

2014

S AVA N A

GMC | WE ARE PROFESSIONAL GRADE

2014 GMC SAVANA. Continuous innovation results from a dedication to engineering Professional Grade vehicles. From the beginning, GMC has been committed to the highest standards of design and engineering—combining refinement, performance and ingenuity to create precision-crafted vehicles that continuously exceed expectations. That's why the 2014 Savana is built to keep any operation organized and in control. The first full-size van to offer all-wheel drive, Savana provides the broadest V-8 engine lineup in its class, giving you all the tools you need to succeed. And now GMC's Pro Grade Protection is standard on every 2014 Savana. Learn more about this enhanced peace of mind on page 14. GMC. We Are Professional Grade.

Carry a crowd thanks to the strength of the
available Duramax Diesel, pg. 12.

Maintain control in virtually any road condition with StabiliTrak, pg. 18.

MODELS

CARRIES LOADS OF PEOPLE, CARGO AND VERSATILITY.

GMC engineers anticipated your needs with Savana Passenger and Cargo vans. Which is why from the eight-passenger 1500 Series to the available extended-wheelbase, 15-passenger 3500 Series, the range of Savana Passenger Vans has the capacity to go beyond mere utility. The Savana Cargo Van does the same when it comes to cargo hauling. It's engineered in multiple configurations, with as much as 10,000 pounds of maximum trailering strength¹ and 313.9 cubic feet of maximum cargo volume.²

¹Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details. ²With passenger seat removed. Cargo and load capacity limited by weight and distribution.

SAVANA CARGO VAN IN SUMMIT WHITE
shown with available equipment.

No other competitor offers this kind of access, with
available driver-side swing-out cargo doors, pg. 10.

Even if you're in business for yourself, you're not alone with Business Choice, pg. 17.

SAVANA INTERIOR IN MEDIUM PEWTER
shown with available equipment.

Head in the right direction with the available
touch-screen Navigation System.¹ pg. 10.

Accommodate up to 15 with flexible and comfortable seating configurations, pg. 10.

Keep your hands on the wheel, thanks to available Bluetooth® for phone.² pg. 10.

OUT AND ABOUT, NOT OUT OF TOUCH. When you're moving from one job site to another, connectivity is king. Fortunately, E-Series offers a van-load worth of innovative technologies to keep you connected, including available dealer-installed Wi-Fi.³ To discover all the ways to connect, turn to page 11.

¹Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ²Go to gmtotalconnect.com to find out which phones are compatible with the vehicle. ³Monthly rates apply. Visit autonetmobile.com for coverage map and details.

FEATURES & BENEFITS

PROFESSIONAL GRADE: A USER'S GUIDE.

Every one of Savana's components is engineered to a level of excellence we call Professional Grade. The result is uncompromising versatility, highly capable performance and innovation. What follows are detailed insights into how these features—including Pro Grade Protection—contribute to Savana's full range of capability.

*Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details.

SAVANA 2500 CARGO VAN IN SUMMIT WHITE
shown with available equipment.

Access Savana's vast cargo area with an available passenger-side sliding door, pg. 11.

Some of your best tools are on wheels. Tow up to 10,000 lbs.¹ pg. 13.

FEATURES & BENEFITS | 9

INTERIOR FEATURES

HARD AT WORK. SIMPLE TO USE. With its long wheelbase and minimal rear wheel-well interference, Savana Cargo Van takes utility to a new level of functionality. There's a maximum 313.9 cu. ft. of cargo volume¹ on extended-wheelbase models, while Savana Passenger Van offers two wheelbase choices, three model series and three seating arrangements for up to 15 passengers. All Savana vans surround you with a level of engineering refinement and advanced safety technology designed to make this the most comfortable full-size van you've ever driven. ¹With passenger seat removed. Cargo and load capacity limited by weight and distribution.

1 TOUCH-SCREEN NAVIGATION² The available integrated touch-screen Navigation System helps you locate your next job site and map the most efficient route.

²Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.

TILT-ADJUSTABLE STEERING WHEEL With the available tilt-adjustable steering wheel, just pull the lever and tilt the wheel to the position that suits you best. Also available is a leather-wrapped steering wheel with integrated radio controls.

VOICE RECOGNITION The available Bluetooth^{®3} system uses voice recognition to dial phone numbers and name tags.

³Go to gmtotalconnect.com to find out which phones are compatible with the vehicle.

STEERING-WHEEL-MOUNTED RADIO CONTROLS

These available controls adjust the radio, channel selection, volume and muting. When equipped with the available USB port,⁴ the controls also run many of the music search and audio features of compatible MP3 and iPod[®] players.

⁴Not compatible with all devices.

CARGO INTERIOR

DRIVER-SIDE SWING-OUT DOORS An extra pair of GM-exclusive side doors are available on Savana 135" wheelbase Cargo Van models for fast, easy loading and unloading.

2 BUILD TO SUIT Ask your GMC dealer about the purpose-built applications designed to transform Savana Cargo Van's interior into a workshop on wheels.

PASSENGER/CARGO INTERIOR The new available five-person passenger/cargo configuration on 2500/3500 Cargo Vans provides the capability of carrying people and all their belongings.

DESIGNED FOR AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE To assist with compliance under the ADA, Savana is designed to be fitted with ADA-compliant wheelchair and seating configurations, without compromising interior comfort or convenience. [Vehicles contain equipment from an independent supplier. See the Important Words page for information about alterations and warranty.]

PASSENGER INTERIOR

3 PASSENGER CONFIGURATIONS Savana Passenger Vans accommodate up to eight passengers in 1500 Series models, up to 12 passengers in 2500 and 3500 Series 135" wheelbase models or up to 15 passengers in the 3500 Series 155" wheelbase models.

CLIMATE CONTROL All Savana Passenger Van models include front air conditioning, while rear air conditioning is available on 1500 and 2500 Series models and standard on 3500 Series extended-wheelbase models. A rear auxiliary heater is available with LS trim, included with rear air conditioning and standard on 3500 Series extended-wheelbase models.

POWER WINDOWS AND DOOR LOCKS Standard on all Savana models are convenient power windows and door locks.

EXTERIOR FEATURES

EASY COME. EASY GO. Savana Cargo Vans are engineered to make them easy to load and unload. To reduce the effort necessary to access your equipment and cargo, Savana offers several laborsaving door options. No matter which ones you choose, you'll gain the helping hand you and your crews can use.

SAVANA TECHNOLOGIES

ULTRASONIC REAR PARKING ASSIST This available system uses ultrasonic waves to alert you to objects up to 8 feet behind the vehicle. The system operates at speeds less than 5 mph. The closer you are, the faster it beeps, to give you a clear signal that can help you operate the vehicle with maximum care.

REAR-VISION CAMERA SYSTEM This available system makes it easier to back up to a trailer or negotiate a tight space. This system places a monitor in your rearview mirror (or navigation screen, if equipped) to display a view of the area behind the vehicle. The rear-vision camera does not replace driver vision. Please use proper care when backing up.

SiriusXM SATELLITE RADIO⁵ Enjoy SiriusXM Satellite Radio in your Savana, with a 3-month trial subscription to the XMPremier Package available in WT, LS and LT models. Only SiriusXM brings you more of what you love, all in one place. Get over 130 channels, including commercial-free music, plus the best in sports, comedy and talk-radio formats.

⁵If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.

WI-FI CAPABILITY⁶ Savana is available with dealer-installed Wi-Fi, so you and your crews can stay connected to information via laptops and other wireless devices. Various applications are also available.

⁶Monthly rates apply. Visit autonetmobile.com for coverage map and details.

4 PASSENGER-SIDE SLIDING DOOR Open the available passenger-side sliding cargo door to access Savana's vast cargo area. A wide variety of optional equipment is available that's purpose-built for the tools and materials of practically every trade.

5 DRIVER-SIDE SWING-OUT CARGO DOORS Order the available 60/40 driver-side cargo doors on 135" wheelbase models and you'll add another easy way to access the Savana cargo space. No other competitor offers this feature.

6 REAR CARGO DOORS Savana's rear cargo doors open 165 degrees and feature a low lift height, so it's easy to load up its cargo space—up to a maximum of 313.9 cu. ft. on extended-wheelbase models⁷

⁷With passenger seat removed. Cargo and load capacity limited by weight and distribution.

POWERTRAIN, CHASSIS & SUSPENSION

TRANSFER OF POWER.

When it comes to crafting the power, foundation and suspension systems of Savana vans, GMC engineers know that performance drives Savana as well as your business. That's why Savana offers the widest choice of V-8s in its class, an efficient V-6, the most powerful heavy-duty diesel and fuel options like E85,¹ biofuels and Compressed Natural Gas (CNG).

ENGINES

VORTEC 6.0L V-8 VVT (L96)
HORSEPOWER: 342 hp @ 5400 rpm
TORQUE: 373 lb-ft @ 4400 rpm

7 VORTEC ENGINES Innovative "vortex technology" swirls and tumbles the incoming air and fuel for optimum power and response. For information on standard and available engines by model, see page 17.

VORTEC

The five technologically advanced gasoline-powered engines offered in the Vortec family range from a 4.3L V-6 to a 6.0L V-8. Each is designed to give you power, torque and efficiency to meet your needs for confident daily driving, passing and trailering.

VORTEC 4.3L V-6 (LU3)
HORSEPOWER: 195 hp @ 4600 rpm
TORQUE: 260 lb-ft @ 2800 rpm

VORTEC 4.8L V-8 VVT (L20)
HORSEPOWER: 285 hp @ 5400 rpm
TORQUE: 295 lb-ft @ 4600 rpm

VORTEC 5.3L V-8 VVT (LMF) FlexFuel Capable
HORSEPOWER: 310 hp @ 5200 rpm
TORQUE: 334 lb-ft @ 4000 rpm

VORTEC 6.0L V-8 VVT (L96) FlexFuel Capable
HORSEPOWER: 342 hp @ 5400 rpm
TORQUE: 373 lb-ft @ 4400 rpm

VORTEC 6.0L V-8 VVT CNG (LC8) (Cargo Vans Only)
HORSEPOWER: 282 hp @ 4800 rpm
TORQUE: 320 lb-ft @ 4400 rpm

COMPRESSED NATURAL GAS (CNG) TECHNOLOGY

GMC supports the goal of reducing CO₂ emissions by offering CNG technology that significantly reduces vehicle emissions. Check gmfleet.com for availability.

E85 FLEXFUEL CAPABILITY¹ To give you more choices at the pump, select Savana Vortec V-8 engines are capable of running on E85 ethanol. This advanced biofuel is a mostly renewable fuel that burns cleaner than gasoline and helps to reduce the need for imported oil.

¹E85 FlexFuel capability is not available in AZ, CA, CT, DE, MA, MD, ME, NJ, NY, OR, PA, RI, VT and WA. E85 is a combination of 85% ethanol and 15% gasoline. Go to afdc.energy.gov/afdc/fuels to see if there is an E85 fuel station near you.

VARIABLE VALVE TIMING (VVT) Standard on all Vortec V-8 engines, this technology monitors and changes valve open and close points to give you near-peak levels of torque across the entire range of engine speeds.

DURAMAX DIESEL

The available Duramax Diesel 6.6L V-8 Turbo is coupled with an automatic 6-speed transmission. Together, they form a heavy-duty powertrain that produces a remarkable 525 lb-ft of torque at just 1600 rpm.

DURAMAX POWER To become the most powerful available diesel in its class, the Duramax Diesel 6.6L V-8 Turbo uses advanced direct-injection technology to run at peak efficiency and to start easily in extremely cold temperatures—as quickly as 3.0 seconds at -40° F.

DURAMAX HIGH-PRESSURE DIRECT INJECTION

For fast starts in cold weather, quieter operation and maximum efficiency, the direct-injection system pressurizes fuel up to 29,000 psi. This helps to turn heavy diesel fuel into a fine mist that can be injected precisely to meet engine demand, burning cleaner and faster with lower emissions and increased power compared with more conventional diesels.

DURAMAX DIESEL 6.6L V-8 TURBO (LGH)
HORSEPOWER: 260 hp @ 3100 rpm
TORQUE: 525 lb-ft @ 1600 rpm
TRANSMISSION: 6-Speed Automatic

DURAMAX B20 BIODIESEL CAPABILITY The Duramax Diesel is engineered to operate on B20 biodiesel, a mixture of 20 percent biodiesel produced from domestic, renewable resources and 80 percent petroleum diesel.

8

TRANSMISSIONS

Savana transmissions are built for the rigors of the road. On 1500 Series models, a 4-speed electronically controlled automatic with overdrive is standard. On 2500 and 3500 Series models, a heavy-duty 6-speed automatic is standard.

8 HEAVY-DUTY 6-SPEED AUTOMATIC OVERDRIVE TRANSMISSION An ideal partner for Savana's available heavy-duty engines, the 6L90 6-speed automatic is standard on all 2500 and 3500 Series models.

AUTOMATIC GRADE BRAKING Standard on Savana 2500 and 3500 Series models, this feature can be activated in Tow/Haul mode, but disengaged with Driver Shift Control activated. Using data on vehicle speed, acceleration, engine torque and brake pedal usage, it detects when your vehicle is on a downhill grade. Then if necessary, the transmission downshifts to help you hold your desired speed.

TOW/HAUL MODE This driver-selectable feature of the 4- and 6-speed automatic transmissions reduces excess shifting when towing or hauling a heavy load. On the 6-speed, Driver Shift Control electronically limits the range of available gears.

CHASSIS & SUSPENSION

Our push for capability didn't stop with a fully boxed steel frame. We knew hills, ramps and rain-slicked roads made heavy loads feel even heavier. So we engineered Savana with technologies, including an available all-wheel-drive system, the StabiliTrak stability control system and an available Eaton® automatic locking rear differential. No other competitor offers a fully automatic locking rear differential for on-road use.

ALL-WHEEL DRIVE (AWD) Available on the 1500 Series, this AWD system was the first of its kind in a factory-built full-size van. It constantly monitors and adjusts torque seamlessly between the front and rear wheels to enhance traction.

9 135" OR 155" WHEELBASE OPTIONS To help you build a vehicle to suit your needs, Savana is available in two wheelbase configurations that can meet a variety of personal and professional applications.

TRACTION CONTROL SYSTEM To make the most of available traction on many road surfaces, traction control measures and compares the speed of your wheels. If it senses one or more wheels starting to spin, such as on a slippery surface, the system applies individual brakes and manages engine power to slow the wheel down and maintain traction, so you can move forward with a better sense of control.

FULLY INDEPENDENT FRONT SUSPENSION

On Rear-Wheel Drive (RWD) models, an independent coil-over-shock front suspension gives you a smooth ride with responsive handling. AWD models feature a torsion-bar front suspension to keep the ride height close to standard RWD models for easier driver and passenger entry and exit.

10

10 EATON AUTOMATIC LOCKING REAR DIFFERENTIAL When the available Eaton locker senses a difference in wheel speed between the left and right rear wheels of approximately 100 rpm, it locks both to turn in unison for added traction.

FULLY BOXED HIGH-STRENGTH STEEL FRAME

Welding two overlapping C-channel sections forms a rigid box that resists bending and twisting. This frame helps Savana achieve impressive Gross Vehicle Weight Ratings (GVWR) and Gross Combination Weight Ratings (GCWR) as well as support a maximum conventional trailer rating² of up to 10,000 lbs in Cargo Van and Passenger Van models.

²Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for details.

PARALLEL LEAF SPRINGS The rear suspension uses parallel leaf springs that increase their capacity progressively to match payload. So the ride is comfortable when empty and stable when loaded to the limit.

11

11 STABILITRAK STABILITY CONTROL SYSTEM

Using a network of vehicle sensors to monitor how Savana is responding to steering and braking commands, StabiliTrak determines if the vehicle is not responding properly. It can pulse the brakes or reduce engine power to help maintain the path being steered.

POWER STEERING Rack-and-pinion-type steering is standard on all Savana 1500 Series models. This provides a positive, on-center feel at highway speeds, as well as low-speed assist for maneuvering in parking spaces. Savana 2500 and 3500 Series models use power recirculating ball-type steering to give a constant level of assist, even when operating at the maximum weight rating.

POWER FOUR-WHEEL DISC BRAKES Every Savana model comes standard with the confidence of power four-wheel disc brakes with ABS.

TRAILERING CAPACITY³ The maximum ratings range from 6700 lbs in the 1500 Series Cargo Van and 6200 lbs in the Passenger Van, up to 10,000 lbs in the 2500 and 3500 Series Cargo Vans and the 3500 Passenger Van.

³Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for details.

ONSTAR FEATURES

HELP IS CLOSE AT HAND. The OnStar Directions & Connections

Plan¹ is standard on Passenger Vans for 6 months (optional on Cargo Vans).

Connect to a live OnStar Advisor just by pressing the blue OnStar button on

your rearview mirror. ¹Visit onstar.com for coverage map, details and system limitations.

SAFETY

AUTOMATIC CRASH RESPONSE² In many crashes, built-in sensors in your van can automatically alert an OnStar Advisor, who is immediately connected into your vehicle to see if you need help sent to your exact location—even if you can't respond.

²OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

CRISIS ASSIST During severe weather or other crisis situations, OnStar offers assistance to help you connect with loved ones and navigate your way to safety.

EMERGENCY SERVICES If someone in your Savana needs emergency help, the OnStar emergency button gives you a priority connection to a specially trained Advisor at any time, day or night.

ROADSIDE ASSISTANCE³ If you're stranded, run out of gas or have a flat tire, one push of the OnStar button can immediately connect you to an Advisor, ready to help any hour of the day or night.

³Roadside service provided by Allstate Roadside Services.

REMOTE DOOR UNLOCK⁴ If you get locked out of your Savana, OnStar can help. An OnStar Advisor can send a signal to your Savana that usually unlocks the doors within minutes.

⁴Services vary by model and conditions.

REMOTE HORN AND LIGHTS Can't remember where you parked? Call the toll-free number and OnStar will send a signal to flash your lights and sound your horn to help you locate your Savana.

STOLEN VEHICLE ASSISTANCE⁵ If your Savana is ever stolen, OnStar can help locate it after verification with law enforcement.

⁵Services vary by model and conditions.

CONNECTIONS

HANDS-FREE CALLING⁶ WITH VOICE-ACTIVATED DIALING Available OnStar Hands-Free Calling is built into your Savana. Push a button, call out the number and you're free to keep your eyes on the road.

⁶Visit onstar.com for coverage map, details and system limitations. OnStar Hands-Free Calling requires existing OnStar service contract and prepaid minutes. Not available in certain markets. Calls can be made in U.S. and Canada only.

TURN-BY-TURN NAVIGATION OnStar Turn-By-Turn Navigation is simple—all you have to do is push one button and ask the OnStar Advisor to download directions to your Savana.

ONSTAR VEHICLE DIAGNOSTICS⁷ The peace of mind that comes from knowing the condition of your Savana's key systems is as easy as checking your e-mail. With 6 months of standard service on equipped vehicles, OnStar Vehicle Diagnostics can run hundreds of checks of your Savana's engine, transmission, antilock brakes and more, then organize the information into an easy-to-read monthly report.

⁷Capabilities vary by model. Visit onstar.com for details and system limitations.

ONSTAR REMOTELINK⁸ KEY FOB SERVICES⁹ Unlock. Start. Find. From anywhere. New this year, OnStar RemoteLink Key Fob Services are included for five years on OnStar-equipped 2014 vehicles when you download the app and use RemoteLink services during the trial period. Services include remote door unlock and lock, remote start and stop and remote horn and lights.

⁸Available on select Apple,[®] Android[™] and BlackBerry[®] devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription. ⁹Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services or if your vehicle is sold, it is important to contact an OnStar Advisor. See onstar.com/mobile for full details.

PROFESSIONAL GRADE COVERAGE

GMC PRO GRADE PROTECTION

Pro Grade Protection is now standard on every 2014 Savana. From scheduled maintenance to protecting the entire vehicle and the powertrain in between, you can drive with confidence knowing that Professional Grade doesn't simply describe your Savana's design and engineering, it's how well we protect it, too.

▼
**2-YEAR/24,000-MILE RECOMMENDED
SCHEDULED MAINTENANCE¹⁰**

▼
**3-YEAR/36,000-MILE BUMPER-TO-BUMPER
LIMITED WARRANTY¹¹**

▼
**5-YEAR/100,000-MILE POWERTRAIN
LIMITED WARRANTY¹¹**

¹⁰Covers only scheduled oil changes with filter, tire rotations and 27-point inspections, according to your new vehicle's recommended maintenance schedule for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of four service events. See participating dealer for other restrictions and complete details. ¹¹Whichever comes first. See dealer for limited warranty details.

SAFETY FEATURES

PEACE OF MIND. While you're busy focusing on your business, GMC engineers designed Savana to surround you and your passengers with a

Professional Grade level of protection. It starts with a reinforced steel safety cage and continues with frontal and head curtain side-impact air bags.¹²

12 REINFORCED STEEL SAFETY CAGE DESIGN

Savana's high-strength steel frame is tied into the main body structure with reinforced body sills, roof pillars and a reinforced floor. This design creates a safety cage that surrounds passengers and helps to maintain passenger compartment integrity in the event of a collision.

13 FRONTAL AIR BAGS¹² To help reduce the risk of injury, all Savana models feature driver and front-passenger frontal air bags. Savana 1500 Series models have the Passenger Sensing System that can deactivate the outboard front-passenger air bag if that occupant is under a certain weight.

¹²Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained. Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

14 HEAD CURTAIN SIDE-IMPACT AIR BAGS¹²

Standard on Passenger Vans and available on Cargo Vans, these air bags unfurl from the roof rail like a protective curtain for the first-, second- and third-row outboard passengers, and can be activated by either rollover sensors or side-impact sensors. It only takes milliseconds for these air bags to deploy, and all the air bags can stay inflated for up to five seconds in the event of a rollover.

15 TIRE PRESSURE MONITORING SYSTEM Properly inflated tires are important to your comfort, vehicle control and economy. The Tire Pressure Monitoring System uses tiny sensors inside the wheels to "broadcast" tire pressure to your vehicle,¹³ which alerts you to their status and inflation level through the Driver Information Center. If you subscribe to OnStar Vehicle Diagnostics, this information is part of their monthly e-mail update, or if you have the RemoteLink App,¹⁴ you can check the status instantly.

¹³Does not monitor spare tire. ¹⁴Available on select iPhone®, Android™ and BlackBerry® platforms. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription.

SELECTION

¹ Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ² Not compatible with all devices. ³ Go to gmtotalconnect.com to find out which phones are compatible with the vehicle. ⁴ Visit onstar.com for details and system limitations. ⁵ If you subscribe after your trial period, <i>subscriptions are continuous until you call SiriusXM to cancel.</i> See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only to those in the 48 contiguous USA and DC. ⁶ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.			

IMPORTANT WORDS

COMMITMENT PLUS

From the owner orientation—and full tank of gas—you receive when you take possession of your Savana to the **24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits**, Commitment Plus is a portfolio of owner privileges that lasts throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-GMC-8782.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 100,000 miles (whichever comes first).

COURTESY TRANSPORTATION Available at participating dealers: shuttle service, reimbursement of certain public transportation or fuel expenses for overnight warranty repairs and courtesy rental for overnight work repairs. See your dealer for details.

GMC OWNER CENTER A complimentary, one-stop resource to enhance your GMC ownership experience. It's easy to sign up. Just go to gm.com/gmownercenter/gmc.

ONSTAR

OnStar is a core asset of your Savana. Benefiting from more than a decade of innovative development, it is both a highly advanced technology—fully integrated within the vehicle—and a warm human service.

Standard on all Savana Passenger Vans and available on Cargo Vans are 6 months of the OnStar Directions & Connections Plan, including the convenience of available Hands-Free Calling.¹ It also includes Automatic Crash Response, Stolen Vehicle Assistance, link to Emergency Services, Roadside Assistance, Remote Door Unlock, OnStar Vehicle Diagnostics, Crisis Assist and Remote Horn and Lights. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers.¹ Not all vehicles may transmit all crash data.

HANDS-FREE CALLING

Available OnStar Hands-Free Calling¹ capability is built into your Savana. It's there when your cell phone is unavailable, its battery is low, you can't reach it easily or you left it at home or in the office. Your Hands-Free Calling system is the right choice whenever you need an easy way to make and receive calls—at the touch of the phone icon on the rearview mirror or the steering-wheel-mounted controls. Voice-activated dialing is convenient because you don't have to dial when you are at the wheel. And Hands-Free Calling is reliable because it's specially designed for better reception and fewer dropped calls in areas of limited cellular reception.

ONSTAR TURN-BY-TURN NAVIGATION

Standard on all Savana Passenger Vans and available on Cargo Vans are 6 months of the OnStar Directions & Connections Plan that adds innovative, easy-to-use Turn-by-Turn Navigation plus Information and Convenience Services and Driving Directions. With Turn-by-Turn Navigation, you simply tell the OnStar Advisor your intended destination, and directions will automatically be sent to your Savana. If you drive off course, the system can reroute you to your intended destination. An automated voice then guides you turn-by-turn until you arrive at your destination. Turn-by-Turn Navigation is further enhanced with eNAV, allowing you to send MapQuest™ directions directly to your vehicle. No need to print out directions; just call them up with simple voice commands.

SIRIUSXM SATELLITE RADIO

SiriusXM Satellite Radio² is available on all Savana models. It includes 3 trial months of service.

SiriusXM Satellite Radio makes your drive come alive with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for details.

GMC CERTIFIED SERVICE

Certified Service

To help your Savana live up to its performance promise, GMC Certified Service—found exclusively at your GMC dealer—is there. With all the engineering excellence in Savana, GM-trained technicians have the expertise to care for all of it.

ADDITIONAL NOTES

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD INFORMATION Please carefully review the Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GMC dealer for complete details. GMC reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. All competitive claims are based on the latest information available at the time of printing and GM Large Van segment.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

ENGINES GMC products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in GMC products may also be used in other GM makes and models.

GMC.COM See more of Savana on our Web site: gmc.com/savana. More photos and information; hot links to related subjects; convenient dealer locator; pricing guide, spec out your own vehicle. Or call 1-800-GMC-8782.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

NEW-VEHICLE LIMITED WARRANTY All GMC light-duty vehicles come with a fully transferable, no-deductible 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the USA are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years or 100,000 miles (whichever comes first). See dealer for details.

ASSEMBLY GMC vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

GMMOBILITY.COM (1-800-323-9935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

GMCARDMEMBERSERVICES.COM Did you know about the family of reward credit cards that can help you get a great deal on a new GM car, light-duty truck, SUV or crossover? With a GM reward card, you accrue earnings on every credit card purchase to use toward the purchase or lease of an eligible new GM vehicle. With three cards to choose from, you're sure to find one that suits you.

¹Visit onstar.com for coverage map, details and system limitations. OnStar Hands-Free Calling requires existing OnStar service contract and prepaid minutes. Not available in certain markets. Calls can be made in U.S. and Canada only. Services vary with conditions. ²If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel*. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. XM satellite service is available only to those in the 48 contiguous USA and DC.
