6.7L Power Stroke® V8 Turbo Diesel

TESTED AND PROVEN. POWER STROKE DIESEL.

Designed, engineered and built by Ford, the 6.7L Power Stroke V8 Turbo Diesel¹ features innovations that contribute to its durability. One example: precision dual water jackets help minimize weight while maximizing the cooling of its aluminum cylinder head.

Maximum power is generated quickly, thanks in part to the compact, efficient design of a single-stage Variable Geometry Turbocharger. The diesel is paired with a rugged TorqShift® 6-speed SelectShift® automatic transmission. Low-speed lockup capability (down to 900 rpm) on its torque converter helps the V8 work efficiently at lower rpm.

This B20-capable engine has already proven itself in over 12 million miles of cumulative testing and real-world use under extreme conditions. From 120°F scorching heat to -40°F bone-chilling cold, the 6.7L Power Stroke defines Built Ford Tough®.

Get alerts for oil changes with the Intelligent Oil-Life Monitor®, which tracks oil temperature, soot filter regeneration cycles, engine-idle hours and mileage, then alerts you when it's time to make the change.

¹Available feature.

6.2L 2-Valve V8 Gas

6.8L 3-Valve V10 Gas

RANGE FAR BEYOND GAS.

Engineered, built and torture-tested by Ford, the standard 6.2L 2-valve V8 engine on F-350 supplies 385 hp and 405 lb.-ft. of torque. It also gives you the power of choice when refueling. Run it on gas, E85 or a blend of the two.

Alternative fuel options include a CNG/Propane Gaseous Engine Prep Package that readies your truck to be upfit to run on compressed natural gas (CNG), on propane autogas, or as a bi-fuel vehicle with the ability to seamlessly switch between CNG or propane and gasoline.

For flexibility and extended range, Ford trucks upfit to a bi-fuel system include a tank for each type of fuel. Our 6.8L V10 engine, standard on F-450/F-550 XL/XLT, can also be prepped¹ to run on CNG or propane. The only V10 engine available in the class, it provides plenty of pull for your heavy loads. For ordering details, see your Ford Dealer. Purchasing a Super Duty upfit this way may help you qualify for state incentives related to alternative-fuel use, infrastructure or vehicles. Visit afdc.energy.gov/afdc/laws for details.

INSPIRE TOWING CONFIDENCE.

The 2016 Chassis Cab offers a wide range of towing capacities¹ along with plenty of assistance – including a new Rear View Camera and Prep Kit^{2,3} and class-exclusive PowerScope[®] trailer tow mirrors.²

To help make backing up easier, the Rear View Camera and Prep Kit features a loose camera that you place where you want, a wiring bundle, and an auto-dimming rearview mirror with camera display. It's great for hooking up your load as well.

To lock out upper gears when heavily loaded or when towing on grades, use the progressive range select mode on the Ford TorqShift[®] 6-speed SelectShift[®] automatic transmission.²

For optimal towing performance, tow/haul mode helps manage gear selection by keeping the engine in its power band. Trailer sway control⁴ and hill start assist are both standard on SRW models, while DRW models feature driver-selectable engine-only traction control. Plus, our integrated trailer brake controller² helps balance the performance of the truck and your electric trailer brakes.⁵

It all adds up to a truck you can rely on whenever there's serious work to be done – Ford Super Duty.

It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ⁵Trailer brake controller verified to be compatible with electrically actuated drum brakes and certain electric-over-hydraulic brake systems. COMMAND IT WITH YOUR VOICE.

Voice-activated SYNC^{®1} technology helps you keep your eyes on the road and hands on the wheel. SYNC. Say the word.

- **Hands-free calling** lets you make a call with a simple push of a button along with the sound of your voice.
- **Automatic phone book download** transfers the names and numbers in your compatible phone automatically, once paired.
- **Voice-activated music commands** let you say what music you want to hear and listen to it easily with voice-activated search, or say "Bluetooth[®] audio" to stream content from your phone.
- **SYNC AppLink^{TM2}** lets you control some of your favorite compatible mobile apps with your voice.
- **911 Assist^{®3}** is a convenient no-charge feature that allows you to connect your compatible cell phone to help call 911, even if you can't.

Upgrade to SYNC with MyFord Touch.^{®1}

- **An LCD screen** lets you easily read and control the things you want.
- **Voice-activated navigation⁴** features voice-recognition technology that lets you say commands as conversational as "find a restaurant." The system then helps guide you to your destination with audible turn-by-turn directions.
- **Voice control climate** lets you use your voice to adjust the climate, so you can stay comfortable without having to lift a finger.

LARIAT. Charcoal Black leather trim. SYNC with MyFord Touch. Available equipment.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²Available feature. SYNC AppLink is available on select models and compatible with select smartphone platforms. SYNC AppLink is not compatible with MyFord Touch. Commands may vary by phone and AppLink software. ³The vehicle's electrical system (including the battery), the wireless service provider's signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated. ⁴Available feature.

DELIVER LIKE NO OTHER.

With a class-exclusive live-drive power takeoff (PTO) provision on its diesel powertrain,¹ Chassis Cab offers workers of all kinds big-truck capability to get to previously inaccessible locations.

Dual alternators¹ supply additional amperage on the 6.7L Power Stroke® V8 Turbo Diesel for those accessories and upfits that demand it.

With 68 gallons of total fuel capacity, a dual-tank setup¹ on diesel-equipped DRWs is just one of your fuel tank options. Open C-channel construction includes industry standard 34" frame-rail spacing and straight frame rails behind the cab to accept a wide range of aftermarket bodies. Large rotor swept areas on the standard 4-wheel power disc brakes with Anti-Lock Brake System (ABS) help to provide a confident brake feel.

From standard upfitter switches to lockable underseat storage¹ to 110-volt power outlets² and beyond, F-Series Super Duty Chassis Cab is engineered to help you master your business.

¹Certified to SAE J1349. ²F-350 DRW/F-450/F-550 weights shown are for 141" wheelbase Regular Cab, 162" wheelbase SuperCab or 176" wheelbase Crew Cab models. For 165," 186," 189," 200" and 201" wheelbase models, weights may be somewhat less (usually not more than 200 lbs., or 400 lbs. with 201" wheelbase). ³Requires optional High-Capacity Trailer Tow Package.

Load rating represents maximum allowable weight of people, cargo and body equipment and is reduced by the weight of optional equipment.

5th-Wheel Towing Notes: Trailer weights shown assume 875 lbs.-1,000 lbs. second-unit body weight. Be sure combined weight of vehicle and trailer does not exceed listed GCWR. Trailer kingpin weight should be 15–25% of total loaded trailer weight. Make sure that the vehicle payload (reduced by option weight) will accommodate trailer kingpin weight and the weight of passengers and cargo added to the towing vehicle. The addition of trailer kingpin weight, and the weight of passengers and cargo, cannot cause vehicle weights to exceed the rear GAWR (Gross Axle Weight Rating) or GVWR (Gross Vehicle Weight Rating). These ratings can be found on the vehicle's Safety Compliance Certification Label. See your Ford Dealer for conventional trailer weights.

New Vehicle Limited Warranty. We want your Ford F-Series Super Duty® Chassis Cab ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. The Ford 6.7L Power Stroke® diesel engine gets 5-year/100,000-mile warranty coverage. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Business Preferred Network. Each of the select dealerships in our Business Preferred Network (BPN) is committed to providing quality commercial-oriented products and service, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a BPN customer, your business vehicles receive priority service at your BPN dealership to help get your vehicle back on the road quickly.

Financial Services. Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommercialLeaseSM programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at fordcredit.com/comlend.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you peace-of-mind protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford dealerships.
