

GENESIS

2019 GENESIS G90

Now is the time for a new expression of luxury.

WELCOME TO GENESIS

Starting from a new place, Genesis reflects a unique culture
where the foundation of creativity is contrast.

Contrast between tradition and modernism.

Between luxury and necessity.

Between art and science.

Between individual desire and the global good.

In everything we do – from the vehicles we design to the innovative services we offer,
our aim is to create a singular sense of harmony and pleasure for you to experience.

And while we've only just begun, what we're doing seems to be resonating with luxury car
buyers: J.D. Power recently named Genesis the "Highest Ranked Brand in Initial Quality",
while AutoPacific® honored Genesis as the "Most Satisfying Premium Brand" in 2018.¹

“EVERYTHING ABOUT THE GENESIS G90 IS AS SMOOTH AS A MARVIN GAYE BALLAD. ITS ENGINE AND TRANSMISSION ARE PARTICULARLY NOTEWORTHY FOR HOW EFFORTLESS THEY MAKE THE PROCESS OF DRIVING.”² – *MOTOR TREND*

THE GENESIS G90. CREATED TO SATISFY THE NOT-SO-EASILY SATISFIED.

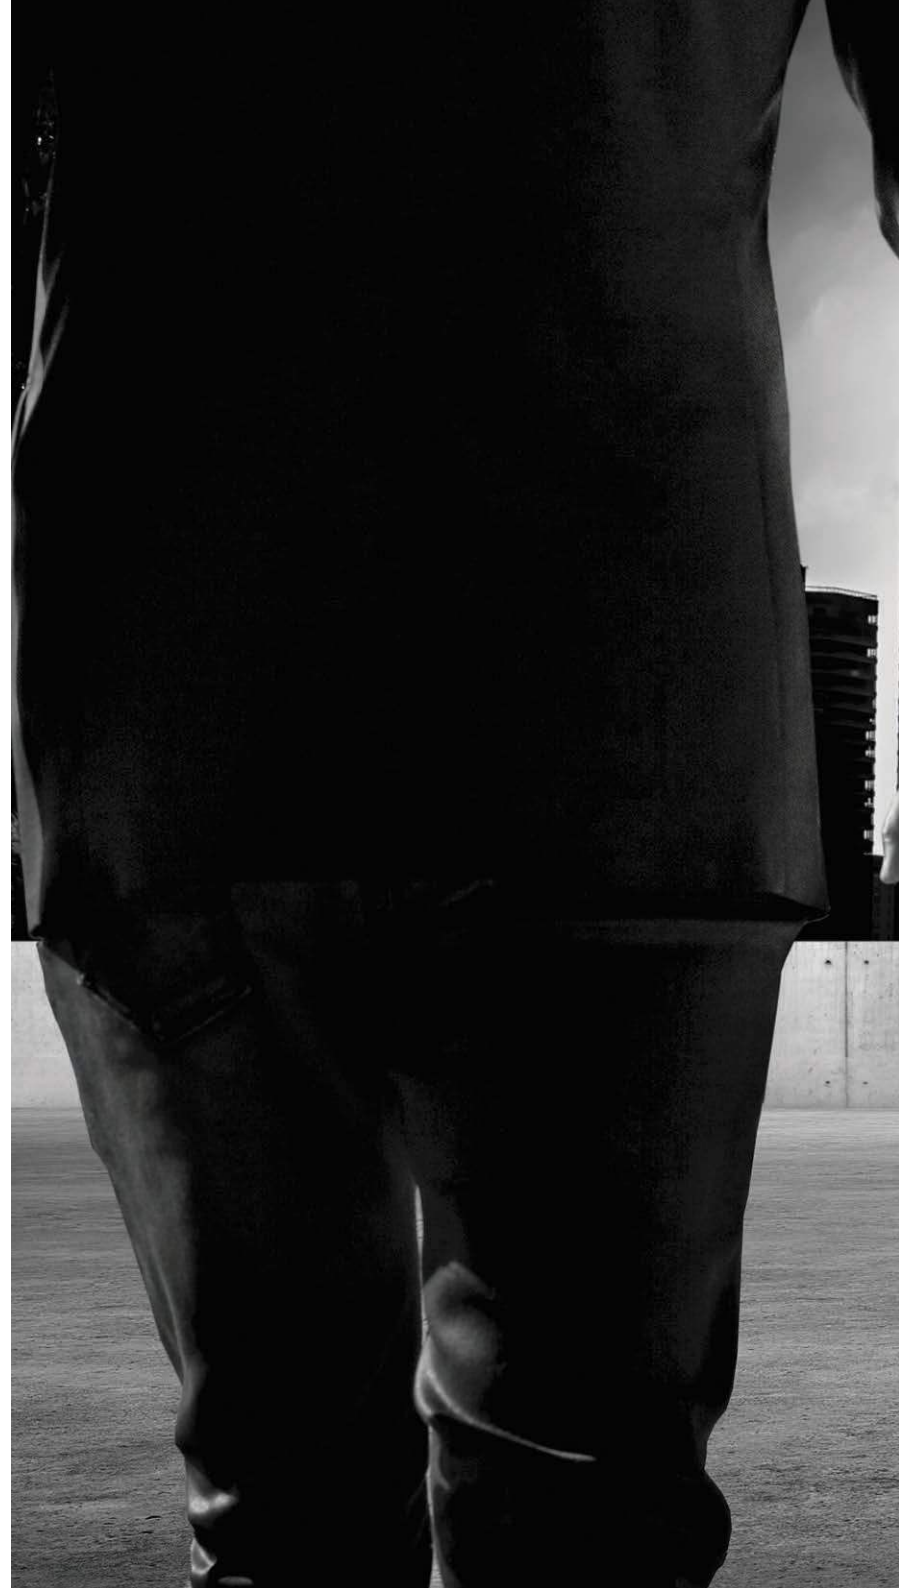

When your standards are uncompromising, there comes a point when you realize that luxury is a necessity. And time is too valuable to be wasted.

The Genesis G90 was created to uphold the higher standards you expect from a luxury brand. Standards that reflect our own commitment to providing the ultimate ownership experience.

Which is why your G90 includes 3 years of complimentary Genesis Connected Services with a suite of safety, guidance and remote features that make your life easier.³ And why you'll enjoy our 3-year/36,000-mile Genesis Service Valet: We pick up your G90, bring a courtesy replacement vehicle, and return your car after servicing.

How do those who already drive a Genesis G90 feel about their experience?

In the annual New Vehicle Satisfaction survey by AutoPacific,[®] owners of the 2017 Genesis G90 rated it as the most satisfying vehicle overall – in any category. In fact, the G90 received the AutoPacific President's Award for the highest score ever recorded in the respected survey's 21-year history.⁴ The 2018 G90 followed suit, earning a second AutoPacific Best-in-Class Luxury Car Vehicle Satisfaction Award⁴ while being named the "Highest Ranked Large Premium Car in Initial Quality" according to J.D. Power.¹ All of which adds even more allure to the idea of owning a 2019 G90.

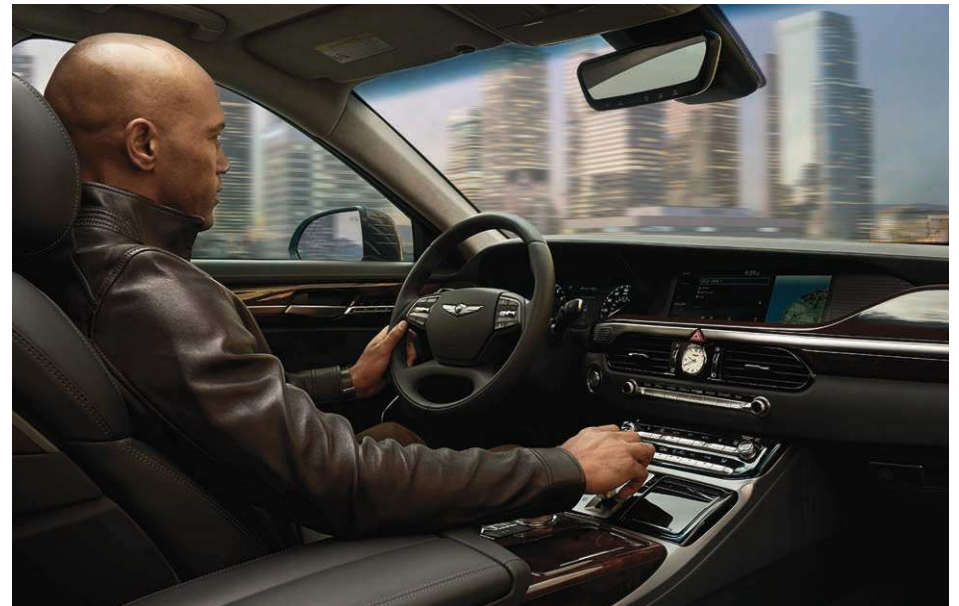

ELEGANCE UNDERFOOT.

In a group test of executive luxury sedans in December 2017, the Genesis G90 was *Motor Trend's* top choice in a field that included the BMW 7 Series, Lexus LS and Lincoln Continental.² The G90 offers you two rewarding choices: The 3.3T Premium model with a 365-horsepower 3.3L Twin-Turbo GDI V6, or the 5.0 Ultimate powered by a 420-horsepower 5.0L GDI V8. Both engines harmonize with an advanced 8-speed SHIFTRONIC® automatic transmission that delivers performance so seamless, *Motor Trend* observed: "Dip into the throttle, and the G90 accelerates with pure elegance."²

A feature called Intelligent Drive Mode with Smart Shift lets you select your preferred driving dynamic: Eco, Smart, Sport or a driver-customizable Individual setting. Smart Shift uses proprietary artificial intelligence that adapts your G90's engine, suspension, Electronic Stability Control and available All Wheel Drive in real time to create a precisely personal driving experience. Genesis Advanced All Wheel Drive delivers an ideal balance of rear-wheel-drive bias when road conditions are good, and instantly transfers power to the wheels needing traction when conditions become slippery.

CALM UNDER PRESSURE.

The reassuring performance of the Genesis G90 runs deeper than an expertly tuned engine and suspension. There's another, more fundamental source: An ultra-rigid body structure. Forged with advanced high-strength steel, it's where Genesis engineers began the development of not only exceptional performance, but world-class levels of handling finesse, passenger comfort and safety. It's why, as *Motor Trend* noted, "The G90 imparts a sensation of calm capability to the driver."²

Powerful forces are acting on the suspension system in a luxury performance sedan. Every pothole has the potential to disrupt your comfort. The G90 manages to bring order from this chaos thanks to its Genesis Adaptive Control Suspension, which helps to preserve

handling and control without sacrificing ride comfort. The key is Continuous Damping Control, which makes micro-adjustments to the firmness of the G90's shock absorbers within milliseconds. As you are driving, its sensors are continuously reacting to whatever the moment requires. Driving over a pothole? The Genesis Adaptive

Control Suspension softens the car's shock absorbers to soak up any impacts before they can disturb the comfort of your passengers. Making a rapid move to avoid debris in the road? Your G90 instantly firms its suspension to help counteract body roll.

In the Genesis G90, luxury isn't defined only by the things we've added – though there is a long list of amenities for your enjoyment. It's also measured by what we've subtracted: Noise. Less noise from the drivetrain, the road, and even the wind.

"THE G90 CABIN IS SERENITY IN A NUTSHELL."

– EDMUNDS 2018 GENESIS G90 REVIEW

GENESIS G90 5.0 Ultimate in Black Leather with Walnut Wood

STRESS LESS

To create the G90's exceptionally comfortable and supportive seats, Genesis designers studied the sumptuous cabins of private jets and the revolutionary Stressless armchairs and recliners of Ekornes,[®] the renowned Norwegian furniture manufacturer.

CERTIFIABLY SUPPORTIVE

Our designers' painstaking research resulted in the G90's 22-way power driver seat and an available 14-way right-rear seat earning certification from Aktion Gesunder Rücken, renowned for its ratings on how well products support overall back comfort, health and safety.

YOU ARE NOW CLEARED FOR TAKEOFF.

In designing the G90 interior, our reference point wasn't other luxury sedans – it was private jets. Because, as rewarding as it is to be the G90 driver, we want the experience for every G90 passenger to be just as remarkable.

Walk up and open any of the G90's four doors. You're greeted by Nappa leather seats that *Motor Trend* describes as “buttery smooth” in their review of the 2018 G90.² Regardless of where you sit, you're surrounded by evidence of Genesis craftsmanship: Genuine wood dash trim and interior accents. Machined aluminum speaker grilles. A dashboard clad in Nappa leather. And much more. To enhance the ambiance, you can illuminate the cabin with seven different ambient lighting colors.

MORE ADDITION BY SUBTRACTION

The G90's 3-zone automatic climate control features smart ventilation with a segment-first CO₂ Sensor. If elevated levels of carbon dioxide are detected, the ventilation system is automatically activated to bring in fresh air and help reduce driver fatigue.

DOORS OF PERCEPTION

Touch the driver's door handle, and your Genesis G90 automatically unlocks by sensing the stylish Proximity Key fob in your pocket or purse. After you've taken your seat, the power door closure feature assists in securing you inside of the G90's serene cabin.

CRUISE AT A HIGHER ALTITUDE.

"HOP IN THE CABIN, SHUT THE DOOR, AND YOU'RE IN A
PEACEFUL SENSORY DEPRIVATION CHAMBER."²

- MOTOR TREND

If you are a passenger in the Genesis G90 5.0 Ultimate, a truly exceptional experience is your reward. This is an uncompromised luxury sedan crafted to deliver the highest levels of comfort and convenience – especially for those seated in the rear cabin.

Settle into either rear seat, turn on the soothing heat and press the power recline switch. The G90's right-rear seat comfortably reclines via a one-touch mode, and its 14-way adjustment creates the kind of seating comfort you won't find in ordinary luxury sedans. Dual 10.3" high-definition video monitors for rear-seat passengers tilt and adjust to optimize individual viewing. Raise the power rear window and rear side-window sunshades, and your tranquility is complete.

A QUANTUM LEAP IN SOUND QUALITY.

A 17-speaker Lexicon® QuantumLogic® Surround Sound premium audio system combines 900 Watts of power and Clari-Fi™ Music Restoration Technology to create rich, powerful music reproduction. Each of the high-efficiency speakers is perfectly tuned to the G90's unique acoustic

signature for an immersive listening experience at every seating position. So whatever you're enjoying – from HD Radio™ and Bluetooth® streaming playlists to SiriusXM® Satellite Radio's wide range of channels – you'll hear it all with remarkable clarity.⁵

17-SPEAKER LEXICON® QUANTUMLOGIC® SURROUND SOUND AUDIO SYSTEM

(C) Coaxial dash-mounted midrange speaker

(T) Tweeters

(S) Subwoofer

(W) Door-mounted woofers

(M) Midrange surround sound speakers

(L) Lexicon® 12-channel digital external amplifier

YOUR PERSONAL SOUND STAGE

The 2019 G90 is engineered with the latest QuantumLogic® processing technology that provides an authentic multi-dimensional surround sound experience featuring patented signal extraction technology. Individual voices and instruments are identified and re-authored into a precise multi-channel sound stage featuring your choice of audience and onstage modes.

THE GREEN EDGE

The G90 audio system's high-efficiency speakers and amplifiers are engineered with eco-friendly GreenEdge™ components that deliver sparkling sound quality and high output with half the normal current draw. Reduced energy consumption aids in heat dissipation, which extends the lifetime of system components.

LET'S BE CLEAR

Clari-Fi™ Music Restoration Technology analyzes digital and streaming audio files to restore sound qualities lost in compression. Compression removes up to 90 percent of the details originally recorded in your favorite songs. Music that's been 'Clari-fied' sounds clearer, crisper, wider and more dynamic. So you can enjoy nuances the artists intended you to hear.

A SIXTH SENSE FOR ELEGANT SIMPLICITY.

The purity of the Genesis design ethos is evident in the way a cockpit so rich in features and functionality presents itself with powerful yet understated elegance. “The cabin imparts a feeling of purposeful luxury,” *Car and Driver* exclaimed in their review of the 2018 G90, “with impeccable build quality, simple and attractive finishes, and

ergonomically friendly controls.”⁶ Turn-by-turn navigation, audio and media systems, climate systems, a Surround View Monitor, Bluetooth® and phone functions can be controlled by your choice of voice commands or a Driver Information System multimedia controller placed exactly where your fingertips expect it to be.

WIRELESS CHARGING

The Genesis G90 offers the ease of wireless charging for compatible smartphones. Place your phone on the charging pad in the center console area, and an icon signals that it's connected. When you exit the car, an audible alert sounds if you've left your smartphone on the charging pad.

INTEGRATED MEMORY SYSTEM

The G90's painstakingly designed ergonomic seats feature multiple ranges of electronically controlled adjustment. A standard front seat and available rear seat Integrated Memory System locks in your preferred seating positions and instantly recalls them with the touch of a button.

SMART CRUISE CONTROL WITH STOP & GO

Far more than ordinary cruise control, the G90's technology automatically adjusts your speed to maintain a set distance from the vehicle ahead. If needed, the system is capable of bringing your G90 to a complete stop, then starting again without driver input.⁷

HANDS-FREE SMART TRUNK

Walking up to your car with your hands full? The hands-free smart trunk automatically opens for easy access to the G90's spacious cargo area.⁸ It works by detecting the stylish key fob in your pocket or purse. Simply wait by the trunk for a few seconds, and it pops open with no need to wave one foot awkwardly under the rear bumper like some of the competing systems require.

ALL-AROUND VISION

A Surround View Monitor that displays the perimeter of your car from multiple camera angles helps to see around corners in front when emerging from tight parking garages. It also offers clear views of the curb when parallel parking on the street. A rearview camera complete with guidelines helps track your steering path in reverse, and front and rear parking sensors assist in tight spaces.

HEADS-UP DISPLAY

Like a fighter jet, the G90 helps its pilot process information quickly. A full-color Heads-up Display projects vehicle speed, speed limits, navigation turns and safety system alerts onto the windshield directly in front of the driver. A class-leading 12.3" high-definition navigation monitor⁹ features split-screen and expanded views, as well as junction view lane guidance that helps negotiate complex freeways.

RAISING THE STANDARDS OF WHAT COMES STANDARD.

The Genesis G90 comes loaded with a list of standard safety features so extensive, it's impressed the automotive press and safety rating agencies alike. It's one reason why the G90 is one of less than two dozen vehicles in America to earn 2018 Top Safety Pick+ honors – the highest safety achievement in the industry.¹⁰ To surround you with

an unwavering sense of security, the 2019 G90 features Genesis SmartSense, a suite of advanced technologies that covers the full spectrum of safety and convenience – from driver alertness and focus to total occupant safety, including the safety of other drivers around you.

STATE-OF-THE-ART CABIN SAFETY

A total of nine state-of-the-art airbags helps ensure Genesis G90 passengers are protected from collisions in all directions. A preactive seatbelt puts driver protection at the forefront by automatically tightening when it detects a quick turn, slippery roads, or a rapid change in direction or acceleration.

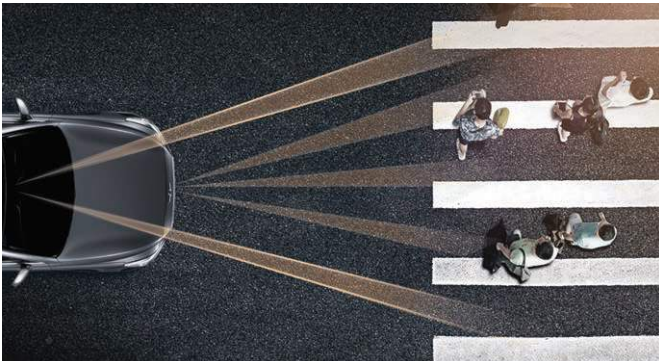

DRIVER ATTENTION ALERT

By analyzing driving patterns and your car's position within its lane on the freeway, the G90's Driver Attention Alert helps detect potential driver fatigue or distraction and issues both visual and audio alerts suggesting the driver take a break when necessary.¹¹

LANE KEEPING ASSIST

Should your car begin to drift outside of its driving lane, the G90 warns the driver with an alert and uses reverse steering torque to apply slight corrective measures that help keep your car safely in its lane. The system includes three settings with varying degrees of assistance.¹²

AUTOMATIC EMERGENCY BRAKING WITH PEDESTRIAN DETECTION

Standard Automatic Emergency Braking not only helps detect the presence of vehicles ahead of you, but pedestrians as well. The system alerts the driver if the potential for a collision is detected and automatically applies braking as needed to help mitigate the effects of a collision. Or, even better, help avoid one altogether.¹³

DYNAMIC BENDING LIGHT AND HIGH BEAM ASSIST

Roads aren't always straight. So the G90 comes standard with LED headlights and Dynamic Bending Light, which turns your headlight beams in sync with your steering for better visibility when cornering. Standard High Beam Assist automatically switches headlights from high to low beams when the front camera detects an oncoming or leading vehicle ahead.

SMART BLIND SPOT DETECTION WITH REAR CROSS-TRAFFIC ALERT

Every G90 comes standard with Smart Blind Spot Detection that automatically applies left or right front braking to nudge you back into your lane if another vehicle is detected in your blind spot. Rear Cross-traffic Alert is also onboard, helping to warn you of vehicles approaching from the sides while you're backing out of a parking space.¹⁴

IT REALLY IS ALL ABOUT HAVING
THE RIGHT CONNECTIONS.

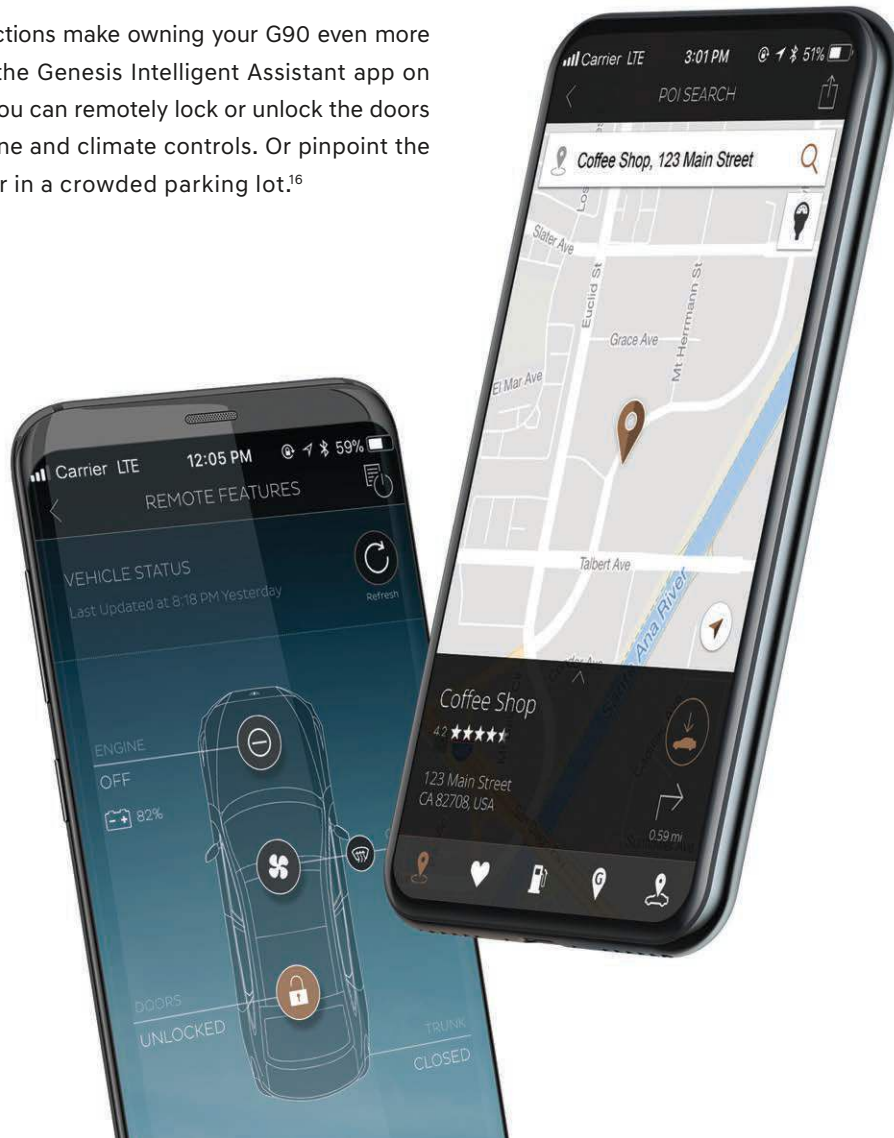

As a G90 owner, you have full access to Genesis Connected Services.³ It's a suite of technologies that act as your own personal concierge, connecting you to what you need when you need it – in many cases, using a smartphone app.

The Genesis Intelligent Assistant® app combines connected car features with data from your G90, your smartphone or smartwatch, and the internet to send you important updates – often without you having to ask. You can receive calculated departure messages for synced calendar events with location, as well as proactive notifications to remotely start and cool (or heat) your G90 based on the current temperature.¹⁵

REMOTE ACCESS

Remote access functions make owning your G90 even more convenient. Using the Genesis Intelligent Assistant app on your smartphone, you can remotely lock or unlock the doors and start your engine and climate controls. Or pinpoint the location of your car in a crowded parking lot.¹⁶

GUIDANCE

Leverage the power of your smartphone to find destinations or points of interest and send them directly to your G90's navigation system. Traffic flow and incident data from SiriusXM® Traffic is easy to see at a glance thanks to a wide 12.3" high-definition monitor.⁵

VOICE SERVICES

Amazon Alexa® and Google Assistant™ voice service integration lets you direct your Amazon Echo® or Google Home™ device to start your G90's engine, unlock the doors and set the cabin temperature – all from the comfort of your couch, kitchen or office.¹⁷

CONNECTED CARE

Every new G90 owner enjoys 3 years of complimentary Genesis Care features, which include SOS Emergency Assistance, a Genesis Service Link, Automatic Collision Notification, Monthly Vehicle Health Reports, Maintenance Reminders, On-Demand Diagnostics, Enhanced Roadside Assistance and the Genesis Intelligent Assistant app.

AN OWNERSHIP EXPERIENCE BASED ON THE BELIEF THAT TIME IS THE ULTIMATE LUXURY.

This is the Genesis Experience, a suite of owner benefits thoughtfully crafted around a simple notion: Your time is precious. And while we can't actually make more of it, we can certainly help you make the most of it.

COMPLIMENTARY GENESIS SERVICE VALET

You may never set foot in our service center. Complimentary for 3 years or 36,000 miles, we'll pick up your G90 once you schedule service online or via our mobile app, bring a courtesy replacement vehicle, and return your car after servicing.

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, including oil changes and tire rotations as well as select wear items like wiper blades, brake pads and alignments as needed.

GENESIS CONNECTED SERVICES

Your G90 includes 3 years of complimentary Genesis Connected Services. Exclusive for Genesis owners, it's a comprehensive suite of safety, guidance and remote access features that help keep G90 owners connected to the things they need on the go.³

NAVIGATION AND MULTIMEDIA UPDATES

Complimentary map updates to your vehicle's navigation system for 3 years ensures you're always accessing the most up-to-date driving directions. These updates are available annually as part of your routine maintenance visits with Genesis.

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, 3-year Complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis dealership or authorized service facility. Reimbursement for an overnight stay is included if needed.

SIRIUSXM® ALL ACCESS WITH TRAVEL LINK®

With 3 years of complimentary SiriusXM Travel Link, you'll stay up-to-speed on the latest traffic, weather, fuel prices, stocks, sports and movies. A SiriusXM All Access 3-month free trial also lets you enjoy more than 150 channels of music, news, sports, talk and entertainment.⁵
