

2020
SUPER DUTY®

F-250 | F-350 | F-450

BUILT TO BE STRONGER THAN EVER.

When productivity is your lifeblood, this is your tool. Its name – stamped front and center. A daily reminder of the inherent toughness that defines the new 2020 Ford Super Duty.[®] Now with more power, more capability and more technology than ever. From F-250 to F-450, in work-ready XL to luxurious LIMITED, this truck's work ethic is legendary. A new overland-ready TREMOR Off-Road Package adds another chapter to the storied heritage of Super Duty strength and capability. Our dedication to Built Ford Tough[®] has produced this: the strongest Super Duty ever. And this: F-Series. America's best-selling trucks.

BUILT *Ford* PROUD

F-450 LIMITED Crew Cab 4x4 in Rapid Red with 5th-Wheel/Gooseneck Trailer Tow Prep Package and available equipment. (Max. Payload 4,840 lbs., Max. Gooseneck Towing 30,800 lbs., and Max. GCWR 43,500 lbs., when properly equipped with required equipment.) Best-Selling Trucks for 43 years based on 1977-2019 CY total sales. ¹Class is Full-Size Pickups over 8,500 lbs. GVWR, based on Ford segmentation. ²Max. horsepower and torque based on 3rd-generation 6.7L Power Stroke[®] V8 Turbo Diesel. ³Max. gooseneck tow rating of 37,000 lbs. available on F-450 Regular Cab 4x2 diesel (not shown). ⁴Max. conventional tow rating of 24,200 lbs. available on F-450 Crew Cab diesel. ⁵Max. Payload of 7,850 lbs. on F-350 DRW Regular Cab Long Box 4x2 with 6.2L engine and F-350 Gas Heavy-Duty Payload Package (not shown). ⁶Max. GCWR of 45,300 lbs. on F-450 Regular Cab (not shown).

NOTE: Maximum payload and towing capabilities shown throughout this brochure are for properly equipped base vehicles with required equipment and a 150-lb. driver and vary based on cargo, vehicle configuration, accessories and number of passengers. See Payload and Towing charts in the Specifications section for maximum ratings by configuration. See label on door jamb for carrying capacity of a specific vehicle. Horsepower, torque, payload and towing are independent attributes and may not be achieved simultaneously. For additional information, see your Ford Dealer. Vehicles throughout this brochure may be shown with optional and aftermarket upfit equipment.

HIGH-AIRFLOW GRILLE FOR DUAL REAR-WHEEL DIESELS

Optimized for powertrain cooling, this new grille on DRW diesel models is part of an enhanced Super Duty® front-end design that includes new grilles, headlamps and other improvements.

Standard on XLT and above DRW models equipped with the available diesel engine

Included on XL DRW models equipped with the available diesel engine and STX Package

POWER SURGE.

Among heavy-duty trucks, torque is king. It's no surprise, then, that Super Duty continues to boast more available torque than anyone in the kingdom. An all-new, available 7.3L V8 gas engine and available 3rd-generation 6.7L Power Stroke V8 Turbo Diesel both lead their categories in torque and horsepower. They join the 6.2L V8 gas engine, standard on F-250 and F-350, to form the strongest, most capable Super Duty engine lineup yet. All 3 engines, along with an all-new, available TorqShift® 10-speed automatic transmission and rugged TorqShift-G 6-speed automatic, are designed, engineered and built by Ford. So rest assured that each Built Ford Tough® powertrain works seamlessly with all chassis components and vehicle calibrations. Helping you continue your job of building a better world.

F-450 XL Regular Cab 4x2 in Oxford White with STX Package, 5th-Wheel/Gooseneck Trailer Tow Prep Package, and available equipment.
(Max. Gooseneck Towing of 37,000 lbs. shown.)

3RD-GENERATION 6.7L POWER STROKE V8 TURBO DIESEL

Our proven Power Stroke diesel gets significant upgrades that push its horsepower and torque output into the stratosphere. Excellent throttle response is delivered in part by a 36,000-psi fuel-injection system with new injectors that better atomize fuel for optimized combustion. In this high-pressure environment, new forged-steel pistons provide higher firing pressure capability and less friction for improved durability. A new turbocharger with fully electronic vane actuator improves cold-weather performance. Finally, a new air-induction system and redesigned grille ensure plenty of airflow to help keep things cool. Which the 6.7L Power Stroke V8 Turbo Diesel has done for years – stay cool under pressure.

Standard on F-250/F-350 LIMITED; F-450 ALL TRIMS

Available on F-250/F-350 XL, XLT, LARIAT, KING RANCH®, PLATINUM

ALL-NEW 7.3L 2-VALVE V8 GAS

Get ready for a new legend in the world of work. This beast debuts as the most powerful and largest-displacement V8 gas engine in the class. Built from the ground up as a dedicated truck engine, it's engineered for iron-clad durability. To enable it to work harder for longer, its stout design features: cast-iron engine block construction; a forged-steel crankshaft; carbon-nitrided needle bearings in the valvetrain; robust pistons and ring packs with anti-wear coatings; piston cooling jets; and a variable-displacement oil pump located in the pan. The pump ensures proper engine lubrication in cold-weather starts and, over time, even accommodates engine-wear changes to maintain optimum engine performance. And that's what it's all about in harsh environments where these trucks may not leave for months. The all-new 7.3L V8 from Ford. Tough lives here.

Available on F-250/F-350 XL, XLT, LARIAT, KING RANCH, PLATINUM

6.2L 2-VALVE V8 GAS

Dual-equal variable cam timing phases the intake- and exhaust-valve opening and closing events simultaneously to optimize low-end torque and peak horsepower. By supplying working power throughout the rpm range, the 6.2L V8 delivers an exceptional combination of driveability, hauling and towing performance.

Standard on F-250/F-350 XL, XLT, LARIAT, KING RANCH, PLATINUM

**5 SELECTABLE
DRIVE MODES**

Both TorqShift automatic transmissions feature new Selectable Drive Modes. 5 settings let you tailor your mode to the road. Models equipped with the TREMOR Off-Road Package get an additional Rock Crawl mode.

TOW/HAUL Moves upshifts to higher engine speeds to reduce the transmission shift frequency when towing. It also provides engine braking in all forward gears to slow the truck and assist in control when descending a steep grade.

DEEP SNOW/SAND Adjusts the transmission shift schedule, pedal response, traction control and driveline configuration for better handling in deep snow or sand.

SLIPPERY Adjusts the pedal response and traction control for better handling on surfaces covered with ice, water, grass or gravel.

NORMAL Ideal for everyday driving on wet or paved roads. A balance of excitement and convenience.

ECO A less aggressive calibration helps conserve fuel when driving range is your priority.

ALL-NEW TORQSHIFT® 10-SPEED AUTOMATIC TRANSMISSION

In the unforgiving landscapes where F-Series Super Duty excels, it's all about strength, capability, plus smooth and efficient power delivery. This year, operators of all 3 Super Duty engines will benefit from our robust TorqShift 10-speed automatic that's calibrated specifically for heavy-duty work. With a low 4.615 1st-gear ratio producing outstanding starting torque, the 10-speed also offers a wide range of overdrive gears. A state-of-the-art hydraulic control system supplies smooth, fast shifts, exceptional gear selection and, on diesel engines, a neutral idle for commercial truck use. Selectable Drive Modes allow drivers to optimize how Super Duty performs in a given driving condition (Slippery, Deep Snow/Sand, etc.).

Standard on F-350 and F-450; Available on F-250

AN ENHANCED LIVE-DRIVE PTO PROVISION

Gives you more power takeoff (PTO) capability on Super Duty with the available diesel engine than ever before. With stationary- and mobile-mode operations,¹ the PTO provision allows Super Duty to power sprayer pumps, generators, snow plows and more. Directly linked to the engine crankshaft, the PTO output gear delivers power anytime the engine is running – whether the vehicle is moving or not. The available diesel powertrain includes split-shaft capability, which allows operation of multiple accessories at the same time when the truck is stopped. To handle the 20% increase in diesel torque output over last year, a sturdy new 10-bolt architecture helps keep your PTO securely mounted in place.

Available on ALL TRIMS

F-350 KING RANCH® Crew Cab 4x4 in Rapid Red with KING RANCH Monochromatic Paint Package and available equipment. ¹Stationary-mode PTO max. torque ratings: 300 lb.-ft. on diesel, 250 lb.-ft. on gas. Mobile-mode PTO max. torque ratings: 200 lb.-ft. on diesel, 125 lb.-ft. on 7.3L gas, 115 lb.-ft. on 6.2L gas.

WATER FORDING
33"

NEW TRAIL CONTROL SYSTEM Included with the TREMOR Off-Road Package, class-exclusive Trail Control™ is for handling challenging off-road conditions. You pick the speed for the terrain (from 1 mph up to 20 mph, and in 0.5-mph increments in 4x4 Low). Then you focus on steering while Trail Control manages acceleration and braking.

CLASS-EXCLUSIVE ROCK CRAWL MODE When things slow to a crawl off-road, as they often do, this Selectable Drive Mode on TREMOR holds the transmission in 2nd gear, allowing you to crawl over obstacles at very low speeds in 4x4 Low.

35"

MAXIMUM-TRACTION OFF-ROAD TIRES are the largest-diameter tires available on a full-size pickup truck. Out here, it's go BIG – or don't go home.

ROCK ON.

GET A GRIP WITH TREMOR Add the new TREMOR Off-Road Package to transform your truck into the most off-road-capable Super Duty® ever. A new Trail Control system and a unique Selectable Drive Mode called Rock Crawl supply off-road traction. Gnarly 35" Goodyear Wrangler DuraTrac® maximum-traction off-road tires also help maintain your grip, as do a limited-slip front differential, electronic-locking rear differential, and performance shock absorbers all around. Should the skies burst, no worries. TREMOR has 33" of water-fording capability aided by unique front springs that increase ride height, extended axle vent tubes, and skid plates covering the transfer case and fuel tank should you kiss something unexpected while fording. 18" low-gloss black-painted aluminum wheels, body-color wheel-lip moldings, low-profile off-road running boards and TREMOR decals complete the transformation.

F-250 LARIAT Crew Cab 4x4 in Velocity Blue with LARIAT Sport and TREMOR Off-Road Packages, and available equipment. (Max. Gooseneck Towing 16,200 lbs. and Max. Payload 2,780 lbs. when equipped with the 7.3L gas engine.) ¹Max. gooseneck tow rating of 21,900 lbs. available on F-350 SRW Crew Cab 4x4 with 6.75' box, 6.7L diesel engine and TREMOR Off-Road Package (not shown). ²Max. payload rating of 4,210 lbs. available on F-350 SRW Crew Cab 4x4 with 6.75' box, 7.3L gas engine and TREMOR Off-Road Package (not shown).

Always consult the owner's manual before off-road driving. Follow all laws and drive on designated off-road trails and recreation areas. Always determine the water depth before attempting a crossing and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water.

ELECTRONICALLY CONTROLLED HYDRAULIC STEERING

This electronically controlled power steering setup reduces the amount of effort required to steer and control your truck, depending on speed and other inputs. As a result, Super Duty feels easier to control, which provides better confidence at lower speeds on surfaces such as crowned roads or when driving in constant crosswinds. The system is available with the inclusion of class-exclusive Trailer Backup Assist (TBA).

Standard on XL, LARIER, KING RANCH, PLATINUM, LIMITED

ADD “EYES” TO THE BACK OF YOUR TRAILER

From the driver's seat, it's a long way back here. To find out what's behind all that trailer, just attach our available, weatherproof, customer-placed trailer camera¹ to the rear of your rig to see what's in your path as you slowly back up. It's another reason why the 2020 Super Duty® will become your ultimate towing machine.

ULTIMATE TRAILER TOW CAMERA SYSTEM WITH PRO TRAILER BACKUP ASSIST

Includes 360-Degree Camera with Split-View Display, Rear CHMSL Camera (and LED CHMSL), and PTBA with Trailer Reverse Guidance.

Standard on KING RANCH, PLATINUM, LIMITED
Available on LARIER, XL

NEW PRO TRAILER BACKUP ASSIST™ (PTBA) WITH TRAILER REVERSE GUIDANCE Even pros can get better. Available PTBA¹ on the 2020 Super Duty works in tandem with Trailer Reverse Guidance¹ to help you back up ALL trailers – including 5th-wheel and gooseneck. Backing up these behemoths is now as easy as turning a knob, once the system is programmed.² When you're ready to start, take your hands off the steering wheel and simply rotate the Trailer Backup knob left or right depending on the direction you want the trailer to go. From the XL work truck to the luxurious LIMITED, this class-exclusive system is available on every model. Back up your trailer like never before with the 2020 Super Duty.

F-350 LIMITED Crew Cab 4x4 in Agate Black with FX4 Off-Road Package and available equipment. ¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Please consult your owner's manual or Pro Trailer Backup Assist Measurement Card for information on setting up your trailer.

Front split-view

Rear normal + 360

360-DEGREE CAMERA VIEWS

The front, rear and sideview mirror cameras of this system allow you to toggle through the following views: front and rear normal, front and rear split-view, and front and rear normal + 360.

REAR CHMSL CAMERA VIEW

With zoom feature, this view is particularly helpful when connecting a 5th-wheel or gooseneck trailer.

TRAILER REVERSE GUIDANCE VIEW

Automatically switches between side and rear camera views to show you what's most relevant while backing up any trailer – including 5th-wheel and gooseneck – and provides overlays to help guide you.

FORD CO-PILOT360™ TECHNOLOGY

READY WITH AN ASSIST.

From the work site to the highway, our standard and available driver-assist features¹ are designed to help you feel confidently in command at the wheel of your Super Duty.®

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don’t take action, brakes can apply automatically.² It’s designed to only activate when needed.

Standard on XLT, LARIAT, KING RANCH,® PLATINUM, LIMITED; Available on XL

BLIS® WITH TRAILER COVERAGE AND CROSS-TRAFFIC ALERT

Changing lanes demands your full attention. BLIS (Blind Spot Information System)¹ can help by not only alerting you to vehicles detected in your blind spots, but also alerting you when vehicles are detected alongside your trailer. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your truck as you’re slowly backing up.

Standard on XLT, LARIAT, KING RANCH, PLATINUM, LIMITED; Available on XL

LANE-KEEPING ALERT

It happens. Listening to your favorite artist, you wander too close to your lane’s edge. Lane-Keeping Alert can detect lane markings and send vibration pulses to the steering wheel if it senses Super Duty drifting unintentionally out of its lane.³

Standard on XLT, LARIAT, KING RANCH, PLATINUM, LIMITED

AUTO HIGH-BEAM HEADLAMPS

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Standard on XLT, LARIAT, KING RANCH, PLATINUM, LIMITED

REAR VIEW CAMERA

Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what’s behind your truck, helping you navigate Reverse with more confidence. It also helps when you’re lining up a trailer.

Standard on ALL TRIMS

ADAPTIVE CRUISE CONTROL

There are few things as tedious as bumper-to-bumper traffic. Adaptive Cruise Control can help you keep pace on your journey by maintaining your choice of speed and preset gaps from the vehicle in front of you.

Standard on PLATINUM, LIMITED; Available on LARIAT, KING RANCH

HILL START ASSIST

It feels good to hold your ground. Especially on a grade. As you remove your foot from the brake pedal to accelerate from a stop, Hill Start Assist can help by preventing Super Duty from rolling downhill.

Standard on ALL TRIMS

TRAILER SWAY CONTROL

This helpful technology monitors the motions of Super Duty when towing to detect trailer sway. If it’s detected, the system selectively applies brakes as needed to help you maintain control of the truck as well as the trailer.⁴

Standard on ALL TRIMS

ADAPTIVE STEERING

Helps make Super Duty easier to drive, especially when towing the heaviest of loads. At low vehicle speeds – when parking or backing up a trailer – the system reduces the amount of input needed to change directions. At all vehicle speeds, it provides a more connected and engaging driving experience.

Standard on PLATINUM, LIMITED; Available on LARIAT, KING RANCH

F-350 PLATINUM Crew Cab 4x4 in Star White with TREMOR Off-Road Package, and available and aftermarket equipment. ¹Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. ²Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner’s manual for system limitations. ³Lane-Keeping Alert does not control steering. ⁴Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

YOUR TECH, YOUR WAY.

With seating for up to 6 and Wi-Fi hotspot capability, Super Duty® welcomes a vast array of smartphones, tablets and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with available SiriusXM® inside your truck and on the go, with a 6-month All Access trial subscription.¹ With our available Voice-Activated Touchscreen Navigation System, you'll also enjoy a 5-year subscription¹ to SiriusXM Traffic and Travel Link® services.

COMMAND IT

With your voice and your choice of display. Available SYNC® 3 voice-activated technology² connects your tech with your Super Duty. Available SYNC 3 AppLink®³ (shown) gives you voice control of compatible mobile apps like Waze™ and Ford+Alexa.⁴ To see your phone's familiar interface on the big screen, take advantage of compatibility with Apple CarPlay®⁵ for your iPhone®, or Android Auto™⁵ for your Android™ smartphone.

androidauto

CONTROL IT

Monitor and control your truck in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill® or FordPass Action through Google Assistant™ when equipped with FordPass Connect™⁷. Complimentary remote features let you start, lock and unlock your truck from just about anywhere, including right from your wrist with your Apple Watch®. Use your app to find your truck, schedule starts, find parking,⁸ and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it's time to bring your truck in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery⁹ and peace of mind knowing roadside assistance is just a call or e-request away.¹⁰

CONNECT IT

With available in-vehicle Wi-Fi. Before the mud even dries on your work boots, you can post construction-progress videos through FordPass Connect⁷ with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once¹¹ – inside of Super Duty and up to 50' away.

TRACK IT

Get help optimizing your fleet with available Ford Telematics™ fleet management software from Ford. How does it work? Your vehicles produce informative data from each journey. This data, driven through Ford Telematics, helps you monitor those vehicles to understand where they go, how they're used and how they're running. These actionable insights can give you more time to focus on the rest of your business. You can also use available Ford Data Services™ to access Ford generated vehicle data with other fleet systems or telematics service providers. We'll help you get the data you need the way you prefer. Learn more at www.commercialsolutions.ford.com.

Available equipment shown. ¹All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. ²Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ³Commands may vary by phone and AppLink software. ⁴Waze is available via iPhone with SYNC 3 and on Android Auto. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don't drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear. ⁵Requires device with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. ⁶Don't drive while distracted or while using handheld devices. Use voice controls. Certain Alexa functionality is dependent on smart phone and home technology. ⁷At purchase, the FordPass Connect modem is connected and sending vehicle data (e.g., diagnostics) to Ford. To disable, or for more information, see in-vehicle connectivity settings. Learn more at www.FordConnected.com. FordPass Connect (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. ⁸In select cities. ⁹FordPass App, compatible with select smartphone platforms, is available via a download. FordPass Connect service required (see FordPass Terms for more information). Message and data rates may apply. Check your availability at <https://amzn.to/2JnYMTz>. ¹⁰Roadside assistance is included for certain owners and available to everyone for a per-service fee. ¹¹Don't drive while distracted or while using handheld devices. Use voice controls.

MIX BUSINESS AND PLEASURE Easily, inside the hardworking, yet well-appointed, cabin of the new 2020 Super Duty.[®] Loads of storage swallows tools and supplies, while easy-to-navigate controls, plenty of cupholders, and large dials and switches help you stay highly productive – even with work gloves on. These productivity enhancers join a long list of amenities that help to make any haul in Super Duty more comfortable than you can imagine.

GO WIRELESS An available new wireless charging pad¹ lets your mobile phone charge cord-free, yet stay within reach. To help keep everyone's devices charged and ready to go, up to 9 available powerpoints – including 2 new USB-C ports – are located throughout the Super Duty interior.

BEAT THE FREEZE An available new windshield wiper de-icer helps prevent ice and snow buildup around your wipers in inclement weather. It can be activated easily before heading outside using available remote start from your key fob, or from your smartphone using the FordPass™ App.²

F-350 DRW KING RANCH[®] Crew Cab 4x4 with Kingsville KING RANCH leather front and rear seats, and available equipment. ¹Qi wireless charging may not be compatible with all mobile phones. ²FordPass App, compatible with select smartphone platforms, is available via download. FordPass Connect service required (see FordPass Terms for more information). Message and data rates may apply.

LIMITED Crew Cab 4x4 with Highland Tan two-tone Regency leather front and rear seats, and available equipment. ¹Crew Cab only.

ROCK SOLID. ALWAYS READY FOR DUTY.

The new 2020 Super Duty® is engineered to handle your toughest jobs. Our confidence comes from the millions of miles of tests it’s already endured. Before punishing vehicles at the proving grounds, we conduct virtual testing of Super Duty components in the lab. We drive prototype vehicles on public roads and highways at temperatures from -20°F to 120°F. We also put models in the hands of people like you, working in some of the harshest environments. Engine thermal shock tests swing ambient temperature 250°F in under 2 minutes, while powertrain tests replicate going up a 6% grade for over 500 miles without stopping. Super Duty also endures 4-post frame-twists, gravel, water, salt brine and mud baths. Why do we go to such extremes? To make Super Duty more than ready for the tests you’ll pass every day.

OVER
20
MILLION
MILES

THE DNA OF BFT Built Ford Tough® is more than just a brutal testing regimen. It’s a battle cry. One filled with honor, courage and determination to never rest – until the job’s done right. With over 20 million cumulative miles of customer-equivalent testing now logged, the 2017 and new 2020 Super Duty earned their Blue Ovals. With more trucks on the road with 250,000 miles than any other brand, there’s nothing tougher than Ford F-Series.¹

FULLY BOXED,
HIGH-STRENGTH
STEEL LADDER FRAME

THROUGH-WELDED,
CLOSED-SECTION
CROSSMEMBERS

TRAILER HITCH INTEGRATED
INTO THE FRAME

HIGH STRENGTH – DOESN’T RUST

The Super Duty body and cargo box are made from high-strength, military-grade, aluminum alloy² that’s hardened through heat treating to produce great strength. Plus, the body and cargo box resist corrosion and don’t rust. That’s leadership that counts. For years down the road.

ENGINEERED FOR EXTREMES

Driveshafts, transfer cases and U-joints are engineered to handle the monstrous torque output of Super Duty. In the 4WD transfer case, an electro-magnetic clutch provides smooth and immediate shift-on-the-fly capability in conditions where additional traction is needed.

2.5" AND 3" TRAILER HITCHES

Integrated into the frame and using so much high-strength steel that weight-equalizing bars aren’t needed – saves time and effort when hooking up a trailer. On many configurations, hitches are weight-carrying up to the max. tow ratings.

STRONG AND CAPABLE AXLES

Ratios range from 3.31 to 4.30. Available choices include non-limited-slip, limited-slip and electronic-locking. Gear and bearing designs are engineered and optimized by weight for the extreme capability of the 2020 F-Series Super Duty.

F-450 XL Regular Cab 4x2 in Oxford White with STX Package, 5th-Wheel/Gooseneck Trailer Tow Prep Package, and available equipment. (Max. Payload 6,180 lbs., Max. Gooseneck Towing 37,000 lbs., and Max. Conventional Towing 21,200 lbs.) ¹“More trucks on the road” based on IHS Markit Vehicles In Operation (VIO) data and latest odometer readings available to IHS Markit for 1992 and newer model year full-size pickups still on the road in the U.S. as of 4/1/2019. ²6000-series aluminum alloy.

3
LEVELS OF
SUPER DUTY
CAPABILITY

There’s capability. And then there’s Super Duty® capability. Within each heavy-duty truck segment – 250/2500 Pickups, 350/3500 Pickups, 450 Pickups – an F-Series Super Duty leads the segment in these critical measures of all-around capability: max. conventional towing, max. gooseneck towing and max. payload. Our owners expect the best. The new 2020 Super Duty delivers.

THE CORNERSTONE Featuring a black grille and bumpers, plus heavy-duty vinyl seating, XL is a no-nonsense work truck that's the bedrock of the Super Duty® lineup. All the capability and standard features to get you comfortably through the work week are here. Plus, it can move huge payloads and tow king-size trailers. The STX Appearance Package or FX4 Off-Road Package add additional style or functionality.

¹Certain restrictions, 3rd-party terms and data rates may apply. See footnote 7 on the "Your Tech, Your Way" pages, and your Ford Dealer for details.

EASY RIDER You're always ready to tackle the day in LARIAT. Leather-trimmed, 10-way power-adjustable front bucket seats and power-adjustable pedals help drivers of all sizes feel at home. An 8" LCD productivity screen puts vital vehicle information front and center. Control the remarkable SYNC® 3 as well as the 10 speakers of the B&O Sound System. Enhance the attitude with the LARIAT Sport Package and new TREMOR Off-Road Package.

Try to avoid water higher than the bottom of the hubs and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water.

THE KING Uncompromising quality at its finest. That’s KING RANCH®. Starting with standard two-tone exterior trim. Inside, Kingsville KING RANCH leather covers the heated and ventilated 10-way power front seats, rear seats, flow-through center console lid and heated steering wheel of the Crew Cab. Seat backs, floor mats, center console lid and wheels are branded with the legendary “Running W” logo of the historic King Ranch in Kingsville, Texas. Standard Pro Trailer Backup Assist™¹ makes it easy to back up whatever kind of trailer you tow. This year, add some serious back-forty capability with the new TREMOR Off-Road Package.

- Ice Blue ambient lighting
- Illuminated front door-sill scuff plates
- Intelligent Access with push-button start
- Leather-wrapped instrument panel top and door-trim rollovers
- LIMITED appliqué with unique VIN plate on center console lid
- Miko® sueded cloth headliner
- Power-adjustable pedals with memory
- Power-tilt/-telescoping steering column with memory
- Universal garage door opener
- Upfitter switches, 6 located in overhead console
- Wireless charging pad

EXTERIOR

- Body-color-painted steel bumpers
- Cab steps – Power-deployable running boards
- Chrome front tow hooks and exhaust tip
- Front splash guards (F-350 DRW)
- LED box lighting with LED CHMSL
- Memory feature for sideview mirrors
- Quad-beam LED headlamps with LED taillamps and fog lamps
- Rear wheel-well liners (SRW)
- Remote Start System
- Remote tailgate release with power remote lock
- Satin-aluminum and chrome grille
- Satin-aluminum door and tailgate handles and tailgate appliqué
- Tailgate step with grab bar and tailgate lift assist
- Twin-panel moonroof
- Windshield wiper de-icer

AVAILABLE FEATURES AND PACKAGES:

MECHANICAL

- Engine block heater
- Power takeoff (PTO) provision with live-drive mobile and stationary modes (PTO port located on driver's side; split-shaft capability included)
- Tires – LT245/75Rx17E BSW all-terrain (F-350 DRW)
- Tires – LT245/75Rx17E OWL all-terrain (F-350 DRW; BSW rear inner tires)
- Trailer tow – 5th-wheel hitch²³ (19,000-lb. rating on SRW, 32,500-lb. rating on DRW)
- Trailer tow – Gooseneck dual hitch kit² includes one 2 5/16" gooseneck ball, one 3" gooseneck ball, and 2 safety chain tie-down bars (F-450)
- Trailer tow – Gooseneck hitch kit²³ (F-250/F-350)
- Upfitter interface module (Fleet only)
- Wheel locks (20" wheels only)

INTERIOR

- Flooring – Floor liners
- Flooring – Premium vinyl with front and rear carpeted floor mats and floor liners
- Rapid-heat supplemental cab heater
- Vehicle safe⁴

EXTERIOR

- Bed mat² (F-250/F-350)
- Bedliner – Drop-in² (F-250/F-350)
- Bedliner – Tough Bed® spray-in with tailgate guard
- Black molded hood deflector
- Camera – Customer-placed trailer camera
- Exterior backup alarm⁴
- Individual Trailer Tire Pressure Monitoring System (TPMS)²
- LED roof marker/clearance lamps (SRW)
- Skid plates
- Splash guards, molded²
- Stowable loading ramps²
- Tonneau cover – Hard-folding²
- Tonneau cover – Retractable²
- Tonneau cover – Soft-folding²
- Toolbox – Aluminum crossbed by WEATHER GUARD®⁴
- Toolbox – Premium aluminum crossbed by WEATHER GUARD⁴
- Wheel-well liners²

PACKAGES

Capability Packages: content can be found on a dedicated page later in this brochure

¹Certain restrictions, 3rd-party terms and data rates may apply. See footnote 1 on the “Your Tech, Your Way” pages, and your Ford Dealer for details. ²Restrictions may apply. See your dealer for details. ³Requires 5th-Wheel/Gooseneck Trailer Tow Prep Package. ⁴Ford Licensed Accessory. ⁵Inner rear wheels are steel. ⁶Additional charge. ⁷Metallic.

SRW

20" Polished Aluminum with Bright Center Cap Standard

DRW

17" Polished Forged-Aluminum with Bright Center Cap⁵ Standard: F-350

19.5" Polished Forged-Aluminum with Bright Center Cap⁵ Standard: F-450

Miko sueded cloth headliner with twin-panel moonroof.

Illuminated front door-sill scuff plate.

Satin-aluminum tailgate appliqué. Available equipment and aftermarket accessories.

CAPABILITY PACKAGES

- 9,900-LB. GVWR PACKAGE¹
(F-250)

10,000-LB. GVWR PACKAGE¹
(F-350 SRW)

11,400-LB. GVWR PACKAGE¹
(F-350 SRW)

13,000-LB. GVWR PACKAGE¹
(F-350 DRW)
- F-250 HIGH-CAPACITY TRAILER TOW PACKAGE WITH ULTIMATE TRAILER TOW CAMERA SYSTEM¹ (F-250 with diesel engine): 3.0" trailer hitch receiver, max. front springs, upgraded axle, 30,000-lb. GCWR, GVWR over 10,000 lbs. (see Payload chart for ratings by configuration), 360-Degree Camera with Split-View Display, rear CHMSL camera with LED CHMSL, and Pro Trailer Backup Assist™ with Trailer Reverse Guidance

FX4 OFF-ROAD PACKAGE¹ (4x4): Hill Descent Control,™ off-road-tuned shocks, skid plates for transfer case and fuel tank, and FX4 Off-Road box decals

HEAVY-SERVICE FRONT SUSPENSION PACKAGE¹:¹ front springs upgrade (unless maximum springs have been computer-selected as included equipment)

SNOW PLOW PREP PACKAGE¹ (4x4): computer-selected springs for snow plow application, and upgraded alternator

- CAMPER PACKAGE:¹ front springs upgrade (unless maximum springs have been computer-selected as included equipment), rear stabilizer bar (SRW), auxiliary rear springs (F-250), and slide-in camper certification
Available on XL, XLT, LARIAT, KING RANCH,® PLATINUM
- CNG/PROPANE GASEOUS ENGINE PREP PACKAGE (F-250/F-350 with 6.2L gas engine; late availability): hardened engine intake valves and valve seats, and bi-fuel manifold
Available on XL, XLT, LARIAT, KING RANCH, PLATINUM
- F-250 HIGH-CAPACITY TRAILER TOW PACKAGE¹ (F-250 with diesel engine): 3.0" trailer hitch receiver, max. front springs, upgraded axle, 30,000-lb. GCWR, and GVWR over 10,000 lbs. (see Payload chart for ratings by configuration)
Available on XL, XLT, LARIAT
- F-350 DIESEL HEAVY-DUTY PAYLOAD PACKAGE¹ (F-350 DRW Regular Cab 4x2 with 6.7L diesel engine; late availability): 17" polished forged-aluminum wheels, and front bucket seats with mini-console
Available on XL
- F-350 GAS HEAVY-DUTY PAYLOAD PACKAGE¹ (F-350 Regular Cab 4x2 with 6.2L gas engine; late availability): TorqShift-G 6-speed SelectShift® automatic transmission, 17" forged polished-aluminum wheels (DRW), and front bucket seats with mini-console
Available on XL

- HEAVY-SERVICE FRONT SUSPENSION PACKAGE FOR PICKUP BOX DELETE¹ (SRW with pickup box delete): front springs upgrade (unless maximum springs have been computer-selected as included equipment), rear auxiliary springs (F-250), and rear stabilizer bar
Available on XL, XLT
- PICKUP BOX DELETE¹ (F-250/F-350 with 8' box only): deletes pickup box, tailgate, rear bumper, 7-/4-pin connector, CHMSL with cargo lamp, jack, spare wheel, tire, lock, carrier, and rear view camera (rear view camera and prep kit is available)
Available on XL, XLT
- SNOW PLOW/CAMPER PACKAGE¹ (4x4): computer-selected front springs for snow plow application, upgraded alternator, rear stabilizer bar (SRW), auxiliary rear springs (F-250), and slide-in camper certification
Available on XL, XLT, LARIAT, KING RANCH

Best-in-class configuration shown bolded and in color.

SRW = single rear wheel DRW = dual rear wheel WB = wheelbase ¹Restrictions may apply. See your dealer for details. ²Requires F-250 High-Capacity Trailer Tow Package. ³Requires F-350 Gas Heavy-Duty Payload Package. ⁴Gooseneck tow rating shown. 5th-wheel tow rating limited to 5th-wheel hitch rating of 19,000 lbs. ⁵Gooseneck tow rating shown. 5th-wheel tow rating limited to 5th-wheel hitch rating of 32,500 lbs. ⁶25% Weight Distribution setup required.

Payload Notes: Maximum payload capabilities are for properly equipped base vehicles with required equipment and a 150-lb. driver and vary based on cargo, vehicle configuration, accessories and number of passengers. See label on door jamb for carrying capacity of a specific vehicle. For additional information, see your Ford Dealer.

Towing Notes: Trailer tongue (trailer king pin for 5th-wheel towing) load weight should be 10% (15% for 5th-wheel towing) of total loaded trailer weight. Make sure vehicle payload (reduced by option weight) will accommodate trailer tongue (trailer king pin for 5th-wheel towing) load weight and weight of passengers and cargo added to towing vehicle. Addition of trailer tongue (trailer king pin for 5th-wheel towing) load weight and weight of passengers and cargo must not cause vehicle weights to exceed rear GAWR or GVWR. These ratings can be found on the vehicle Safety Compliance Certification Label.

New Vehicle Limited Warranty. We want your Ford F-Series Super Duty® ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage, and 5-year/100,000-mile diesel engine coverage (when applicable) – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that's right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts – it's a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Affiliated Companies. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverages vary by state. Availability varies; program criteria differs in California.

Ford Original Accessories. They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

Ford reserves the right to change product specifications, pricing and equipment at any time without incurring obligations. Your Ford Dealer is the best source of the most up-to-date information on Ford vehicles. Body manufacturers are responsible for compliance certification of the completed vehicle. The Ford New Vehicle Limited Warranty and any government certification made by Ford shall cover only the vehicle as manufactured by Ford and shall not extend to any addition, modification or change of or to the vehicle by the Ford Authorized Pool Account. Colors are representative only. See your dealer for actual paint/trim options.

BUILT TO KEEP YOU MOVING.™
The FordPass™ App² puts your Super Duty owner experience right in the palm of your hand.

COMPLIMENTARY MAINTENANCE

With FordPass Rewards™, you can earn 42,000 Points to use toward complimentary maintenance when you buy or lease a new Ford.³ Or save your Points for future service, accessories or even your next new vehicle purchase. And when it's time to schedule service, you can do it right from your FordPass App.

REWARDS

In addition to complimentary maintenance, you can easily earn FordPass Rewards Points for many of the things you already do with us, including service and maintenance at participating dealers. Then you can redeem your Points for discounts on service, parts, accessories and new vehicle purchases. Use your app to watch your Points grow and keep track of how you use them.

ROADSIDE ASSISTANCE

With the FordPass App, you can request roadside assistance like fuel delivery, flat-tire repair and more 24/7 anywhere, anytime.⁴ Just use your app to call or make an e-request and help is on the way.

CONNECT & CONTROL

Stay connected and in control of your vehicle with complimentary remote features accessed through the FordPass App. Start, stop, lock and unlock your vehicle, schedule a start, even check fuel and fluid levels right from the app.⁵ You can also get vehicle health alerts, service history and service alerts to help you keep on top of your vehicle's maintenance.

Download the FordPass App today.

²FordPass App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply. ³75,000 points for Diesel owners. Modem must be activated within 60 days of purchase through the FordPass App on a smartphone and remain active for at least 6 months after activation. Buyers of non-modem-equipped vehicles will also receive Points for complimentary maintenance after enrollment. Visit a participating dealer for details. ⁴Roadside assistance is included for certain owners and available to everyone for a per-service fee. ⁵FordPass Connect™ (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot.

¹Ford Licensed Accessory.

From day one, we had the future in mind. And for over 116 years,
we've focused on improving your freedom of movement,
by making it possible for hardworking, everyday people to own
a vehicle. One that's well built. That you're proud to drive.
Born in Detroit, made in America¹ and famous worldwide:
We are the Ford Motor Company.

Your mobility is at the center of everything we do.
And we're excited to be designing and building smart vehicles
that work for you. It's why we put our family name on every one.
From our founding members, to our Ford family of employees
around the globe, we work with pride. We build with care.
For you – and your family. By everyone in ours.

¹Made in the USA with domestic and foreign parts.
