

2012 Honda Civic Natural Gas

LEAVE
GASOLINE
ON GOOD TERMS

The all-new Civic Natural Gas doesn't use a single drop of gasoline. The benefits to that are obvious – lower emissions¹ and fuel cost savings up to 30 to 40 percent² – and they're found exclusively in a Civic, the only manufacturer-built natural gas-powered passenger vehicle in the U.S.

What might not be so obvious are all the high-tech features and convenient amenities now included, not to mention single-occupant access to HOV lanes in some states.³ So if you're worried you'll lose out on an intelligent Multi-Information Display (i-MID), Eco Assist™ technology or steering wheel-mounted controls when you give up gasoline, you can breathe a little easier.

27/38 MPG⁴

SO SMART IT'S A NO-BRAINER.

You've got a head start on efficiency with a natural gas-powered Honda that gets an estimated 27/38/31 miles per gallon (gasoline-gallon equivalent).⁴ You also benefit from proven technology in use since 1998, along with five-minute refueling. Exclusive technologies like high-strength forged pistons increase the compression ratio to 12.7:1, while low-friction fuel injectors accommodate the unique properties of natural gas.

What's more, you get Honda's Eco Assist, an innovative system that helps you boost your efficiency.⁴ In fact, it's the cleanest internal-combustion vehicle available, as certified by the EPA.⁵ And the Civic Natural Gas topped the list of "Greenest Vehicles of 2011" by the American Council for an Energy-Efficient Economy (ACEEE).⁶ Plus, the new intelligent Multi-Information Display (i-MID) gives you easy access to vehicle settings and current mpg. If there's such a thing as a dream commute, you just found it.

YOUR WAY ON THE HIGHWAY.

You want one of the cleanest cars on the road¹; but you don't want to give up the little things that make driving fun. You don't have to. Finally there's a low-emissions vehicle² that shows some love on the inside, too. *Bluetooth*[®]7 HandsFreeLink[®] for compatible mobile phones and a USB Audio Interface⁸ for compatible music

players come standard. And a Honda Satellite-Linked Navigation SystemTM9 with Voice Recognition and FM Traffic is now available. When it's time to fill up, the navigation system⁹ can even point you to the nearest public CNG station. So enjoy your commute. You have the technology.

All 2012 Honda vehicles – and any Honda Genuine Accessories installed at the time of vehicle purchase – are covered by the 3-year/36,000-mile New-Vehicle Limited Warranty.¹⁴ Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,¹⁴ too. The Civic Natural Gas adds a 15-year/150,000-mile Emissions Warranty¹⁴ when the vehicle is registered and normally operated in California and certain states that have adopted California Zero-Emission Vehicle regulations. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care® is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your Honda dealer for details.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

¹ AT-PZEV (Advanced Technology Partial Zero-Emission Vehicle) models as certified by the California Air Resources Board (CARB) are available in California and states that have adopted California Zero-Emission Vehicle regulations. ² The U.S. Department of Energy, Alternative Fuel Price Report, July 2011. ³ Check local or state laws. ⁴ 27 city/38 highway/31 combined mpg. Based on 2012 EPA mileage estimates. Use for comparison purposes only. Do not compare to models before 2008. Your actual mileage will vary depending on how you drive and maintain your vehicle. ⁵ EPA Tier-2, Bin-2, CARB AT-PZEV and ILEV certification as of September 2011. ⁶ Greenest Vehicle, American Council for an Energy-Efficient Economy, 2011; www.greencars.org. ⁷ The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ⁸ The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your Honda dealer for details. ⁹ The Honda Satellite-Linked Navigation System is available in the United States, Canada and Puerto Rico. FM Traffic service only available in the United States, except Alaska. Please see your Honda dealer for details. ¹⁰ Honda does not recommend home refueling at this time. Moisture and contaminants in some natural gas supplies in the U.S. can damage the fuel system. If you choose to install a home refueling device, consult with the equipment manufacturer and local natural gas contractor to determine if the fuel quality dispensed into your vehicle can meet industry standards. See your Honda Civic Natural Gas dealer for details. ¹¹ For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ¹² XM services require a subscription after 90-day trial period. Subscriptions governed by SiriusXM Customer Agreement; see www.siriusxm.com.
