

2010 Honda Element

Element EX shown in Polished Metal Metallic.

Jump in.

The Element's versatile interior was designed with more than just cargo² in mind. Its front and rear seats not only recline, but they can be folded back flat as well, letting you really stretch out between drives. And the water- and stain-resistant seat fabric (LX front, EX all) help make the Element a dog owner's second-best friend.

Chill out.

The Element EX's center console isn't just about stowing your stuff. It also features a removable cooler. Just slide it out to take some beverages with you or to make room for extra-long items—like a surfboard.

Honda reminds you to properly secure items stored in the cargo area.

Element EX shown in Alabaster Silver Metallic with Gray Fabric and available Honda Satellite-Linked Navigation System.^{TM3}

Honda reminds you to properly secure items stored in the cargo area.

EX model shown with accessory Dog Friendly Honda Element Package.
Package not intended for dogs larger than 60 lbs.

it has been named a 2010 *TOP SAFETY PICK* by the Insurance Institute for Highway Safety (IIHS),⁷ and received 5 stars in NHTSA frontal- and side-impact crash tests.*

Unit-body construction.

Incorporating front and rear crumple zones, the Element's chassis is designed to minimize the amount of crash energy entering the passenger compartment. Side-impact door beams help provide enhanced structural protection and help reduce the likelihood of cabin intrusion.

'The Honda Element

Element SC shown in Crystal Black Pearl with accessory fog lights.

In the groove.

The 270-watt audio system plays MP3- and Windows Media® Audio® (WMA)-compatible CDs. Plus, you can get more than 170 channels of digital-quality sound with the Element SC's XM Radio.⁴

Mood rings.

Backlighting the gauges and control knobs as well as accenting the shifter and SC-exclusive steering wheel, the SC's Copper interior trim really pops.
