

2012 Honda

PILOT

Whether heading to the office or the beach, the Pilot makes the drive better. Sure, it can get you to your next adventure, but it can also turn the mundane into something fun. Inside and out, the 2012 Pilot has been enhanced, improved, and refined. New features like *Bluetooth*® streaming audio (EX and above) and Song By Voice® (navigation models) are just two of a long list of entertainment options. And with seating for eight, available 4-wheel drive and impressive fuel economy,³ the only question is, "Where to?"

THE SUV/ **MADE BETTER**

Pilot Touring shown in Bali Blue Pearl with accessory crossbars and surfboard attachment.

Every Pilot features standard seating for up to eight adults, each of whom is treated to a wide range of amenities. Like tri-zone automatic climate control (EX and above), which allows the driver, front passenger and second-row passengers to set their own temperature. The 10-way power-adjustable driver's seat (EX and above) helps to find the perfect seating position. And with 16 different seating configurations for people, gear, or any combination of the two, the Pilot has the flexibility to solve just about any transportation predicament.

Pilot 4WD Touring shown with Gray Leather.

60/40 SEATING

Stowing longer items while carrying passengers is no problem. Just pick a side.

FOLD-FLAT CONVENIENCE

With both second and third rows folded, 4-foot-wide sheets of drywall can be carried completely flat.⁴

WIDE OPEN SPACE

The 87 cu ft of cargo room means large items, like a pair of bicycles, can slide right in.⁴

Honda reminds you to properly secure items stored in the cargo area.

The intelligent Multi-Information Display (i-MID) (EX-L, Touring) is your hi-res command center. It lets you scroll through your phone book, add a personal photo as wallpaper, keep tabs on your fuel economy and scan your music collection. EX and EX-L models include 2 GB of internal music storage for instant access to your favorite tunes. Navigation models* boast 15 GB of space* (up to 3,500 songs) and include the Song By Voice feature to help you find exactly what you want to play – just push the TALK button on the steering wheel and say the title.*

Pilot 4WD Touring shown with Gray Leather.

*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

SEE WHAT'S BEHIND

EX-L models without navigation come with a standard rearview camera. Both EX-L with navigation and Touring models include a rearview display with multiple viewing angles. Select Normal, Wide, or Top mode for extra back-up precision.

PLUGGED IN

Rear entertainment models include RCA inputs to display a video source – like a game console – on the 9-inch screen.

FIND YOUR DESTINATION

The available navigation system² keeps you on track with turn-by-turn directions, while the free FM Traffic feature helps you avoid gridlock.¹

MUSICAL POSSIBILITIES

Plug your iPod[®] into the USB Audio Interface⁴ (EX-L, Touring) and control it using Song By Voice (navigation models⁵). Or stream your music wirelessly using Bluetooth¹ Audio (EX and above).

DVD ENTERTAINMENT

The rear entertainment system⁷ features a vivid 9-inch flip-down screen (available on EX-L; standard on Touring).

²Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

¹Some roads unverified. Please see your Honda dealer for details.

The 3.5-liter i-VTEC® V-6 generates a healthy 250 hp and 253 lb-ft of torque. But the Pilot is, after all, a Honda, which means it's fuel-efficient³ too. Variable Cylinder Management™ (VCM[®]) technology activates or deactivates certain engine cylinders, giving you power when you need it and more miles between fill-ups² when you don't. Plus the Pilot is an Ultra-Low-Emission Vehicle (ULEV-2)⁴

25^{MPG / HWY³}

Pilot EX-L shown in Alabaster Silver Metallic.

Honda is committed to providing safety for everyone – that means crash protection not only for our own drivers and passengers, but also for the occupants of other vehicles, and injury mitigation for pedestrians. We are dedicated to identifying and implementing advanced designs and features that help enhance the safety of vehicles on the road.

**VEHICLE STABILITY ASSIST™***

Vehicle Stability Assist (VSA®) helps sense oversteer or understeer, and brakes individual wheels and/or reduces engine power to help keep you on your intended course.

*VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

ACE™ BODY STRUCTURE

The Honda-exclusive Advanced Compatibility Engineering™ (ACE) body structure enhances occupant protection and crash compatibility in frontal collisions.

BRAKE ASSIST

Brake Assist, a component of the anti-lock braking system (ABS), helps apply full braking force in some emergency situations.

Pilot 4WD EX shown in Dark Amber Metallic.

Pilot 4WD Touring shown with Gray Leather.

Airbags inflated for display purposes.

SIX AIRBAGS

Every Pilot has standard front, front side, and side curtain airbags* that can help reduce the likelihood of injury in a collision.

TIRE PRESSURE MONITORING

The Tire Pressure Monitoring System (TPMS)[†] alerts the driver when pressure in any tire becomes significantly low. Touring models display the current pressure of each tire.

CHILD SAFETY

The Pilot is equipped with LATCH (Lower Anchors and Tethers for Children) in all three second-row seating positions and the passenger-side third-row position.

*Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly restrained in a rear seat.

The Pilot is equipped to help you do more, see more and, most important, enjoy getting there. Nearly 8 inches of ground clearance, Hill Start Assist and available 4-wheel drive make your favorite spots more accessible, while 4,500 pounds (4WD) of towing capacity¹⁰ allows you to bring your favorite toys. Plus, impressive fuel economy⁷ helps keep a lid on costs, while the many entertainment options add a strong dose of fun to the mix.

Pilot 4WD Touring shown in Dark Cherry Pearl II with accessory 18-inch chrome wheels and chrome side steps.

All 2012 Honda vehicles—and any Honda Genuine Accessories installed at the time of vehicle purchase—are covered by the 3-year/36,000-mile New-Vehicle Limited Warranty.¹³ Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,¹³ too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care® is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your Honda dealer for details.

¹The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ²The Honda Satellite-Linked Navigation System is available on EX-L models and standard on Touring models in the United States, Canada and Puerto Rico. (FM Traffic service only available in the United States, except Alaska.) Please see your Honda dealer for details. ³18 city/25 highway/21 combined mpg for 2WD models. 17 city/24 highway/20 combined mpg for 4WD models. Based on 2012 EPA mileage estimates. Use for comparison purposes only. Do not compare to models before 2008. Your actual mileage will vary depending on how you drive and maintain your vehicle. ⁴Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Before carrying any cargo, be sure to consult the owner's manual for load limits and loading guidelines. ⁵Hard disk drive (HDD) 15-GB memory audio system standard on navigation-equipped models. ⁶The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your Honda dealer for details. ⁷The Honda Satellite-Linked Navigation System and DVD Rear Entertainment System are only available separately on EX-L models. ⁸ULEV-2 (Ultra-Low-Emission Vehicle) models as certified by the California Air Resources Board (CARB). ⁹For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ¹⁰Maximum towing capacity for 4WD models is 4,500 lbs. Premium unleaded fuel is recommended when towing above 3,500 lbs. Maximum towing capacity for 2WD models is 2,000 lbs. Towing requires the addition of the Honda accessory towing kit, trailer harness and hitch ball. Trailer harness is standard on Touring models. Please see your Honda dealer for details. ¹¹HomeLink and the HomeLink house are registered trademarks of Johnson Controls®. ¹²XM services require a subscription after 90-day trial period. Subscriptions governed by SiriusXM Customer Agreement; see www.siriusxm.com. If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically be renewed and you will be billed at then-current rates until you call XM at 1-800-967-2346 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. ©2011 Sirius XM Radio Inc.
