

1992 GMC TRUCK[®] SUBURBAN

A TRUCK COMPANY'S IDEA OF AN E X E M P L A R Y L U X U R Y W A G O N

Take all the good things you've come to know about our legendary GMC Suburban and make them better — through cutting edge truck engineering, and a cunning application of the immutable laws of aerodynamics. Our brand new 1992 edition is lower. It's sleeker. And it rides with the quiet smoothness of a new longer wheelbase and the safety of a new 4-wheel anti-lock braking system. It has more cargo space, more leg room, more comfort, more visibility, and it cleaves through the atmosphere with a crisper coefficient of drag. In short, our 1992 Suburban is everything you'd expect from a company whose only business is trucks — and has been for over 80 years.

THE STRENGTH OF EXPERIENCE.

WHAT MAKES SUBURBAN A GMC TRUCK INSIDE

EVEN MORE COMFORT FOR UP TO NINE PEOPLE, EVEN MORE ROOM FOR CARGO.

One of the best things about Suburban has always been all the room it gives you inside — interior accommodations as wide, spacious and gracious as this great land of ours.

For 1992 we've made even more of this good thing. The four doors now open wider for easier entry and exit. Up front there's standard bench seating or available 40/60 split bench or bucket seats. The middle seating's been redesigned to make it easier to get to and from the rear seats. There's even a new 6-inch deep footwell to give third-seat passengers more room to stretch their legs than ever before.

To help you better enjoy all that our Suburban offers inside, there's a whole host of new luxury touches, comforts and thoughtful conveniences: new ducting, vents and available auxiliary climate control for rear-seat passengers. A new instrument cluster that's both more stylish and easier to read at a glance.

New "hidden" storage space in the third-seat footwell (when not in use) and in the inside jack storage area. New cargo net tiedowns. Available rear window washer/wiper and defogger. And your choice of rear panel doors or a combination lift-glass/fold-down tailgate for easy access to the increased cargo space.

But to fully experience just how new our Suburban truly is, you have to drive one. We believe you'll find the ride, the handling ease, the comfort and quiet remarkable — even by GMC Suburban standards. In fact, you may forget that Suburban is, at its heart and soul, a hard-working GMC truck. However, as you'll read on the next two pages, that's something we haven't forgotten.

Above right. Available highback bucket seats with inboard/outboard armrests and roof and floor consoles.

At right. Available instrumentation with tachometer, shown with available (UM6) electronically tuned AM/FM stereo radio with cassette player. A CD player is available as a dealer installed option. Ask for details.

A
9-passenger, with front, center and rear benches, each seating three.

B
5-passenger, with available two front high back buckets and center 3-passenger bench.

C
3-passenger bench seating standard. (Two front high back reclining bucket seats also available.)

WHAT MAKES SUBURBAN A GMC TRUCK OUTSIDE

MORE WHEELBASE, MORE TOWING POWER. AND THE SAFETY OF NEW 4-WHEEL ANTI-LOCK BRAKING.

As you can see, you've never seen a Suburban quite as elegant, or quite as beautiful, as this one. The stance is longer and lower, the lines flow smoothly together — compliments of an ingenious blend between style and aerodynamics. Notice the "tumble-home" (where the side windows flow organically into the roofline). See the way the rear sheet metal tucks in to cheat the wind. Even the curved body side glass is bonded to improve aerodynamics and to reduce interior noise — and there's 30-percent more glass area, for enhanced visibility and safety.

What's even more impressive, however, is the engineering that's gone into Suburban for '92: Independent front and lower wishbone suspension (with coil springs on 2WD and torsion bars on 4WD) that helps provide outstanding tracking and stability, countering road harshness to give you im-

proved traction both on- and off-road. There's a 42-gallon fuel tank to help you go farther between fill-ups. Not to mention the electronically controlled, heavy-duty over-drive automatic transmission, the 4L80E, standard on Suburbans over 8500 GVWR. Underhood is the proven, standard 350 CID V8, made even better with advances in starting, idling, drivability and durability. Maximum towing capability, properly equipped, is now a full 10,000 pounds,* 500 more than before. And — standard for 1992 — is the added safety of anti-lock brakes on all four wheels. 4WAL that operates in both 2- and 4-wheel drive.

So, now, experience for yourself unique new levels of on- and off-road precision, comfort and luxury.** In a whole new class of full-size, luxury utility wagons.

*Includes weight of trailer, passengers, cargo and equipment on truck and trailer.

**Excludes other GM products.

At right. ► Great ride, improved handling are standard with the new Suburban for '92. 4WD Suburban SLE is shown in Deluxe 2-Tone with Onyx Black and Quicksilver Metallic and available equipment, including heavy duty trailering equipment package (Z82).

1. Fully independent coil spring front suspension on 2WD; torsion bars on 4WD.
2. Standard 5.7L V8, with Electronic Fuel Injection, develops 210 SAE net horsepower at 4000 RPM; 300 lb-ft net torque at 2800 RPM.
3. High-strength steel frame, with boxed front section for extra torsional rigidity.
4. Standard 4-speed automatic transmission, with O/D.
5. Standard 4-wheel anti-lock braking system.
6. Big, 10,000-lb towing capacity, when properly equipped.*

*Includes weight of trailer, passengers, cargo and equipment on truck and trailer.

FINANCING

Your GMC Truck dealer can make it easy for you to buy or lease your new GMC Truck vehicle through GMAC or other sources. With GMAC and most other financing sources, the entire transaction can be handled right in the showroom. ☐ While buying gives you the traditional advantages of ownership, leasing offers other advantages. With GMAC leasing you can drive up to 15,000 miles a year without penalty. At the end of the lease, you have the option of purchasing your vehicle at an amount determined at the inception of the lease.

IMPORTANT: A WORD ABOUT THIS CATALOG

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Also, tires shown in illustrations are supplied by various manufacturers. Since some information may have changed since the time of printing, please check with your GMC Truck dealer for complete details.

A WORD ABOUT ENGINES.

GMC Truck models are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

A WORD ABOUT ASSEMBLY OF GMC TRUCK MODELS.

GMC Truck models are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. GMC Truck models incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC Truck models with different or differently sourced components than originally

scheduled. All such components have been approved for use in GMC Truck models and will provide the quality performance associated with the GMC Truck name. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

A WORD ABOUT UPDATED SERVICE INFORMATION.

GMC Truck Division regularly sends its dealers useful bulletins about GMC Truck products. GMC Truck Division monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.

A WORD ABOUT CORROSION PROTECTION

GMC Truck models are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6-years/100,000 miles. See your dealer for terms and conditions of the limited warranty. Application of additional rust inhibiting materials is not required under the corrosion coverage.

OWNER BENEFITS

Because it's a GMC Truck, your new Suburban comes with many significant benefits, among them: A 4-wheel anti-lock braking system. ☐ In addition, from its comprehensive Bumper to Bumper Plus warranty to its long list of standard safety features, your new Suburban is also one of the best protected vehicles in our history. We invite you to read about these important benefits.

1 1992 GMC TRUCK SAFETY FEATURES

OCCUPANT PROTECTION:

Manual lap/shoulder safety belts, outboard front and rear seat positions ☐ Manual lap safety belts, center front/rear seat positions, where applicable ☐ Energy absorbing steering column ☐ Energy absorbing instrument panel ☐ Energy absorbing seat back tops ☐ Interlocking door latches ☐ Safety armrests ☐ Break-away manual

day/night inside rearview mirror ☐ Security door locks and door retention components ☐ Laminated windshield and rear door quarter windows ☐ Tempered safety glass side windows, also rear windows.

ACCIDENT AVOIDANCE:

☐ 4-wheel anti-lock braking system ☐ Brake system with dual master cylinder and warning light ☐ Safety road wheel rims ☐ Side marker lamps and reflectors ☐ Parking lamps that illuminate with headlamps ☐ Four-way hazard warning flashers ☐ Back-up lamps ☐ Directional signal control with lane change feature ☐ Windshield washer, defroster and multi-speed wipers ☐ Outside left and right rearview mirrors ☐ Starter safety switch ☐ Dual action hood latch ☐ Low glare finish on inside windshield moldings, wiper arms and blades, metallic steering wheel surfaces ☐ Dual

sun visors ☐ Illuminated heater and defroster controls ☐ Tires with built-in tread wear indicators ☐ Audible brake lining wear indicators, w/disc brakes ☐ Pressure relief fuel cap.

1 1992 GMC TRUCK WARRANTY

Your new Suburban is protected by one of the most comprehensive warranties in the industry: GM's Bumper to Bumper Plus. The entire vehicle (except tires, which are covered by their manufacturer) is warranted for repairs, including parts and labor, to correct defects in materials or workmanship for 3 years or 36,000 miles. This warranty is transferrable and covers towing to the nearest GM dealer should towing be necessary. In addition, any body sheet metal rust-through is covered for 6 years or 100,000

miles. There is no deductible during the warranty period for warranty repairs. See your GMC Truck dealer for terms of this limited warranty.

LOW MAINTENANCE

Another benefit of your new Suburban is its low required maintenance. Traditional engine tuneups, for example, are virtually eliminated. Depending on your type of driving, oil changes are recommended only every 6 months or 7,500 miles. Be sure to read the owner's manual for the complete maintenance schedule for your vehicle and type of driving you do. ☐ Finally, the benefits of your new GMC Suburban extend beyond the vehicle itself. See the back cover of this catalog for highlights of GMC Truck's Commitment Plus and new Roadside Assistance Program.

COMMITMENT PLUS:

A CUSTOMER SATISFACTION PROGRAM AS DISTINCTIVE AS THE SUBURBAN ITSELF.

Our goal is to make your new Suburban the most rewarding vehicle you've ever owned. We want you to be satisfied with the service, care and consideration of your GMC Truck dealer. To that end, we and the more than 2400 GMC Truck dealers have developed Commitment Plus. Among its benefits to you:

- Roadside assistance — available to you 24 hours a day. Dialing a 1 (800) number gives you access to emergency services such as towing, tire change assistance, locksmith services, and more for as long as you own your Suburban.
- Keeping in touch with you throughout your ownership with one thought in mind... complete customer satisfaction.
- Complimentary 3000-mile inspection and maintenance service, including oil and oil filter change.
- A complimentary full tank of fuel upon delivery.

See your GMC Truck dealer for full details on this important additional benefit of GMC Truck ownership. Applies to retail sales only.
