

INTRODUCING THE ALL-NEW 2022 FORD MAVERICK

AMERICA'S FIRST STANDARD FULL HYBRID PICKUP

The all-new 2022 Maverick joins the Built Ford Tough family of trucks with the first-ever standard hybrid powertrain in a pickup. Maverick is designed to be versatile, capable and to defy customer expectations. It extends the Ford truck lineup to a new group of customers, offering a targeted EPA-estimated rating of 40 mpg in the city⁽¹⁾ and a starting MSRP of \$19,995⁽²⁾.

Maverick has the compact size to keep it maneuverable while providing comfortable seating for five and excellent functionality, thanks to the FLEXBED™ pickup box. With innovative storage solutions and opportunities for do-it-yourself (DIY) customization inside and out, Maverick is the vehicle for customers who didn't know they needed a truck.

(1) Based on 2.5L hybrid powertrain with targeted EPA-estimated mpg ratings of 41 city/33 hwy/37 combined. Actual mileage will vary. Final EPA-estimated ratings available later in the 2021 calendar year.

(2) MSRP for base vehicle. Excludes destination/delivery fee plus government fees and taxes, any finance charges, any dealer processing charge, any electronic filing charge, and any emission testing charge. Optional equipment not included.

NOTE: Preproduction vehicles shown throughout. Available Fall 2021.
