MASTER OF ADAPTABILITY.

Transit Connect Wagon was designed around a guiding principle – be prepared for anything. Its functional interior is ready to adapt at a moment's notice. If your day starts with passengers, a low step-in height makes entry and exit easy for everyone. Need to pick up equipment later? The 2nd-row seats fold forward or can be removed for more room in short-wheelbase models. In long-wheelbase wagons, 2nd- and 3rd-row seats fold down to create a flat load floor. Power 2nd-row windows with one-touch-up/-down¹ on the dual sliding side doors help keep the air (and hair) flowing. Whatever you're moving – cargo, people or even pets – Transit Connect Wagon allows you to meet the challenges of your day. With complete confidence.

BRIGHTENS MARKET DAY. AND EVERY DAY.

Whether you're an early riser or night owl, Transit Connect Wagon has thoughtful features that enhance every trip. In back, the liftgate opens high for quick access, and features a grab handle for convenient closure. Plus, the low liftover height helps make loading easy. Up front, cornering fog lamps¹ throw additional light to the sides of the vehicle – particularly helpful on pre-dawn market adventures. To quickly clear fog, snow, sleet and ice should bad weather move in, a press of the Quickclear™ electric windshield defroster¹ button activates heating elements fused between layers of windshield glass. It works along with the heated windshield washer jets.¹ With Transit Connect, you can stay on task. All day. Every day.
