

GENESIS

2020 GENESIS G90

WELCOME TO GENESIS.

From our award-winning line of luxury automobiles to the innovative services we offer, Genesis is driven to create an exceptional ownership experience that satisfies you like never before.

That focus has helped Genesis quickly emerge among the leaders in quality, satisfaction and safety. One example: In its survey of new car owners, the 2019 J.D. Power Initial Quality Study ranks Genesis #1 among all automotive brands for the second year in a row.¹

Genesis has also emerged as a leader in automotive design and safety – every vehicle in our lineup features an array of advanced technologies that have earned the industry's top safety awards.

For 2020, we're introducing the next evolution of our flagship G90 luxury sedan that earned the highest initial quality ranking for a large premium car last year. Like everything we do at Genesis, its stunning refinements are the result of a singular focus on what matters the most:

Putting you first.

#1 Ranked Brand in Initial Quality
2 Years in a Row

THE NEW FACE OF MODERN LUXURY.

With its powerful presence, the 2020 Genesis G90 expresses a confidence that's magnetic. Even when standing still, its bold new design gives an impression of athletic grace.

The new G90 greets you with dynamic front styling that features quad lamps and its Genesis Crest grille – signatures of the Genesis identity first shown in a series of design concepts revealed to global buzz at the world's leading auto shows. Look closer at the four independent LED headlight modules, and you'll notice a diamond-shaped G-Matrix pattern etched within each one that reflects light like a perfectly cut diamond.

That same effect is echoed in the G90's grille, wheels and taillights – even the quilted pattern sewn into its Nappa leather seats. Wherever your eye lands, the G90 instantly elevates expectations of stirring performance and luxury executed with effortless precision.

A REFLECTION OF HOW LIFE SHOULD BE LIVED.

A luxury car is more than mere transportation. It is a form of self-expression, reflecting its owner's sense of how life is to be lived. So, when considering refinements to the Genesis G90 for 2020, we knew you'd be the ultimate judge of every change we made.

The G90's new design had to surpass your expectations of how a luxury car should look. Its technologies had to make you more comfortable, and less stressed. Most of all, the new G90 had to excite your senses, placing you in a space crafted from natural, beautifully integrated materials.

Beneath the skin, a rigid chassis and meticulously engineered steering and suspension systems give the G90 3.3T Premium and 5.0 Ultimate confident, composed handling and a smooth, highly refined ride. An array of advanced sensors, cameras and technologies elevate your security with an unrivaled set of standard safety features.

When considering the G90 3.3T Premium and 5.0 Ultimate, remember – it's not just a question of choosing which luxury performance sedan you want to drive. It's a question of how you want to move through life.

"IT WOULD BE WRONG TO CREATE A CERTAIN LEVEL OF EXPECTATIONS AND SIMPLY FULFILL THEM. YOU HAVE TO BEAT THEM. YOU HAVE TO GO FURTHER. WE WANT TO CREATE THINGS THAT MOVE THE CAR INDUSTRY FORWARD OVER TIME."

~ Luc Donckerwolke
Executive Vice President
Chief Design Officer

G90 3.3T PREMIUM

LIVE LIFE TURBOCHARGED.

Our 3.3T Premium model gets its name from its remarkable engine, a 3.3L Twin-Turbo rated at 365 HP.² With two turbochargers, there is virtually no lag in the boost you feel when pressing the accelerator pedal. The thrust of power is immediate, and the sound is unmistakable. So is the feeling. The G90 3.3T delivers precise handling – yet still maintains a smooth, unruffled ride thanks to an ultra-rigid chassis whose torsional stiffness dramatically reduces steering vibration and road noise.

A Genesis Adaptive Control Suspension optimizes handling and comfort using sensors that read the road surface, then signal the G90’s Continuous Damping Control to micro-adjust the firmness of its shock absorbers. This all happens in milliseconds using separate channels for compression and rebound. As you’re driving, the G90’s suspension is reacting in real time to whatever the situation requires.

Driving over a pothole? The G90’s adaptive suspension softens its shock absorbers to soak up any impacts before they can disturb the comfort of you and your passengers. Making a rapid move to avoid debris in your path? The G90 instantly firms its suspension to help counteract body roll and keep its stylish new 19” wheels and tires riveted to the road.

365 HP
— 376 lb-ft Torque —

G90 3.3T PREMIUM

THE ART OF CRAFTSMANSHIP.

Press the button on the door handle of your G90 3.3T Premium, and it unlocks automatically by sensing your Proximity Key. Once you're seated, a power closure feature helps secure your door. Now take a look around: You are surrounded by Genesis craftsmanship. Nappa leather covers not just the seats, but the dashboard and center console. Open-pore, matte-finish wood trims the dash and accents other areas of the interior. And that signature G-Matrix pattern quilted into the seatbacks and seat cushions? It's available in a choice of five colors, each with its own wood trim tone.

Look closer: The 17-speaker Lexicon® audio system grilles are machined aluminum, and many of the switches on the dash are chrome-plated. You can illuminate your G90's class-leading interior space³ with seven different ambient lighting colors.

THE SCIENCE OF ACOUSTICS.

What may impress you the most is what's missing. Thanks to a combination of sound-insulating acoustic glass, triple-sealed doors and other measures, the G90 cabin is profoundly quiet. It's also refreshingly clean – air quality is monitored by a segment-first CO₂ Sensor.³ If elevated levels of carbon dioxide are detected, the ventilation system automatically refreshes the cabin air to help reduce driver fatigue.

G90 5.0 ULTIMATE

PERFORMANCE MEASURED IN QUALITY,
NOT JUST QUANTITY.

The G90 5.0 Ultimate is powered by a 5.0L V8 engine rated at 420 HP.² But luxury sedan performance is not only about quantity – it's defined by the quality of the experience. Which is why the G90 features Intelligent Drive Mode with Smart Shift.

Select your preferred driving mode: Comfort, Sport, Eco or Custom. In fractions of an instant, Smart Shift uses proprietary artificial intelligence to gauge performance data and driving patterns – adapting your engine, suspension, Electronic Stability Control and available All Wheel Drive in real time to create a precisely personal driving experience.

The engine harmonizes with a precise 8-speed automatic transmission and available All Wheel Drive to produce elegant – and potent – performance. The G90's advanced All Wheel Drive delivers an ideal balance of rear-wheel-drive bias when road conditions are good, and instantly transfers power to the wheels needing traction when conditions become slippery.

420 HP
— 383 lb-ft Torque —

G90 5.0 ULTIMATE

MORE POWER. LESS STRESS.

In the Genesis G90, Nappa-leather covered power seats do more than just adjust your position. They adjust your attitude. All G90 models come standard with an exceptionally comfortable and supportive 22-way power driver seat. On the G90 5.0 Ultimate, there's also a 12-way power-adjustable left rear seat and 14-way power right rear seat. The right rear seat includes a one-touch relax mode that reclines to your preferred seating position.

It's the kind of comfort you won't find in ordinary luxury sedans. The kind that has earned certification from Aktion Gesunder Rücken, renowned for its ratings on how well products support overall back comfort, health and safety. In crafting the G90's seats, Genesis designers also studied the revolutionary Stressless® armchairs and recliners of Norwegian furniture manufacturer Ektornes.®

Settle into either rear seat of the G90 5.0 Ultimate, and you're welcomed by dual 10.3" high-definition video monitors that tilt and adjust to optimize individual viewing. A three-zone climate control system gives rear seat passengers even more control over their comfort. Turn on the soothing heat, press the power recline switch, raise the power rear window and rear side-window sunshades, and your tranquility is complete.

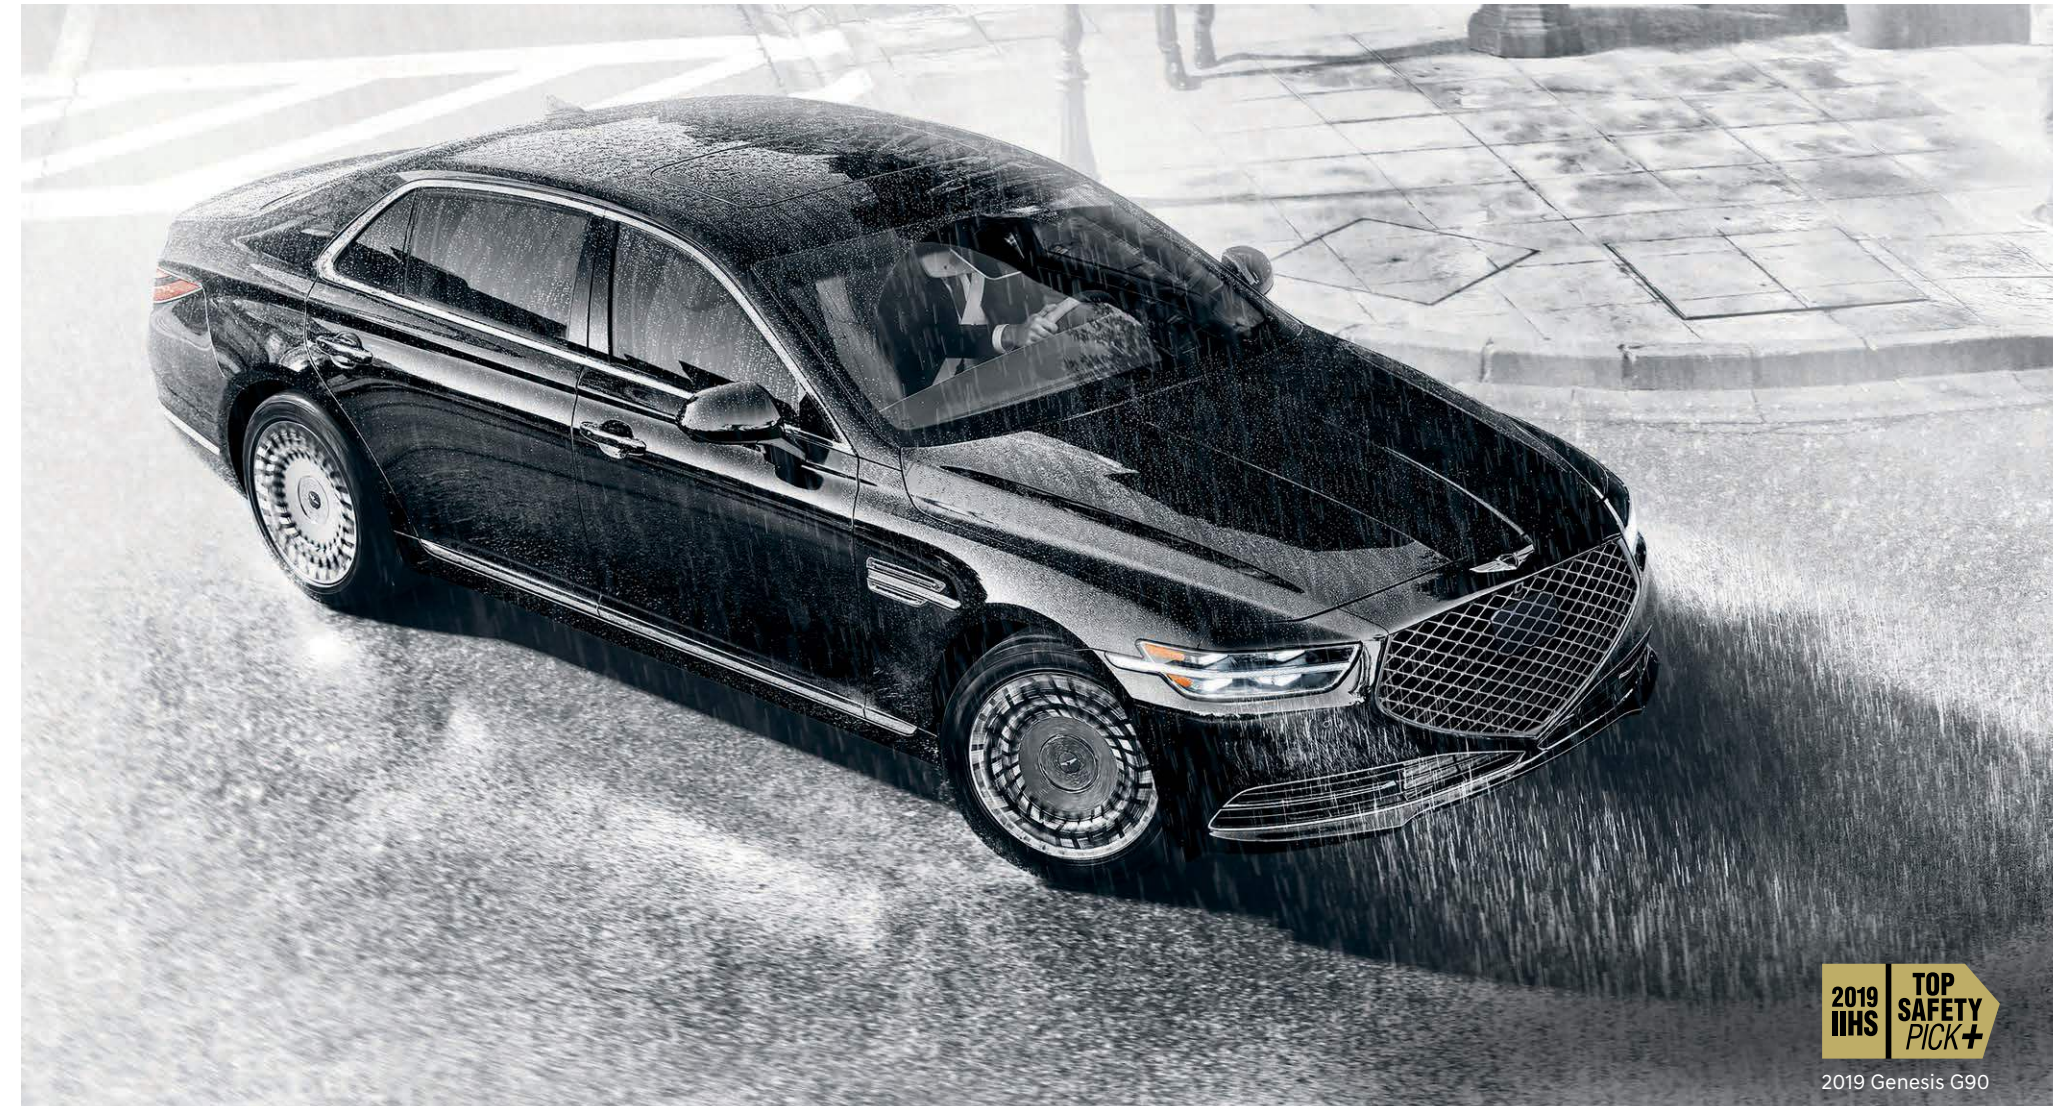

In the G90 5.0 Ultimate, luxury doesn't take a back seat. It takes every seat.

A SIXTH SENSE FOR SAFETY.

Genesis believes it has a responsibility to make driving on increasingly chaotic roads safer. Not just for you and your occupants, but for other drivers and pedestrians as well. That's why the 2020 G90 comes equipped with the most comprehensive set of standard safety

and driver assist features in the premium luxury class.³ And like every Genesis model, the G90 has been awarded the highest safety achievements in the industry, including an IIHS 2019 Top Safety Pick+ rating.⁴

YOUR ATTENTION PLEASE

Driver Attention Warning helps detect potential driver fatigue or distraction and issues visual and audio alerts suggesting the driver take a break.⁵ After parking, Safe Exit Assist issues an alert when a vehicle is detected to be approaching from behind, letting exiting passengers know it may not be safe to open the door.⁶

FORWARD THINKING, FAST REACTING

The G90 not only helps detect vehicles that have stopped ahead of you, but pedestrians as well. The driver is alerted if the potential for a collision is detected, and braking is automatically applied to help avoid a collision. Braking and steering assist are also activated when any oncoming vehicles swerve into your lane.¹⁰

INTELLIGENT BLIND-SPOT DETECTION

Blind-Spot Collision-Avoidance Assist automatically applies left or right front braking to help nudge you back into your lane if a vehicle is detected in your blind spot while you're changing lanes.⁷ Rear Cross-Traffic Collision-Avoidance Assist warns you of vehicles approaching from the sides while you're backing out of a parking space.⁸

LIGHT YEARS AHEAD

The G90's signature quad LED headlights feature Genesis G-Matrix styling details inspired by light reflecting from a cut diamond. Their brilliance is also reflected in a High Beam Assist feature that automatically switches your headlights from high to low beams when the car's front camera detects oncoming or leading vehicles.

CAREFREE HIGHWAYS

A feature called Highway Driving Assist helps keep you in the center of your driving lane.⁹ The G90 can also maintain a set speed while keeping a safe distance from other vehicles in front of you, automatically adjust for changing speed limits and automatically reduce your speed as you approach curves in the road on highways.

EYES WIDE OPEN

A Blind-Spot View Monitor provides the driver with blind-spot video footage from both sides of your vehicle. While changing lanes with the turn signal on, a side view of the adjacent lane is projected on your G90's center instrument cluster, revealing areas not typically seen by traditional side mirrors.¹¹

FOR THOSE WHO TAKE THEIR PERSONAL SPACE VERY PERSONALLY.

From the moment you sit in the driver's seat, you begin to appreciate the level of intelligence designed into the G90. The interior is exquisitely appointed, catering to your desire for feeling totally at ease, informed and connected. Features like Smart Posture Care ensure you are

being silently attended to – with precise measure being taken to determine your personal ergonomic profile. A Surround View Monitor with new zoom in/out and an expanded viewing range lets you choose the best camera angles for conquering tight parking spaces.

SMART CRUISE CONTROL

Far more than ordinary cruise control, this technology helps automatically adjust your speed in order to maintain a set distance from the vehicle ahead. If needed, the system is capable of bringing your G90 to a complete stop, then starting again without driver input.¹²

SMART POSTURE CARE

A new feature called Smart Posture Care uses your physical profile data to automatically set the ergonomically ideal positioning of the G90's driver seat, steering wheel, outside mirror and Heads-up Display. A luxury sedan that instills good posture – that's one less thing to stress about.

MULTIPLE DEVICE CHARGING

Place your compatible smartphone on the charging pad, and an indicator light signals it's soaking up juice.¹³ When you exit the car, an audible alert sounds if you've left your phone on the charging pad. There are also USB ports front and rear, as well as rear dual 12-volt power outlets.

360-DEGREE VIEWS

Four cameras and new zoom in/out functionality on the Surround View Monitor offer expanded views of your G90's perimeter that aid in parallel parking. A forward-view cornering camera assists with tight alleys and parking areas with poor visibility, while a rearview camera with guidelines helps track your steering path in reverse.

HANDS-FREE SMART TRUNK

Walking up to your car with your hands full? A hands-free smart trunk automatically opens for easy access to the G90's spacious cargo area. It works by detecting the stylish key fob in your pocket or purse. Simply wait by the trunk for a few seconds, and it pops open.¹⁴

HEADS-UP DISPLAY

Like a fighter jet, the Genesis G90 helps its pilot process information quickly. A full-color Heads-up Display projects vehicle speed, speed limits, navigation turns and safety system alerts onto the windshield directly in front of the driver for at-a-glance decision making at speed.

WELCOME TO THE WELL-CONNECTED SUITE.

As a G90 owner, you can access Genesis Connected Services any of three ways – using a smartphone app, via the internet on your computer or from your G90's in-car touchscreen.¹⁵

GENESIS INTELLIGENT ASSISTANT APP

Available as a free download from Google Play™ or the Apple App Store, the Genesis Intelligent Assistant® app turns your smartphone into a remote control for a range of convenient functions.¹⁶ You can start your G90's engine and climate controls, lock or unlock the doors, adjust the setting of the heated and ventilated seats, check whether your G90's windows are open and pinpoint the location of your car in a crowded parking lot.¹⁷ You can also receive calculated departure messages on your smartphone for synced calendar events with location.

GUIDANCE

Leverage the power of your smartphone to find destinations or points of interest and send directions directly to your G90's navigation system.¹⁸ Real-time traffic flow and incident data from a subscription-free HD Radio® service are easy to see at a glance, thanks to a wide 12.3" high-definition monitor.

VOICE SERVICES

Amazon Alexa® and Google Assistant™ voice services let you direct your Amazon Echo® or Google Home™ device to start your G90's engine, unlock the car doors and set the cabin temperature – all from the comfort of your couch, kitchen or office.¹⁹

CONNECTED CARE

Every new G90 owner enjoys 3 years of complimentary Genesis Connected Care, which includes Enhanced Roadside Assistance, SOS Emergency Assistance, Automatic Collision Notification, Monthly Vehicle Health Reports, On-Demand Diagnostics, Maintenance Reminders, Service Link and the Genesis Intelligent Assistant app.

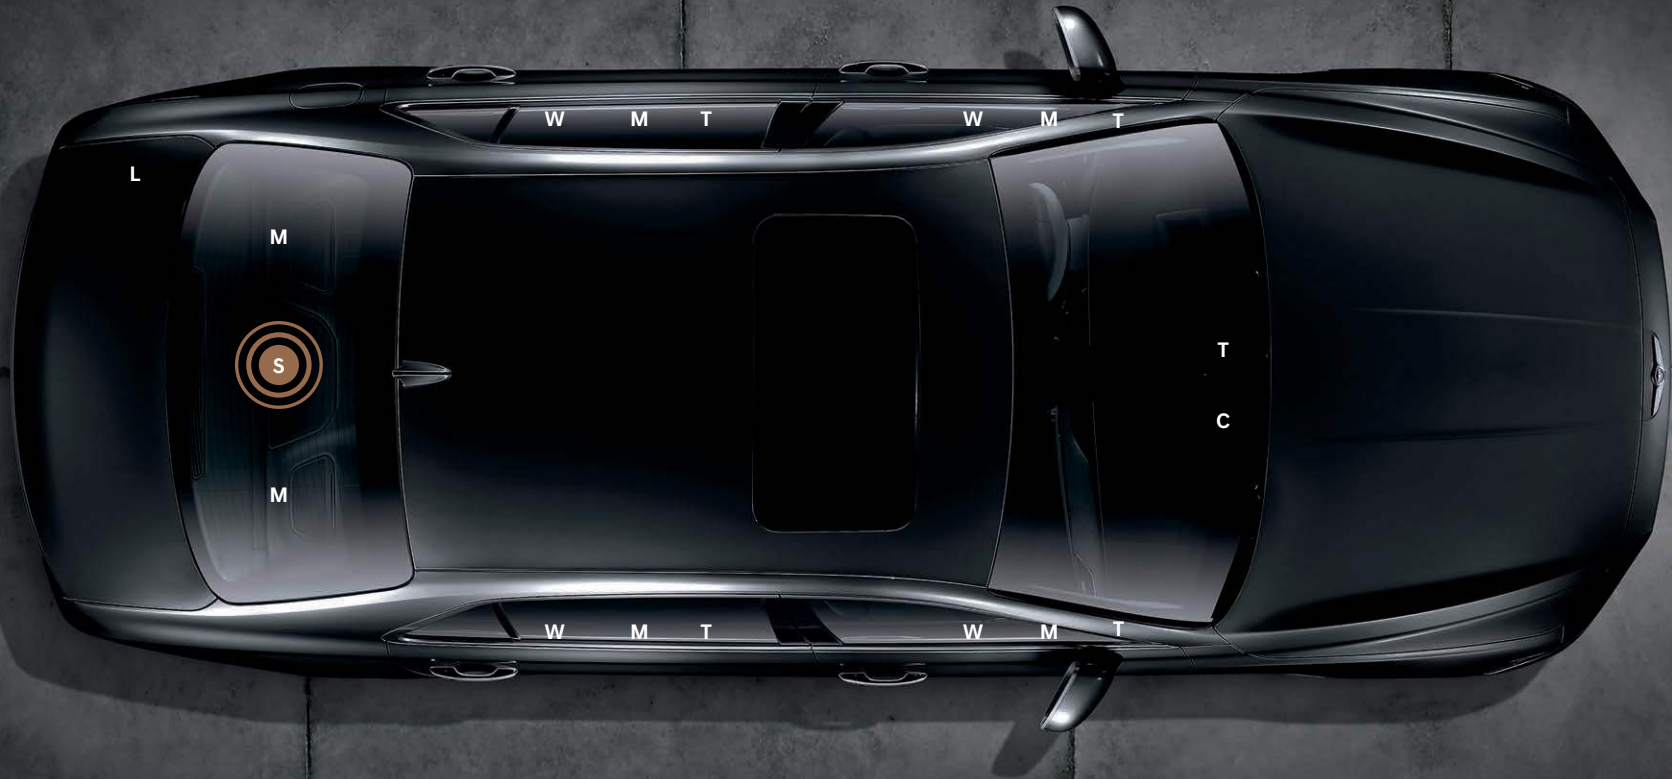

YOUR PERSONAL CONCERT HALL.

A powerful Lexicon® premium audio system with QuantumLogic® Surround sounds like your own world-class concert hall. It combines 900 Watts of power and Clari-Fi™ Music Restoration Technology

with patented signal extraction technology to create rich multi-channel sound reproduction. Each high-efficiency speaker is perfectly tuned to the G90's acoustic signature for an immersive

listening experience at every seating position. So whatever you're enjoying – from HD Radio™ and streaming playlists to SiriusXM® Satellite Radio – you'll hear it all with remarkable clarity.²⁰

17-SPEAKER LEXICON® QUANTUMLOGIC® SURROUND PREMIUM AUDIO SYSTEM

- (C)** Coaxial dash-mounted midrange speaker
- (M)** Midrange surround sound speakers
- (S)** Subwoofer
- (W)** Door-mounted woofers
- (L)** Lexicon® 12-channel digital external amplifier
- (T)** Tweeters

CLARI-FI MUSIC RESTORATION TECHNOLOGY

Digital compression removes up to 90 percent of the details originally recorded in your favorite songs. Clari-Fi™ Music Restoration Technology scans digital audio files for lost details and intelligently corrects waveform deficiencies. Music that's been 'Clari-fied' sounds clearer, crisper, wider and more dynamic. So you can enjoy all of the sonic nuances that the recording artists intended you to hear.

PREMIUM HD NAVIGATION SYSTEM

The G90's new high-performance HD navigation system features a 12.3" touchscreen with split-screen and pinch/zoom capabilities, as well as a Driver Information System controller that lets you intuitively activate turn-by-turn navigation, audio and media systems, a Surround View Monitor and more.

ANDROID AUTO & APPLE CARPLAY

Tap into your smartphone's information and entertainment using the familiar interface of Android Auto™ or Apple CarPlay®. Using the G90's touchscreen or simple voice commands, you can seamlessly access your phone's maps and navigation, contact lists, texts, calls, your music library and more.²¹

WE DESIGNED THE GENESIS EXPERIENCE AROUND LIFE'S MOST PRECIOUS ASSET: YOUR TIME.

True luxury is about your complete experience. It reflects an understanding of precisely what will meet your needs and wants. Welcome to the Genesis Experience, our thoughtfully crafted suite of owner benefits designed around how you actually live.

COMPLIMENTARY GENESIS SERVICE VALET

You may never need to set foot in our service center. Complimentary for 3 years or 36,000 miles, we'll pick up your G90 once you schedule service online or via our mobile app, deliver a courtesy replacement vehicle and return your car after performing any required servicing.

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free Genesis ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, including oil changes and tire rotations as well as select wear items like wiper blades, brake pads and alignments as needed.

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, 3-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer or authorized service facility. Reimbursement for an overnight stay is also included if needed.

GENESIS CONNECTED SERVICES

Your G90 includes 3 years of complimentary Genesis Connected Services. Exclusive for Genesis owners, it's a comprehensive suite of safety, guidance and remote access features that help keep G90 owners connected to the things they need on the go.¹⁵

NAVIGATION AND MULTIMEDIA UPDATES

Complimentary map updates to your G90's navigation system for 3 years ensure you're always accessing the most up-to-date driving directions. These updates are available annually as part of your routine maintenance visits with Genesis.

SIRIUSXM® SATELLITE RADIO ALL ACCESS

Complimentary for your first 3 months, SiriusXM All Access offers one of the widest varieties of entertainment anytime, anywhere.²⁰ Enjoy every channel available on your satellite radio – including personalized stations powered by Pandora® – and listen in your G90 or on your computer, smartphone or tablet with the SiriusXM app.²²

Refer to footnotes on the back page for additional program details.
