

GENESIS

2020 GENESIS G80

WELCOME TO GENESIS.

From our award-winning line of luxury automobiles to the innovative services we offer, we're driven to create an exceptional ownership experience that satisfies you like never before.

Our innovative approach to luxury car ownership has, in just four years, helped establish Genesis among the industry leaders in quality, satisfaction and safety. In its survey of new car owners, the 2019 J.D. Power Initial Quality Study ranks Genesis #1 among all automotive brands for the second year in a row.¹

Genesis has also emerged as a leader in automotive design and safety – every vehicle in our lineup features an array of advanced technologies that have earned the industry's top safety awards,² and every G80 model has earned a 2019 5-Star Overall Safety rating.³

Of course, all the recognition Genesis is getting comes from our focus on what really matters: Putting you first.

#1 Ranked Brand in Initial Quality
2 Years in a Row

AN ELEGANT EXPRESSION OF MODERN LUXURY.

To appreciate how a beautifully crafted luxury sedan is designed, start by studying the elegant proportions of the Genesis G80.

With its long hood and short rear deck, the G80's shape is befitting of an iconic luxury sedan. Its athletic stance, bold front grille and available sculpted LED headlights⁴ also signal an intensity of purpose that reflects your own.

Step inside, and the G80 puts you instantly at ease. Its advanced technologies blend naturally with timeless craftsmanship to create a welcoming environment. The textures and materials please your senses and uphold your standards for quality.

Drive it, and you'll travel with supreme confidence and control. Intuitive controls and a streamlined instrument cluster ensure you feel totally comfortable in your surroundings, not distracted by them. And you're secure in the knowledge that the state-of-the-science safety technologies surrounding you from all sides are every bit as substantial as the Genesis G80's style.

"FROM APPLE CARPLAY AND ANDROID AUTO TO
TELEMATICS THAT ALLOW YOU TO CONTROL CERTAIN
FUNCTIONS THROUGH AN APP REMOTELY, THE G80 IS
DEFINITELY A CAR OF THE MODERN ERA."

— *Edmunds Expert Review*⁵

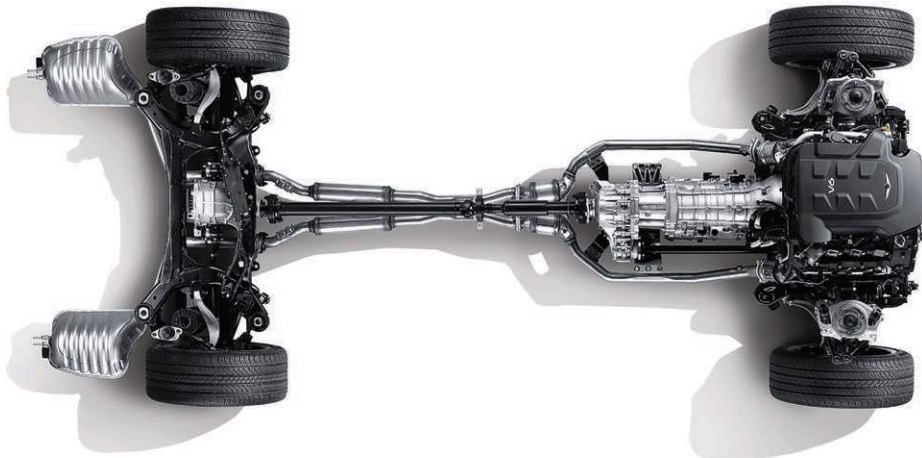

G80 SEDAN

POWER AND POISE IN EQUAL MEASURE.

What will you experience behind the wheel of a G80 3.8 or 5.0 sedan? In a word, balance. Countless test laps around Germany's famed Nürburgring racetrack helped tune the G80's exquisite balance between breathtaking power and quiet composure. Another reason for the G80 sedan's poise under pressure is a rear-wheel-drive platform that intelligently distributes weight between the front and rear axles to optimize driving dynamics. Steer into a corner, and it feels like the car's center of gravity is directly beneath your seat.

To fully appreciate the sensations at play, start by wrapping your hands around the leather-trimmed steering wheel. Even before you start the engine, you'll sense the deep connection forged between you and your G80 sedan.

The nature of that connection depends on which engine you choose. The G80 sedan's 420-hp 5.0L V8 and 311-hp 3.8L V6 both transfer power to the pavement with smooth precision through an advanced 8-speed transmission with SHIFTRONIC® paddle shifters.⁶ Yet each engine's performance dynamics translate into distinct interpretations of the G80 driving experience. Which is ideally suited to you? It's a determination best gauged by a spirited test drive.

G80 SEDAN

IT'S TIME FOR YOU TO LIVE LARGE.

You deserve it. And by designing the G80 with the most front and rear headroom, front legroom and overall interior volume in its class,⁷ Genesis obviously agrees.

Even more agreeable than all of that room is how you'll feel seated inside. Onboard the G80 5.0 Ultimate, you're surrounded by the premium Nappa leather, genuine matte-finish wood and aluminum trim gracing its surfaces. A 16-way power driver's seat features a seat cushion extender, 4-way power lumbar and power side bolsters that inflate individual air cells for

precise support. The front seats come equipped with soothing warmth and cooling ventilation, and rear-seat passengers are treated to heated seats as well.

Cleansing the air inside your cabin is the world's first dual-mode ventilation control system with a CO₂ Sensor.⁴ Rear side window sunshades and a power rear window sunshade are available to block unwanted sunlight from disturbing the comfort of rear-seat passengers. Should you feel the urge to live even larger, the G80 is also available with a panoramic glass sunroof.

G80 SEDAN

"THE 2019 GENESIS G80 IS CLOSE TO PERFECT INSIDE. FIRST-CLASS MATERIALS COVER EVERY SURFACE, THE STYLING IS SOPHISTICATED, AND THE SEATS ARE COMFORTABLE."

— U.S. News & World Report®

G80 3.3T SPORT

PERFORMANCE TAKES CENTER STAGE.

One look at the copper-hued exterior trim details, and you know Genesis engineers calibrated the Twin-Turbo G80 3.3T Sport to perform. Even the Shift-by-Wire 8-speed automatic transmission is calibrated for a more aggressive feel as you paddle-shift through the gears.

To handle its enhanced performance, the G80 3.3T Sport includes an Electronically Controlled Suspension that helps keep the chassis composed over rough roads. Now press the left pedal at your feet. That powerful deceleration you're experiencing comes from high-performance sport brakes with Genesis-embossed calipers that swiftly bring the 19" dark alloy wheels to a controlled stop.

After a performance like that, take a bow.

365 HP

— 3.3L Twin-Turbo V6 —

G80 3.3T SPORT

EXPAND YOUR COMFORT ZONE.

If you're the type of driver who's most comfortable when you're enjoying the performance character of your car, step into the G80 3.3T Sport. This is your comfort zone, crafted by Genesis to include design features favored by driving enthusiasts.

You'll find yourself surrounded by carbon fiber trim on the dash and front doors. You're firmly held by deeply bolstered

Sport seats trimmed in perforated Nappa leather, with eye-pleasing contrast copper stitching tracing the seat cushions and side bolsters.

Now grip the leather-wrapped Sport steering wheel – also with contrast copper stitching – and get ready to conduct this performance yourself. Just press down on the aluminum alloy sport pedals under your right foot.

The image shows the interior of a Volvo G80 3.3T Sport car at night. The car's interior is dark, with black leather seats featuring orange stitching. The dashboard and center console are also black, with orange stitching visible on the gear shift and handbrake. The steering wheel is black with orange stitching. The car is parked on a waterfront, with city lights and water visible through the windows. The text "G80 3.3T SPORT" is displayed in the top left corner.

G80 3.3T SPORT

"IN FACT, LUXURY AT ITS BEST MEANS 'A DIFFICULT
THING DONE EFFORTLESSLY.' AND ON THAT SCORE,
THE G80 SPORT SHINES."

- *Automobile*, April 2018⁹

KEEP A TIGHT GRIP ON ANY SITUATION.

All G80 models are available with our Advanced Dual Mode All Wheel Drive. Designed to help improve grip on dry, wet or snow-covered roads, this system preserves the G80's inherent rear-wheel-drive bias in normal traction conditions. When a loss of traction is sensed, it seamlessly engages to redistribute torque between the front and rear wheels for optimal grip – and a reassuring sense of supreme confidence.

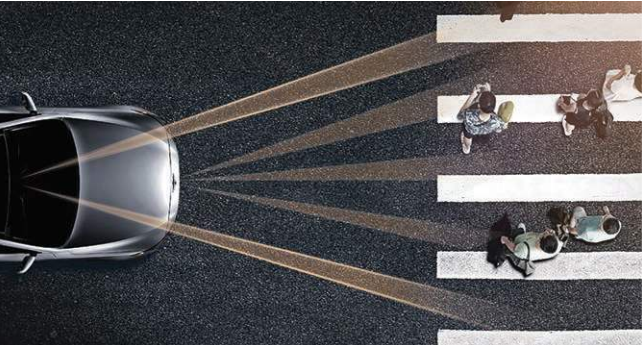

Another feature called Intelligent Drive Mode brings a new level of control to the G80's traction. With its four ride and handling settings – Normal, Sport, Eco or Snow – Intelligent Drive Mode lets you alter the response of your G80 to suit the situation. From busy morning commutes to weekend escapes along winding coastal highways, you can enjoy your G80's driving demeanor based on what you desire or weather conditions require.

SAFETY IS TOP OF OUR MIND. SO IT DOESN'T WEIGH ON YOURS.

Genesis believes it has a responsibility to make driving on chaotic roadways safer. Not just for you and your occupants, but for other drivers and pedestrians as well. To surround you with an unwavering sense of security, every G80 features a suite of advanced technologies that cover the full spectrum of safety and convenience.

With its extensive safety features and a core structure forged with advanced high-strength steel, the G80 once again earned the highest safety ratings in the industry: A 2019 IIHS Top Safety Pick+ award (when equipped with available LED headlights)² and a 5-Star Overall Safety Rating from the U.S. government.³

FORWARD COLLISION-AVOIDANCE ASSIST WITH PEDESTRIAN DETECTION

Standard Forward Collision-Avoidance Assist not only helps detect the presence of vehicles ahead of you, but pedestrians as well. The system issues an alert if the potential for a collision is detected and automatically applies braking as needed to help mitigate the effects of a collision. Or better yet, help avoid one altogether.¹⁰

SMART CRUISE CONTROL WITH STOP & GO

Far more than ordinary cruise control, this feature adjusts your speed automatically to maintain a set distance from the vehicle ahead. It can also bring your G80 to a complete stop if needed, then start again without driver input.¹²

FULL LED HEADLIGHTS WITH LOW BEAM AND HIGH BEAM ASSIST

Roads aren't always straight. So the 2020 G80 features available LED headlights with Low Beam Assist, which turns your headlight beams in sync with the steering wheel for better visibility when cornering.⁴ Standard High Beam Assist automatically switches from high to low beams when the front camera detects oncoming or leading vehicles ahead.

DRIVER ATTENTION WARNING

Analyzing driving patterns and your car's position within its lane, Driver Attention Warning detects potential driver fatigue or distraction and issues a visual and audio alert suggesting the driver take a break when necessary.¹³

BLIND-SPOT COLLISION-AVOIDANCE ASSIST/ REAR CROSS-TRAFFIC COLLISION WARNING

Every G80 comes standard with Blind-Spot Collision-Avoidance Assist, which helps make changing lanes safer by warning the driver of vehicles in your blind spot and applying left or right front braking if necessary to help avoid a collision. Rear Cross-Traffic Collision Warning warns you of vehicles approaching from the sides when backing out of parking spaces.¹¹

LANE KEEPING ASSIST

Should your car begin to drift outside of its driving lane, the G80 warns the driver with an alert and uses reverse steering torque to apply slight corrective measures that help keep your car safely in its lane.¹⁴

A HIGHER FORM OF INTELLIGENCE.

What elevates one luxury car above another is not just that it's larger or more powerful. It's a matter of intelligence and technologies so intuitive, they virtually anticipate your needs. And seamlessly grant your wishes. The Genesis G80 is replete with modern conveniences that keep you fully in touch with where you are, and where you're going.

APPLE CARPLAY® AND ANDROID AUTO™

Tap into your smartphone using the familiar interface of Apple CarPlay (pictured above) or Android Auto while keeping your eyes on the road. The G80 makes it easy to access maps and navigation, contact lists, texts, calls, your music library and more via the car's touchscreen or simple voice commands.¹⁵

HANDS-FREE SMART TRUNK

For easy access to a cargo capacity that's larger than most of the G80's competitors, a hands-free smart trunk automatically opens when it detects you standing near the rear of your car with the key fob in your pocket or purse. Simply wait by the trunk for a few seconds, and it pops open.¹⁶

ADVANCED NAVIGATION SYSTEM

The G80 comes standard with an advanced touchscreen navigation system featuring voice recognition, split-screen functionality, junction view lane guidance for negotiating complex freeways and real-time traffic updates via HD Radio™ (no subscription required).

WIRELESS CHARGING PAD

Leave the hassle of messy cords or plugs behind. Just set your compatible smartphone on the G80's charging pad in the center dash area, and it quickly recharges while you're on the road.¹⁷

HEADS-UP DISPLAY

To help combat distracted driving, the G80 features a Heads-up Display that unobtrusively projects vehicle speed, speed limits, navigation turns and a variety of safety system alerts in full color onto the windshield in front of the driver's line of sight.⁴

SURROUND VIEW MONITOR

Four HD cameras enable you to view the perimeter of your car from multiple angles. Toggle between front, rear and side camera views to guide your way into tight parking spaces, and for clear views of the curb when parallel parking on the street.⁴

A CAR WITH ALL THE RIGHT CONNECTIONS.

As a G80 owner, you have full access to Genesis Connected Services.¹⁸ It's an array of technologies that connect you to the information you need, when you need it – in many cases, using a convenient smartphone app.

GENESIS INTELLIGENT ASSISTANT APP

Available as a free download from Google Play™ or the Apple App Store, the Genesis Intelligent Assistant app combines data from your G80, the internet and your smartphone or smartwatch to send you important updates – often without you having to ask.

You can receive calculated departure messages for synced calendar events with location, as well as proactive notifications to remotely start and cool or heat your G80 based on the current temperature. You can also use your smartphone to pinpoint the precise location of your car in a crowded parking garage.¹⁹

GUIDANCE

Leverage the power of your smartphone to find destinations or points of interest and send directions directly to your G80's navigation system. You can also invoke destination searches in your car using voice commands or the touchscreen display.²⁰

VOICE SERVICES

Amazon Alexa® and Google Assistant™ voice service integration lets you direct your Amazon Echo® or Google Home™ device to start your G80's engine, set the cabin temperature and lock or unlock the doors from the comfort of your couch, kitchen or office.²¹

CONNECTED CARE

G80 owners enjoy 3 years of complimentary Genesis Connected Care, which includes Enhanced Roadside Assistance, SOS Emergency Assistance, Automatic Collision Notification, Monthly Vehicle Health Reports, On-Demand Diagnostics, Maintenance Reminders, Service Link and the Genesis Intelligent Assistant app.

A GRAMMY-WINNING SOUND SYSTEM THAT BLENDS SCIENCE AND ART WITH SONIC PERFECTION.

You want a sonic experience worthy of your Genesis G80. So did we. That's why we partnered with Lexicon® and its Technical GRAMMY Award-winning audio technology. A 17-speaker Lexicon audio

system is available with QuantumLogic® Surround technology and high-efficiency speakers perfectly tuned to the G80's unique acoustic signature for an immersive listening experience at every

seating position.* Two modes of signal-extraction technology help to create stereophonic effects similar to sitting in a concert hall audience, or being directly onstage.

17-SPEAKER LEXICON® QUANTUMLOGIC® SURROUND AUDIO SYSTEM

LET'S BE CLEAR

You probably know the music you download onto your digital devices or stream over the airwaves has been digitally compressed. But did you know compression can remove up to 90 percent of the audio details originally recorded in your favorite songs – so you're left listening to a reduced version of the real thing?

Clari-Fi™ Music Restoration Technology restores the sound qualities lost in compression. It scans all types of digital audio files for lost details – and intelligently corrects waveform deficiencies based on existing music information and audio source quality. Music that's been 'Clari-fied' sounds clearer, crisper, wider and more dynamic. So you can enjoy all of the sonic nuances that the recording artists intended you to hear.

WE DESIGNED THE GENESIS EXPERIENCE AROUND LIFE'S MOST PRECIOUS ASSET: YOUR TIME.

True luxury is about your complete experience, both on and off the road. It reflects a profound commitment to meeting your needs and wants precisely, in a way that values your precious time. Welcome to the Genesis Experience, our thoughtfully crafted suite of owner benefits designed to elevate the way you drive. And live.

COMPLIMENTARY GENESIS SERVICE VALET

You may never need to bring your car to a Genesis service center. Allow your Genesis retailer to pick up your G80, deliver a courtesy replacement vehicle, perform any required maintenance and return your car to your location so you can enjoy more pleasurable pursuits. Complimentary for 3 years or 36,000 miles.

GENESIS CONNECTED SERVICES

Your G80 includes 3 years of complimentary Genesis Connected Services. It's an exclusive suite of safety, guidance and remote features that keep you connected to the things you need on the go.¹⁸

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, 3-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer or authorized service facility. Reimbursement for an overnight stay is included if needed.

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free Genesis G80 ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, whichever comes first. Complimentary oil changes are also included with normally scheduled maintenance appointments at your authorized Genesis service center.

NAVIGATION AND MULTIMEDIA UPDATES

To ensure you're accessing the most up-to-date driving directions, the navigation system in your G80 comes with complimentary annual map updates for 3 years as part of your routine maintenance visits with Genesis.

SIRIUSXM ALL ACCESS WITH TRAVEL LINK[®]

With 3 months of complimentary SiriusXM Travel Link, you'll stay up-to-speed on the latest traffic, weather, fuel prices, stocks, sports and movies.²² A SiriusXM All Access 3-month free trial also lets you enjoy one of the widest varieties of ad-free music, news, talk and sports entertainment anytime, anywhere.²³
