

GENESIS

2019 GENESIS G80

Now is the time for a new expression of luxury.

WELCOME TO GENESIS

Starting from a new place, Genesis reflects a unique culture
where the foundation of creativity is contrast.

Contrast between tradition and modernism.

Between power and control.

Between nature and technology.

Between individual desire and the global good.

In everything we do – from the automobiles we design and engineer to the innovative services
we offer – our aim is to create a singular sense of harmony and pleasure for you to experience.

WE'VE ONLY JUST BEGUN.

But our unique vision for creating luxury cars is already drawing accolades for challenging – and eclipsing – the status quo. Traditional benchmarks of luxury are being reconsidered, and new sensibilities are emerging. Genesis is that point, reflecting new ideas and new interpretations that reshape the modern luxury car.

The Genesis G80 was rated the winning Premium Fullsize car in ALG's 2018 Residual Value Awards, the industry benchmark in forecasting future vehicle values.

CAN A FIRST IMPRESSION HAVE LASTING VALUE?

If your first impression of the 2019 Genesis G80 is instinctual, that's understandable. After all, the bold, distinctive styling of the G80 3.3T Sport has earned international recognition from the likes of the Chicago Athenaeum Museum of Architecture and Design, which awarded it a prestigious GOOD DESIGN® award in December of 2017.¹

Even better is what happens when your study of the Genesis G80 is more rational. That's the approach taken by ALG, the industry benchmark in forecasting future vehicle resale values. After performing its analytics on the highly competitive Fullsize Premium Car segment, ALG forecasted

the G80 to retain the highest percentage of its Manufacturer's Suggested Retail Price after a three-year period.²

This remarkable value extends to an unrivaled ownership experience that begins the moment the G80's key fob is placed in your hands. Your G80 includes 3 years of complimentary Genesis Connected Services with a suite of safety, guidance and remote features that make your life easier. As does a 3-year/36,000-mile Genesis Service Valet that picks up your G80, brings a courtesy replacement vehicle and returns your car after servicing. Just some of the many benefits you'll enjoy through the Genesis Experience.

The bold, distinctive styling of the Genesis G80 3.3T Sport was recently honored with the prestigious GOOD DESIGN® Award from the Chicago Athenaeum Museum of Architecture and Design.

**GOOD
DESIGN**

LIKE AN ARCHER'S BOW TENSED AT THE MOMENT
OF RELEASE, THE DESIGN OF THE G80 EMBODIES
IMMENSE POWER UNDER PRECISE CONTROL.

Can the athletic be elegant? In the 2019 Genesis G80, our designers fused the complex elements of performance, comfort and safety into a shape that reconciles the contrast between power and poise.

DESIGNED TO MOVE YOU. EVEN STANDING STILL.

Sit inside the G80, and you'll feel transported – even before you start the engine. The contrast of advanced technology and timeless craftsmanship inside the cabin finds harmony. With its streamlined instrument cluster and uncluttered design, there is a calming sense of space. You're at ease in these surroundings, not distracted by them. Available materials like

supple Nappa leather with contrast stitching, genuine matte-finish wood trim and a microfiber suede headliner speak to the elevated level of luxury you can expect from Genesis.

Driving enthusiasts who want to dial up the visual excitement can opt for a 3.8 Sport Package that's new for the 2019 G80.

A dark chrome finish on the cross-hatch grille, exterior door handle trim, side window trim and lower bodyside trim give the G80 3.8 a look that's truly stunning. Other performance design cues include the dark-finished 19" alloy wheels, dual exhaust tips, sport-designed front and rear bumpers, a sport steering wheel and alloy sport pedals.

IMMENSE POWER IS NOTHING WITHOUT PRECISE CONTROL.

The 2019 Genesis G80 offers a choice of three powerful engines: A 420-hp 5.0L GDI V8, a 365-hp 3.3L Twin-Turbo GDI V6, or a 311-hp 3.8L GDI V6.³ On paper, you're assured of serious performance. But power means little if it's not transferred to the pavement with efficiency.

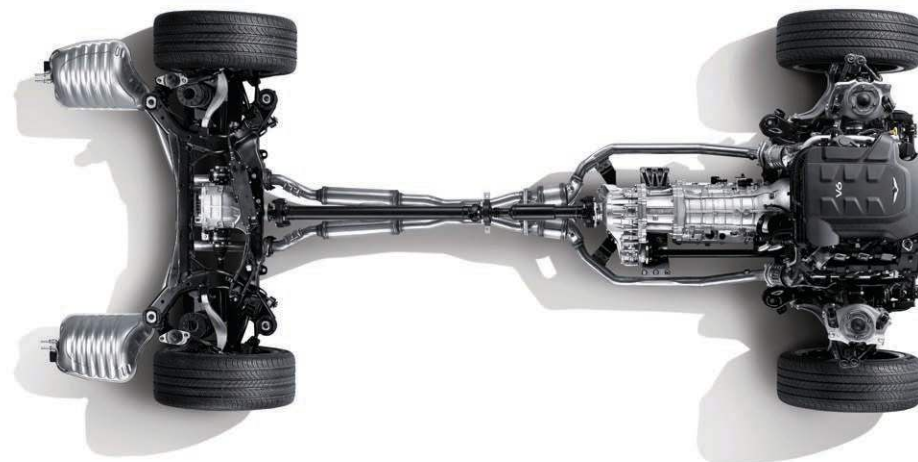

That's where the G80's advanced 8-speed automatic transmission makes its presence felt. Employing Shift-by-Wire electronic controls,⁴ it delivers seamless acceleration and optimal response at cruising speeds. You can directly engage the SHIFTRONIC® paddle shifters to execute shifts at the precise point you wish. And the supremely confident control of All Wheel Drive is available on every G80 model.

To hone the G80's ride quality and driving dynamics, Genesis engineers used the ultimate proving ground for high performance – Germany's Nürburgring. The famed track's twisting, turning circuit is the perfect place for ensuring the G80's refined blend of performance, ride and handling will keep you firmly seated in the lap of luxury.

420 HP
— 5.0L V8 —

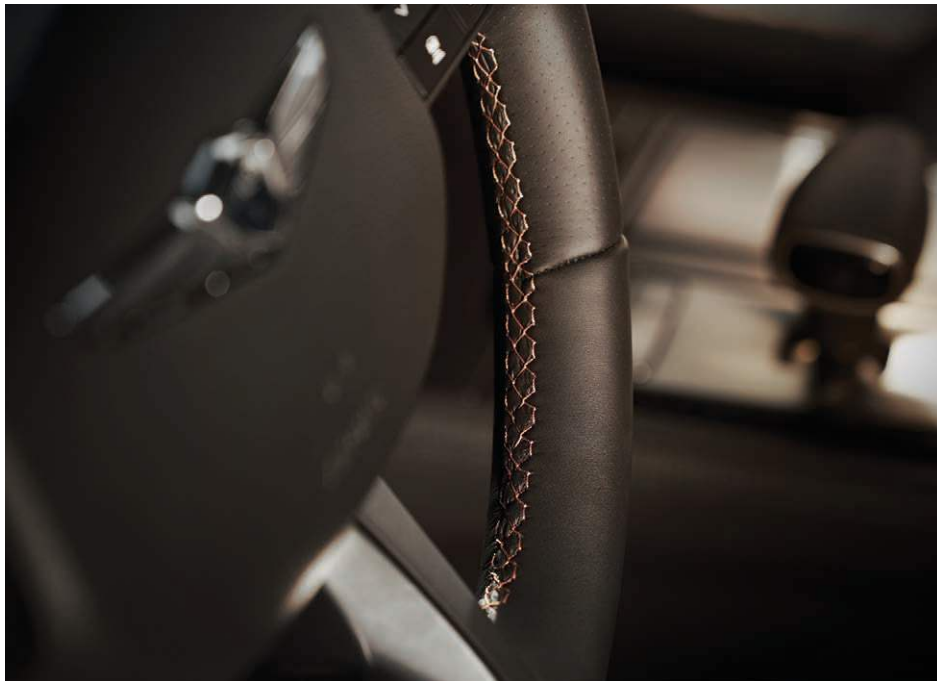

365 HP
— 3.3L Twin-Turbo V6 —

311 HP
— 3.8L V6 —

THIS IS PRECIOUS METAL.

Test-drive the G80 3.3T Sport, and you'll understand why our designers selected copper-hued trim to accent its styling. Beneath that bold look is a twin-turbo 3.3L GDI V6 engine that generates 365 horsepower and 376 lb-ft of torque on tap from just 1,300 RPM.³ You'll revel in the torque-rich thrust pushing you forward, with peak torque available from 1,300 to 4,500 RPM. To handle this enhanced performance, the G80 3.3T Sport is engineered with an ultra-responsive Sport Continuous Damping Control suspension, high-performance sport brakes with Genesis-embossed calipers and 19" dark alloy wheels.

The moment you open the G80 3.3T Sport's door, it's clear you're looking at a performance-minded luxury sedan. The indications are everywhere your eyes track: Sport seats with contrasting copper stitching on the cushion and side bolsters. Copper-accented perforations in the seating surfaces. Carbon fiber trim on the dashboard and side doors. All of which serves as visual confirmation of what you'll feel when you grip your hands around the sport steering wheel (also with contrasting copper stitching) and soak in the sounds of the exhaust notes prompted by each tap of the alloy sport accelerator pedal.

BEND THE ROAD TO YOUR WILL.

All 2019 G80 models are available with our Advanced Dual Mode Genesis All Wheel Drive technology. In normal traction conditions, it preserves the G80's inherent rear-wheel-drive dynamics. But when a loss of traction is sensed, Genesis AWD instantly and seamlessly redistributes torque to the appropriate

wheels for optimal grip in inclement weather. On roads wet with rain or covered in snow, the result is a reassuring feeling of confidence. When the roads are dry, the improved grip helps you experience the G80's full performance potential.

GENESIS G80 3.8 Ultimate Package in Himalayan Gray

DRIVEN BY INTELLIGENCE

The G80 lets you decide how you want to drive, every time you drive. At the press of a button, Intelligent Drive Mode lets you alter the response of your G80 to any of four ride and handling settings – Normal, Sport, Eco or Snow. So you can enjoy your G80's driving demeanor based on what you desire or weather conditions demand.

SUPERIOR COMPOSURE

The G80 3.3T Sport's adaptive shock absorbers help filter sharp road impacts from disrupting your driving pleasure. Its Continuous Damping Control monitors road conditions, vehicle loads and driver inputs to determine the optimal damping force in milliseconds for every wheel. The result? Improved cornering stability with less roll, pitch and vertical bounce. Precise tracking during acceleration. And shorter braking distances through better road contact.

STRONGER CORE

The G80's responsive handling and comfortable ride are the result of a body structure that makes extensive use of advanced high-strength steel. Light yet incredibly strong, this specialty steel results in a rigid core structure that serves as an ideal platform for tuning the G80's driving dynamics. It also contributes to a 5-Star Safety Rating⁵ and 2018 Top Safety Pick+ rating (for G80 models equipped with available LED headlights and Low Beam Assist).⁶

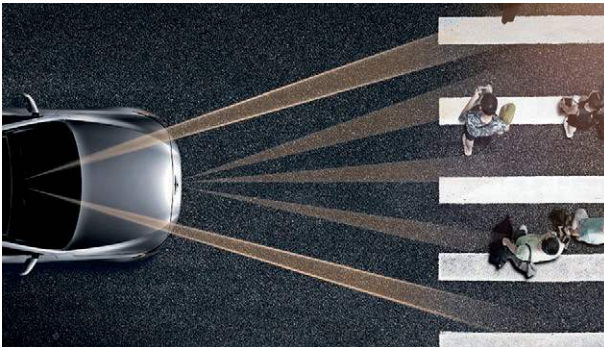

GENESIS SMARTSENSE: RAISING THE STANDARDS OF WHAT COMES STANDARD.

The Genesis G80 comes with a list of standard safety features so extensive, it's impressed the automotive press and the safety rating agencies alike. So it's little wonder the G80 is one of less than 20 vehicles on the market to earn the highest safety

accolades in the industry: A 5-Star Overall Safety Rating⁵ and a 2018 Top Safety Pick+ rating for models equipped with available Low Beam Assist.⁶ To surround you with an unwavering sense of security, the 2019 G80 comes standard with Genesis

SmartSense, a suite of advanced technologies that cover the full spectrum of safety and convenience – from driver alertness and focus to total occupant safety, and even the safety of other drivers around you.

FORWARD COLLISION-AVOIDANCE ASSIST WITH PEDESTRIAN DETECTION

Standard Forward Collision-Avoidance Assist not only helps detect the presence of vehicles ahead of you, but pedestrians as well. The system issues an alert if the potential for a collision is detected and automatically applies braking as needed to help mitigate the effects of a collision. Or better yet, help avoid one altogether.⁷

FULL LED HEADLIGHTS WITH LOW BEAM ASSIST

Roads aren't always straight. So the G80 features available LED headlights with Low Beam Assist, which turns your headlight beams in sync with the steering wheel for better visibility when cornering.⁴ Standard High Beam Assist automatically switches from high to low beams when the front camera detects oncoming or leading vehicles ahead.

BLIND-SPOT COLLISION WARNING WITH REAR CROSS-TRAFFIC COLLISION WARNING

Genesis SmartSense includes advanced technologies that protect both you and the drivers around you. Every G80 comes standard with Blind-Spot Collision Warning to assist in changing lanes and Rear Cross-Traffic Collision Warning, which helps warn you of vehicles approaching from the sides when backing out of parking spaces.⁸

SMART CRUISE CONTROL WITH STOP & GO

Far more than ordinary cruise control, this feature adjusts your speed automatically to maintain a set distance from the vehicle ahead. It can also bring your G80 to a complete stop if needed, then start again without driver input.⁹

DRIVER ATTENTION WARNING

Analyzing driving patterns and your car's position within its lane, Driver Attention Warning detects potential driver fatigue or distraction and issues a visual and audio alert suggesting the driver take a break when necessary.¹⁰

LANE DEPARTURE WARNING WITH LANE KEEPING ASSIST

Should your car begin to drift outside of its driving lane, the G80 warns the driver with an alert and uses reverse steering torque to apply slight corrective measures that help keep your car safely in its lane.¹¹

SITTING IS BELIEVING.

IN THE G80, YOU'LL ENJOY THE ROOMIEST
INTERIOR IN ITS CLASS.¹²

LIVE LARGE. DOWN TO THE SMALLEST DETAIL.

It's understandable if your attention is drawn to the premium Nappa leather, genuine matte-finish wood and aluminum trim that grace the G80's interior surfaces.⁴ But don't let those intriguing charms conceal this fact: No other luxury sedan in its class has more overall interior volume than the 2019 Genesis G80.¹²

Settle into the driver's seat, and the feeling of substance is unmistakable. The G80's standard heated front seats are available with cooling ventilation (standard on our 5.0 Ultimate and 3.3T Sport models). The G80 5.0 Ultimate and 3.3T Sport models also come standard with a 16-way power

driver seat that includes a seat cushion extender for extra thigh support, 4-way power lumbar support and power side bolsters that inflate individual air cells for precise support. Rear-seat passengers enjoy the soothing comfort of heated seats, too.⁴

Cleansing your cabin air is the world's first dual-mode ventilation system with a CO₂ Sensor designed to help reduce driver fatigue.⁴ An available panoramic glass sunroof lets you bathe in natural light,⁴ while a power rear window sunshade and manual rear side-window sunshades block unwanted sunlight from disturbing your sanctuary.⁴

A QUANTUM LEAP IN SOUND QUALITY.

The Genesis G80 5.0 Ultimate and 3.3T Sport come equipped with a standard Lexicon® Quantum Logic® Surround Sound premium audio system that combines 900 Watts of power, 17 high-efficiency speakers and Clari-Fi™ Music Restoration Technology to create rich, powerful music reproduction.¹³ The G80's high-efficiency

speakers are perfectly tuned to the interior's unique acoustic signature for an immersive listening experience at every seating position. So whatever you're enjoying – from HD Radio™ or Bluetooth® streaming playlists to SiriusXM® Satellite Radio's wide range of channels – you'll hear it all with remarkable clarity.¹⁴

17-SPEAKER LEXICON® QUANTUM LOGIC® SURROUND SOUND AUDIO SYSTEM

(C) Coaxial dash-mounted midrange speaker

(W) Door-mounted woofers

(M) Midrange surround sound speakers

(L) Lexicon® 12-channel digital external amplifier

(S) Subwoofer

(T) Tweeters

YOUR PERSONAL SOUND STAGE

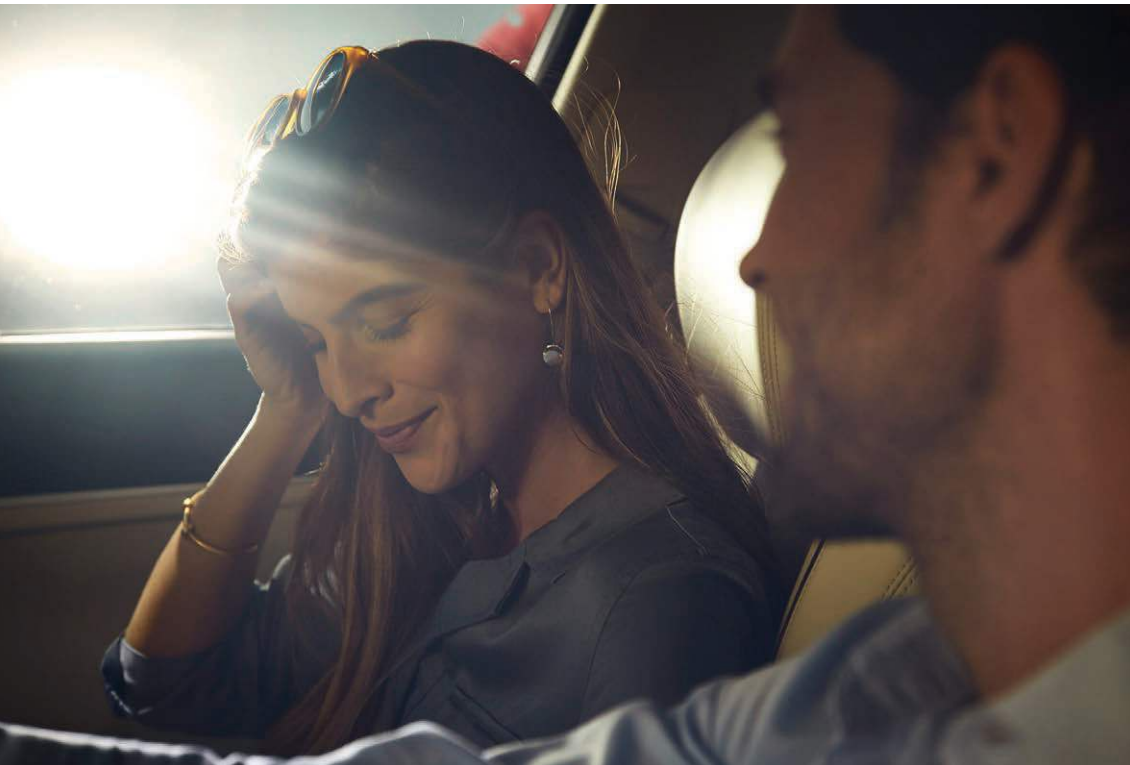

The G80 is engineered with the latest QuantumLogic® processing technology that provides an authentic multi-dimensional surround sound experience featuring patented signal extraction technology. Individual voices and instruments are identified and re-authored into a precise multi-channel sound stage featuring your choice of audience and onstage modes.

THE GREEN EDGE

The G80 audio system's high-efficiency speakers and amplifiers are engineered with eco-friendly GreenEdge™ components that deliver sparkling sound quality and high output with half the normal current draw. Reduced energy consumption aids in heat dissipation, which extends the lifetime of system components.

LET'S BE CLEAR

Clari-Fi™ Music Restoration Technology analyzes digital and streaming audio to restore sound qualities lost in compression. Compression removes up to 90 percent of the details originally recorded in your favorite songs. Music that's been 'Clari-fied' sounds clearer, crisper, wider and more dynamic. So you can enjoy nuances that the artists intended you to hear.

WHEN LUXURY BECOMES NECESSITY.

In the Genesis G80, you'll find our interpretation of what a luxury sedan should be is aligned to your own sensibilities. It starts with ergonomic design. Take your place in the G80 3.3T Sport, for example. Relax into the leather seating and notice how your right hand intuitively reaches for the leather-wrapped sport shifter. You're instantly in sync with your surroundings. Every switch you push feels substantial, every dial you turn

precise. Everything you see, from the carbon fiber trim inlaid across the dash and door panels to the crisp illumination of analog-style gauges, conveys the G80 3.3T Sport's performance personality. The wealth of technological conveniences at your fingertips is further evidence of how intuitive genuine luxury can truly be.

EVEN THE TRUNK IS SMART

Walking up to your G80 with your hands full? The hands-free smart trunk automatically opens for easy access to a cargo capacity that's larger than the Mercedes Benz E-class, Cadillac CTS and Audi A6.¹² It works by detecting the stylish key fob in your pocket or purse. Simply wait by the trunk for a few seconds, and it opens with no need to wave one foot awkwardly under the rear bumper like some competing systems require.¹⁵

AN EXTRA SET OF EYES

The G80's available Surround View Monitor uses 4 HD cameras to display the perimeter around your car from multiple angles. Use it to guide your way into tight parking spaces, and for clear views of the curb when parallel parking on the street.⁴ A standard rearview camera with guidelines tracks your steering path as you back out of parking spaces and driveways, while available front and rear parking sensors assist in tight spaces.⁴

SMARTPHONES MADE SMARTER

Standard Apple CarPlay™ (pictured above) and Android Auto™ integrate the smartphone functionality integral to your life with the G80's intuitive touchscreen. Using a familiar touchscreen interface or voice commands, you can access your phone's maps and navigation, texts, calls, contact lists, your music library and more.¹⁶ This connectivity is only the beginning. Welcome to the evolution of the luxury car.

HERE, THERE AND EVERYWHERE

The G80's advanced navigation system makes it easy to track every trip. Features include junction view lane guidance, split-screen functionality, voice recognition and HD+ Traffic for realtime traffic updates that don't require a subscription.

NICE PAD

The 2019 G80 offers the ease of wireless charging for your smartphone.⁴ Now, you can leave the hassle of messy cords or plugs behind. Just set your compatible smartphone on the charging pad below the center dash area, and it soaks up the juice automatically.

FIGHTER JET TECHNOLOGY

Like a fighter jet, the 2019 G80 helps its pilot process information quickly with a full-color Heads-up Display.⁴ Your speed, speed limits, navigation turns and a variety of safety system alerts appear directly on the windshield in front of the driver.

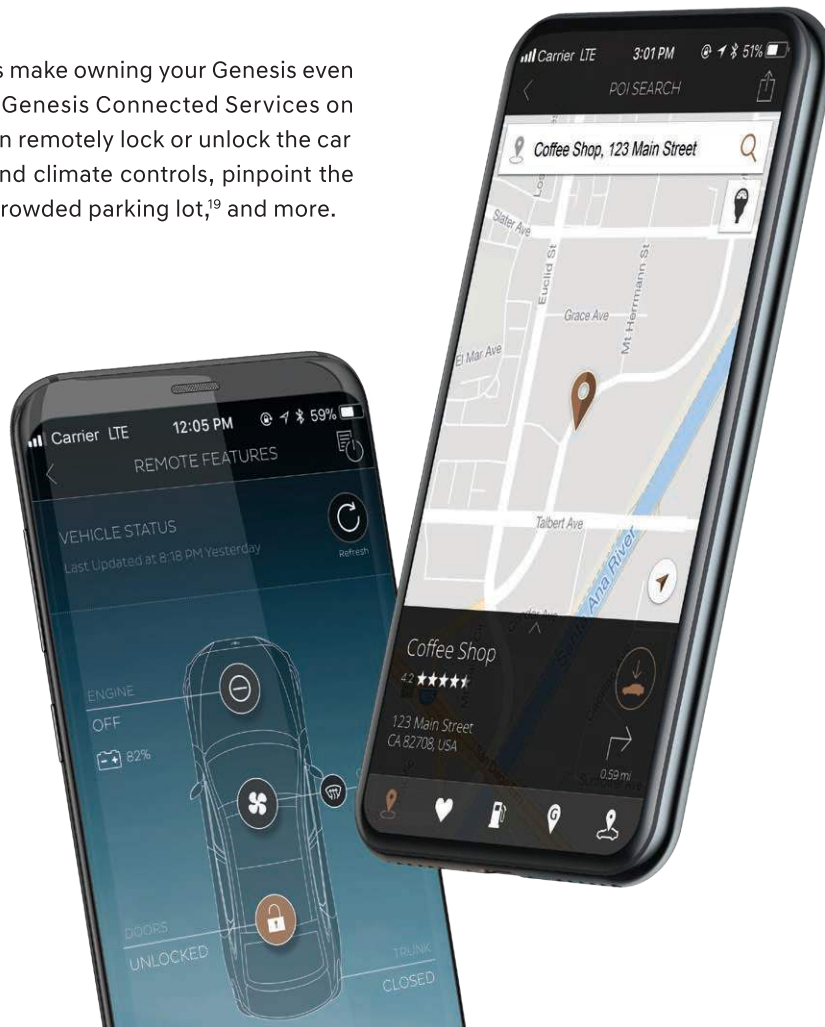

IT REALLY IS ALL ABOUT HAVING THE RIGHT CONNECTIONS.

As a G80 owner, you have full access to Genesis Connected Services.¹⁷ It's a suite of technologies that act as your own personal concierge, connecting you to what you need when you need it – in many cases, using a smartphone app.

The Genesis Intelligent Assistant® app combines connected car features with data from your G80, your smartphone or smartwatch, and the internet to send you important updates – often without you having to ask. You can receive calculated departure messages for synced calendar events with location, as well as proactive notifications to remotely start and cool or heat your G80 based on the current temperature.¹⁸

REMOTE ACCESS

Remote vehicle functions make owning your Genesis even more convenient. Using Genesis Connected Services on your smartphone, you can remotely lock or unlock the car doors, start the engine and climate controls, pinpoint the location of your car in a crowded parking lot,¹⁹ and more.

GUIDANCE

Leverage the power of your smartphone to find destinations or points of interest and send directions directly to your car's navigation system. You can also invoke destination searches in your car using voice commands or the touchscreen display.

VOICE SERVICES

Amazon Alexa® and Google Assistant™ voice service integration lets you direct your Amazon Echo® or Google Home™ device to start your G80's engine, unlock the doors and set the cabin temperature from the comfort of your couch, kitchen or office.²⁰

CONNECTED CARE

G80 owners enjoy 3 years of complimentary Genesis Connected Care features, which include Monthly Vehicle Health Reports, a Genesis Service Link, On-Demand Diagnostics, Maintenance Reminders, SOS Emergency Assistance, Automatic Collision Notification, Enhanced Roadside Assistance and the Genesis Intelligent Assistant app.²¹

AN OWNERSHIP EXPERIENCE BASED ON THE BELIEF THAT TIME IS THE ULTIMATE LUXURY.

This is the Genesis Experience, a suite of owner benefits thoughtfully crafted around a simple notion: Your time is precious. And while we can't actually make more of it, we can certainly help you make the most of it.

COMPLIMENTARY GENESIS SERVICE VALET

You may never set foot in our service center. Complimentary for 3 years or 36,000 miles, we'll pick up your G80 once you've scheduled service online or via our mobile app, bring a courtesy replacement vehicle, and return your car after servicing.

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, including oil changes, tire rotations and select wear items such as wiper blades, brake pads and alignments as needed.

GENESIS CONNECTED SERVICES

Your G80 includes 3 years of complimentary Genesis Connected Services. Exclusive for Genesis owners, it's a comprehensive suite of safety, guidance and remote features that help keep G80 owners connected to the things they need on the go.

NAVIGATION AND MULTIMEDIA UPDATES

Complimentary map updates to your vehicle's navigation system for 3 years ensures you're always accessing the most up-to-date driving directions. These updates are available annually as part of your routine maintenance visits with Genesis.

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, 3-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis dealership or authorized service facility. Reimbursement for an overnight stay is included if needed.

SIRIUSXM® ALL ACCESS WITH TRAVEL LINK®

With 3 years of complimentary SiriusXM Travel Link, you'll stay up-to-speed on the latest traffic, weather, fuel prices, stocks, sports and movies. A SiriusXM® All Access 3-month free trial also lets you enjoy more than 150 channels of music, news, sports, talk and entertainment.¹⁴
