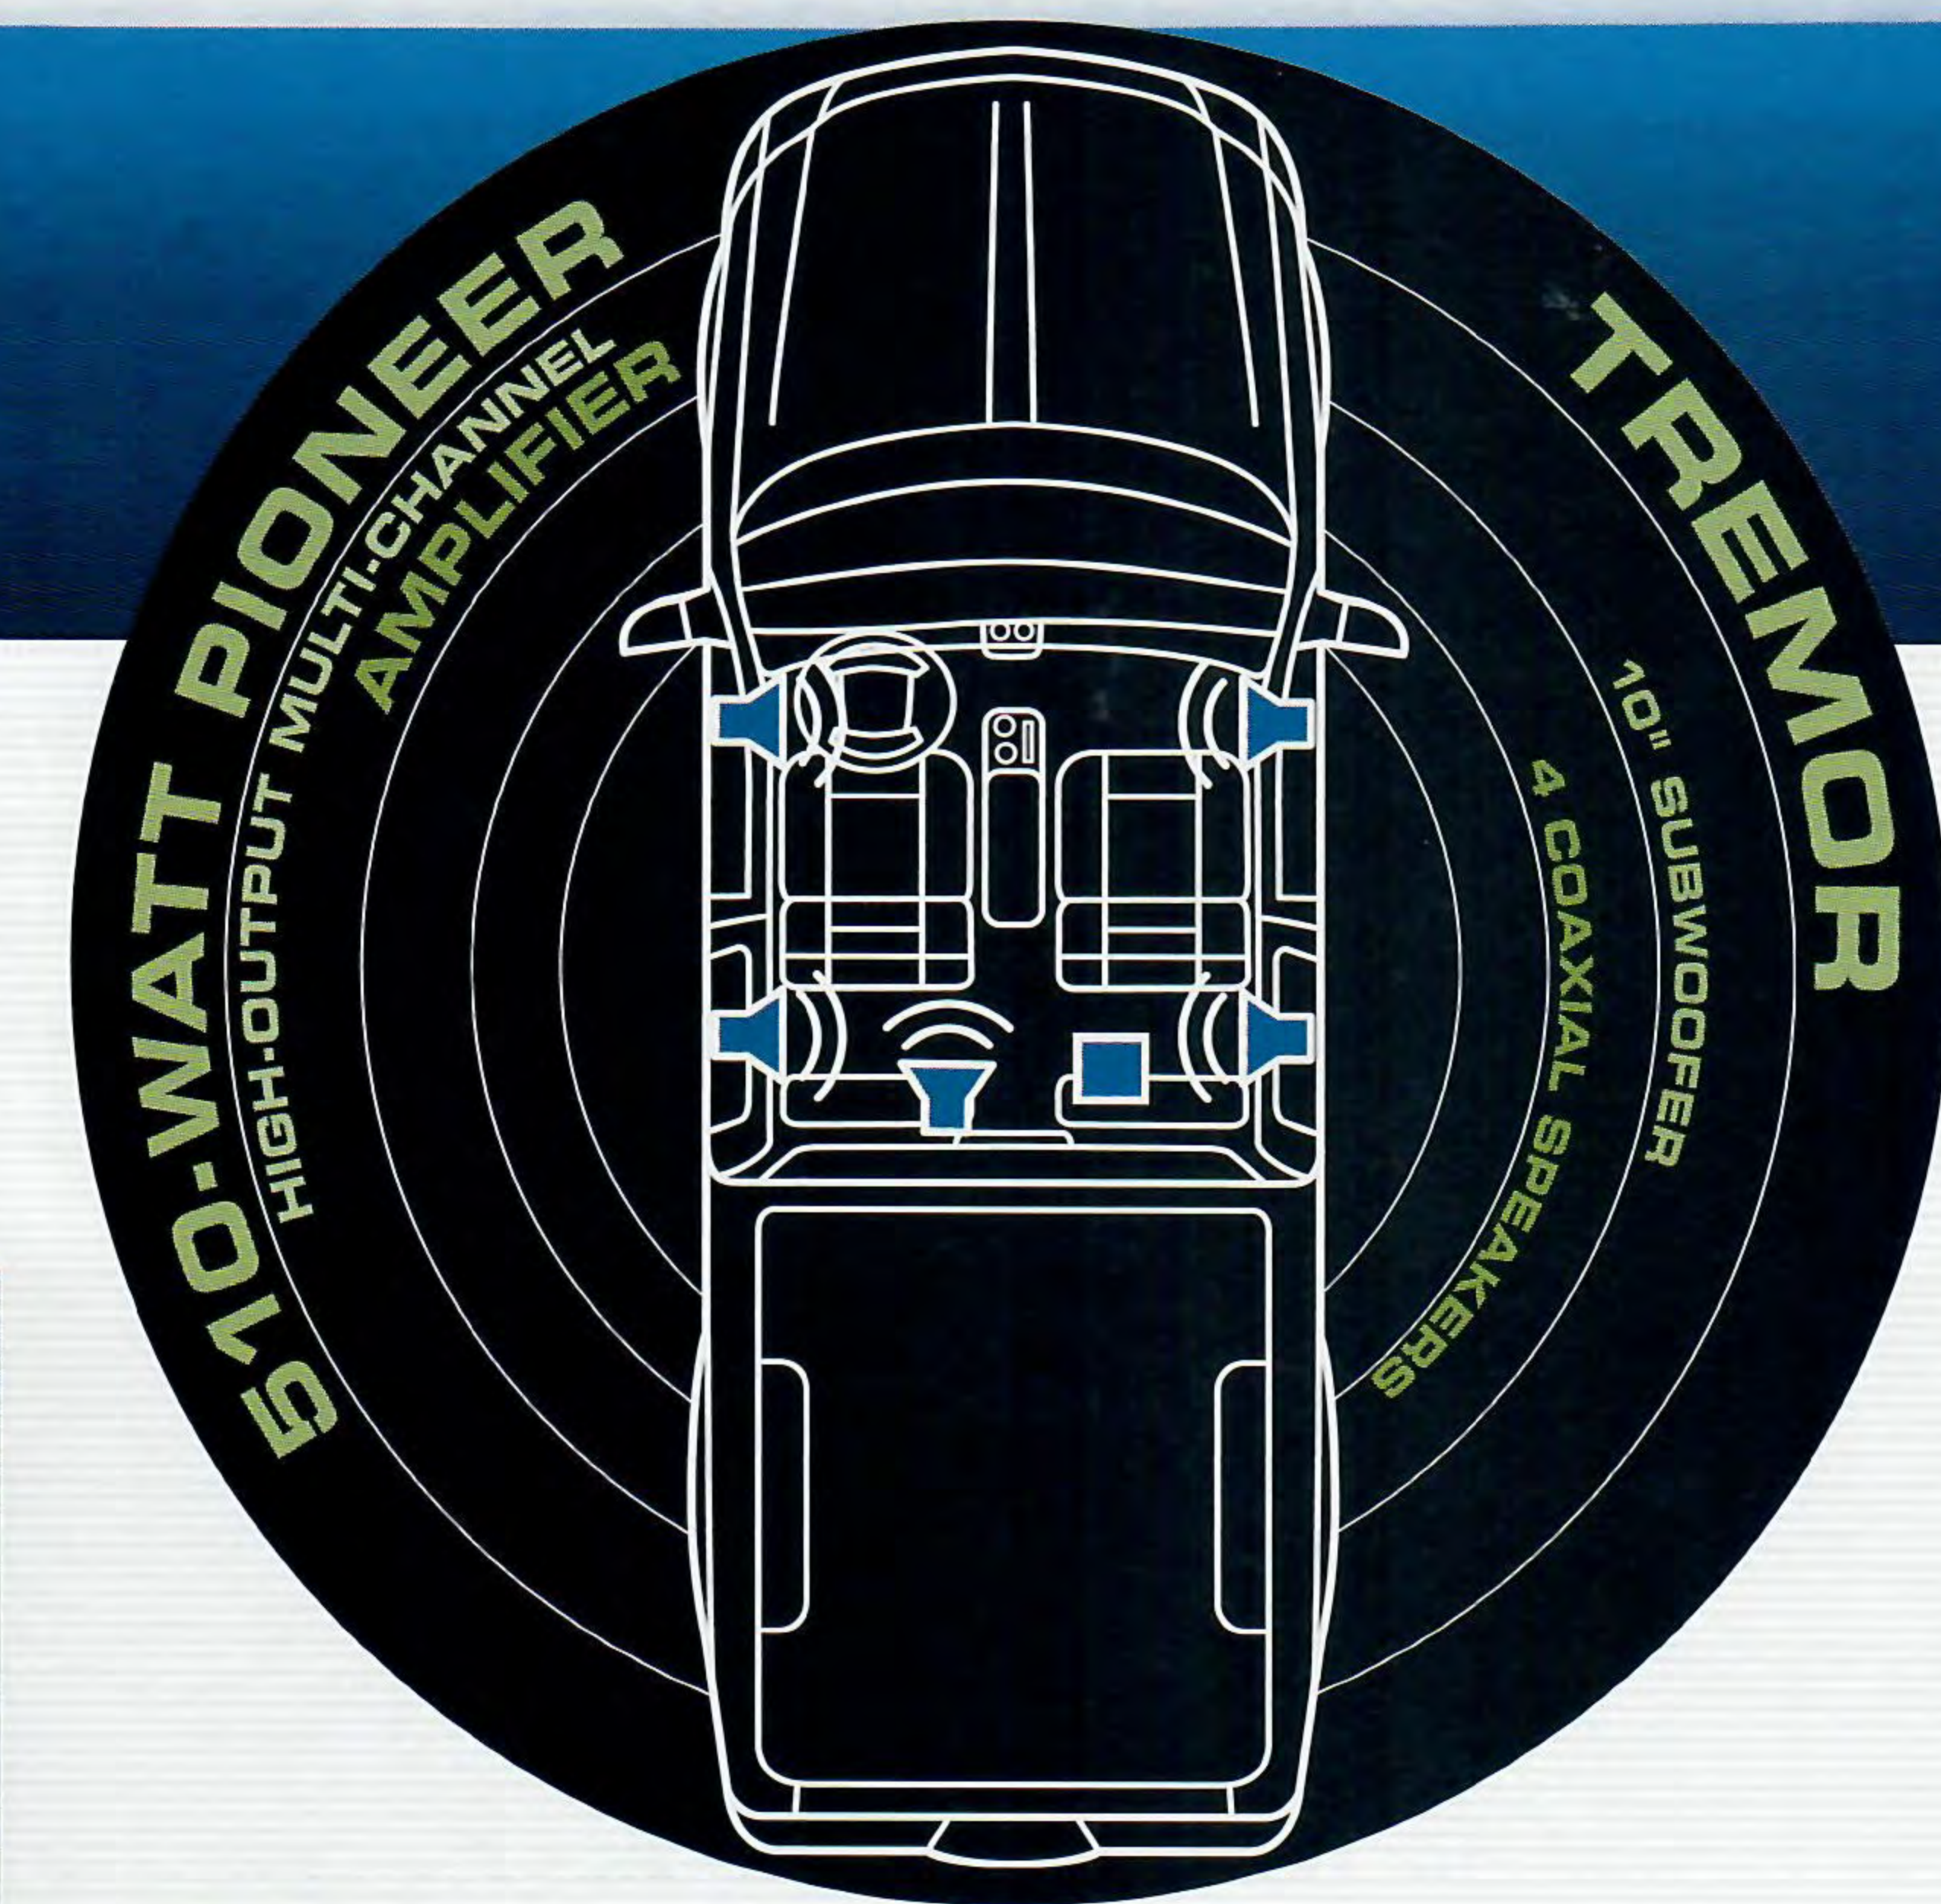

Load Up

6-Disc In-Dash MP3/CD Player — Along with a clock and 4 speakers, Ranger's AM/FM stereo sound system features a 6-disc in-dash CD changer with MP3 capability (left) that lets you carry enough music to take you coast to coast on a single download.

Don't Miss A Beat

Electronic AM/FM stereo/single-CD player with clock and 4 speakers (left) is standard on XLT and FX4 OFF-ROAD.

Not A Wasted Watt

When it comes to speakers, it's location, location, location. That's why our sound engineers placed Ranger's speakers for optimum sound performance. So you've always got the best seat in the house.

> COMFORTING TERRAIN

Rough surfaces... tight squeezes... challenging obstacles... save that kind of landscape for the outside world. Inside Ford Ranger, it's all comfort and convenience. Take your choice of available soft, leather-trimmed front seats — either sport buckets or a 60/40 split seat. Reach out to Ranger's well-displayed, ergonomic dash. And for the ultimate convenience, add the Power Equipment Group with remote keyless entry and power windows, door locks and sideview mirrors. Now just sit back and enjoy the scenery.

Stands Up To A Lot Of Sitting

60/40 Split Seat — You work hard. Your seats should, too. Ranger's cloth front 60/40 split seat is durable enough to withstand your day-to-day use, yet comfortable enough to help you enjoy it.

Lay Of The Land

Interior Environment — Ranger's instrument panel is well-landscaped. Ergonomic controls are easy to navigate. Rally gauges and trip odometer are bold and easy to read. And an AM/FM stereo with a Dual-Media cassette/single-CD player with MP3 capability and clock are well within reach.

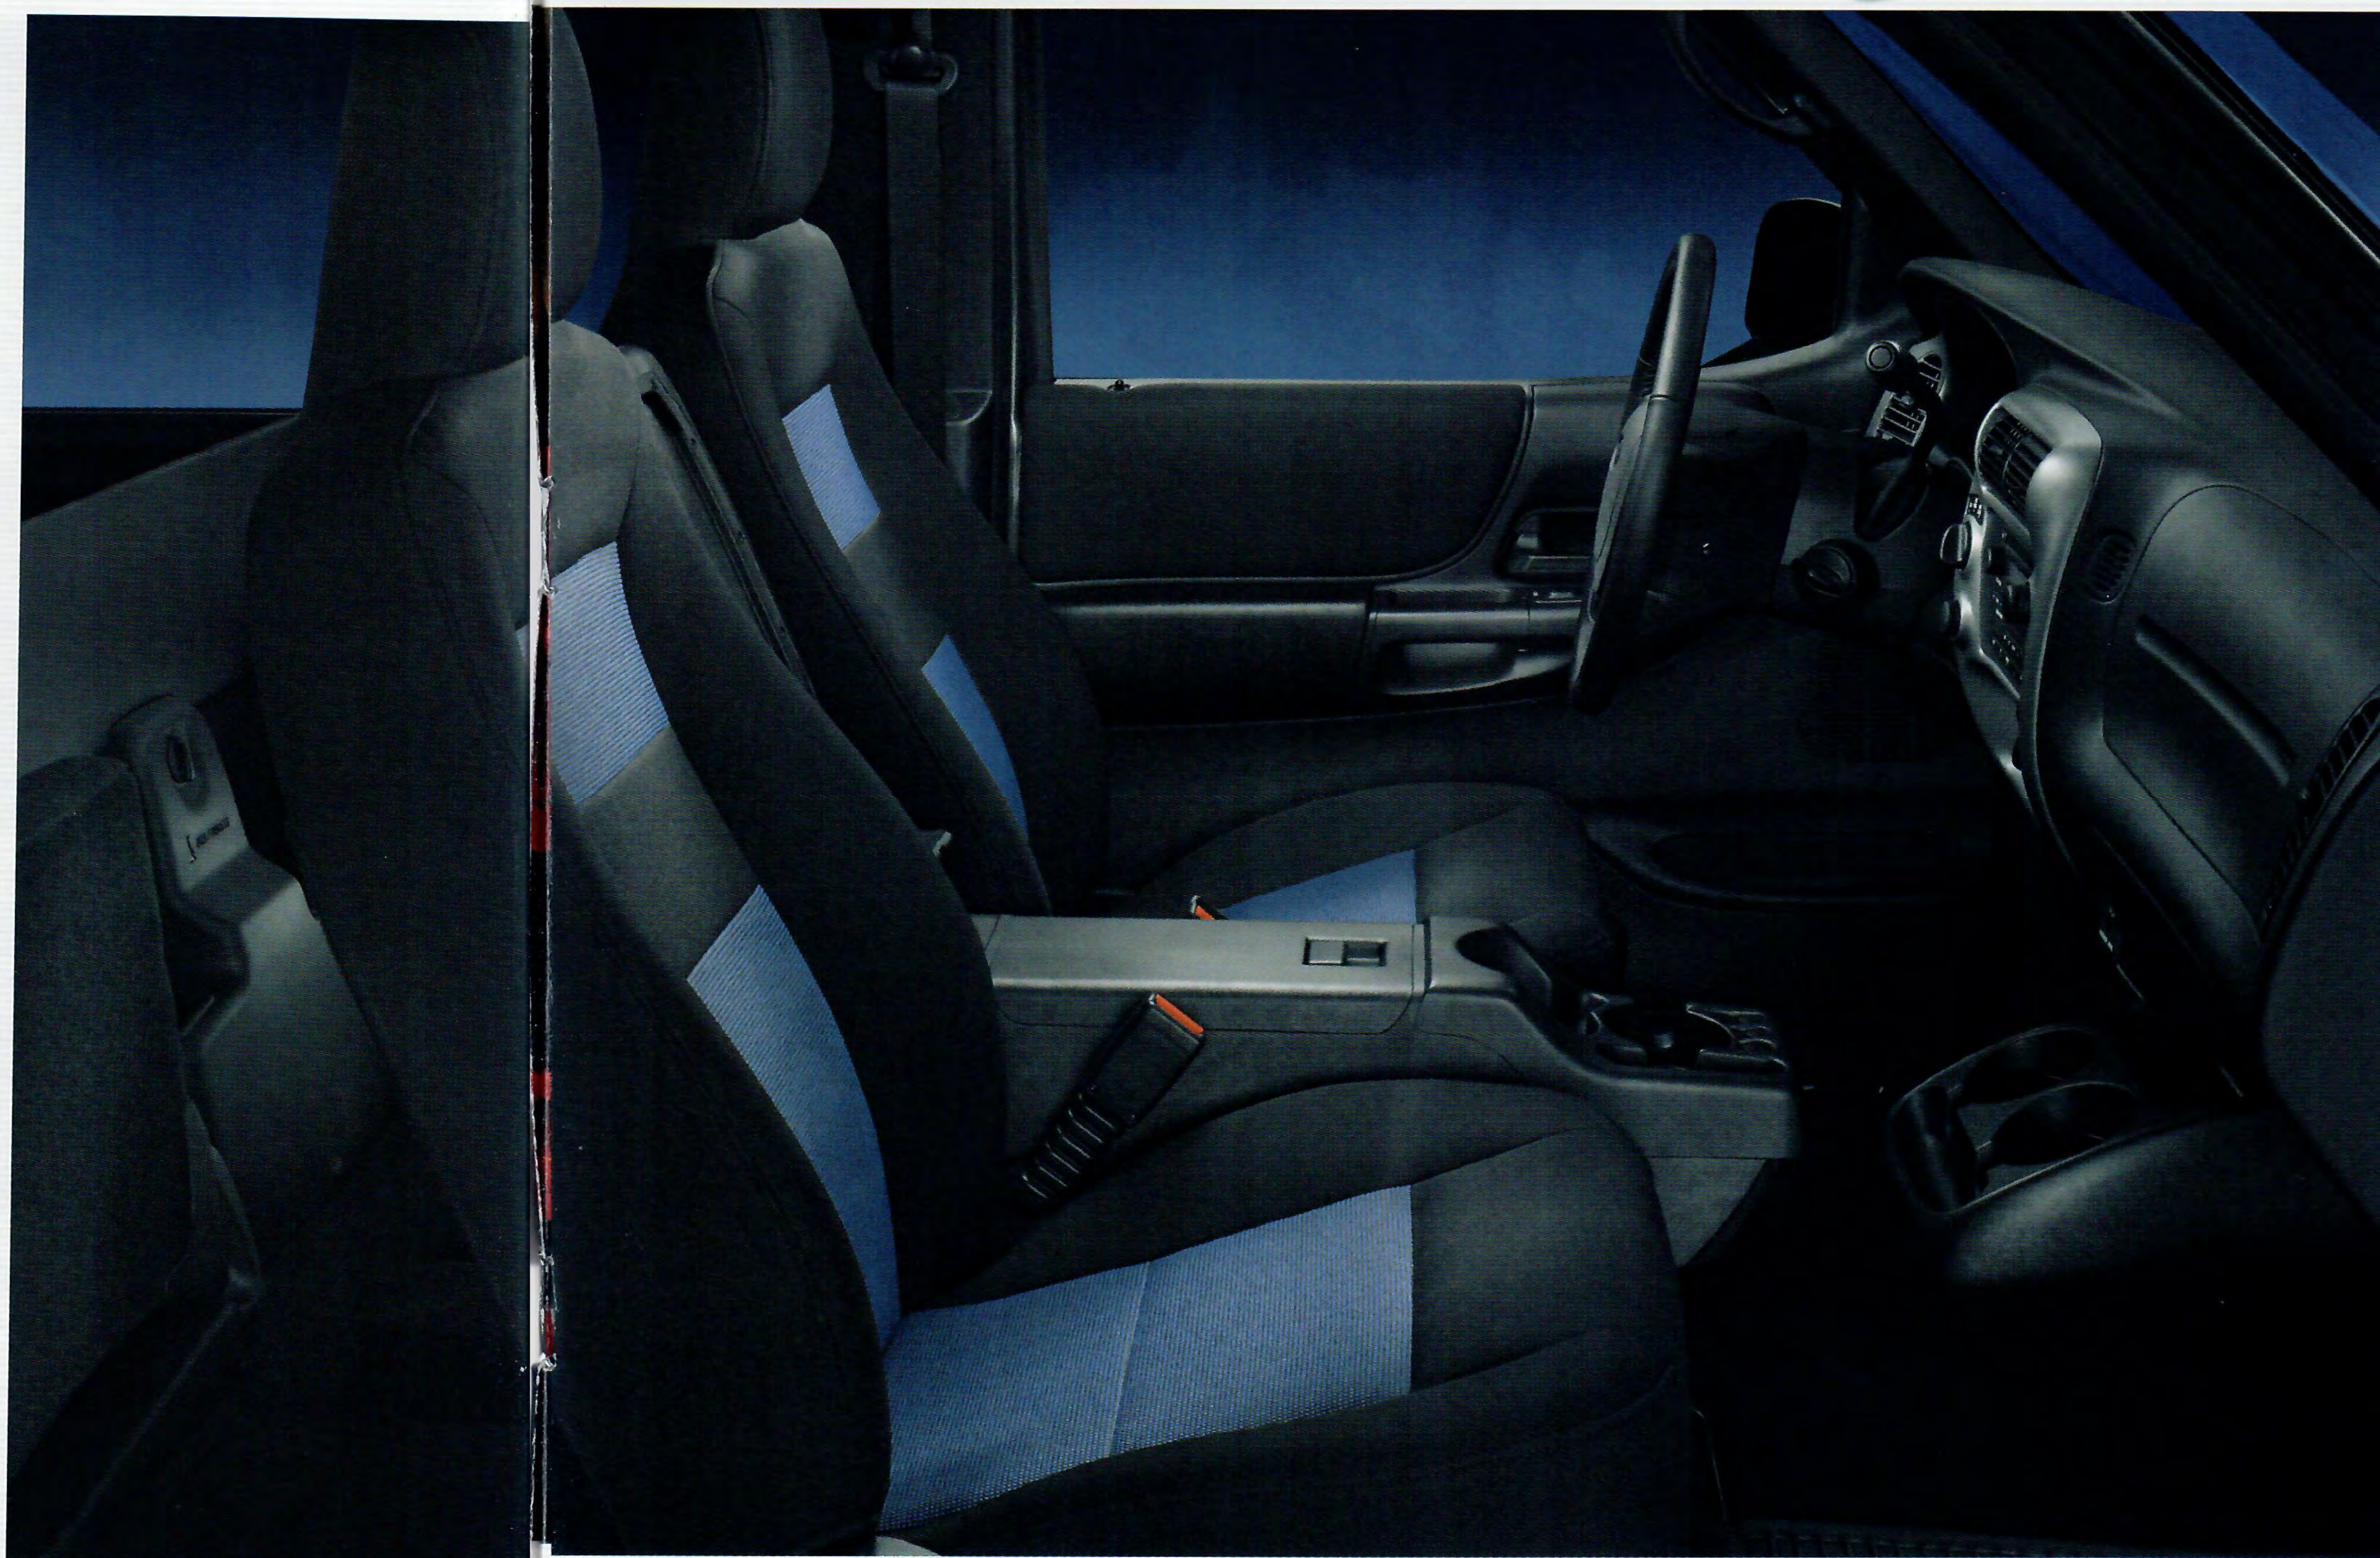

Command Position

Cloth Sport Bucket Seats — Ranger's front cloth sport bucket seats are comfortably fitted to give you complete command of the road. And there's plenty of space in the center console to keep the important stuff organized. Full steam ahead.

Built For Comfort, Too

Leather-Trimmed Seats — Ranger is 100 percent Built Ford Tough, but it has a soft side, too. Available leather-trimmed sport bucket seats make you feel right at home. Leather trim is also available on the front 60/40 split seat.
