

Honda Civic Coupe 2002

If you see yourself as a driver, then it's easy to see

yourself in the Civic Coupe. It's got the moves and the moxie to make driving plenty of fun, with refined ride and handling for 2002. To help keep you smiling, its roomy, comfortable cabin

is quieter this year. And this car is a real value, too, especially when you consider its legendary

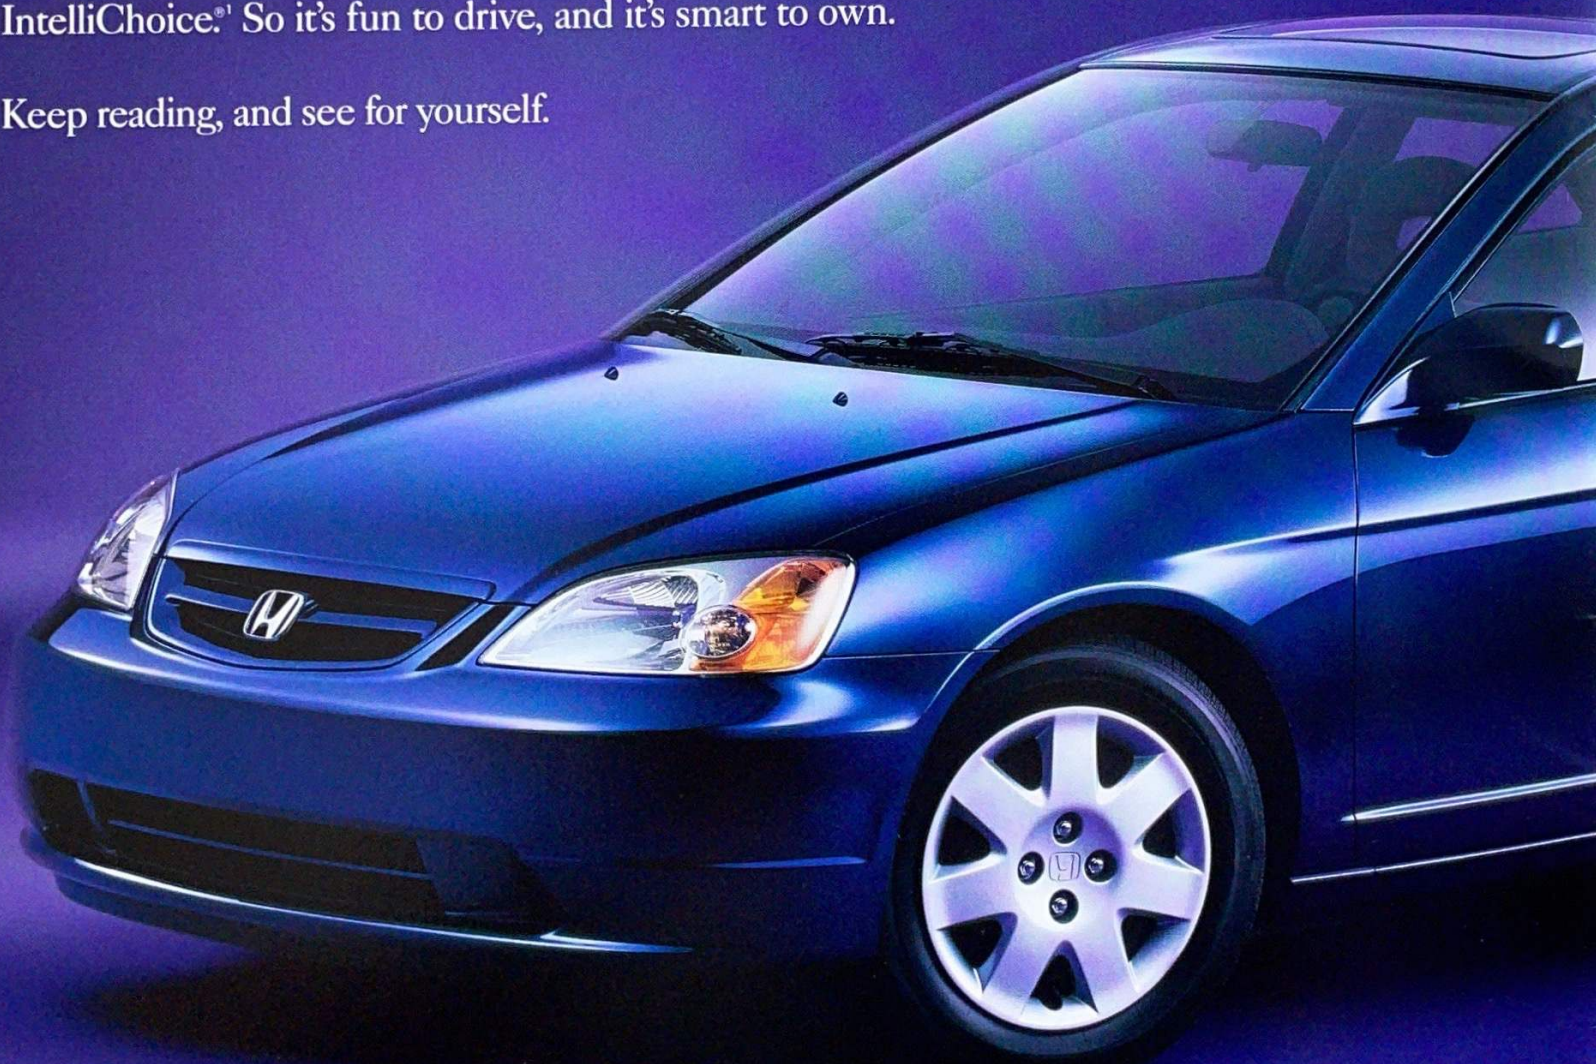

Honda quality. In fact, Civic coupes were named

Best Overall Value of the Year by

IntelliChoice.^{®1} So it's fun to drive, and it's smart to own.

Keep reading, and see for yourself.

Look.

It's just naturally good-looking, and that's one of the many reasons why the Civic Coupe is so popular. With its sleek shape and muscular contours, this sporty two-door looks as good as it goes. Just lift this flap, and get acquainted with the variety of styles Civic Coupe has to offer.

Feel.

You are now free to move about the interior, because the Civic Coupe has lots of space. Enough, in fact, to pack this car with loads of comfort and convenience, two great reasons to get into it.

Drive.

Take a quick spin in a Civic Coupe, and you'll see our engineers have artfully balanced excellent power with amazing fuel economy,² as well as crisp handling with a supple ride to let the good times roll.

Dream.

Imagine a cleaner world in which vehicles are friendlier to the environment and Earth's natural resources are regarded as precious indeed. Honda's making it a reality—thanks to the power of dreams.

Which one is yours?

CIVIC DX COUPE

- 115-hp, 1.7-liter, 16-valve ULEV engine
- 5-speed manual transmission
- Available 4-speed automatic
- 4-wheel independent suspension
- Power rack-and-pinion steering
- P185/70 R14 tires
- Dual front airbags
- Available dual side airbags
- 60/40 split fold-down rear seatback

CIVIC HX COUPE

- Adds to DX or replaces:
- 117-hp, 1.7-liter, 16-valve VTEC™-E lean-burn ULEV engine
- Available continuously variable transmission (CVT)
- 14-inch alloy wheels
- Cruise control
- AM/FM stereo cassette
- Power door locks and power mirrors

CIVIC LX COUPE

- Adds to DX:
- Rear stabilizer bar
- Power windows with auto-down driver's window
- Air conditioning
- Cruise control, power mirrors and door locks
- Available remote entry system
- AM/FM stereo cassette

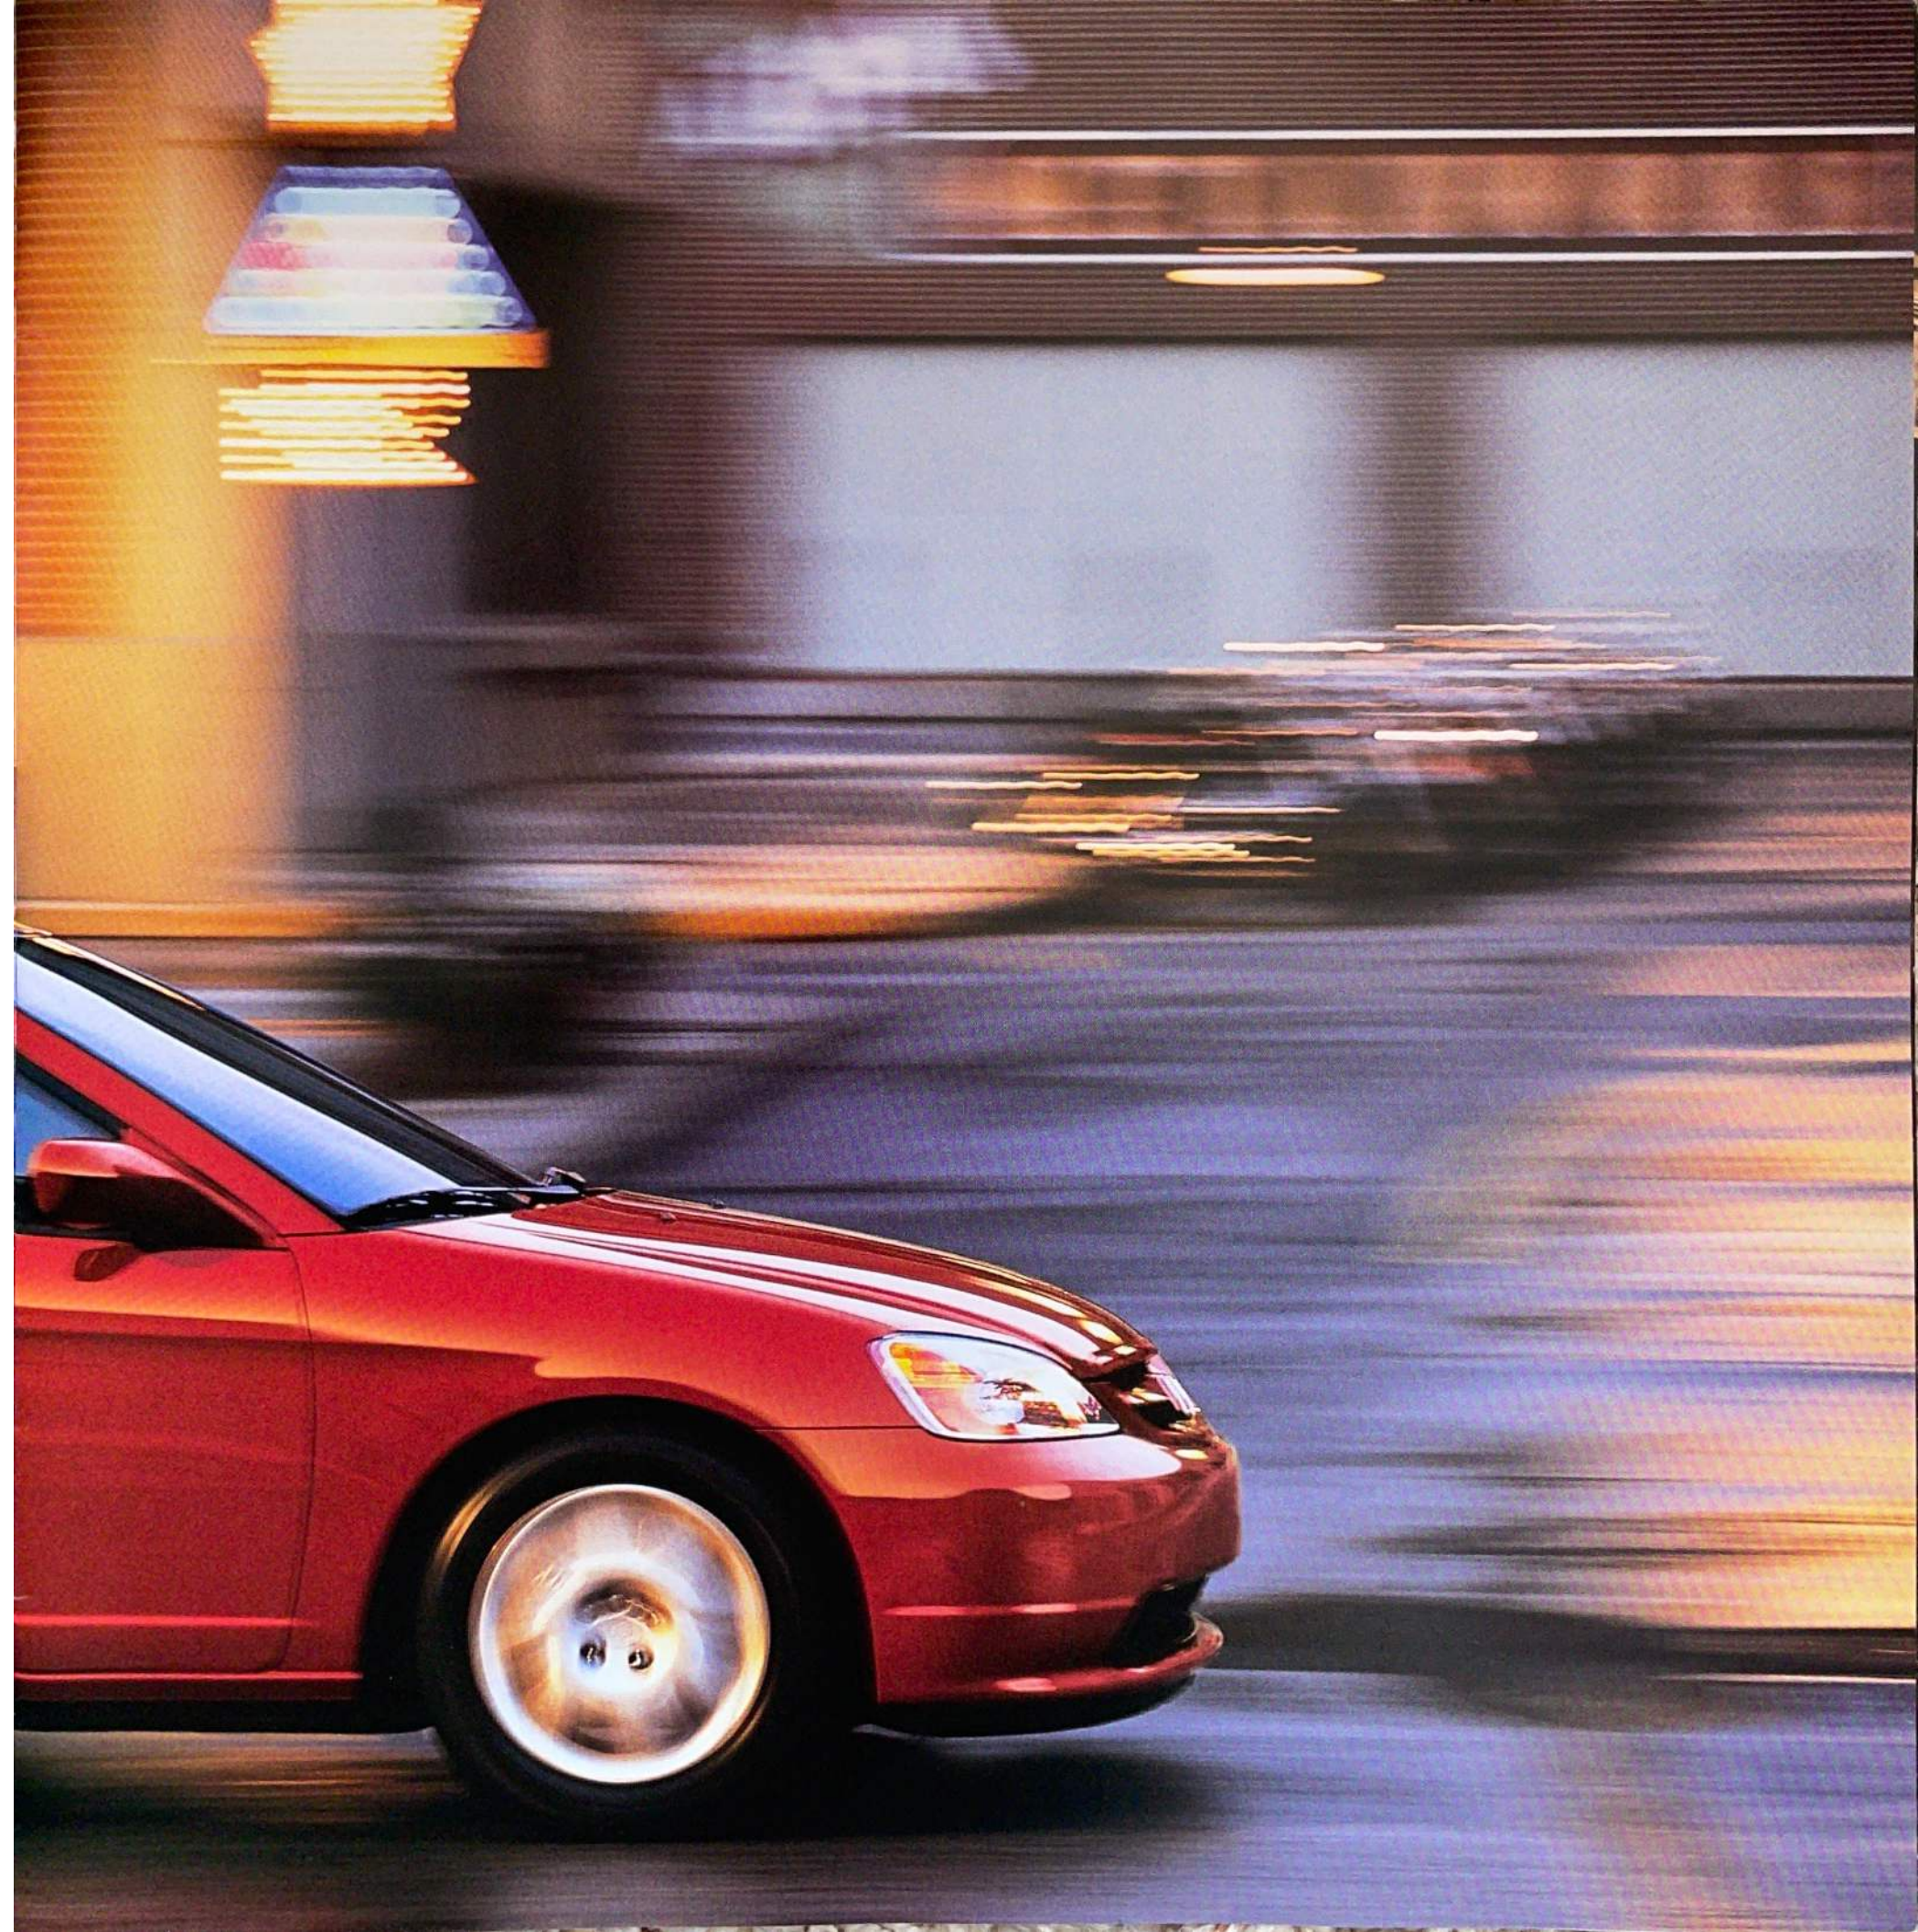

CIVIC EX COUPE

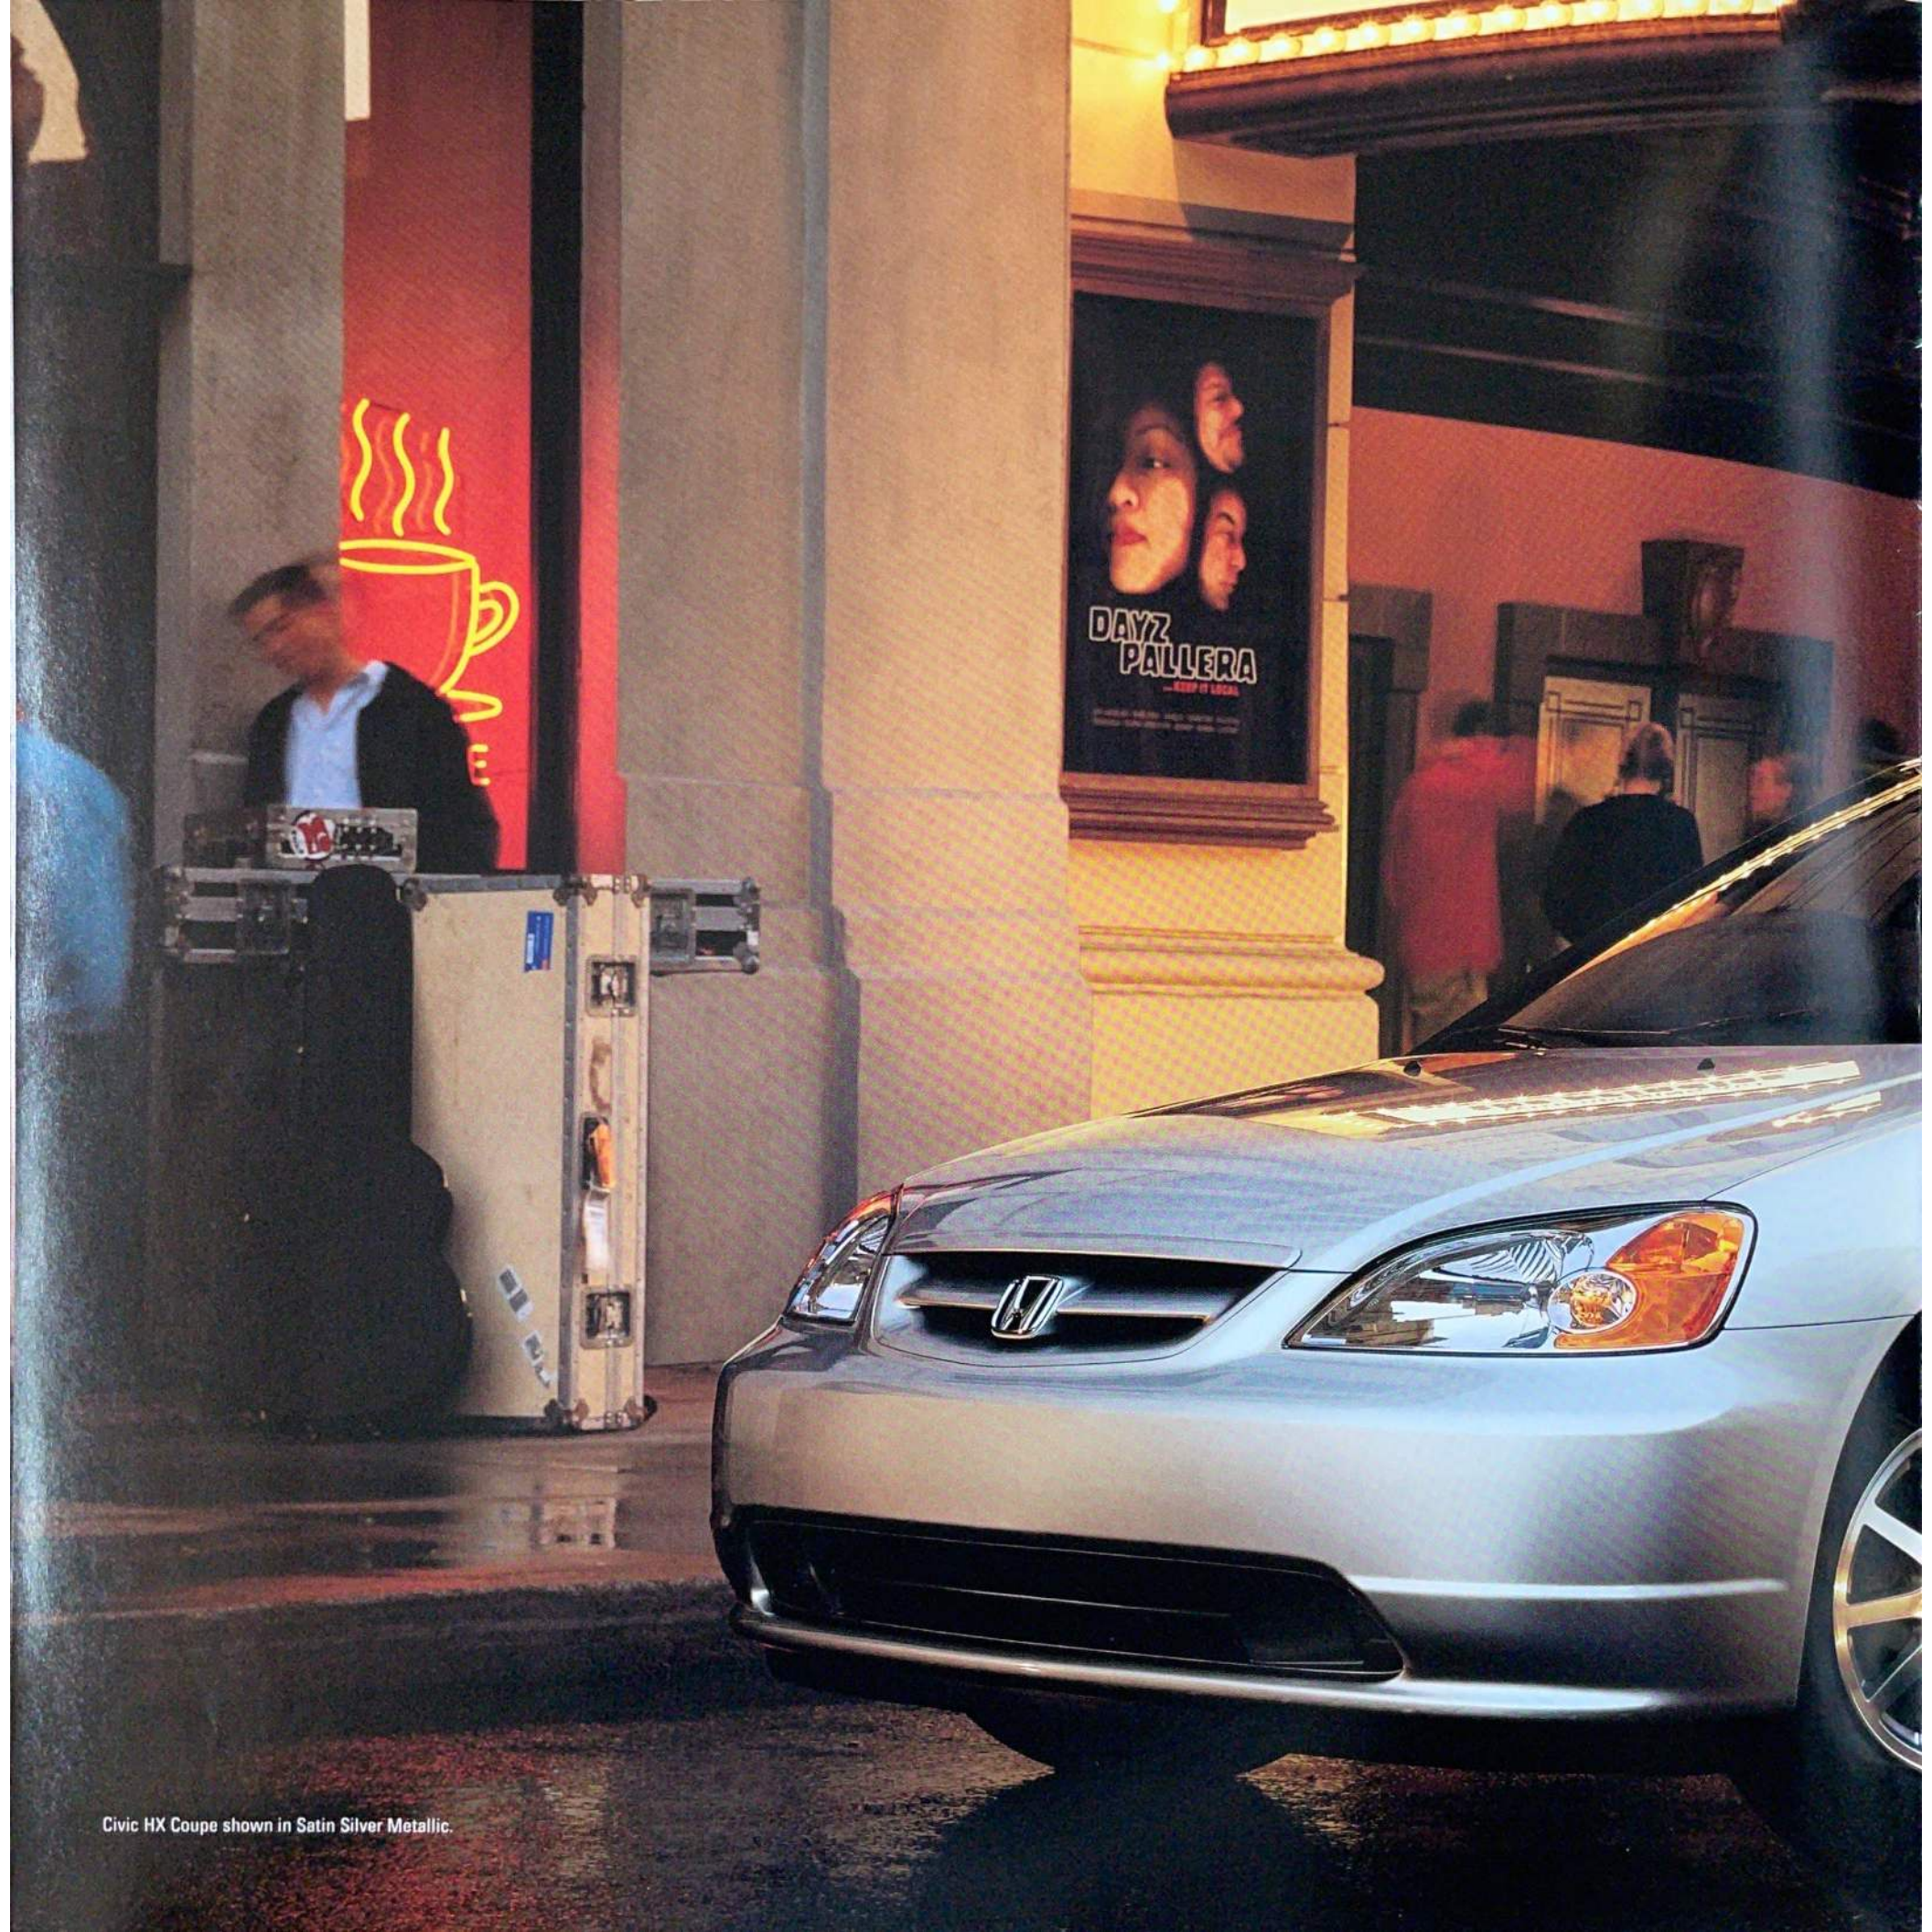

- Adds to LX or replaces:
- 127-hp, 1.7-liter VTEC™ ULEV engine
- Anti-lock braking system (ABS)
- 15-inch wheels and P185/65 R15 tires
- Power moonroof with tilt feature
- Remote entry system
- AM/FM stereo CD player with 6 speakers

Show it off.

Civic EX Coupe shown in Rallye Red.

Civic HX Coupe shown in Satin Silver Metallic.

Civic EX Coupe interior shown in Black.

The Civic Coupe is a study in **ergonomic** design. Its controls are easy to reach and natural to use. Backlit silver gauges inform quickly. Storage spaces and beverage holders are perfectly placed.

Comfort is assured by plenty of legroom, headroom and wide, supportive seats. Ample sound insulation keeps a lid on noise. The **flat rear floor** provides a unique degree of spacious comfort.

Convenience is everywhere. Notice the 60/40 split fold-down rear seatback with lock. **Power door locks** and dual power mirrors on the HX, LX and EX. A remote entry system, standard on EX, available on HX and LX. Air conditioning with a micron air-filtration system (LX and EX) that can keep most pollen and diesel soot out.

And to help ensure your car doesn't depart without you, it's equipped with an **Immobilizer Theft-Deterrent System.**

You might have designed the instrument panel yourself, because all the buttons and switches are where you expect them. The **audio and climate controls** are placed high, well within reach. For entertainment of the audio kind, the DX has an AM/FM stereo with a clock. HX and LX models have an AM/FM stereo cassette player, and the EX sports a more powerful AM/FM stereo and CD player with six speakers.

Look sporty. Complementing its fun-to-drive nature, the Civic Coupe displays **distinctive silver accents** throughout its handsome interior.

Keep your grip. Standard on HX, LX and EX models, the steering wheel-mounted **cruise control** switches let you keep your hands on the wheel and modulate your cruising velocity with fingertip ease.

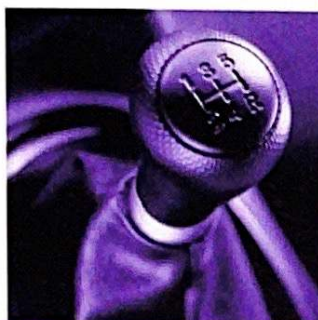

Apply sunscreen liberally.

Enjoy the feeling of freedom and fresh air you'll get when you open the **power moonroof** with tilt feature, standard on EX. Or you can simply tilt the moonroof up for improved air circulation.

Power down. The LX and EX models offer the convenience of power windows. The auto-down feature lets you lower the driver's window with one touch. Plus, the illuminated switch for the driver's **power window** makes it a snap to find the switch in the dark.

The interior of the Civic Coupe puts you in touch with this car's action-oriented nature. And at the same time, you and four lucky friends can enjoy the experience in wide-open comfort and highly accommodating convenience. From the well-bolstered and formfitting seats to the ergonomic layout of the instrument panel, you can tell that this car was designed by drivers, for drivers. So go on—get into it.

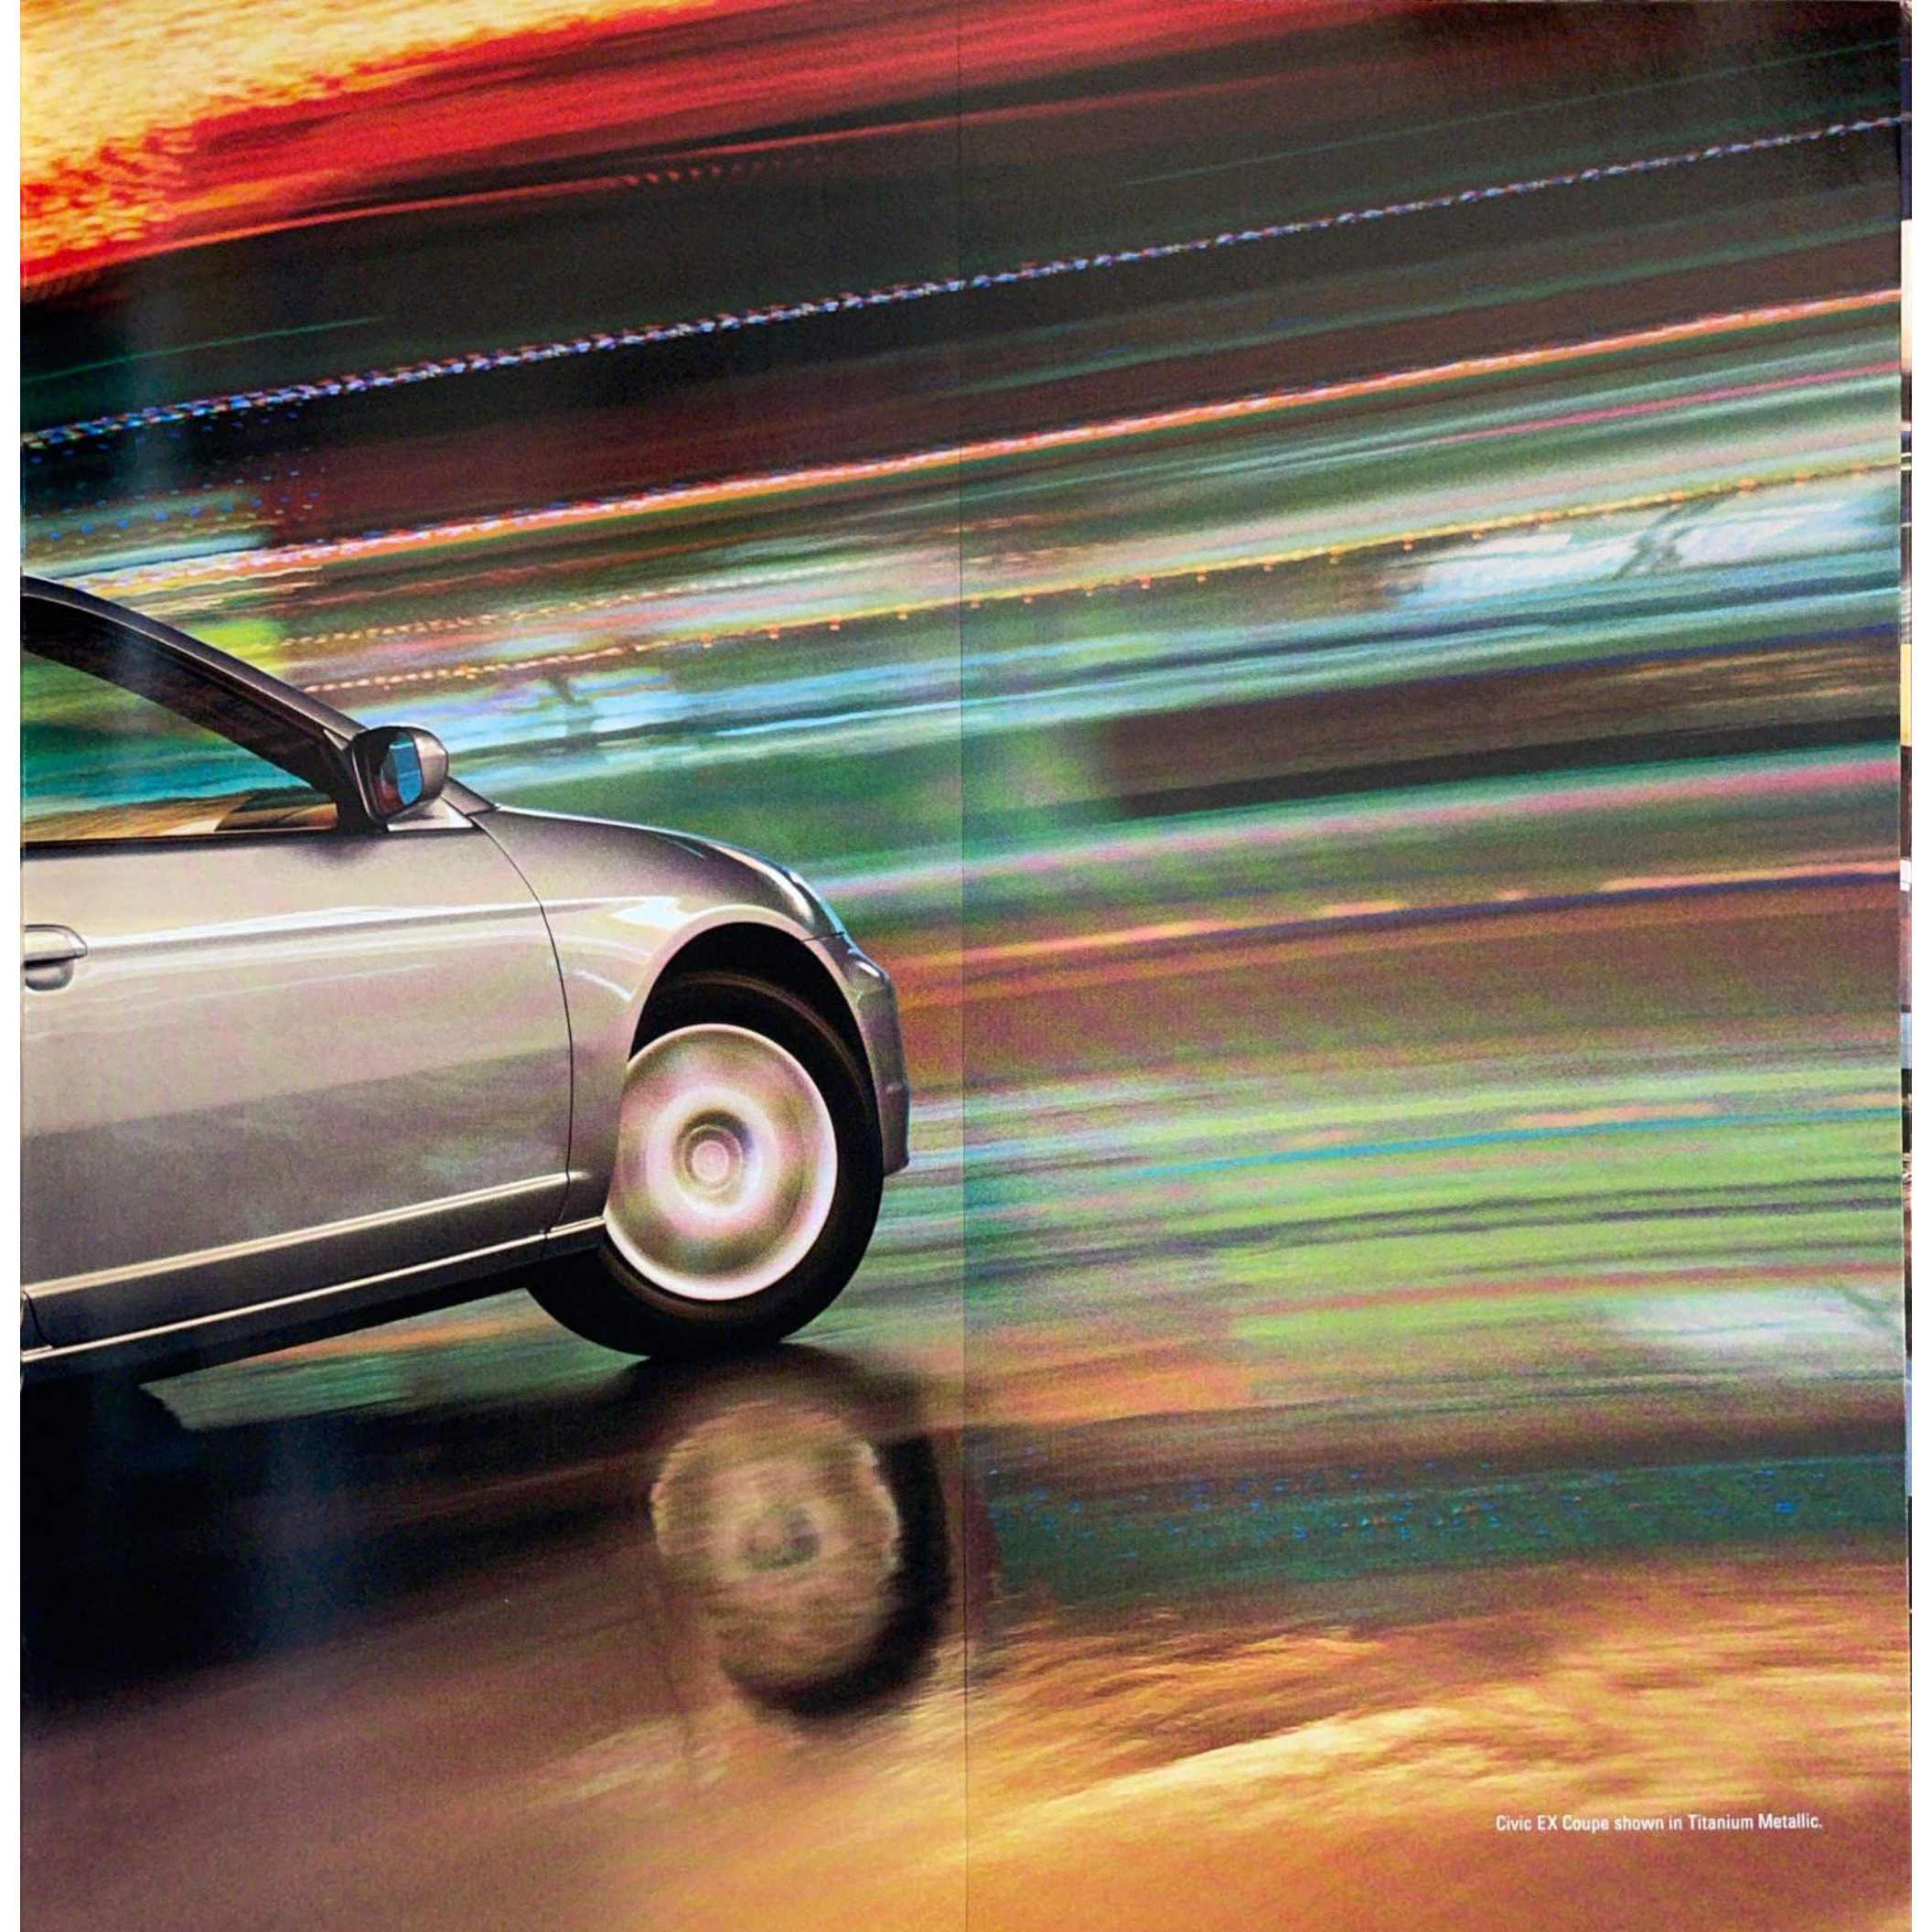

Civic EX Coupe interior shown in Black.

Run around the corner.

Civic EX Coupe shown in Titanium Metallic.

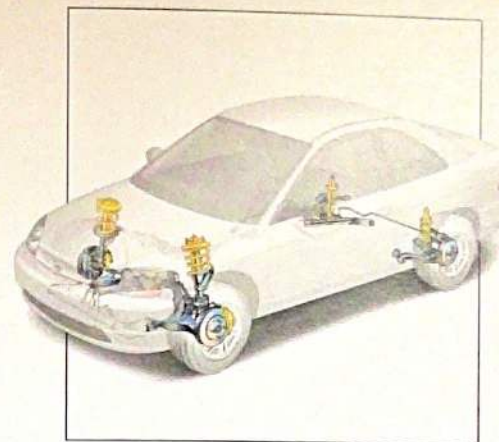

The Civic Coupe craves cornering. The compact design of its MacPherson-strut front suspension makes room for a high-mounted steering rack and longer steering arms that improve precision and feel. **Variable-assist** power steering eases parking maneuvers without losing road feel.

In back, a compact twin-link version of Honda's **double wishbone** rear suspension offers the dual benefits of absorbing road harshness and contributing to even more precise steering by tracking more accurately through turns.

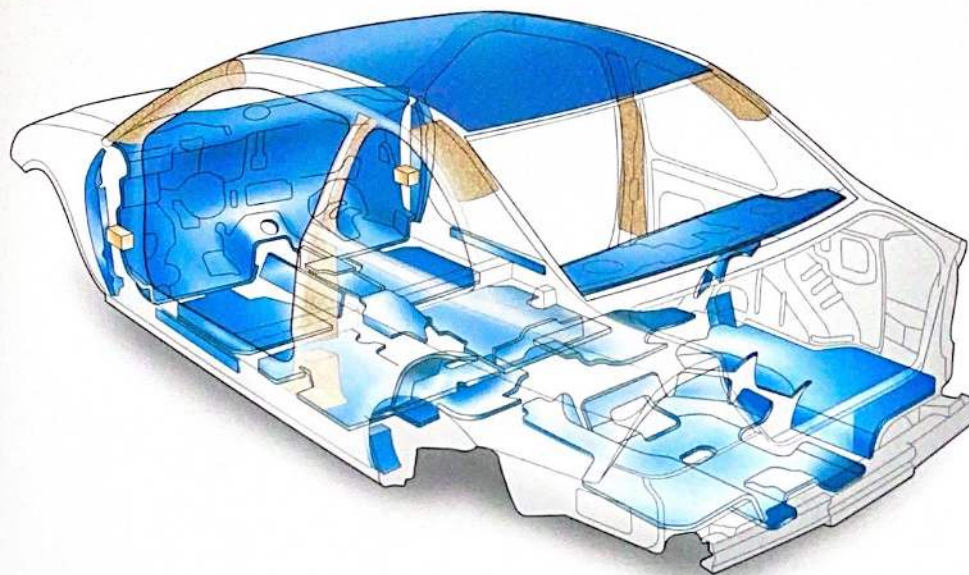

Advanced suspension **geometry** helps to enhance stability when cornering or braking. A set of compliant bushings serves to isolate passengers from the effects of bumps and pavement breaks.

A front **stabilizer bar** adds control by reducing body roll in corners. On HX, LX and EX, a rear stabilizer bar refines handling even further.

Get street smart. A solid, responsive feel and a smooth, compliant ride are the results of Civic's **4-wheel independent suspension** system. You can take the straightaways or curves with equal confidence.

Improve every road. The Coupe's Honda Progressive Valve (HPV) **shock absorbers** automatically adjust to the road and driving conditions. So, softer damping over bumps, firmer control in the corners and even better stability at highway speeds are provided.

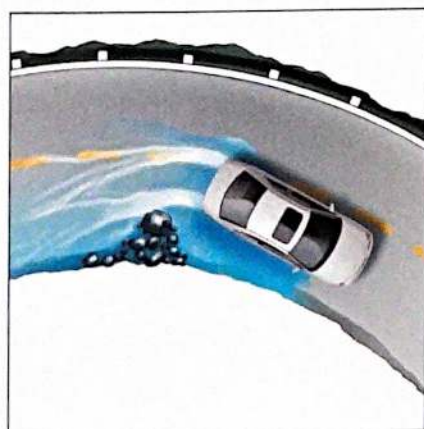

Keep it quiet. Road noise and vibration have been dramatically reduced in the Civic Coupe because of extensive application of advanced **sound- and vibration-absorbing** materials used throughout the body. Special liquid-filled mounts effectively minimize engine vibration, providing a quieter, more comfortable ride. You get to your destination fresher and less tired.

Stay on the safe side. The Civic Coupe received its quadruple 5-star safety rating thanks to a lengthy list of safety features, including outstanding airbag protection. The dual-stage driver and front-passenger airbags (SRS)* are standard. **Dual side airbags** are available on all models.

Steel yourself. The Coupe's sophisticated unit-body structure, with **front and rear crush zones**, is reinforced in critical areas with high-strength steel. This rigid construction helps protect you and your passengers in the event of a full-frontal, offset-frontal, side or rear impact. **Dual side-impact beams** in the doors were designed to help provide additional protection in the event of a side impact.

Maintain control. Civic EX Coupe helps you retain steering control while braking on slippery surfaces with its standard **anti-lock braking system** (ABS). The system senses when the wheels are locking and automatically modulates brake pressure to help keep the wheel turning.

Honda's commitment to safety is reflected in the Civic Coupe's status as one of only two cars ever to earn a **quadruple 5-star** rating by the National Highway Traffic Safety Administration† (NHTSA)—the highest possible for protection in both frontal and side impacts.

Civic's front **dual-stage airbags** are designed to deploy at one of two rates based on the severity of the collision and seat belt use, to help avoid injury. Dual side airbags are available.

Three-point seat belts are at every seating position. **Pretensioners** on the front seat belts tighten in a moderate-to-severe impact to help hold occupants. In back, the LATCH (Lower Anchors and Tethers for Children) system helps to ensure correct installation of compatible child seats.

The EX provides **anti-lock brakes** (ABS) to give you an additional measure of control.

*Honda reminds you and your passengers to always buckle up.

†NHTSA crash test conducted in October 2000.

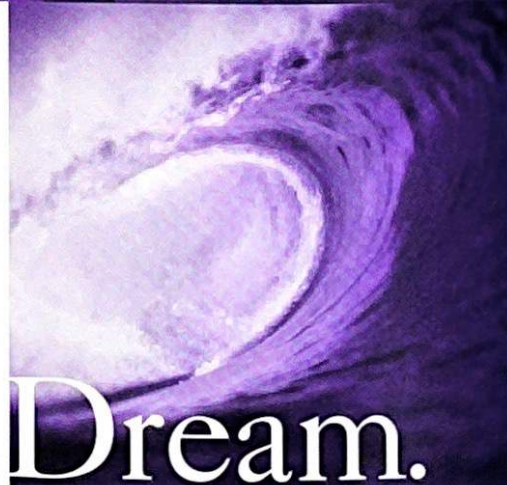

Safety isn't a passing fancy.

Civic EX Coupe shown in Satin Silver Metallic.

Caring for the environment is a core Honda value. Since our 1975 Civic CVCC met clean-air standards without a catalytic converter, Honda has led the way in making eco-friendlier vehicles. Now, for 2002, every one of our new vehicles meets or surpasses all fifty states' LEV (Low-Emission Vehicle) standards. Even our exhilarating, high-performance 240-hp S2000 roadster. Which proves that, with Honda, driving a responsible car doesn't have to be boring.

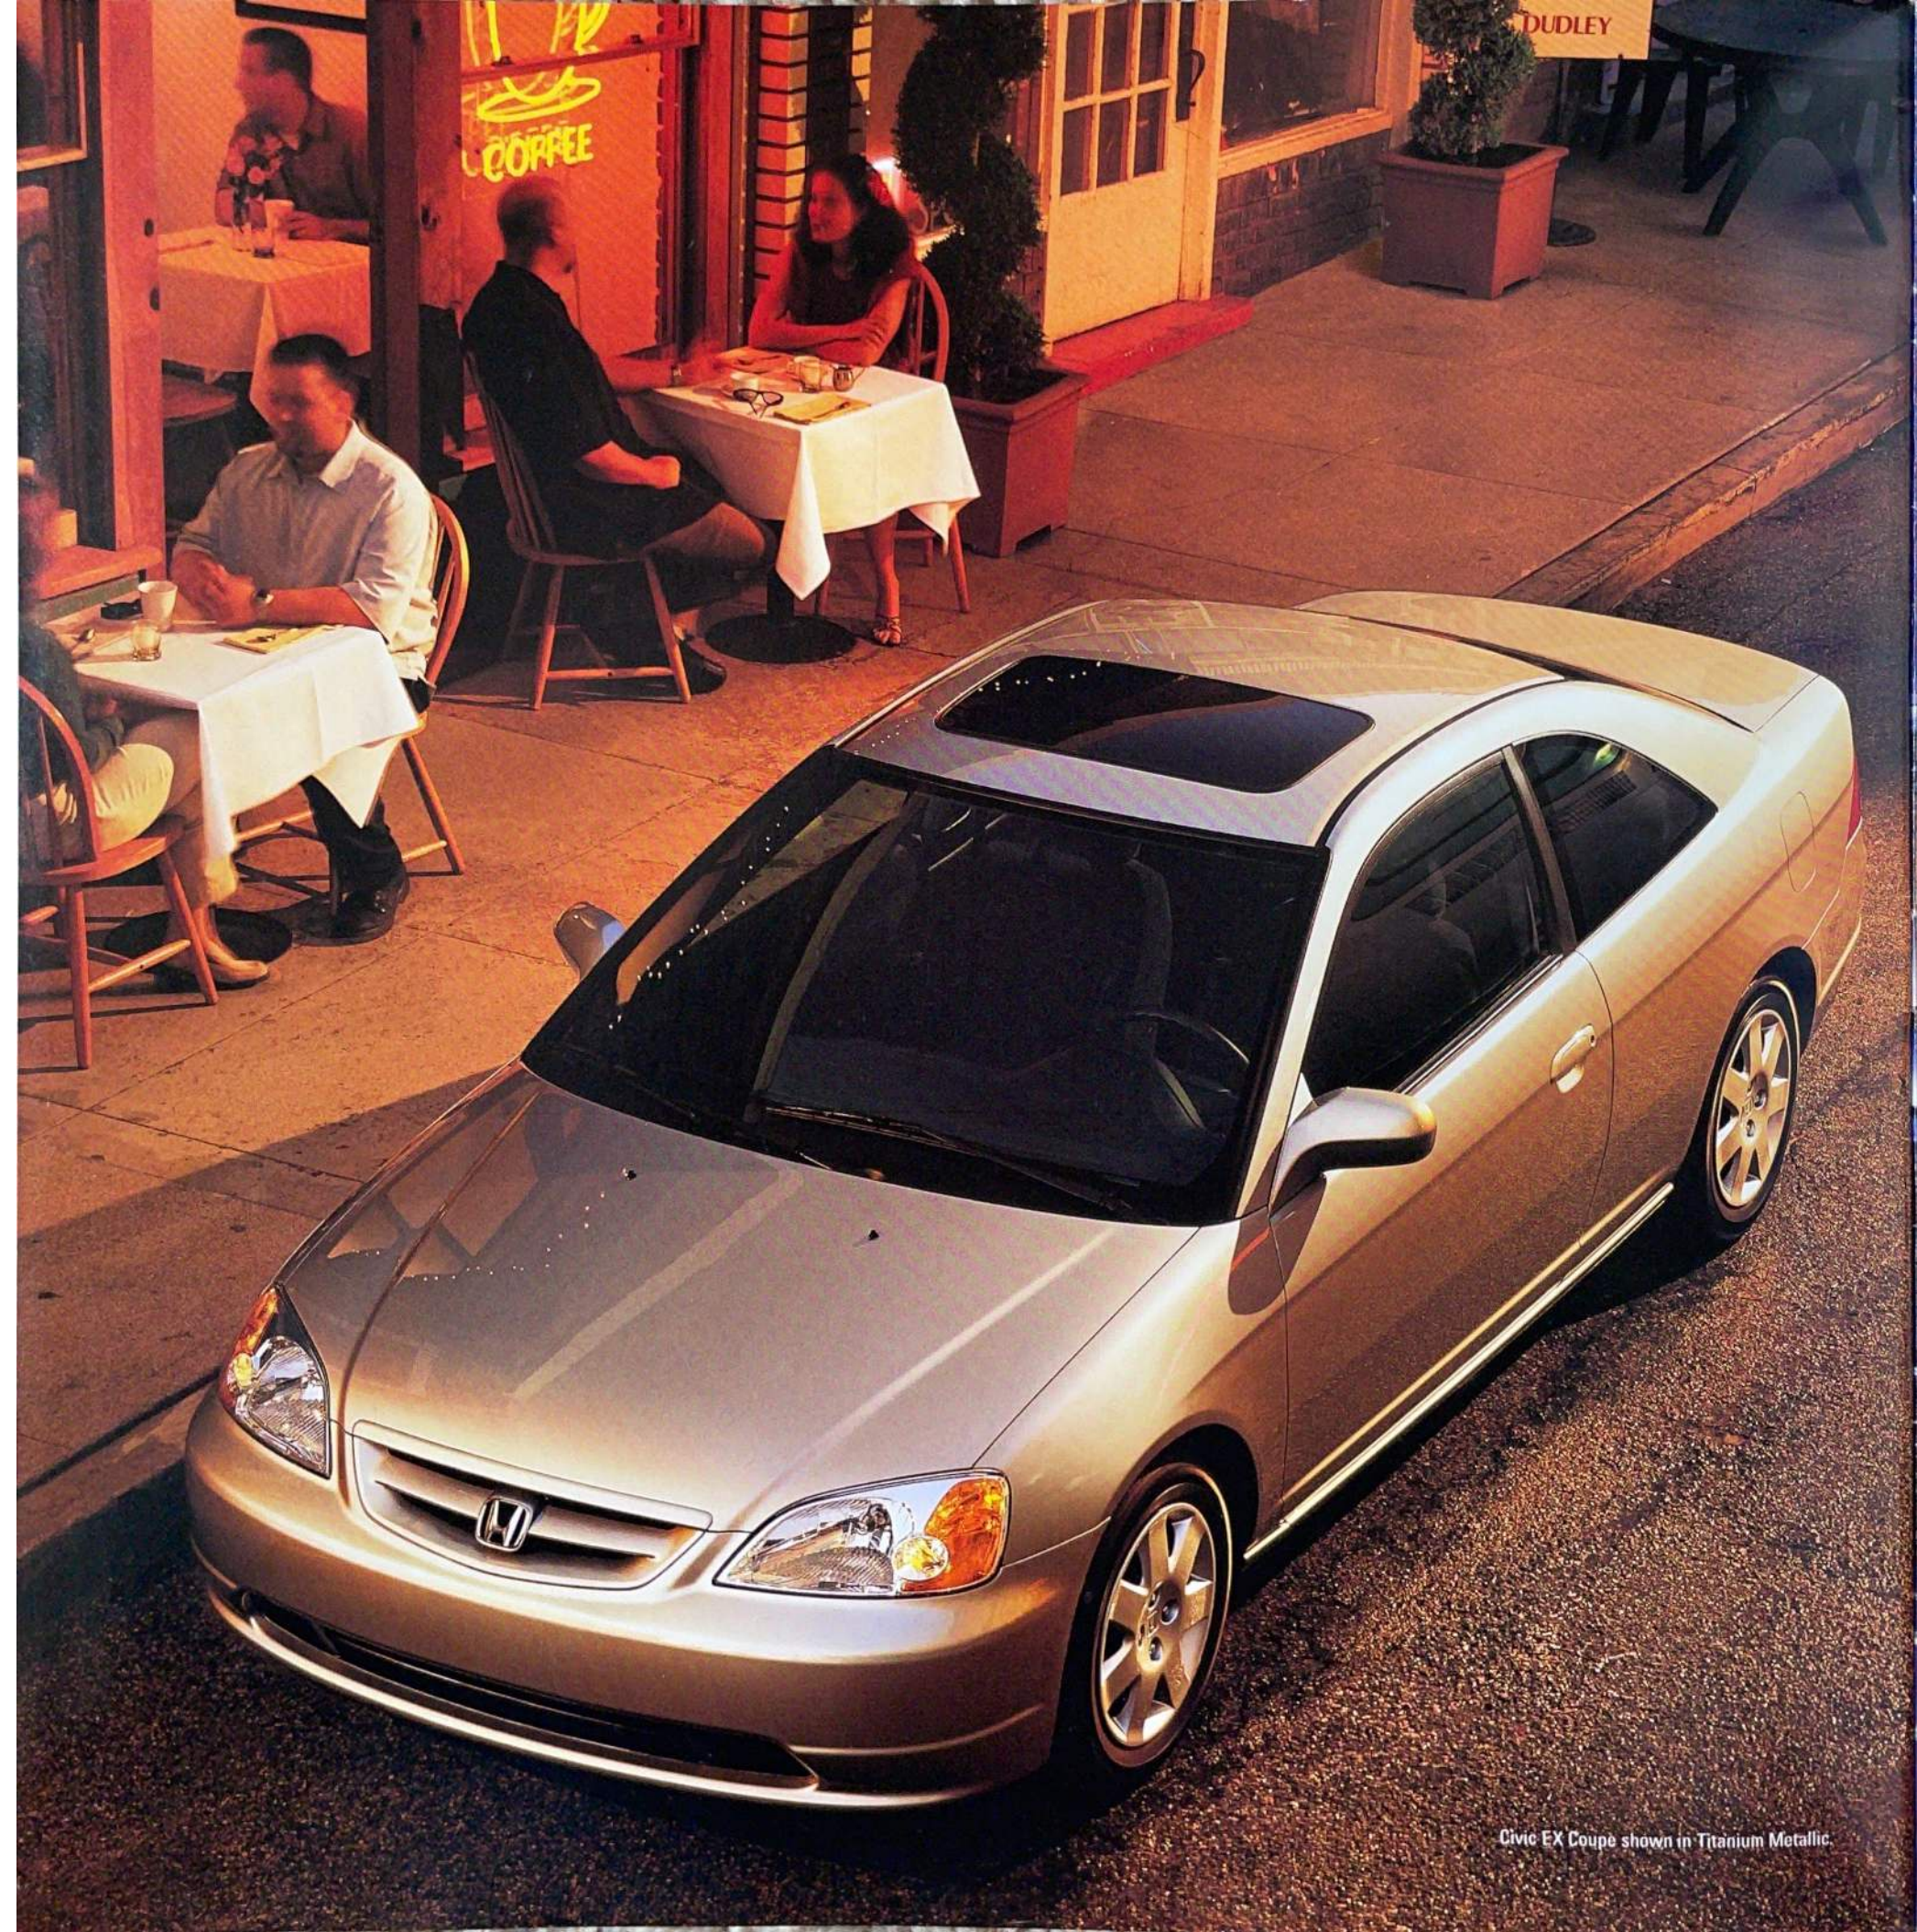

Dream.

A Honda has always been the first to meet California's strict clean-air standards. Today, every Civic Coupe and Sedan is an Ultra-Low-Emission Vehicle (ULEV). Select Accord models are Super-Ultra-Low-Emission Vehicles (SULEV). Our natural-gas-fueled Civic GX is the world's

cleanest-burning internal-combustion-engine vehicle. And Insight, a gasoline-electric hybrid, earned the Sierra Club's first Excellence in Environmental Engineering Award. You see, our commitment to putting the Earth first is steadfast. So you can be sure Honda will still be out front tomorrow.

Civic EX Coupe shown in Titanium Metallic.

HONDA

Financial Services

HONDA

Care

Whether you buy or lease a Honda, **Honda Financial Services** can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

Honda Care is a comprehensive and affordable vehicle and travel protection plan that is fully backed by Honda reliability, service and parts. See your dealer for more information.

Customize your Coupe. Add a rear wing spoiler, an under-body spoiler kit and 5-spoke alloy wheels, for example. The rear wing spoiler's finish is color-matched to original factory specifications and features an integrated brakelight. The racing-inspired alloy wheels give your Civic that "let's-hit-the-road" look. Together, they complement the Civic Coupe's style perfectly.

Other available accessories:

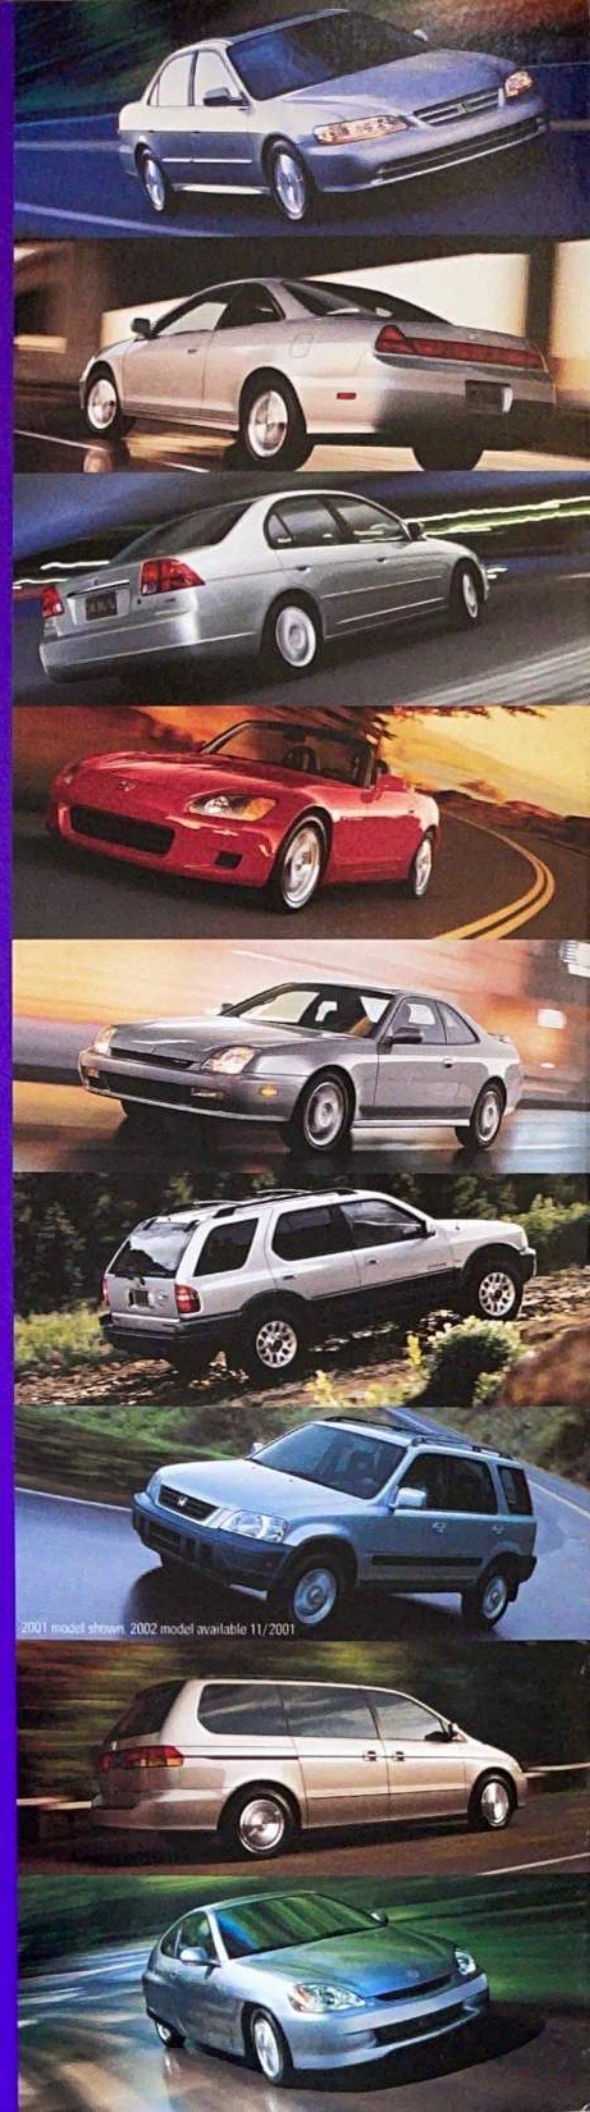

- Air Conditioning
- 6-Disc In-Dash CD Changer
- CD Changer
- CD Player
- Cassette Player
- Keyless Remote Entry/Security System
- Under-Body Spoiler Kit
- Floor Mats
- Armrest, Driver's Side
- Splash Guards
- Trim Kits
- Console Kits
- Protection Package

Visit your Honda dealer or honda.com for a complete list of accessories.

At Honda, superb assistance and **support** are standard equipment. For example, do you want to personalize your new vehicle? Just ask your dealer to help you select quality items

from our full line of genuine accessories. They're covered under our 3-year/36,000-mile limited **warranty**¹ if they're installed when the car is purchased. Of course, you can always rely on your dealer's team of Honda-trained technicians to help keep your new vehicle in tip-top condition. After all, no one knows your Honda vehicle better than they do. And, should you ever require additional information or assistance, just call us at **1-800-33-Honda.**

Visit us online. For the most current information, including 2002 product specifications, prices, photos and more, visit our Web site at **[honda.com](http://www.honda.com)**. It has everything you need to "design" your own Honda vehicle and personalize it with items from our long list of genuine accessories. You can even request price quotes, apply for financing and check dealer inventories by clicking through to eHonda.com. Of course, if you would like more brochures or have general questions, you can always reach us by dialing 1-800-33-Honda.
